

ANNUAL REPORT 2016-17

Corporate Social Responsibility & Sustainability

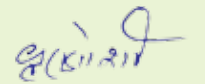

The concept of social responsibility of the businesses is not new in the Indian context but has now been legislated and made mandatory. Corporates, as public entities, are expected to contribute to the upliftment of needy sections for realization of a better society. Our CSR activities are based on an amalgamation of sustaining present needs as well creating better future. NHPC is actively associated with many of the flagship programs like Swachh Vidyalay Abhiyaan and Saubhagya scheme of Govt of India.
