16	NH/KG/P&C/PH/PR12020/175/88 08/09/2021	Supply of Dither Amplifier Module of Electro Hydraulic Governor Controller installed at Kishanganga Power Station.	Single Tender	M/s BHEL, Chandigarh	187026	Natural calamities and emergencies declared by the Government <input type="checkbox"/>	1. On 05th April'2020, the station DC earth fault appeared in 220 V DC systems at Power House. During troubleshooting, the auxiliary relay was found to have shorted in the EHGC control system of Unit#1, resultantly the complete dither amplifier module of the same unit became faulty. The faulty module was replaced with a spare module supplied with the original E&M package by BHEL, Electronics Division, Bengaluru. In absence of this module, the dither current function would not have worked for controlling the deflector. Since the spare module was not available with Power Station the case file was initiated to purchase the same from BHEL on a proprietary basis, as the OEM of the machines in KGPS is BHEL. 2. Keeping in view the single source availability bids were called through single tender and based on the bid received LOA is placed to M/s BHEL,	Complied <input checked="" type="checkbox"/>	Complied

26	122/001289 16/09/2021	Construction of wall around draft tube gate opening of Chutak Power Station, Minji, Kargil .	Work Order	RAZA&COMP ANY PROP.	149803	Natural calamities and emergencies declared by the Government <input type="checkbox"/>	On the evening of 27-07-2021 it was reported by Power House staff that due to increase in unprecedented discharge all the draft tube gates were required to be closed immediately in order to avoid back flow of river water there by flooding the Power House . During the emergency procedure it was observed that lot of back water spilled out from the 4 nos draft Tube Gate openings there by flooding the transformer gallery . As per the Standard Power House Maintenance and operational practices the transformer cavern should be kept dry as all the Main Step up transformers for all four units are installed there. The site inspection was done along with the Senior officers of power House Maintenance Division where it was opined by all members that a Surrounding wall of plain cement concrete of 60 cm height around the Draft Tube Gate opening shall be provided which shall act as barrier and prevent the	Complied <input type="checkbox"/>	Complied

							<p>spilling of water in and around transformer cavern. The work was of urgent nature and keeping in view the smaller Financial Implication, it was proposed to execute this work on work order basis based on PSR 2021-22 within 7 days. If tender process was initiated then it would have taken long time to materialize along with substantial processing cost than the estimate</p>

40	NH/DGPS/C-C-TAPOVAN/S M/2021/394/7 24 DATE - 27/09/2021. 27/09/2021	Removal of Mulba from B & C -Type Blocks, Dispensary and Nursery School at Tapovan Complex, DGPS.	Work Order	M/S Umed Singh Dhami	1870214	Natural calamities and emergencies declared by the Government <input type="checkbox"/>	On 30.08.2021 at 2.00 AM, Security Guards posted at Tapovan Complex of Dhauliganga Power Station, heard the roaring sound of Kaliganga River which flows adjacent to the Complex. it was observed that water level of Kaliganga River at Tapovan was rising sharply. As informed, due to cloudburst at Jumma Village and a blockade created in the Kaliganga River by the huge discharge in the nallah joining the river from Nepal side, the water level in the river rose sharply. Thereafter, water entered the Residential Area of Tapovan Complex carrying Silt, Muck, Boulders and Drift Wood etc. Residential Area of Tapovan Complex was evacuated by 02.30 AM, and no human causality has occurred due to timely action taken by Power Station. By around 2.45 AM, Residential Area was submerged up to second floor. Further around 3.30 AM, water level started receding	Complied <input type="checkbox"/>	Complied

								leaving behind devastation. Mulba / debris deposited in the rooms started decaying leading to foul smell, would have caused epidemic. Therefore, it was necessary to remove mulba from Residential Complex at the earliest.
