दिनांक: 31.07.2023

Subject: Cyber Security advisory regarding social media.

A case of online impersonation involving top management of NHPC has come to our notice. The scammer is targeting both retired and serving employees of the corporation through text/WhatsApp. The potential consequences of such actions can range from financial losses and reputational damage to data theft or other significant cyber-related harm.

All employees are strongly urged to not respond to any such messages and refrain from falling into any trap set by such malicious persons. If any suspicious message impersonating senior NHPC officials is received by anybody, same should be immediately reported to IT coordinator of the division/location and CISO NHPC at mail id ciso@nhpc.nic.in.
