Therefore, it was proposed to get work done as soon as possible and to finalize the spare parts to be used in this system. Generally it is also observed that the rates offered by the original manufacturer are not only exorbitant high but they also take excessive time to complete. During an emergency, if the original manufacturer delays in executing the work, the Power Station may suffer huge losses. Keeping in view of above, there is a need to develop new service providers for servicing the system so that in future they may also participate in the open tendering process.	15 Days 15 दिन
11	108743	Purchase of High Speed Diesel (HSD) for Nimoo Bazgo Power Station. निम्न बाजगो पावर स्टेशन के लिए हाई स्पीड डीजल (एचएसडी) की खरीद।	NH/NBPS/C&P/ SO-367/2023/295 dated: 12-12-2023 एनएच/एनबीपीएस/सीएंडपी/एसओ-367/2023/295 दिनांक: 12-12-2023	M/s. Therefore, it is very important to procure and store diesel in appropriate quantities. Since Nimmo Bazgo Power Station is located in a heterogeneous geographical area, where the most of the time temperature remains sub zero and the road remains completely closed during winters season. Hence, it was very much required to procure and store 12 KL diesel. So that when needed, it can be used immediately. M/s NHPC Limited and M/s IOCL have signed an MOU for the purchase of diesel and under this MOU, diesel was purchased from M/s IOCL.	15 Days 15 दिन
