1	NH/SLP/TS-32/2024-25/W.O./1308-12 dated 07.10.2024	Repair and Renovation of Jan-Suvidha Kendra at the Superintendent of Police Office, East Siang District, Pasighat, Arunachal Pradesh.	Work Order	M/s Jorida Enterprise, Village Jarku, P.O./P.S. Pasighat, East Siang District (AR)-791102	₹ 4,33,241/- (Rupees Four Lakhs Thirty-Three Thousand Two Hundred Forty-One only) inclusive of all taxes/GST	A field unit office of Siang Lower Project is running in old NHPC Residential cum Office Complex, Pasighat since Jan'2022 to take over the project from the erstwhile private developer. NHPC has been entrusted in 1st week of April 2022 to prepare the PFR and DPR of the Siang Upper Multipurpose Storage Project (USMSP) with funding from IWRDS, CWC component of RBM scheme of Ministry of Jal Shakti (MoJS). Field unit of Siang Lower Project is responsible for field works in the preparation of PFR/ DPR of Siang Upper Multipurpose Project mandated by Ministry of Jal Shakti. Vide letter dated 24th June' 2024, a new proposal under CSR&SD scheme for FY-2024-25 was received from the SP Office, East Siang District, Pasighat. The SP Office, East Siang had requested to repair the existing old Jan Suvidha Kendra to ensure a conducive working environment for police personnel & local people and efficient delivery of services to the public. The direct beneficiaries with approx. number shall be 30-40 person per day, of different areas of East Siang District who approach to this office for solution of their grievances/problems as and when arises.	Siang Lower Project & Upper Siang Project shall be such projects which have the immense potential to transform the socio-economic dynamics of the State in general and the Siang valley in particular, both during construction and post-construction stages. It is an undoubted fact that the Siang Lower (2700MW) & Upper Siang Multipurpose Storage Project (11200MW) of such a magnitude can only be developed without any hindrance when the society by and large supports the project in every step of project construction. It shall therefore be ethical on part of NHPC to meet the aspirations of the local population, which is one of the pillars of sustainable social development. The Project Components are located in East Siang, Siang and Upper Siang districts of Arunachal Pradesh. A request of repairing the existing old Jan Suvidha Kendra of SP office, East Siang under CSR&SD scheme was received vide letter dated 24th June' 2024. Since, the proposed work is to be carried out under CSR&SD "Health and Sanitation", for which the allocated budget has to be spent within a fixed time frame. Since the condition of the public convenience centre was very dilapidated and the office of the Superintendent of Police was also being constantly requested to get this building repaired soon. The work was of urgent nature and it takes 03-04 months to be awarded if it is done through tender, so the said work is proposed to be executed on urgent basis through Work Order.	Work Order
