विद्युत अधिनियम, 2003 की धारा 62(1) (ए) और 79(1)(ए) और केन्द्रीय विद्युत विनियामक आयोग (कारोबार संचालन) विनियम, 2023 के विनियम 15(1)(ए), 18, 23 और केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2019 के विनियम 13, 25,26,31(3), 34(3),35(2) और अन्य संबंधित नियम और इसके बाद के संशोधन के तहत, 2019-24 की अवधि के लिए टैरिफ के ट्रुइंग अप तथा केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2024 के विनियम 9(2), 10(1), 12, 25, 26,36 (2), 65(7), 65(8), 91 और अन्य प्रासंगिक विनियमों के तहत 2024-29 की अवधि के लिए टैरिफ के निर्धारण के लिए तीस्ता-V पावर स्टेशन के संबंध में याचिका.

<u>यह सम्मानपूर्वक प्रस्तुत किया जाता है कि:</u>

<u>(ए) याचिका का कार्यकारी सारांश</u>

1. एनएचपीसी लिमिटेड, जिसे आगे 'एनएचपीसी' कहा जाएगा, विद्युत मंत्रालय के अधीन भारत सरकार का एक नवरत्न उद्यम है, जो कंपनी अधिनियम, 1956 के तहत एक कंपनी है। इसके अलावा, यह विद्युत अधिनियम, 2003 की धारा 2(28) के तहत परिभाषित एक 'जनरेटिंग कंपनी' है। एनएचपीसी के पावर स्टेशनों से उत्पादित बिजली उसके लाभार्थीओं को आपूर्ति की जा रही है।
2. क्रमांक संख्या 1 से 7 पर वे प्रतिवादी उल्लिखित हैं जो **तीस्ता-V पावर स्टेशन** (3x170=510 मेगावाट) के लाभार्थी हैं तथा जो हस्ताक्षरित विद्युत क्रय समझौतों (पीपीए)/बीपीएसए के अनुसार इस पावर स्टेशन से बिजली प्राप्त कर रहे हैं और अपने-अपने राज्यों/क्षेत्रों में बिजली के वितरण के लिए जिम्मेदार हैं।
3. **तीस्ता-V पावर स्टेशन** (3x170 =510 मेगावाट) (जिसे आगे " **तीस्ता-V** " / "पावर स्टेशन" कहा जाएगा) एनएचपीसी के स्वामित्व में है और यह सिक्किम राज्य में स्थित है और अपने पूर्वी क्षेत्र के लाभार्थियों को वाणिज्यिक संचालन (अर्थात 10.04.2008 से) के बाद से बिजली प्रदान कर रहा है।

4. विद्युत अधिनियम, 2003 की धारा 62 में वितरण लाइसेंसधारी को विद्युत आपूर्ति करने वाली उत्पादक कंपनी द्वारा विद्युत आपूर्ति के लिए उपयुक्त आयोग द्वारा टैरिफ निर्धारण का प्रावधान है। विद्युत अधिनियम, 2003 की धारा 79(1)(ए) के तहत माननीय आयोग को केंद्र सरकार के स्वामित्व वाली या उसके नियंत्रण वाली उत्पादक कंपनियों के टैरिफ को विनियमित करने का कार्य सौंपा गया है।

5. माननीय आयोग द्वारा केंद्रीय विद्युत नियामक आयोग (टैरिफ की शर्तें और नियम) विनियम, 2019 तथा इसके बाद के संशोधन के अनुसार याचिका संख्या 298/जीटी/2020 में दिनांक 19.01.2024 के आदेश के तहत टैरिफ अवधि 01.04.2019 से 31.03.2024 के लिए तीस्ता-V का टैरिफ निर्धारित किया गया ।

6. याचिका संख्या 298/जीटी/2020 में माननीय आयोग के दिनांक 19.01.2024 के आदेश से पीड़ित होकर माननीय एपीटीईएल (APTEL) के समक्ष अपील संख्या 115/2024 दायर की हुई है।

7. उपरोक्त अपील (संख्या 115/2024) के परिणाम का पावर स्टेशन के टैरिफ पर अवधि 2014-19 एवं 2019-24 के लिए परिणामी (Consequential effect) प्रभाव पड़ेगा, अतएव माननीय आयोग से अनुरोध है कि 2019-24 की अवधि के लिए टैरिफ का ट्रूइंग अप करते समय एवं 2024-29 की अवधि हेतु टैरिफ को अंतिम रूप देते समय उक्त अपील के परिणाम पर विचार किया जाए।

8. याचिका से संबंधित महत्वपूर्ण बिन्दु निमन्वत हैं:

10.04.2008	पावर स्टेशन की वाणिज्यिक परिचालन तिथि
30.10.2019	2014-19 की अवधि के लिए टैरिफ के ट्रू-अप और 2019-24 की अवधि के लिए टैरिफ के निर्धारण के हेतु टैरिफ याचिका संख्या 298/जीटी/2020 दाखिल करना
19.01.2024	याचिका संख्या 298/जीटी/2020 में 2014-19 की अवधि के लिए

	टैरिफ के ट्रूइंग-अप और 2019-24 की अवधि के लिए टैरिफ के निर्धारण के लिए टैरिफ आदेश जारी होना

<u>दावों का सारांश:</u>

(बी) विस्तृत याचिका

भाग-ए: 2019-24 की अवधि के लिए टैरिफ का ट्रूइंग अप (अनुलग्नक-I)

1. माननीय आयोग ने, केंद्रीय विद्युत नियामक आयोग (टैरिफ की शर्तें और नियम) विनियम, 2019 और उसके बाद के संशोधनों के अनुसार, याचिका संख्या 298/जीटी/2020 में अपने आदेश दिनांक 19.01.2024 के तहत टैरिफ अवधि 01.04.2019 से 31.03.2024 के लिए तीस्ता-V पावर स्टेशन का टैरिफ निर्धारित किया ।
2. माननीय आयोग द्वारा दिनांक 19.01.2024 के आदेश के तहत अनुमत अनुमानित अतिरिक्त पूंजीकरण और गैर पूंजीकरण (देयताओं के निर्वहन सहित, यदि कोई है) का सारांश निम्नानुसार है:

(लाख रुपए में)

वर्ष	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**
अतिरिक्त पूंजीगत व्यय की अनुमत	52.51	108.97	235.72	851.00	66.00
अनुमत पूंजी विनिवेश	12.06	2.76	40.40	394.36	13.46
कम: अनुमानित विलोपन के तहत पूंजी विनिवेश	0.00	13.26	0.00	0.00	0.00
दायित्वों का निर्वहन	1279.32	0.00	6.41	0.00	0.00
अनुमत शुद्ध अतिरिक्त पूंजीगत व्यय	**1319.77**	**92.96**	**201.73**	**456.64**	**52.54**

3. माननीय आयोग द्वारा दिनांक 19.01.2024 के आदेश के तहत ₹277727.93 लाख (01.04.2019 तक) की प्रारंभिक पूंजी लागत पर विचार करते हुए अनुमोदित वार्षिक निश्चित शुल्क (एएफसी) का विवरण और इससे आगे के लिए अतिरिक्त पूंजीकरण निम्नानुसार है:

(लाख रुपए में)

विवरण	2019-20	2020-21	2021-22	2022-23	2023-24
मूल्यह्रास	14184.12	14220.11	2702.85	2715.22	2734.45
ऋण पूंजी पर ब्याज	1346.68	405.16	0.00	0.00	0.00
इक्विटी पर रिटर्न	22731.41	22772.13	22778.83	22792.35	22803.02
कार्यशील पूंजी पर ब्याज	1202.19	1139.06	933.10	961.99	1134.38
सुरक्षा खर्च सहित ओ एंड एम खर्च	14383.26	15068.91	15787.27	16539.85	17328.32
वार्षिक निश्चित शुल्क (एएफसी)	**53847.67**	**53605.37**	**42202.06**	**43009.41**	**44000.17**

4. वर्तमान याचिका, वास्तविक अतिरिक्त पूंजीगत व्यय, इक्विटी पर रिटर्न की सकल कर दर, आधार दर, ऋण पर ब्याज दर, कार्यशील पूंजी पर ब्याज दर के आधार पर टैरिफ के ट्रू-अप के लिए सीईआरसी (टैरिफ के नियम और शर्तें) विनियमन, 2019 के नियम 13, 25, 26, 31 (3), 34 (3) और 35 (2) के अनुसार 2019-24 की अवधि के लिए टैरिफ के ट्रू-अप के लिए माननीय आयोग के 19.01.2024 के टैरिफ आदेश के तहत निर्देश के अनुसार दायर की जा रही है.

5. उपरोक्त को ध्यान में रखते हुए, वर्तमान याचिका निम्नलिखित कारणों से दायर की गई है:

ए. सीईआरसी द्वारा जारी दिनांक 19.01.2024 के आदेश के अनुसार, अनुमत अतिरिक्त पूंजीगत व्यय और 2019-24 के दौरान तीस्ता-V द्वारा किए गए वास्तविक अतिरिक्त पूंजीगत व्यय में भिन्नता है। इसके अलावा, सीईआरसी द्वारा अनुमत कुछ अतिरिक्त पूंजीगत व्यय (संबंधित विलोपन सहित) नहीं किया गया है/नहीं किया जाना है और इसलिए इस याचिका में वास्तविक स्थिति का खुलासा/दावा किया जा रहा है।

बी. कुछ अतिरिक्त पूंजीगत व्यय जिनका अनुमान पहले नहीं लगाया गया था, परंतु साइट विशेष की आवश्यकताओं के कारण (specific site requiremets), पावर स्टेशन द्वारा

वहन किया गया जो संयंत्र के सुरक्षित, सफल और कुशल संचालन के लिए आवश्यक है । इस तरह के अतिरिक्त पूंजीकरण को टैरिफ के लिए आधारभूत पूंजी (capital base) के हिस्से के रूप में शामिल किया जाना चाहिए।

सी. सीईआरसी टैरिफ विनियम, 2019 के विनियम 31(3) के अनुरूप 2019-24 की अवधि के लिए एनएचपीसी पर लागू 'प्रभावी कर दर' के आधार पर इक्विटी पर रिटर्न की सकल दर का ट्रूइंग अप करने हेतु ।

डी. ऋण पूंजी पर ब्याज (IOL) की गणना के लिए ऋण पूंजी पर ब्याज की दर एवं इक्विटी पर रिटर्न (कट-ऑफ तिथि के बाद मूल दायरे से परे अतिरिक्त पूंजीकरण पर इक्विटी के लिए) की गणना का ट्रूइंग अप करने हेतु ।

ई. कार्यशील पूंजी पर ब्याज (IOWL) की गणना के लिए आधार दर (टैरिफ अवधि के संबंधित वर्ष की 1 अप्रैल को एक वर्षीय एसबीआई एमसीएलआर + 350 आधार अंक) का ट्रूइंग अप करने हेतु ।

एफ. सीईआरसी टैरिफ विनियम, 2019 के विनियमन 35(2)(सी) के अनुसार वास्तविक सुरक्षा व्यय और पूंजीगत पुर्जों की खपत हेतु दावा करना।

6. टैरिफ के लिए दावा किए गए शुद्ध अतिरिक्त पूंजीकरण का विवरण 2019-24 की अवधि के लिए पुस्तकों के अनुसार वास्तविक पूंजी वृद्धि से प्राप्त किया गया है।इसका विवरण नीचे सारणीबद्ध है:

(₹ लाख में)

क्रम सं.	**विवरण**	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**
ए	जोड़ें: वर्ष / अवधि के दौरान वृद्धि	129.60	162.31	141.77	34.47	4361.54
बी	घटाएँ: वर्ष/अवधि के दौरान गैर-पूंजीकरण	8.59	17.56	45.14	9.03	0.00

सी	जोड़ें: वर्ष / अवधि के दौरान निर्वहन (discharges)	1276.24	0.00	60.49	94.08	9.69
डी	**शुद्ध योग (ए-बी+सी)**	**1397.25**	**144.76**	**157.12**	**119.52**	**4371.23**

7. कुछ अतिरिक्त पूंजीकरण,जिनका दावा पहले याचिका संख्या 298/GT/2020 में नहीं किया गया था और जो जनरेटिंग स्टेशन के सुरक्षित, सफल और कुशल संचालन के लिए आवश्यक हो गए हैं। ये कार्य पावर स्टेशन के साइट की आवश्यकता के अनुसार किए गए हैं और 2019-24 की अवधि के लिए खाते (books) में पूंजीकृत किए गए हैं। इस तरह के अतिरिक्त पूंजीकरण का दावा सीईआरसी टैरिफ विनियम 2019 के विनियम 26 के तहत संबंधित वित्तीय वर्ष में विस्तृत औचित्य के साथ फॉर्म 9A में किया गया है, क्योंकि व्यय के दावे के लिए कोई विशिष्ट खंड नहीं है। माननीय आयोग से अनुरोध है कि कृपया जनरेटिंग स्टेशन के टैरिफ के उद्देश्य से इस तरह के अतिरिक्त पूंजीकरण की अनुमति प्रदान करें।

8. छोटी संपत्ति, उपकरण और टैकल, फर्नीचर, कंप्यूटर आदि की प्रकृति की कुछ वस्तुएं जिन्हें सीईआरसी टैरिफ विनियम, 2019 के विनियमन 25 और 26 के प्रावधानों के अनुसार कट-ऑफ तिथि के बाद टैरिफ के उद्देश्य के लिए पूंजीकृत करने की अनुमति नहीं है, उन्हें बहिष्करण श्रेणी (फॉर्म -9 डी) के तहत रखा गया है।ऐसी वस्तुओं को हटाने को भी फॉर्म 9बी(i) में बहिष्करण श्रेणी में रखा गया है क्योंकि टैरिफ के उद्देश्य से सीईआरसी द्वारा संबंधित सकारात्मक प्रविष्टियों की अनुमति नहीं दी जा रही है तथा यह याचिका संख्या 298/जीटी/2020 में माननीय आयोग के दिनांक 19.01.2024 के आदेश के पैरा-39 और 40 में निर्णय के अनुरूप भी है। तदनुसार, माननीय आयोग से अनुरोध है कि टैरिफ के उद्देश्य से ऐसी प्रविष्टियों को बाहर रखा जाए ।

9. कार्यालय ज्ञापन संख्या F-1/7/2022-PPD दिनांक 29.05.2023 के अनुसार, भारत सरकार के वित्त मंत्रालय ने "विवाद से विश्वास II (अनुबंध विवाद) योजना" (योजना) की अधिसूचना दी, जो

CPSEs ("प्रोक्यूरर") और विवाद के प्रतिकारी ("ठेकेदार") के बीच अनुबंध विवादों के निपटारे के लिए है। भारत सरकार की इस योजना के अनुपालन में, कार्यों के मूल दायरे से संबंधित ठेकेदार, मेसर्स जयप्रकाश एसोसिएट्स लिमिटेड के सिविल कार्यों से संबंधित मामले के संबंध में तीन दावों का वित्त वर्ष 2023-24 के दौरान निपटान किया गया । मामलों के संक्षिप्त विवरण नीचे दिए गए हैं:-

मामला-1 :- तीस्ता स्टेज-V परियोजना, सिक्किम के लिए ठेकेदार, मेसर्स जयप्रकाश एसोसिएट्स लिमिटेड को प्रदित अनुबंध सिविल कार्य LOT-TT4 - "भूमिगत पावर हाउस, सर्ज शाफ्ट, प्रेशर शाफ्ट, भाग हेड रेस टनल, जिसमें एडिट V, स्विचयार्ड और TRT (3Nos.)" अनुबंध संख्या NHPC/CCW/0603/17/AGREEMENT-LOT TT-4/2001 से संबंधित लंबित विवादित मध्यस्थता / अदालती मामला (LOT TT-4 पैकेज के कार्य की प्रगति में कमी के कारण अवास्तविक लागत के लिए दावा) जिला और सत्र न्यायालय फरीदाबाद (मामला संख्या ARB//0000033/2020) में लंबित मामला का निपटारा किया गया। इस संदर्भ में 02.05.2019 को मध्यस्थ द्वारा ₹ 4500 लाख की राशि का आदेश दिया गया। यह उल्लेख करना प्रासंगिक है कि इस मामले के खिलाफ पावर स्टेशन के बैलेंस शीट में ₹45.23 करोड़ की राशि को आकस्मिक देनदारी के रूप में बनाया/प्रकट किया गया। भारत सरकार की विवाद से विश्वास योजना के तहत, विवादित राशि के निपटान के लिए ठेकेदार द्वारा ₹4086.91 लाख (मूल : ₹1229.15 लाख और ब्याज ₹2857.75 लाख) का प्रस्ताव स्वीकार किया गया। मूल राशि ₹1229.15 लाख को वित्तीय वर्ष 2023-24 के दौरान बुक्स में पूंजीकृत किया गया है और ब्याज की राशि ₹ 2844.05 लाख को वित्तीय वर्ष 2023-24 के दौरान लाभ और हानि में चार्ज किया गया है और वित्तीय वर्ष 2024-25 के दौरान ₹13.72 लाख का ब्याज लाभ और हानि खाते में चार्ज किया गया है। तदनुसार, ₹1229.15 लाख को विनियमन 25(1)(a) के तहत आइटम संख्या C1 फॉर्म 9A वित्तीय वर्ष 2023-24 के तहत अतिरिक्त पूंजी के रूप में दावा किया गया है।

₹2857.75 लाख की ब्याज राशि को याचिका संख्या 298/GT/2020 में आदेश दिनांक 19.01.2024 के पैरा-64 में माननीय आयोग के निर्णय के अनुसार अतिरिक्त ओ एंड एम व्यय के रूप में एकमुश्त प्रतिपूर्ति के रूप में किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया ऊपर बताए गए अनुसार ऐड कैप और ब्याज राशि को स्वीकृत करें, जिसे भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से निपटाया गया है।

मामला-2 :- तीस्ता-V परियोजना के लिए, ठेकेदार मेसर्स जय प्रकाश एसोसिएट्स लिमिटेड को प्रदित सिविल वर्क्स लॉट टीटी -2 पैकेज "गहरे जेट ग्राउटेड कट ऑफ दीवार, कंक्रीट बांध, डिसिल्टिंग चैंबर्स, इंटेक स्ट्रक्चर और एडिट -1 आदि सहित कॉफ़र बांध" के लिए अनुबंध संख्या एनएचपीसी/सीसीडब्ल्यू/0603/17/एग्रीमेंट-लॉट टीटी-2/2001, से संबंधित मध्यस्थ / अदालती मामलों के लंबित विवाद (विदेशी विनिमय दर भिन्नता के कारण भुगतान के लिए रोके गए दावे, विकृत सुदृढ़ीकरण सलाखों की मात्रा में विचलन और एलओटी टीटी -2 पैकेज से संबंधित कप्लर्स के गैर-उपयोगकर्ता के लिए कटौती) के खिलाफ पंजाब और हरियाणा उच्च न्यायालय, चंडीगढ़ में लंबित मामले (मामला संख्या एफएओ-सीएआरबी -32/ 2019) के दावों का निपटारा किया गया। इस संबंध में न्यायालय द्वारा दिनांक 25.01.2019 को ₹542.75 लाख की राशि का फैसला सुनाया गया। यह उल्लेख करना उचित है कि पावर स्टेशन की बैलेंस शीट में इस मामले के खिलाफ आकस्मिक देनदारी के रूप में ₹6.66 करोड़ की राशि बनाई/खुलासा किया गया है। भारत सरकार के विवाद से विश्वास योजना के अंतर्गत ठेकेदार द्वारा विवादित राशि के विरूद्ध ₹826.60 लाख (मूलधन: ₹254.30 लाख एवं ब्याज ₹572.30 लाख) का निपटान स्वीकार किया गया । वित्त वर्ष 2023-24 के दौरान ₹254.30 लाख की मूल राशि को खातों में पूंजीकृत किया गया है और वित्त वर्ष 2023-24 के दौरान P&L में ₹572.30 लाख की ब्याज राशि लगाई गई है। तदनुसार, आइटम नंबर -C2 फॉर्म 9A वित्तीय वर्ष 2023-24 पर विनियमन 25(1)(ए) के तहत

ऐड कैप के रूप में ₹254.30 लाख का दावा किया गया है। । ₹572.30 लाख की ब्याज राशि का दावा, याचिका क्रमांक. 298/जीटी/2020 में आदेश दिनांक 19.01.2024 के पैरा- 64 पर माननीय आयोग के निर्णय के अनुरूप, अतिरिक्त ओ एंड एम व्यय के रूप में एकमुश्त प्रतिपूर्ति के रूप में किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया उपरोक्त दावे के अनुसार ऐड कैप और ब्याज राशि की अनुमति दें, जिसका निपटान भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से किया गया है।

मामला-3 :- तीस्ता-V परियोजना के लिए, ठेकेदार मेसर्स जय प्रकाश एसोसिएट्स लिमिटेड को प्रदित सिविल वर्क्स लॉट टीटी -2 पैकेज "गहरे जेट ग्राउटेड कट ऑफ दीवार, कंक्रीट बांध, डिसिल्टिंग चैंबर्स, इंटेक स्ट्रक्चर और एडिट -1 आदि सहित कॉफ़र बांध" के लिए अनुबंध संख्या एनएचपीसी/सीसीडब्ल्यू/0603/17/एग्रीमेंट-लॉट टीटी-2/2001, से संबंधित मध्यस्थ / अदालती मामलों के लंबित विवाद (कार्य की कम प्रगति के कारण अवास्तविक लागत के कारण भुगतान के लिए दावा) के खिलाफ जिला न्यायालय फरीदाबाद में लंबित मामला (केस संख्या एआरबी / 0000013/2021) के दावों का निपटारा किया गया। इस संबंध में मध्यस्थ द्वारा 17.08.2020 को ₹16878.00 लाख की राशि का फैसला सुनाया गया। यह उल्लेख करना उचित है कि पावर स्टेशन की बैलेंस शीट में इस मामले के लिए आकस्मिक देनदारी के रूप में ₹185.17 करोड़ की राशि बनाई / प्रकट की हुई है। भारत सरकार की विवाद से विश्वास योजना के अंतर्गत ठेकेदार द्वारा विवादित राशि के विरूद्ध ₹14232.72 लाख (मूलधन: ₹4097.60 लाख एवं ब्याज ₹10135.12 लाख) का निपटान स्वीकार किया गया है। वित्त वर्ष 2023-24 के दौरान ₹4097.60 लाख की मूल राशि को खातों में पूंजीकृत किया गया है और ₹10135.12 लाख की ब्याज राशि वित्त वर्ष 2023-24 के दौरान P&L बुक की गई है। तदनुसार, विनियमन 25(1)(ए) के तहत आइटम नंबर-C3, फॉर्म 9A, FY2023-24 पर ऐड कैप के रूप में ₹4097.60 लाख का दावा

किया गया है। ₹10135.12 लाख की ब्याज राशि का दावा याचिका क्रमांक. 298/जीटी/2020 में आदेश दिनांक 19.01.2024 के पैरा- 64 पर माननीय आयोग के निर्णय के अनुरूप अतिरिक्त ओ एंड एम व्यय के रूप में एकमुश्त प्रतिपूर्ति के रूप में किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया उपरोक्त दावे के अनुसार ऐड कैप और ब्याज राशि की अनुमति दें, जिसका निपटान भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से किया गया है।

10. बीमा दावे:-

(i) जुलाई-2020 में भूस्खलन के कारण, स्टेप डाउन ट्रांसफार्मर, वितरण ट्रांसफार्मर, एयर कंप्रेसर, एप्रोच रोड आदि जैसी सामग्री के हानी के लिए ₹61.44 लाख डी-कैपिटलाइज्ड किया गया है और बीमा के तहत इसका दावा किया हुआ है। डी-कैपिटलाइज्ड संपत्तियों का विवरण फॉर्म-9Bi, वित्तीय वर्ष 2020-21 में दर्शाया गया है और बहिष्करण श्रेणी के अंतर्गत रखा गया है। बीमा दावा अभी तक तय नहीं हुइ है । साइट, आवश्यकता के अनुसार, आगामी वर्षों में कुछ नई परिसंपत्तियाँ खरीदी और स्थापित की गई हैं। जैसा कि डी-कैपिटलाइजेशन बहिष्करण श्रेणी के अंतर्गत रखी गई है, नई परिसंपत्तियों की पूंजीकरण राशि को उनके डी-कैपिटलाइजेशन राशि की सीमा तक, बहिष्करण श्रेणी के अंतर्गत फॉर्म-9डी वित्तीय वर्ष 2021-22 में रखा गया है। चूंकि बीमा दावे का निपटान नहीं किया गया है, इसलिए नई संपत्ति के लिए अंतर राशि का दावा वित्त वर्ष 2021-22 में फॉर्म-9ए में किया गया है। इस प्रकार, परिसंपत्ति के लिए डी-कैपिटलाइज्ड मूल्य और उसके बाद के बराबर अतिरिक्त पूंजीकरण को बहिष्करण श्रेणी के तहत रखा है। माननीय आयोग से अनुरोध है कि यह मानदंडों में रियायत दें और कृपया सीईआरसी विनियम 2019 के विनियम 76 (रियायत देने की शक्ति) और विनियम 77 (कठिनाई दूर करने की शक्ति) के तहत टैरिफ में उपरोक्त समाधान (treatment) की अनुमति प्रदान करें।

(ii) अक्टूबर, 2023 में तीस्ता-V पावर स्टेशन के अपस्ट्रीम में बड़े पैमाने पर अचानक बाढ़ (जीएलओएफ) आई। इसके कारण, पावर स्टेशन के कई संपत्तिऑ पूरी तरह/आंशिक रूप से नष्ट हुई। तदनुसार,अचानक बाढ़ के दौरान हुए नुकसान के कारण ₹9856.17 लाख की संपत्ति का डी-कैपिटलाइज् किया गया है। हमने भौतिक क्षति के लिए ₹ 517.02 करोड़ का दावा मेगा बीमा पॉलिसी के तहत दायर किया है। बीमा दावा अभी तक तय नहीं हुआ है। डी-कैपिटलाइज्ड संपत्तियों का विवरण फॉर्म-9बीआई, FY2023-24 में दर्शाया गया है और बहिष्करण श्रेणी के अंतर्गत रखा गया है। इस सम्बन्ध में प्रस्तुत है कि क्षतिग्रस्त संपत्ति के प्रतिस्थापन के लिए बीमा दावे के निपटान के माध्यम से बहाल/दावा की गई नई संपत्ति को भी भविष्य में बहिष्करण श्रेणी के तहत रखा जाएगा। हालाँकि, नई परिसंपत्ति के लिए अंतर राशि (अर्थात बीमा कंपनी द्वारा अस्वीकृत दावे की सीमा तक) का दावा, बहिष्करण के तहत डिकैप राशि से अधिक के लिए किया जाएगा। माननीय आयोग से अनुरोध है कि यह मानदंडों में रियायत दें और कृपया सीईआरसी विनियम 2019 के विनियम 76 (रियायत देने की शक्ति) और विनियम 77 (कठिनाई दूर करने की शक्ति) के तहत टैरिफ में उपरोक्त समाधान (treatment) की अनुमति प्रदान करें।

11. उपरोक्त तथ्यों पर विचार करते हुए, सीईआरसी द्वारा दिनांक 19.01.2024 के आदेश के तहत पहले से ही अनुमत शुद्ध अतिरिक्त पूंजीकरण और तत्काल याचिका में दावा किए गए 2019-24 हेतु शुद्ध वास्तविक अतिरिक्त पूंजीकरण का सारांश निम्नानुसार है:

(₹ लाख में)

वर्ष	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**
दिनांक 19.01.2024 के आदेश द्वारा अनुमत शुद्ध अतिरिक्त पूंजीकरण	**1319.77**	**92.96**	**201.73**	**456.64**	**52.54**
इस याचिका में दावा किया गया शुद्ध वास्तविक अतिरिक्त पूंजीकरण	**1397.25**	**144.76**	**157.12**	**119.52**	**4371.23**

12. **पूंजीगत लागत:** सीईआरसी द्वारा दिनांक 19.01.2024 के आदेश में उपरोक्त अतिरिक्त पूंजीकरण और ₹277727.93 लाख (01.04.2019 तक) की प्रारंभिक पूंजी लागत को ध्यान में रखते हुए, टैरिफ की गणना के लिए वर्षवार पूंजीगत लागत निम्नानुसार है:

(₹ लाख में)

विवरण	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**
प्रारंभिक पूंजी लागत	277727.93	279125.18	279269.93	279427.05	279546.57
वर्ष के दौरान शुद्ध अतिरिक्त पूंजीकरण	1397.25	144.76	157.12	119.52	4371.23
समापन पूंजी लागत	279125.18	279269.93	279427.05	279546.57	283917.80

13. वार्षिक निश्चित शुल्क (एएफसी) की गणना:

उपरोक्त पूंजीगत लागत के आधार पर टैरिफ के विभिन्न घटकों की गणना निम्नलिखित विधि से की गई है, जैसा कि प्रासंगिक विनियमों में निर्दिष्ट है:

ए. **<u>इक्विटी पर रिटर्न (ROE):</u>**

- तीस्ता -V पावर स्टेशन एक पॉन्डेज प्रकार का संयंत्र है, अतएव इक्विटी पर रिटर्न (ROE) की गणना के लिए आधार दर (base rate), 31.03.2019 तक किए गए व्यय और कट-ऑफ तिथि से परे मूल दायरे में किए गए अतिरिक्त पूंजीगत व्यय, के लिए सीईआरसी टैरिफ विनियम 2019 के विनियम 30(2) के अनुसार 16.5% की दर पर विचार करते हुए किया गया है। मूल दायरे से परे और कट-ऑफ तिथि के बाद किए गए व्यय के लिए, जनरेटिंग स्टेशन की ब्याज की भारित औसत दर (weighted average rate of

interest) को इक्विटी पर रिटर्न (ROE) की गणना के लिए आधार दर के रूप में लिया गया है।

- आधार दर को एनएचपीसी पर टैरिफ अवधि के विभिन्न वर्षों के लिए लागू 'प्रभावी कर' दर के साथ जोड़ा गया है **(अनुलग्नक-IV)**। इसका विवरण **अनुलग्नक-I** के फॉर्म-1(ii) में दिया गया है।

बी. <u>मूल्यह्रास:</u>

चूंकि तीस्ता-V ने वित्त वर्ष 2020-21 के दौरान अपने उपयोगी जीवन के 12 वर्ष पूरे कर लिए हैं, इसलिए पावर स्टेशन के शेष उपयोगी जीवन पर शेष मूल्यह्रास मूल्य के प्रसार को 2021-22 से सीईआरसी टैरिफ विनियम, 2019 के विनियमन 33(5) के अनुरूप किया गया है। इसके अलावा, याचिका संख्या 298/जीटी/2020 में सीईआरसी के आदेश दिनांक 19.01.2024 के अनुसार, 31.03.2019 तक वसूल किए गए ₹146506.80 लाख के शुद्ध संचयी मूल्यह्रास लिया गया है और 2019-24 की अवधि के लिए मूल्यह्रास की पुनर्गणना वास्तविक ऐड कैप पर विचार करते हुए की गई है।

सी<u>. ऋण पर ब्याज:</u>

सीईआरसी टैरिफ विनियमन, 2019 के विनियमन 32(5) के अनुरूप अवधि के दौरान ऋण पर ब्याज की गणना के लिए वास्तविक ऋण पर ब्याज की भारित औसत दर (weighted average rate of interest) पर विचार करते हुए लिया गया है।

डी. प्रचालन एवं रखरखाव पर व्यय (O&M Expenses):

तीस्ता-V के टैरिफ अवधि 2019-24 के लिए लागू मानक ओ एंड एम व्यय को माननीय आयोग द्वारा सीईआरसी (टैरिफ के नियम और शर्तें) विनियम, 2019 के माध्यम से पहले ही अधिसूचित किया जा चुका है और टैरिफ आदेश दिनांक 19.01.2024 में आयोग द्वारा इसकी

अनुमति भी दी गई है। टैरिफ अवधि 2019-24 के लिए ओ एंड एम खर्चे, माननीय आयोग द्वारा याचिका संख्या 298/GT/2020 दिनांक 19.01.2024 के आदेश के तहत अनुमोदित ओ एंड एम खर्चों के साथ CERC टैरिफ विनियम, 2019 के विनियम 35(2)(c) के अनुसार पूंजीगत पुर्जों की वास्तविक खपत और वास्तविक सुरक्षा व्यय, याचिका के अनुबंध-I के फॉर्म-17 के अनुबंध-I के पर विचार करते हुए लिया गया है। वेतन संशोधन और वस्तु एवं सेवा कर (जीएसटी) के प्रभाव को सीईआरसी ने याचिका संख्या 298/जीटी/2020 दिनांक 19.01.2024 के आदेश के तहत पहले ही अनुमति दे दी है, जिस पर विचार करते हुए टैरिफ अवधि 2019-24 ओएंडएम खर्चों के लिए शामिल किया गया है।

ई. कार्यशील पूंजी पर ब्याज (Interest on Working Capital)

कार्यशील पूंजी पर ब्याज की गणना सीईआरसी टैरिफ विनियम, 2019 के विनियम 34(3) के अनुसार टैरिफ अवधि के संबंधित वर्ष की 1 अप्रैल को बैंक दर (1 वर्ष एसबीआई एमसीएलआर + 350 बीपी) पर विनियमन 34(1)(सी) के अनुसार मानक आधार पर की गई है।

14. ऊपर पैरा-12 और पैरा-13 में उल्लिखित पूंजी लागत और मापदंडों के आधार पर, याचिकाकर्ता ने टैरिफ अवधि 2019-24 के लिए संशोधित वार्षिक निश्चित शुल्क (एएफसी) की गणना की है। सीईआरसी द्वारा 19.01.2024 के आदेश के तहत अनुमत एएफसी का विवरण और याचिकाकर्ता द्वारा गणना की गई और तत्काल याचिका में दावा किया गया विवरण नीचे संक्षेप में दिया गया है:

(₹ लाख में)

विवरण	**2019-20**	**2020-21**	**2021-22**	**2022-23**	**2023-24**
19.01.2024 के आदेश द्वारा अनुमोदित एएफसी	**53847.67**	**53605.37**	**42202.06**	**43009.41**	**44000.17**
वर्तमान याचिका में दावा किया गया ए.एफ.सी.					

मूल्यह्रास	14188.62	14230.70	2705.58	2711.46	2792.43
ऋण पर ब्याज	1347.06	407.71	0.00	0.00	12.34
इक्विटी पर रिटर्न	22692.74	22908.94	22826.59	26165.40	26697.70
कार्यशील पूंजी पर ब्याज	1225.73	1144.65	937.68	1008.21	1192.23
प्रचालन एवं रखरखाव (ओ एंड एम) पर व्यय	14935.13	15154.56	15890.42	16593.48	17293.34
दावा किया गया वार्षिक निश्चित शुल्क (एएफसी)	**54389.27**	**53846.56**	**42360.26**	**46478.55**	**47988.05**

तत्काल याचिका में दावा किए गए एएफसी और दिनांक 19.01.2024 के आदेश के अनुसार अनुमत एएफसी के बीच अंतर को सीईआरसी (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2019 के विनियमन-13 के खंड (4) के प्रावधानों के अनुसार लाभार्थीयों से वसूल / वापस करने की अनुमति प्रदान करें ।

15. सीईआरसी (शुल्क का भुगतान) विनियम, 2012 और इसके संशोधनों के अनुरूप एनएचपीसी के चालू पावर स्टेशनों के संबंध में फाइलिंग शुल्क का भुगतान अप्रैल माह के दौरान सीईआरसी को वर्ष दर वर्ष आधार पर नियमित रूप से किया जा रहा है। पार्बती-III पावर स्टेशन के संबंध में 2019-24 के दौरान भुगतान किए गए टैरिफ फाइलिंग शुल्क का विवरण निम्नानुसार है:-

वर्ष	**राशि (रु. में)**
2019-20	22,44,000/-
2020-21	22,44,000/-
2021-22	22,44,000/-
2022-23	22,44,000/-
2023-24	22,44,000/-

Total	**1,12,20,000/-**

इस प्रकार भुगतान किया गया टैरिफ फाइलिंग शुल्क याचिका संख्या 298/जीटी/2020 में टैरिफ आदेश दिनांक 19.01.2024 के अनुरूप प्रतिवादियों से वसूला जा रहा है।

16. उपरोक्त टैरिफ में कोई भी वैधानिक कर, levies, duties, उपकर, प्रभार या किसी भी अन्य प्रकार का अधिरोपण (imposition) शामिल नहीं है, जो किसी भी सरकार (केन्द्रीय/राज्य) और/या किसी अन्य स्थानीय निकाय/प्राधिकरण/विनियामक प्राधिकरण द्वारा किसी अधिनियम या विनियमन के माध्यम से विद्युत उत्पादन, auxiliary consumption सहित या किसी अन्य प्रकार का consumption, विद्युत पारेषण, पर्यावरण संरक्षण, विद्युत/ऊर्जा की बिक्री या आपूर्ति, और/या उत्पादन स्टेशनों और/या पारेषण प्रणाली से संबद्ध इसके किसी भी प्रतिष्ठान के संबंध में लगाया/प्रभारित किया गया हो।

17. एनएचपीसी द्वारा किसी भी माह में संबंधित प्राधिकारियों को उक्त करों/शुल्कों/उपकर/लेवी/प्रभारों आदि के रूप में देय ऐसे करों/शुल्कों/उपकर/लेवी/प्रभारों आदि की राशि, जैसा कि ऊपर उल्लेख किया गया है, सीईआरसी टैरिफ विनियम, 2019 के विनियम 56 के अनुसार प्रतिवादियों द्वारा वहन किया जाएगा तथा याचिकाकर्ता को अतिरिक्त भुगतान किया जाएगा।

18. इसके अलावा, टैरिफ प्रस्ताव में सीईआरसी (अंतर-राज्यिक पारेषण प्रभारों और हानियों की शेयरिंग) विनियम, 2020 और इसके संशोधनों तथा केंद्रीय विद्युत विनियामक आयोग (प्रादेशिक भार प्रेषण केन्द्र की फीस तथा प्रभार तथा अन्द्य सहबद्ध मामले) विनियम, 2019 और इसके संशोधनों के तहत PGCIL, POSOCO/NLDC को भुगतान किए जाने वाले किसी भी ट्रांसमिशन/संचार/यूएलडीसी (ULDC) शुल्क शामिल नहीं हैं। सीईआरसी टैरिफ विनियम, 2019 के विनियम 57 और 70(3) के अनुसार ये शुल्क लाभार्थियों से सीधे वसूल किए जा सकेंगे।

भाग -बी: 2024-29 की अवधि के लिए टैरिफ याचिका (अनुलग्नक-II)

1. सीईआरसी टैरिफ विनियम 2024 के विनियम 9(2), 10(1), 12, 25, 26,36 (2), 65(7), 65(8), 91 और अन्य प्रासंगिक विनियमन के अनुसार याचिकाकर्ता को 2024-29 की अवधि के लिए टैरिफ याचिका के साथ-साथ 2019-24 की अवधि के लिए ट्रूइंग अप याचिका 30.11.2024 तक प्रस्तुत करनी होगी। सीईआरसी टैरिफ विनियमन के विनियमन 9(2) और 12 का प्रासंगिक अंश निम्नानुसार पुन: प्रस्तुत किया गया है:

"9 टैरिफ निर्धारण के लिए आवेदन

.....

(2) विद्यमान उत्पादन स्टेशन या उसकी इकाई, या पारेषण प्रणाली या उसके घटक के मामले में, उत्पादन कंपनी या पारेषण अनुज्ञप्तिधारी, यथास्थिति, द्वारा आवेदन के.वि.वि.आ. (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2019 के अनुसार, पहले से स्वीकृत और दिनांक 31.3.2024 तक व्ययित अतिरिक्त पूंजी लागत (वास्तविक या अनुमानित पूंजी लागत के आधार पर) सहित स्वीकृत पूंजी लागत और 2019-24 की अवधी के लिए ट्रूअप याचिका के साथ 2024-29 की तारीफ अवधि के संबंधित वर्षों के लिए अनुमानित अतिरिक्त पूंजी व्यय सहित के आधार पर दिनांक 30.11.2024 तक किया जा सकता है"

"12 2019-24 की अवधि के लिए टैरिफ का ट्रूइंग अप

2019-24 की अवधि के लिए उत्पादन स्टेशनों, एकीकृत खदानों और पारेषण प्रणालियों के टैरिफ को 2024-29 की अवधि के लिए टैरिफ याचिका के साथ केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबंधन और शर्तें) विनियम, 2019 के विनियम 13 के उपबंधों के अनुसार ट्रू अप किया जाएगा। 2024-29 की अवधि के लिए टैरिफ

अवधारणा के लिए 1.4.2024 को प्रारम्भिक पूंजी लागत का आधार, ट्रू इंग अप के आधार पर 31.3.2024 को स्वीकृत पूंजी लागत का आधार बनेगा।"

इसके अलावा, सीईआरसी टैरिफ विनियम 2024 के विनियमन 10(1) के अनुसार, याचिकाकर्ता को प्रासंगिक टैरिफ फॉर्म (सीईआरसी टैरिफ विनियम, 2024 के साथ अनुलग्नक-I के रूप में संलग्न) के अनुसार याचिका दायर करनी है, जिसमें टैरिफ अवधि 2024-29 के लिए अनुमानित अतिरिक्त पूंजीगत व्यय का विवरण शामिल है।

2. वर्ष 2019-24 की अवधि के लिए टैरिफ का ट्रू-अप, प्रासंगिक टैरिफ प्रपत्र और अनुलग्नक इस याचिका के साथ भाग-ए के अंतर्गत संलग्न है।

3. चूंकि परियोजना की कट-ऑफ तिथि पहले ही बीत चुकी है, इसलिए 2024-29 की अवधि के लिए अनुमानित अतिरिक्त क्षमता का दावा सीईआरसी टैरिफ विनियम, 2024 के विनियम 25 और 26 के प्रावधानों के तहत किया जा रहा है।

4. ट्रूइंग अप याचिका (भाग-ए) के आधार पर 31.03.2024 तक समापन पूंजी लागत रुपये 283917.80 लाख थी, जिसका उपयोग टैरिफ अवधि 2024-29 के लिए टैरिफ की गणना के लिए 01.04.2024 तक प्रारंभिक पूंजी लागत के रूप में किया गया है।

5. इस याचिका में टैरिफ अवधि 2024-29 मे दावे किए गए अनुमानित पूंजीगत व्यय का विवरण अनुलग्नक-II के फॉर्म-9ए में दिया गया है। इसे नीचे सारणीबद्ध किया गया है:

(लाख रुपए में)

क्रम सं.	विवरण	**2024-25**	**2025-26**	**2026-27**	**2027-28**	**2028-29**

6. मध्यस्थता / अदालती मामले:-

(ए) <u>भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से निपटान</u>

मामला-1: कार्यालय ज्ञापन संख्या एफ-.1/7/2022-पीपीडी दिनांक 29.05.2023 के माध्यम से, वित्त मंत्रालय, भारत सरकार ने सीपीएसई ('खरीदार') और विवाद के प्रतिपक्ष ('ठेकेदार') के बीच संविदात्मक विवादों के निपटारे के लिए "विवाद से विश्वास (संविदात्मक विवाद) योजना" (योजना) को अधिसूचित किया । भारत सरकार की इस योजना के अनुपालन में, तीस्ता-V परियोजना के लिए, ठेकेदार मेसर्स जय प्रकाश एसोसिएट्स लिमिटेड को प्रदित सिविल वर्क्स लॉट टीटी -2 पैकेज गहरे जेट ग्राउटेड कट ऑफ दीवार, कंक्रीट बांध, डिसिल्टिंग चैंबर्स, इंटेक स्ट्रक्चर और एडिट -1 आदि सहित कॉफ़र बांध के लिए अनुबंध संख्या एनएचपीसी/सीसीडब्ल्यू/0603/17/एग्रीमेंट-लॉट टीटी-2/2001, से संबंधित मध्यस्थ / अदालती मामलों के लंबित विवाद (बीमा पॉलिसी के विस्तार, प्रदर्शन बैंक गारंटी और लॉट टीटी-2 पैकेज के जुटाव अग्रिम पर ब्याज की लागत की प्रतिपूर्ति के लिए मध्यस्थता दावा) के खिलाफ पंजाब और हरियाणा उच्च न्यायालय, चंडीगढ़ में लंबित मामले (मामला संख्या एफएओ-सीएआरबी -34/2019) के दावों का निपटारा किया गया । इस संबंध में न्यायालय द्वारा दिनांक 25.01.2019 को ₹1225.62 लाख की राशि प्रदान करने का फैसला सुनाया गया। यह उल्लेख करना उचित है कि पावर स्टेशन की बैलेंस शीट में इस मामले के खिलाफ आकस्मिक देनदारी के रूप में ₹15.61 करोड़ की राशि बनाई/खुलासा किया गया है। भारत

सरकार की विवाद से विश्वास योजना के तहत, विवादित राशि के निपटान के लिए ठेकेदार द्वारा ₹1535.58 लाख (मूलधन: ₹447.15 लाख और ब्याज ₹1088.44 लाख) का प्रस्ताव स्वीकार कर लिया गया है। वित्त वर्ष 2024-25 के दौरान ₹447.15 लाख की मूल राशि को पुस्तकों में पूंजीकृत किया गया है और ₹1088.44 लाख की ब्याज राशि को वित्त वर्ष 2024-25 के दौरान P&L में लिया गया है। तदनुसार, आइटम नंबर- बी2 फॉर्म 9ए वित्तीय वर्ष 2024-25 पर विनियमन 25(1)(ए) के तहत ऐड कैप के रूप में ₹447.15 लाख का दावा किया गया है। सीईआरसी विनियम, 2024 के विनियमन 91 के अनुसार ₹1088.44 लाख की ब्याज राशि को प्रतिपूर्ति के लिए दावा किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया उपरोक्त दावे के अनुसार ऐड कैप और ब्याज राशि की अनुमति दें, जिसका निपटान भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से किया गया है।

मामला-2: कार्यालय ज्ञापन संख्या एफ-.1/7/2022-पीपीडी दिनांक 29.05.2023 के माध्यम से, वित्त मंत्रालय, भारत सरकार ने सीपीएसई ('खरीदार') और विवाद के प्रतिपक्ष ('ठेकेदार') के बीच संविदात्मक विवादों के निपटारे के लिए "विवाद से विश्वास (संविदात्मक विवाद) योजना" (योजना) को अधिसूचित किया । भारत सरकार की इस योजना के अनुपालन में, तीस्ता-V परियोजना, सिक्किम के लिए ठेकेदार, मेसर्स जयप्रकाश एसोसिएट्स लिमिटेड को प्रदित अनुबंध सिविल कार्य LOT-TT4 - "भूमिगत पावर हाउस, सर्ज शाफ्ट, प्रेशर शाफ्ट, भाग हेड रेस टनल, जिसमें एडिट V, स्विचयार्ड और TRT (3Nos.)" अनुबंध संख्या NHPC/CCW/0603/17/AGREEMENT-LOT TT-4/2001 से संबंधित लंबित विवादित मध्यस्थता / अदालती मामला (LOT TT-4 पैकेज से संबंधित सिक्किम में न्यूनतम मजदूरी में संशोधन के कारण अतिरिक्त लागत का दावा) सुप्रीम कोर्ट में लंबित मामला (केस नंबर डेयरी नंबर 20267/2016, एसएलपी नंबर 007656/2018) का निपटारा किया गया । इस संबंध में

न्यायालय द्वारा दिनांक 29.03.2016 को ₹8319.74 लाख की राशि प्रदान करने का फैसला सुनाई गयी । यह उल्लेख करना उचित है कि पावर स्टेशन की बैलेंस शीट में इस मामले के खिलाफ आकस्मिक देनदारी के रूप में ₹120.81 करोड़ की राशि बनाई/खुलासा किया गया। भारत सरकार की विवाद से विश्वास योजना के तहत, विवादित राशि के निपटान के लिए ठेकेदार द्वारा ₹12221.82 लाख (मूलधन: ₹3330.19 लाख और ब्याज: ₹8891.63 लाख) का प्रस्ताव स्वीकार कर लिया गया है। FY2024-25 के दौरान ₹3330.19 लाख की मूल राशि को खातों में पूंजीकृत किया गया है और ₹8891.63 लाख की ब्याज राशि FY2024-25 के दौरान P&L में ली गई है। तदनुसार, आइटम नंबर-बी3 फॉर्म 9ए वित्तीय वर्ष 2024-25 पर विनियमन 25(1)(ए) के तहत ऐड कैप के रूप में ₹3330.19 लाख का दावा किया गया है। सीईआरसी विनियम, 2024 के विनियमन 91 के अनुसार ₹8891.63 लाख की ब्याज राशि को प्रतिपूर्ति के लिए दावा किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया उपरोक्त दावे के अनुसार ऐड कैप और ब्याज राशि की अनुमति दें, जिसका निपटान भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से किया गया है।

मामला-3: कार्यालय ज्ञापन संख्या एफ-.1/7/2022-पीपीडी दिनांक 29.05.2023 के माध्यम से, वित्त मंत्रालय, भारत सरकार ने सीपीएसई ('खरीदार') और विवाद के प्रतिपक्ष ('ठेकेदार') के बीच संविदात्मक विवादों के निपटारे के लिए "विवाद से विश्वास (संविदात्मक विवाद) योजना" (योजना) को अधिसूचित किया । भारत सरकार की इस योजना के अनुपालन में, तीस्ता-V परियोजना, सिक्किम के लिए ठेकेदार, मेसर्स जयप्रकाश एसोसिएट्स लिमिटेड को प्रदित अनुबंध सिविल कार्य LOT-TT4 - "भूमिगत पावर हाउस, सर्ज शाफ्ट, प्रेशर शाफ्ट, भाग हेड रेस टनल, जिसमें एडिट V, स्विचयार्ड और TRT (3Nos.)" अनुबंध संख्या NHPC/CCW/0603/17/AGREEMENT-LOT TT-4/2001 से संबंधित लंबित विवादित

मध्यस्थता / अदालती मामला { (i) समय के विस्तार के कारण प्रदर्शन सुरक्षा के लिए बैंक गारंटी के विस्तार की लागत की प्रतिपूर्ति (ii) बीमा पॉलिसी के विस्तार की लागत की प्रतिपूर्ति (iii) काम की प्रगति में कमी के कारण मोबिलाइजेशन और मशीनरी अग्रिम राशि पर वसूले गए अतिरिक्त ब्याज की प्रतिपूर्ति} में पंजाब और हरियाणा उच्च न्यायालय, चंडीगढ़ में लंबित (मामला संख्या FAO-CARB-44-2019 और FAO-CARB-50-2019) का निपटारा किया गया । इस संबंध में न्यायालय द्वारा दिनांक 14.03.2019 को ₹719.48 लाख (मूलधन ₹ 341.36 लाख + ब्याज ₹378.12 लाख) की राशि प्रदान का फैसला सुनाई गयी । यह उल्लेख करना उचित है कि वित्त वर्ष 2013-14 के दौरान ₹341.36 लाख की राशि को अनंतिम रूप से पूंजीकृत किया गया था, जिसमें से ₹334.23 लाख (टीडीएस को छोड़कर) को फॉर्म-16 (याचिका संख्या 298 / जीटी / 2020 में) में अनुन्मुक्त दायित्व के तहत रखा गया था। हालाँकि, ₹51.20 लाख को डिकैपिटलाइज़ेशन के माध्यम से उलट दिया गया है (क्रम संख्या-5 फॉर्म-9 बीआई वित्तीय वर्ष 2024-25 और अनुन्मुक्त दायित्व को उलटने की प्रक्रिया होने के कारण इसे टैरिफ के उद्देश्य से बहिष्करण श्रेणी के तहत रखा गया है। भारत सरकार की विवाद से विश्वास योजना के तहत, विवादित राशि के निपटान के लिए ठेकेदार द्वारा ₹889.60 लाख (मूलधन: ₹ 290.16 लाख और ब्याज: ₹ 599.44 लाख) का प्रस्ताव स्वीकार कर लिया गया है। GeM पोर्टल दस्तावेज़ की प्रति परिशिष्ट-Z में संलग्न है। ₹283.02 लाख (₹334.23 लाख घटाकर ₹51.20 लाख की रिवर्सल राशि) की मूल राशि वित्त वर्ष 2024-25 में जारी की जा रही है और इसे टैरिफ के उद्देश्य के लिए पूंजीगत लागत के तहत लिया गया है (आइटम नंबर ए 1 फॉर्म 16, वित्तीय वर्ष 2024-25)। इसके अलावा, ₹599.44 लाख की ब्याज राशि को वित्त वर्ष 2024-25 के दौरान P&L में ली गई है। सीईआरसी विनियम, 2024 के विनियमन 91 के अनुसार ₹599.44 लाख की ब्याज राशि को प्रतिपूर्ति के लिए दावा किया जा रहा है। माननीय आयोग से अनुरोध है कि कृपया ऊपर दावाकृत दायित्व के निर्वहन के माध्यम से पूंजीगत और

ब्याज राशि की अनुमति दें, जिसे भारत सरकार की "विवाद से विश्वास" योजना के माध्यम से तय किया गया है।

(बी) नीति आयोग के अनुपालन में न्यायालय में भुगतान/जमा की गई राशि

मामला -1: 'तीस्ता एचई प्रोजेक्ट स्टेज-V लॉट-टीटी-3 के लिए एडिट 2,3 और 4 के साथ हेड रेस टनल (एचआरटी) के लिए सिविल वर्क्स के निष्पादन' का काम मेसर्स गैमन इंडिया लिमिटेड को सौंपा गया था। दावा, उपरोक्त कार्य से संबंधित अनुबंध के संबंध में, अप्रत्याशित भौतिक स्थिति के कारण हुए खर्चों और देरी के लिए था। 01.06.2016 को, मध्यस्थ न्यायाधिकरण ने ठेकेदार के पक्ष में 30.07.2008 से 01.06.2016 के लिए प्रति वर्ष 12% की दर से ₹51.63 करोड़ (मूलधन) और ब्याज ₹ 48.56 करोड़ का फैसला सुनाया । आर्बिट्रल ट्रिब्यूनल ने मेसर्स गैमन इंडिया लिमिटेड के पक्ष में वास्तविक भुगतान की तारीख तक 12% प्रति वर्ष की दर से ब्याज देने का निर्देश दिया । इसके अलावा, सीसीईए और ओएम संख्या-14070/14/2016-पीपीपीएयू दिनांक 05.09.2016 (निर्माण क्षेत्र को पुनर्जीवित करने के उपाय- संबंधित), के निर्णय के अनुसार, बैंक गारंटी (बीजी) के विरुद्ध, चुनौती के तहत मामले में अदालत के अंतिम आदेश के तक, एनएचपीसी द्वारा ठेकेदार को कुल भुगतान (मध्यस्थ फैसला के अनुसार देय राशि ब्याज सहित, यदि कोई हो) के 75% के बराबर राशि का भुगतान करना आवश्यक था। एनएचपीसी ने मध्यस्थ न्यायाधिकरण के फैसले को विशेष वाणिज्यिक न्यायालय, गुरुग्राम में चुनौती दी हुई है। हालाँकि, नीति आयोग के ओएम के अनुसार, 30.09.2017 को बीजी के विरुद्ध ठेकेदार मेसर्स गैमन इंडिया लिमिटेड को ₹81.33 करोड़ (मूलधन: ₹38.72 करोड़ और ब्याज ₹42.60 करोड़) की राशि का भुगतान किया गया। मामले की समग्र स्थिति को ध्यान में रखते हुए, खाते की किताबों में ₹30.72 करोड़ की राशि का प्रावधान किया गया था और यह हमारी किताबों में भी मौजूद है। यह देनदारी टैरिफ फॉर्म-

16 (2015-16) में दर्शाई गई है। इसके अलावा, 02.07.2019 को, अदालत के निर्देश के तहत विशेष वाणिज्यिक न्यायालय, गुरुग्राम में ₹ 19.03 करोड़ (मूलधन 9.06 करोड़ + 9.97 करोड़ ब्याज) की राशि जमा की गई। अदालत में बीजी प्रस्तुत करने के बाद 24.10.2020 को अदालत द्वारा जमा की गई धनराशि मेसर्स गैमन इंडिया लिमिटेड को जारी कर दी गई। इस प्रकार याचिकाकर्ता द्वारा भुगतान की गई कुल राशि ₹100.36 करोड़ (मूलधन: ₹ 47.78 करोड़ और ब्याज ₹ 52.57 करोड़) है ।

₹47.78 करोड़ की कुल मूल राशि में से, ₹17.06 करोड़ का दावा विनियम 25(1)(ए) (आइटम संख्या बी4, फॉर्म 9ए वित्तीय वर्ष 2024-25) के तहत अतिरिक्त पूंजीगत लागत के माध्यम से किया जा रहा है और शेष राशि ₹30.72 करोड़ (बी1 फॉर्म 16) का दावा वित्तीय वर्ष 2024-25 में देयता के निर्वहन के माध्यम से पूंजीगत लागत के तहत किया जा रहा है। इसके अलावा, सीईआरसी विनियम, 2024 के विनियमन 91 के तहत ₹52.57 करोड़ (₹42.60 करोड़ + ₹9.97 करोड़) की ब्याज राशि का दावा प्रतिपूर्ति के लिए किया जा रहा है। वर्तमान में, मामला बहस के चरण में है और जल्द ही इसका निपटारा होने की संभावना है और तदनुसार वर्तमान याचिका में दावा किया जा रहा है।

ब्याज सहित मध्यस्थता पुरस्कार राशि का भुगतान ठेकेदार मेसर्स गैमन इंडिया लिमिटेड को 30.09.2017 को कर दिया गया है। हालाँकि, याचिकाकर्ता को वितरित राशि के लिए टैरिफ में लाभ से वंचित रहा है। यदि मामला पहले सुलझ गया होता तो याचिकाकर्ता को संवितरण की तारीख से टैरिफ मिल सकता था। तदनुसार, मौजूदा सीईआरसी विनियमन के अनुसार याचिकाकर्ता द्वारा भुगतान की गई राशि पर राशि के संवितरण की तारीख से 31.03.2024 तक अनुमानित ब्याज की अनुमति देने का विनम्रतापूर्वक अनुरोध किया जाता है। हमने मौजूदा सीईआरसी विनियमन, 2019 के अनुसार 1 वर्ष के एसबीआई एमसीएलआर + 350

बीपी दर से ₹70.94 करोड़ की ब्याज राशि की गणना की है। माननीय आयोग से अनुरोध है कि कृपया इसकी अनुमति दें।

मामला -2:- यह काम 'तीस्ता एचई प्रोजेक्ट स्टेज-V लॉट-टीटी-3' के लिए एडिट 2,3 और 4 के साथ हेड रेस टनल (एचआरटी) के लिए सिविल कार्यों के निष्पादन के मूल दायरे के तहत है, जो मेसर्स गैमन इंडिया लिमिटेड को दिया गया था। विवाद के आधार निम्न हैं: -

(i) त्वरण उपायों के लिए खर्च की गई लागत का भुगतान

(ii) फेस 7 से आगे फेस 8 पर काम के लिए अतिरिक्त लागत का भुगतान

(iii) रोलिंग मार्जिन का भुगतान

(iv) खदान के अभाव में रेत की खरीद के लिए प्रतिपूर्ति

(v) शेष पट्टा भूमि की लागत की प्रतिपूर्ति

(vi) समय विस्तार और अनुबंध मूल्य में वृद्धि के कारण बीमा पॉलिसी के विस्तार की लागत की प्रतिपूर्ति

(vii) समय विस्तार के कारण बीजी शुल्क का भुगतान

(viii) 22.10.2006 के बाद एनएचपीसी और पीडब्ल्यूडी रोड के रखरखाव के लिए भुगतान

18.01.2018 को (13.04.2018 को सही किया गया), मध्यस्थ न्यायाधिकरण ने 18.01.2018 तक ठेकेदार के पक्ष में ₹30.39 करोड़ (मूलधन) और ब्याज @₹29.83 करोड़ और 14.11.2009 से 18.01.2018 तक प्रति वर्ष 12% की दर से भुगतान का फैसला दिया । आर्बिट्रल ट्रिब्यूनल ने मेसर्स गैमन इंडिया लिमिटेड के पक्ष में 19.01.2018 से वास्तविक भुगतान की तारीख तक प्रति वर्ष 12% की दर से ब्याज देने का निर्देश दिया। इसके अलावा, सीसीईए और ओएम संख्या-14070/14/2016-पीपीपीएयू दिनांक 05.09.2016 (निर्माण क्षेत्र

को पुनर्जीवित करने के उपाय- संबंधित), के निर्णय के अनुसार, बैंक गारंटी (बीजी) के विरुद्ध, चुनौती के तहत मामले में अदालत के अंतिम आदेश के तक, एनएचपीसी द्वारा ठेकेदार को कुल भुगतान (मध्यस्थ फैसला के अनुसार देय राशि ब्याज सहित, यदि कोई हो) के 75% के बराबर राशि का भुगतान करना आवश्यक था। एनएचपीसी ने मध्यस्थ न्यायाधिकरण के फैसले को विशेष वाणिज्यिक न्यायालय, गुरुग्राम में चुनौती दी हुई है। हालाँकि, नीति आयोग के ओएम के अनुसार, 30.09.2018 को बीजी के विरुद्ध ठेकेदार मेसर्स गैमन इंडिया लिमिटेड को ₹48.97 करोड़ (मूलधन: ₹22.79 करोड़ और ब्याज ₹26.18 करोड़) की राशि का भुगतान किया गया। मामले की समग्र स्थिति को ध्यान में रखते हुए, खाते की किताबों में ₹9.33 करोड़ की राशि का प्रावधान किया गया था और यह हमारी किताबों में भी मौजूद है। यह देनदारी टैरिफ फॉर्म-16 (2015-16) में दर्शाई गई है। ₹22.79 करोड़ की कुल मूल राशि में से, ₹13.46 करोड़ का दावा विनियम 25(1)(ए) (आइटम संख्या बी5, फॉर्म 9ए वित्तीय वर्ष 2024-25) के तहत अतिरिक्त पूंजीगत लागत के माध्यम से किया जा रहा है और शेष राशि ₹9.33 करोड़ (बी1 फॉर्म 16) का दावा वित्तीय वर्ष 2024-25 में देनदारी के निर्वहन के माध्यम से पूंजीगत लागत के तहत किया जा रहा है। इसके अलावा, सीईआरसी विनियम, 2024 के विनियमन 91 के तहत ₹26.18 करोड़ की ब्याज राशि का दावा प्रतिपूर्ति के लिए किया जा रहा है। वर्तमान में, मामला बहस के चरण में है और बहुत जल्द निपटाए जाने की संभावना है और तदनुसार वर्तमान याचिका में दावा किया जा रहा है।

ब्याज सहित मध्यस्थता पुरस्कार राशि का भुगतान ठेकेदार मेसर्स गैमन इंडिया लिमिटेड को 30.09.2018 को कर दिया गया है। हालाँकि, याचिकाकर्ता को वितरित राशि के लिए टैरिफ में लाभ से वंचित रहा है। यदि मामला पहले सुलझ गया होता तो याचिकाकर्ता को संवितरण की तारीख से टैरिफ मिल सकता था। तदनुसार, मौजूदा सीईआरसी विनियमन के अनुसार

याचिकाकर्ता द्वारा भुगतान की गई राशि पर राशि के संवितरण की तारीख से 31.03.2024 तक अनुमानित ब्याज की अनुमति देने का विनम्रतापूर्वक अनुरोध किया जाता है। हमने मौजूदा सीईआरसी विनियमन, 2019 के अनुसार 1 वर्ष के एसबीआई एमसीएलआर + 350 बीपी दर से ₹30.55 करोड़ की ब्याज राशि की गणना की है। माननीय आयोग से अनुरोध है कि कृपया इसकी अनुमति दें।

7. चूंकि नीति आयोग के निर्देश/न्यायालय के आदेश के अनुपालन में याचिकाकर्ता द्वारा मध्यस्थता अवार्ड के लिए पर्याप्त राशि का भुगतान/जमा किया गया है। इससे याचिकाकर्ता के नकदी प्रवाह पर प्रतिकूल प्रभाव पड़ रहा है। तदनुसार, इसे सीईआरसी टैरिफ विनियम, 2024 के विनियमन 25(1)(ए) के तहत अतिरिक्त पूंजीकरण के रूप में और पैरा-6बी में उल्लिखित दायित्व के निर्वहन के माध्यम से भी अनुमति दी जा सकती है। यह उल्लेख करना उचित है कि उपरोक्त मध्यस्थता अवार्ड के खिलाफ अतिरिक्त पूंजीकरण पर विचार करने से याचिकाकर्ता को नकदी प्रवाह की समस्या कम हो जाएगी और साथ ही लाभार्थियों को ऐसी लागत पर भविष्य में वहन लागत (future carrying cost) का भुगतान करने के अतिरिक्त बोझ से बचाया जा सकेगा। माननीय आयोग, सीईआरसी टैरिफ विनियम, 2024 के विनियम, 102 (शिथिल करने की शक्ति) और विनियम 103 (कठिनाई दूर करने की शक्ति) के तहत सीईआरसी विनियम, 2024 के विनियम 25(1)(ए) और 91 के मानदंडों में छूट के संबंध में याचिकाकर्ता (पैरा-6बी) को प्रस्तुत करने की कृपया अनुमति दे ।

इसके अलावा, माननीय आयोग सीईआरसी टैरिफ विनियम, 2024 के विनियमन, 102 (शिथिल करने की शक्ति) और विनियमन 103 (कठिनाइयों को दूर करने की शक्ति) के तहत मौजूदा सीईआरसी मानदंडों में छूट देते हुए, भुगतान की गई/अदालत में जमा की गई राशि पर अनुमानित ब्याज की अनुमति दे सकता है।

8. पूंजीगत लागत: उपरोक्त अनुमानित अतिरिक्त पूंजीकरण और **₹283917.80 लाख** की प्रारंभिक पूंजी लागत (01.04.2024 तक) को ध्यान में रखते हुए, टैरिफ की गणना के लिए वर्षवार पूंजीगत लागत निम्नानुसार है:

(₹लाख में)

विवरण	2024-25	2025-26	2026-27	2027-28	2028-29
प्रारंभिक पूंजी लागत	283917.80	309024.60	322803.63	323563.46	323563.46
वर्ष के दौरान शुद्ध अतिरिक्त पूंजीकरण	25106.80	13779.03	759.82	0.00	34.48
समापन पूंजी लागत	309024.60	322803.63	323563.46	323563.46	323597.94

9. वार्षिक निश्चित शुल्क (एएफसी) की गणना:

उपरोक्त पूंजीगत लागत के आधार पर, टैरिफ के विभिन्न घटकों को प्रासंगिक नियमों में निर्दिष्ट तरीके से तैयार किया गया है:

ए. <u>इक्विटी पर रिटर्न (आरओई):</u>

- तीस्ता-V पावर स्टेशन एक पॉन्डेज प्रकार का संयंत्र है, इक्विटी पर रिटर्न (आरओई) की गणना के लिए आधार दर को टैरिफ विनियम 2024 के विनियम-25 के तहत अनुमानित पूंजीगत व्यय के लिए 16.5% माना गया है और टैरिफ विनियम 2024 के विनियम-26 के तहत अनुमानित अतिरिक्त पूंजीगत व्यय के लिए 1 अप्रैल 2024 को एक वर्ष का एसबीआई एमसीएलआर प्लस 350 आधार अंक माना गया है।

- आरओई की आधार दर को सीईआरसी टैरिफ विनियमन 2024 के विनियमन-31(1) के अनुरूप 01.04.2024 को प्रचलित एमएटी दर के साथ जोड़ दिया गया है, जिसे बाद में "प्रभावी कर" दर के आधार पर सही किया जाएगा।

बी. <u>मूल्यह्रास:</u>

चूंकि तीस्ता-V ने वित्त वर्ष 2020-21 के दौरान अपने उपयोगी जीवन के 12 वर्ष पूरे कर लिए हैं, शेष मूल्यह्रास मूल्य को पावर स्टेशन के उपयोगी जीवन को 40 वर्ष मानते हुए सीईआरसी टैरिफ विनियम, 2024 के विनियमन 33 के अनुरूप पावर स्टेशन के शेष उपयोगी जीवन में फैलाया गया है।

सी<u>. ऋण पर ब्याज:</u>

सीईआरसी टैरिफ विनियम, 2024 के विनियमन 32 के अनुरूप टैरिफ अवधि 2024-29 के लिए ऋण पर ब्याज की गणना के लिए वास्तविक ऋण पोर्टफोलियो के आधार पर ब्याज की भारित औसत दर पर विचार करते हुए किया गया है।

डी. <u>प्रचालन व रखरखाव व्यय (ओएंडएम व्यय):</u>

टैरिफ अवधि 2024-29 के लिए तीस्ता-V पावर स्टेशन के लिए लागू ओएंडएम व्यय को पहले ही केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2024 के विनियम 36(2) के तहत माननीय आयोग द्वारा पावर स्टेशन के पिछले वर्षों के वास्तविक ओएंडएम व्यय के आधार पर अधिसूचित किया जा चुका है। केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2024 के विनियम 36(2) का प्रासंगिक अंश:

"36 प्रचालन एवं रखरखाव व्यय:

(2) हाइड्रो जनरेटिंग स्टेशन:

(₹ लाख में)

विवरण	***FY2024-25***	***FY2025-26***	***FY2026-27***	***FY2027-28***	***FY2028-29***
तीस्ता-V	*15193.93*	*16024.69*	*16900.88*	*17824.97*	*18799.59*

.....

(ग) हाइड्रो उत्पादन स्टेशनों के लिए प्रतिस्पर्धी बोली द्वारा प्राप्त सुरक्षा व्यय, पूंजी स्पेयर्स एवं बीमा व्यय की अनुमति विवेकपूर्ण जांच के बाद पृथक रूप से दी जाएगी:

बशर्ते यह कि उत्पादन स्टेशन उसके अनुमानित व्यय के साथ सुरक्षा व्यय, पूंजी स्पेयर्स और बीमा व्यय का मूल्यांकन प्रस्तुत करेंगे , जिसे समुचित स्पष्टीकरण के साथ उपभोग किए गए वर्षवार वास्तविक पूंजी व्यय, वास्तविक बीमा और व्ययित सुरक्षा व्यय के विवरणों के आधार पर ट्रूड अप किया जाएगा।

तदनुसार, 2024-29 के लिए अनुमानित सुरक्षा व्यय का दावा FY2023-24 के दौरान वास्तविक सुरक्षा व्यय के आधार पर 2024-25 से 5.47% की दर से बढ़ाकर किया गया है। 2024-25 के लिए बीमा व्यय प्रतिस्पर्धी बोली के आधार पर दिए गए बीमा लागत के आधार पर लिया गया है। इसके अलावा इस लागत को 2025-26 से 2028-29 तक 5.47% प्रति वर्ष की दर से बढ़ाया गया है। वित्त वर्ष 2024-25 के लिए भुगतान किए गए बीमा प्रीमियम का परियोजनावार ब्यौरा और प्रतिस्पर्धी बोली से संबंधित दस्तावेज़ **अनुलग्नक –V** के रूप में संलग्न हैं। पूंजीगत पुर्जों की खपत का दावा वास्तविक खपत के आधार पर ट्रूइंग अप करने के समय किया जाएगा। अनुमत ओएंडएम व्यय के अतिरिक्त दावा किए गए ओएंडएम व्यय का विवरण निम्नानुसार है:

(₹ लाख में)

विवरण	**2024-25**	**2025-26**	**2026-27**	**2027-28**	**2028-29**
स्वीकृत मानक ओ एंड एम व्यय (ए)	15193.93	16024.69	16900.88	17824.97	18799.59

अनुमानित सुरक्षा व्यय (बी)	755.83	797.17	840.78	886.77	935.27
अनुमानित बीमा व्यय (सी)	0	0	0	0	0
पूंजीगत पुर्जों की खपत (डी)	3379.26	3564.11	3759.06	3964.68	4181.55
कुल ओ एंड एम व्यय (ई = ए + बी + सी + डी)	**19329.02**	**20385.97**	**21500.72**	**22676.42**	**23916.42**

तदनुसार, माननीय आयोग से अनुरोध है कि वह 2024-29 की अवधि के लिए उपरोक्त ओएंडएम व्यय की अनुमति प्रदान किया जाए। 2024-29 के दौरान सुरक्षा व्यय, पूंजीगत पुर्जों की खपत और बीमा व्यय के कारण वास्तविक व्यय टैरिफ के ट्रू इंग अप करने के समय प्रस्तुत किया जाएगा।

ई. <u>कार्यशील पूंजी पर ब्याज</u>

कार्यशील पूंजी पर ब्याज की गणना विनियमन 34(1)(डी) के अनुसार मानक आधार पर और सीईआरसी टैरिफ विनियम, 2024 के विनियम 34(3) के अनुसार 01.04.2024 के संदर्भ दर पर की गई है।

10. केंद्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2024 के आधार पर 01.04.2024 से 31.03.2029 की अवधि के लिए तीस्ता-V पावर स्टेशन के संबंध में वार्षिक निश्चित शुल्क (एएफसी) निम्नानुसार है (अनुलग्नक-II का फॉर्म-1 देखें):

(₹ लाख में)

एएफसी घटक	**2024-25**	**2025-26**	**2026-27**	**2027-28**	**2028-29**
मूल्यह्रास	3344.52	4105.07	4423.21	4454.74	4455.51
ऋण पर ब्याज	688.51	1675.43	1867.18	1599.23	1806.80
इक्विटी पर रिटर्न	23709.57	24663.79	24980.15	24995.30	24996.06

(आरओई)					
कार्यशील पूंजी पर ब्याज	1245.58	1331.33	1391.64	1436.74	1495.50
प्रचालन एवं रखरखाव पर व्यय	19329.02	20385.97	21500.72	22676.42	23916.42
वार्षिक निश्चित शुल्क (एएफसी)	**48317.19**	**52161.58**	**54162.90**	**55162.43**	**56670.30**

11. वर्ष 2024-25 (टैरिफ अवधि 2024-29 का पहला वर्ष) के लिए 22,44,000/- रुपये की फाइलिंग फीस सीईआरसी (शुल्क का भुगतान) विनियम, 2012 और इसके संशोधनों के अनुसार पहले ही इलेक्ट्रॉनिक रूप से हस्तांतरित की जा चुकी है। सीईआरसी को पहले ही इसकी सूचना दे दी गई है। इसके अलावा, टैरिफ अवधि 2024-29 के शेष वर्षों के संबंध में फाइलिंग शुल्क याचिकाकर्ता द्वारा उपरोक्त सीईआरसी विनियम के अनुपालन में संबंधित वर्ष की 30 अप्रैल तक जमा किया जाएगा । तदनुसार, माननीय आयोग से अनुरोध है कि वह सीईआरसी टैरिफ विनियमन 2024 के विनियम 94(1) के अनुरूप लाभार्थियों से फाइलिंग शुल्क की प्रतिपूर्ति की अनुमति दे।

12. केंद्रीय विद्युत विनियामक आयोग (कारबार संचालन) विनियम, 2023 के अनुपालन में, याचिकाकर्ता तीस्ता-V पावर स्टेशन के संबंध में टैरिफ याचिका की सूचना समाचार पत्रों में प्रकाशित करेगा। इसके लिए प्रकाशन का प्रमाण अलग से प्रस्तुत किया जाएगा। माननीय आयोग से अनुरोध है कि वह सीईआरसी टैरिफ विनियम, 2024 के विनियम 94(1) के अनुरूप लाभार्थियों से प्रकाशन व्यय की वसूली की अनुमति प्रदान करें।

13. उपर्युक्त टैरिफ प्रस्ताव में किसी भी सरकार (केन्द्रीय/राज्य) और/या किसी अन्य स्थानीय निकाय/प्राधिकरण/विनियामक प्राधिकरण द्वारा विद्युत उत्पादन सहायक उपभोग (auxiliary

consumption) सहित अथवा किसी अन्य प्रकार के उपभोग जैसे कि विद्युत पारेषण, पर्यावरण संरक्षण, विद्युत/ऊर्जा की बिक्री या आपूर्ति, और/या उत्पादन स्टेशनों और/या पारेषण प्रणाली से संबद्ध इसके किसी भी प्रतिष्ठान के संबंध में लगाए गए/प्रभारित किए गए किसी भी वैधानिक कर, शुल्क, उपकर या अन्य प्रकार के अधिरोपण शामिल नहीं हैं।

14. एनएचपीसी द्वारा किसी भी माह में संबंधित प्राधिकारियों को उक्त करों/शुल्कों/उपकर/लेवी आदि के रूप में देय राशि, जैसा कि ऊपर उल्लेख किया गया है, प्रतिवादियों द्वारा वहन की जाएगी तथा एनएचपीसी को अतिरिक्त भुगतान किया जाएगा तथा प्रतिवादियों द्वारा उनके द्वारा देय वार्षिक क्षमता प्रभार के अनुपात में इसे देय किया जाएगा।

15. इसके अलावा, टैरिफ प्रस्ताव में सीईआरसी (अंतर- राज्यिक पारेषण प्रभारों हानियों हानियों की शेयरिंग) विनियम, 2020 और इसके संशोधनों तथा केंद्रीय विद्युत विनियामक आयोग (प्रादेशिक भार प्रेषण की फीस तथा प्रभार तथा अन्य सहबद्ध मामले) विनियम, 2024 और इसके संशोधनों के तहत PGCIL, POSOCO/ NLDC को भुगतान किए जाने वाले किसी भी ट्रांसमिशन/संचार/यूएलडीसी शुल्क को शामिल नहीं किया गया है। सीईआरसी टैरिफ विनियम, 2024 के विनियम 94 के अनुसार ये शुल्क लाभार्थियों से सीधे वसूल किए जाएँगे।

<u>भाग-सी: वित्त वर्ष 2022-23 और वित्त वर्ष 2023-24 के लिए कमी (Shortfall) का दावा</u>

1. सीईआरसी टैरिफ विनियम 2024 का विनियम 65(8) उत्पादक कंपनी को टैरिफ अवधि 2019-24 के लिए shortfall का दावा करने की अनुमति देता है, जिसे इस विनियम के विनियम 65(7) के अनुसार वसूल किए जाने वाले टैरिफ अवधि के दौरान वसूल नहीं किया जा सका है। विनियमों का प्रासंगिक अंश निम्नानुसार पुन: प्रस्तुत किया गया है:

"65. जल विद्युत उत्पादन स्टेशनों के लिए क्षमता प्रभार और ऊर्जा प्रभार की गणना और भुगतान:

.....

(7) यदि वर्ष के दौरान हाइड्रो उत्पादन स्टेशन की बिक्री योग्य अनुसूचित ऊर्जा (एक्स-बस) उत्पादन स्टेशन के नियंत्रण से आगे कारणों के लिए बिक्री योग्य डिजाइन ऊर्जा (एक्स-बस) से कम है, उत्पादन स्टेशन तत्काल आगामी वर्ष में डीएसएम ऊर्जा के लिए समायोजन के बाद छः बराबर ब्याजमुक्त मासिक किस्तों में ऊर्जा प्रभार में कमी की प्रत्यक्ष रूप से वसूली कर सकता है और टैरिफ अवधि के अंत तक ट्रूइंग अप के अधीन होगा।

परंतु यह कि ..... ।

(8) टैरिफ अवधि 2019-24 के दौरान बिक्री योग्य डिजाइन ऊर्जा (एक्स-बस) से कम रही बिक्री योग्य अनुसूचित ऊर्जा (एक्स-बस) के कारण ऊर्जा प्रभारों में कोई कमी, जो उत्पादन स्टेशन के नियंत्रण से बाहर थी और जिसे उक्त टैरिफ अवधि के दौरान वसूल नहीं किया जा सका, इस विनियम के खंड (7) के अनुसार वसूल की जाएगी ।

2. सीईआरसी टैरिफ विनियम 2024 की अधिसूचना तक एनएचपीसी ने सीईआरसी टैरिफ विनियम 2019 के विनियम 44(7) के अनुरूप वित्त वर्ष 2019-20, वित्त वर्ष 2020-21 और वित्त वर्ष 2021-22 के लिए shortfall की याचिकाएं दायर की हैं। हालांकि, सीईआरसी टैरिफ विनियम 2024 की अधिसूचना तक वित्त वर्ष 2022-23 और वित्त वर्ष 2023-24 के लिए shortfall याचिकाएं सीईआरसी में दायर नहीं की जा सकीं क्योंकि वित्त वर्ष 2022-23 और वित्त वर्ष 2023-24 के लिए अंतिम आरईए जारी नहीं किया गया था।

3. इसलिए, एनएचपीसी ने विनियम 65(8) और 65(7) के अनुरूप एनएचपीसी के कुछ पावर स्टेशनों के लिए सितंबर 2024 के महीने में वित्त वर्ष 2022-23 के लिए ऊर्जा शुल्क में shortfall का बिल जारी किया है। वर्तमान में, वित्त वर्ष 2023-24 के लिए अंतिम (final) आरईएए प्राप्त न होने के कारण वित्त वर्ष 2023-24 में shortfall का बिल आज तक नहीं जारी किया गया है। वित्त वर्ष 2023-24 के लिए अंतिम आरईएए प्राप्त होने पर, एनएचपीसी संबंधित पावर स्टेशन के लिए वित्त वर्ष 2023-24 के लिए ऊर्जा शुल्क में shortfall का बिल जारी करेगा। Final REA प्राप्त होने के बाद ऊर्जा शुल्क में shortfall को सीईआरसी टैरिफ विनियमन 2024 के विनियमन 65(8) और 65(7) के अनुसार ट्रूड अप किया जाएगा और इस संबंध में विस्तृत प्रस्तुति (detail submission) तत्काल याचिका में अतिरिक्त जानकारी के रूप में की जाएगी।

<u>प्रार्थना</u>

भाग-ए: 2019-24 की अवधि के लिए टैरिफ का ट्रूइंग अप

माननीय आयोग से अनुरोध है कि कृपया निम्न का अनुमति प्रदान करने की कृपा करें:

1. केंद्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2019 के विनियम-13 के अनुसार दिनांक 01.04.2019 से 31.03.2024 की अवधि के लिए तीस्ता-V पावर स्टेशन के टैरिफ में संशोधन हेतु अनुमति प्रदान करें ।

2. जैसा कि ऊपर **पैरा-7 (भाग-ए)** में उल्लिखित है, ऐसे अतिरिक्त पूंजीगत व्यय की कृपया अनुमति प्रदान करें, जिन्हें सीईआरसी के दिनांक 19.01.2024 के आदेश द्वारा अनुमति नहीं दी गई थी, लेकिन 2019-24 के दौरान साइट विशिष्ट की आवश्यकताओं के कारण खर्च किए गए थे।

3. उपरोक्त **पैरा-7 (भाग-ए)** में उल्लिखित ऐसे अतिरिक्त पूंजीगत व्यय की अनुमति प्रदान करें, जिन्हें सीईआरसी के सीईआरसी विनियम 2019 के विनियम-26 के अंतर्गत संयंत्र के सफल और कुशल संचालन के लिए आवश्यक समझा गया था ।

4. उपरोक्त **पैरा-8 (भाग-ए)** में उल्लिखित टैरिफ के प्रयोजन के लिए छोटी परिसंपत्तियों, औजारों और उपकरणों, फर्नीचर, कंप्यूटर आदि की प्रकृति वाली वस्तुओं से संबंधित प्रविष्टियों के बहिष्करण (exclusion) करने की अनुमति प्रदान करें।

5. उपरोक्त पैरा-9 (भाग-ए) में उल्लिखित मध्यस्थता मामले (भारत सरकार की "विवाद से विश्वास (संविदात्मक विवाद) योजना") के दावे की अनुमति दें।

6. सीईआरसी विनियम, 2019 के विनियम 76 (शिथिल करने की शक्ति) और विनियम 77 (कठिनाई को दूर करने की शक्ति) के तहत सीईआरसी के मानदंडों की सीमा में छूट के तहत **पैरा-10 (भाग-ए)** में उल्लिखित अतिरिक्त पूंजीकरण (बीमा दावे से संबंधित) की अनुमति प्रदान करें ।

7. **पैरा-6 (भाग-ए)** में किए गए दावा के अनुसार शुद्ध अतिरिक्त पूंजीकरण की अनुमति प्रदान करें ।

8. **पैरा-13 (ए) (भाग-ए)** में उल्लिखित के अनुसार 2019-24 की अवधि के लिए 'प्रभावी कर' इक्विटी पर रिटर्न (आरओई) की सकल दर के आधार पर ट्रूइंग अप करने की अनुमति प्रदान करें ।

9. **पैरा-13(डी)(भाग-ए)** में उल्लिखित अनुसार 2019-24 की अवधि के दौरान ओ एंड एम व्यय की अनुमति दें।

10. तीस्ता-V पावर स्टेशन के वार्षिक नियत लागत (एएफसी) की गणना और दावा क्रमशः वित्त वर्ष 2019-20, 2020-21, 2021-22, 2022-23 और 2023-24 के लिए **₹54389.27 लाख**, **₹53846.56 लाख , ₹42360.26 लाख , ₹46478.55 लाख** और **₹47988.05 लाख** रुपये किया गया है, जैसा कि ऊपर **पैरा-14 (भाग-ए)** में उल्लिखित है । माननीय आयोग कृपया उपरोक्त एएफसी की अनुमति दे। दावा किए गए एएफसी और याचिका 298/जीटी/2020 में सीईआरसी के आदेश दिनांक 31.03.2024 द्वारा अनुमत एएफसी के बीच के अंतर को सीईआरसी (टैरिफ के निबंधन और शर्तें) विनियम, 2019 के विनियम 13(4) और इसके बाद के संशोधनों में निर्दिष्ट तरीके से प्रतिवादियों से वसूल / वापस करने की अनुमति प्रदान करें।

11. जैसा कि ऊपर **पैरा-15 से 18 (भाग-ए)** में उल्लेख किया गया है कि एनएचपीसी को प्रतिवादियों को लेवी, कर, शुल्क, उपकर, प्रभार, फीस आदि, यदि कोई है के लिए बिल करने की अनुमति प्रदान करें।

<u>भाग-बी: 2024-29 की अवधि के लिए टैरिफ याचिका</u>

माननीय आयोग से अनुरोध है कि कृपया निम्न का अनुमति प्रदान करने की कृपा करें:

12. केंद्रीय विद्युत विनियामक आयोग (टैरिफ के निबंधन और शर्तें) विनियम, 2024 के विनियम-10 के साथ पठित विद्युत अधिनियम, 2003 की धारा 62(1)(ए) के अंतर्गत 01.04.2024 से 31.03.2029 की अवधि के लिए तीस्ता-V पावर स्टेशन के टैरिफ की अनुमति प्रदान करें ।

13. **पैरा-5 (भाग-बी)** में दावा के अनुसार 2024-29 की अवधि के लिए शुद्ध अतिरिक्त पूंजीकरण की अनुमति प्रदान करें ।

14. उपरोक्त पैरा-6(ए) (भाग-बी) में उल्लिखित मध्यस्थता मामले (भारत सरकार की "विवाद से विश्वास II (संविदात्मक विवाद) योजना") के दावे की अनुमति दें।

15. **पैरा-6 बी और पैरा-7 [भाग-बी**] में उल्लिखित मध्यस्थता मामले के दावों को सीईआरसी टैरिफ विनियम, 2024 के विनियम, 102 (शिथिल करने की शक्ति) और विनियम, 103 (कठिनाई दूर करने की शक्ति) के तहत सीईआरसी के मानदंडों की सीमा में छूट के तहत अनुमति प्रदान करें ।

16. **पैरा-9(डी) (भाग-बी)** में दावा के अनुसार प्रचालन एवं रखरखाव व्यय (ओ एंड एम व्यय) की अनुमति प्रदान करें ।

17. जैसा कि ऊपर **पैरा-10 (भाग-बी)** में बताया गया है, 2024-29 की अवधि के लिए तीस्ता-V पावर स्टेशन का वार्षिक निश्चित शुल्क (एएफसी) **₹48317.19 लाख, ₹52161.90 लाख, ₹54162.90 लाख, ₹55162.43 लाख और ₹56670.30 लाख** क्रमशः वित्तीय वर्ष 2024-25, 2025-26 2026-27, 2027-28, और 2028-29 के लिए निर्धारित किया गया है।, माननीय आयोग कृपया इन एएफसी को अनुमति दे। दावा किए गए एएफसी और सीईआरसी द्वारा 19.01.2024 के आदेश (2023-24 की अवधि के लिए) के तहत अनुमत एएफसी के बीच के अंतर को केन्द्रीय विद्युत विनियामक आयोग (टैरिफ के निबन्धन एवं शर्तें) विनियम, 2024 के विनियम 10(6) और उसके बाद के संशोधनों में निर्दिष्ट तरीके से प्रतिवादियों से वसूलने/वापस करने की अनुमति प्रदान करें ।

18. **पैरा-11 [भाग-बी]** में उल्लिखित के अनुसार इस याचिका के दाखिल करने के शुल्क की प्रतिपूर्ति की अनुमति प्रदान करें ।

19. **पैरा-12 [भाग-बी]** में उल्लिखित अनुसार टैरिफ याचिका में नोटिस के प्रकाशन पर किए गए व्यय की प्रतिपूर्ति की अनुमति प्रदान करें ।

20. जैसा कि ऊपर **पैरा-13 से 15 (भाग-बी)** में उल्लिखित है कि एनएचपीसी को प्रतिवादियों को उपकर, कर, शुल्क, उपकर, ट्रांसमिशन प्रभार, फीस आदि, यदि कोई हो, के लिए बिल जारी करने की अनुमति प्रदान करें।

21. इस प्रकार के अन्य तथा अग्रिम आदेश पारित करने का अनुरोध किया जाता है जो मामले के तथ्यों और परिस्थितियों के अनुसार उचित समझे जाएं।

याचिका की पुष्टि करने वाला हलफनामा

मैं, अजय श्रीवास पुत्र श्री वी.पी. श्रीवास, आयु 52 वर्ष, महाप्रबंधक (वाणिज्यिक), एनएचपीसी लिमिटेड, निवासी फरीदाबाद, एतद्द्वारा सत्यनिष्ठा से प्रतिज्ञा करता हूँ और निम्नलिखित बताता हूँ:-

1. यह कि अभिसाक्षी याचिकाकर्ता का प्राधिकृत अधिकारी है तथा मामले के तथ्यों और परिस्थितियों से अच्छी तरह परिचित है और इसलिए यह शपथपत्र देने के लिए सक्षम है।
2. विद्युत अधिनियम, 2003 की धारा 62(1)(ए) के अंतर्गत संलग्न याचिका मेरे द्वारा दायर की जा रही है और इसकी विषय-वस्तु मेरे सर्वोत्तम ज्ञान और विश्वास के अनुसार सत्य और सही है।
3. याचिका में उल्लिखित पैराए कार्यकारी सारांश, दावों का सारांश, भाग-ए 2019-24 की अवधि के लिए ट्रू उप, भाग-बी 2024-29 की अवधि के लिए याचिका और भाग-सी के तथ्य मेरे व्यक्तिगत ज्ञान, विश्वास और कार्यालय में रखे गए रिकॉर्ड के आधार पर सत्य और सही है।
4. याचिका के साथ संलग्न अनुलग्नक सही हैं तथा संबंधित मूल प्रतियों की सच्ची प्रतियां हैं।
5. यह कि अभिसाक्षी ने विवाद के विषय के संबंध में किसी अन्य फोरम या न्यायालय के समक्ष कोई अन्य याचिका या अपील दायर नहीं की है।

साक्षी

सत्यापन

आज दिनांक 28 नवंबर 2024 को फरीदाबाद में सत्यापित किया गया कि मेरे उपरोक्त शपथ पत्र की विषय-वस्तु मेरी जानकारी के अनुसार सत्य एवं सही है तथा इसका कोई भी भाग झूठा नहीं है तथा इसमें कोई भी महत्वपूर्ण तथ्य छिपाया नहीं गया है।

Salient Features of Hydroelectric Project

Name of the Petitioner: NHPC Limited
Name of the Generating Station: TEESTA-V POWER STATION

1. Location	
State/Distt.	Sikkim/ East Sikkim
River	Teesta
2. Diversion Tunnel	
Size, shape	12.2 m dia, Horse Shoe (2 nos)
Length (M)	473m & 610m
3. Dam	
Type	Concrete Gravity Dam
Maximum dam height (M)	88.6m
4. Spillway	
Type	Ogee shaped with gated sluice
Crest level of spillway (M)	EL. 540.00m
5. Reservoir	
Full Reservoir Level (FRL) (M)	EL. 579.00m
Minimum Draw Down Level (MDDL) (M)	EL. 568.00m
Live storage (MCM)	6.3 Mm^3
6. De-silting Chamber	
Type	Dufour type
Number and Size	3 nos, 19.7mx24.5mx250m each
Particle size to be removed (mm)	90% of 0.2 mm and above
7. Head Race Tunnel	
Size and type	Main HRT- 9.5m dia, Branch HRT-5.5m & 7.8m
Length (M)	17.2 km
Design discharge (Cumecs)	292.37 Cumecs
8. Surge Shaft	
Type	Semi underground
Diameter (M)	30m
Height (M)	93m
9. Penstock/Pressure shafts	
Type	Steel lined (3 nos.)
Diameter & Length (M)	4.7m, 304m each
10. Power House	
Installed capacity (No of units x MW)	3x170 MW = 510 MW
Type of turbine	Vertical Francis
Rated Head (M)	197 m
Rated Discharge (Cumecs)	97.46 per unit (292.37 $m^{3/}$ sec for 3 units)
Head at Full Reservoir Level (M)	200 m
Head at Minimum Draw down Level (M)	189 m
MW Capability at FRL	510 MW
MW Capability at MDDL	510 MW
11. Tail Race Tunnel/Channel	
Diameter (M) , shape	6m dia, D-shaped (3 nos.)
Length (M)	165m, 175m and 185 m
Minimum tail water level (M)	EL. 360.00 m (with three units in operation)
12. Switchyard	
Type of Switch gear	GIS
No. of generator bays	3
No. of Bus coupler bays	1
No. of line bays	2

Note: Specify limitation on generation during specific time period(s) on account of restrictions on water use due to irrigation, drinking water, industrial, environmental considerations etc.

Sl. No.	A/c Head	Head of Work / Equipment	ACE Claimed (Actual / Projected)				Regulation under which claimed	Justification	Admitted Cost by the Commission, if any
			Accrual basis	Un-discharged Liability included in col.3	Cash basis	IDC included in col.3			
2	412503	HAND OPERATED SIREN 1.5 KM RANGE	0.31	0.00	0.31	0.00	Regulation 26(1)(d)	Hand operated Siren has been purchased to meet the announcement to public residing downstream area while realasing water through dam of the power station. The same is required viz., in case failure of electricity and release of water, if any required at that particular time to avoid any untoward accident. The work is essentially required for safety purpose, the Hon'ble CERC is requested to allow this expenditure under Regulation 26 (1)(d).	
3	412503	GASOLINE ENGINE OPERATED POWER PACK FOR SPILLWAY RADIAL GATE MAKE-BEYBEY MODEL-KOHLER	27.51	0.00	27.51	0.00	Regulation 26 (1)(d)	Teesta-V Power station has been equipped with 5 Nos. Radial gates at Dam to regulate the reservoir level. During monsoon, it is essential to maintain the reservoir level between MDDL and FRL. Further, during silt flushing reservoir level also needs to be regulated. These gates are operated by hydraulic hoist and power pack system. A heavy land slide had occurred during July-2020 at Dam side of Teesta V PS which resulted major damages of different structure of HM and electrical equipments. The power supply of 11 KV line was cut-off and DG set was also washed away.One no of gasoline engine operated power pack available at site was utilized for operation of the gate. It was felt that the single unit alone was not sufficeint to operate multiple Gate at the same time to discharge the flood water. Therefore, 3 nos. portable gasoline (petrol) engine operated power pack has been purchased in phased manner (i.e Two nos during FY2021-22 and one no during FY2022-23) to mitigate any unforeseen flood condition or other untoward situations in case of failure of complete power supply system. The purchased portable gasoline (petrol) engine operated power pack will be used alongwith the one no old gasoline operated power pack in case of emergency. The system will not be kept as spare rather in tandem use. The purchase has been made keeping in view of the recent past experience of operation of power station. The work is essentially required for safe & smooth operation of power house, the Hon'ble CERC is requested to allow this expenditure under Regulation 26 (1)(d).

Note :-

(a) Govt. of Sikkim vide notification no. 54/GOS/FED dated 17.07.2022 has notified "Sikkim Payment for Ecosystem services Rules, 2022". As per the rule, Govt. of Sikkim has imposed water tax for non-consumptive use of water for hydro power projects. Bills for water tax has been raised by Govt. of Sikkim for NHPC power stations. NHPC Ltd. has filed a writ petition, challenging the the claim of Sikkim under Ecosystem Services Rules, 2022 in the Honb'le high court of Sikkim at Gangtok.

(b) The water tax as imposed by State Government is recoverable from the beneficiaries in the line with Regulation-56 of CERC Tariff Regulation'2019.

Salient Features of Hydroelectric Project

Name of the Petitioner: NHPC LIMITED
Name of the Generating Station: TEESTA-V POWER STATION

1. Location	
State/Distt.	Sikkim/ East Sikkim
River	Teesta
2. Diversion Tunnel	
Size, shape	12.2 m dia, Horse Shoe (2 nos)
Length (M)	473m & 610m
3. Dam	
Type	Concrete Gravity Dam
Maximum dam height (M)	88.6m
4. Spillway	
Type	Ogee shaped with gated sluice
Crest level of spillway (M)	EL. 540.00m
5. Reservoir	
Full Reservoir Level (FRL) (M)	EL. 579.00m
Minimum Draw Down Level (MDDL) (M)	EL. 568.00m
Live storage (MCM)	6.3 Mm^3
6. De-silting Chamber	
Type	Dufour type
Number and Size	3 nos, 19.7mx24.5mx250m each
Particle size to be removed (mm)	90% of 0.2 mm and above
7. Head Race Tunnel	
Size and type	Main HRT- 9.5m dia, Branch HRT-5.5m & 7.8m
Length (M)	17.2 km
Design discharge (Cumecs)	292.37 Cumecs
8. Surge Shaft	
Type	Semi underground
Diameter (M)	30m
Height (M)	93m
9. Penstock/Pressure shafts	
Type	Steel lined (3 nos.)
Diameter & Length (M)	4.7m, 304m each
10. Power House	
Installed capacity (No of units x MW)	3x170 MW = 510 MW
Type of turbine	Vertical Francis
Rated Head (M)	197 m
Rated Discharge (Cumecs)	97.46 per unit (292.37 $m^{3/}$ sec for 3 units)
Head at Full Reservoir Level (M)	200 m
Head at Minimum Draw down Level (M)	189 m
MW Capability at FRL	510 MW
MW Capability at MDDL	510 MW
11. Tail Race Tunnel/Channel	
Diameter (M) , shape	6m dia, D-shaped (3 nos.)
Length (M)	165m, 175m and 185 m
Minimum tail water level (M)	EL. 360.00 m (with three units in operation)
12. Switchyard	
Type of Switch gear	GIS
No. of generator bays	3
No. of Bus coupler bays	1
No. of line bays	2
Efficiency (overall) Turbine and generator	

Note: Specify limitation on generation during specific time period(s) on account of restrictions on water use due to irrigation, drinking water, industrial, environmental considerations etc.

A. Additional Capitalization related to left over items already allowed by CERC during 2019-24									
1	411505	Multipurpose Fire Tender	59.00	0.00	59.00	0.00	Regulation 25(2)(a)	This assets has been allowed by CERC in order dated 19.01.2024 in petition no 298/GT/2020 (Refer Sl no of page no-81 of the order) in the Year 2022-23 on replacement basis. The replacement of item has been delayed due to poor participation of technically qualified vendor in tendering process. The LOA has finally been placed in March'2023, however the material could not be delivered to the power station by the vendor in 2023-24. The same is likely to be capitalized during period 2024-25. The allowed amount is as per estimation basis for 2022-23, however the cost increased due to latest market pricing and has been discovered through tendering. The De-capitalization value of old asset has been indicated at sl. no. 1, FY2024-25.	31
2	411002	Replacement of DG Sets 500 KVA at Dam Top	30.00	0.00	30.00	0.00	Regulation 25(2)(a)	This assets has been allowed by CERC in order dated 19.01.2024 in petition no 298/GT/2020 (Refer Sl no of page no-84 of the order) in the Year 2023-24. The case file for DG set was initiated in March, 2023, however the same could not be matured due to delay in tendering. Now the same is estimated to be capatalized in FY2024-25. The claimed expenditure is on the basis of estimated tender value of 500 KVA DG set. The De-capitalization value of old asset has been indicated at sl. no.2, FY2024-25.	25
3	411508	Purchase of 1 no. of Truck	29.90	0.00	29.90	0.00	Regulation 25(2)(a)	Allowed by CERC in order dated 19.01.2024 in petition no 298/GT/2020 at page -81 Sl no B-1 on replacement basis. The purchase could not be materilised during 2022-23 & the same has been delayed due to poor participation of techanically qualified vendor in tendering process. The LOA has finally been placed in March'2023, however the material could not be delivered to the power station by the vendor in 2023-24. The same is likely to be capatalized during period 2024-25. The allowed amount is as per estimation basis for 2022-23, however the cost increased due to latest market pricing and has been discovered through tendering. The De-capitalization value of old asset has been indicated at sl. no.4, FY2024-25.	15
4	411102	Excavator cum Backhoe loader (JCB 3DX)	42.24	0.00	42.24	0.00	Regulation 25(2)(a)	This assets has been allowed by CERC in order dated 19.01.2024 in petition no 298/GT/2020 (Refer Sl no of page no-84 of the order) in the Year 2023-24 on Replacement basis. However, the said JCB Backhoe Loader could not be purchased during 2023-24 due to poor response of technically qualified vendor in tendering process. The LOA has finally been placed in March'2023 and the same is likely to be capatalized during tariff period 2024-25. The allowed amount is as per estimation basis for 2023-24, however the cost increased due to latest market pricing and has been discovered through tendering. The De-capitalization value of old asset has been indicated at sl. no.5, FY2024-25.	25

B. Additional Capitalization / replacement of Assets under the Original Scope after cut-off date									
1	412005	Replacement of X-ray Machine	26.00	0.00	26.00	0.00	Regulation 25(2)(a)	Power Station is located in remote & hilly area, therefore, the essential life saving medical facility has been installed for taking care of emergency situation for the employees & their families. For this purpose, essential medical equipment facility like X ray machine has been installed at Teesta V Project hospital in 2001 which had completed more than 20 years i.e. beyond its life span. The X-ray machine is very essential for diagnosis and trelment of patient suffering problem such as fracture,Tuberculosis,Lung disease,Foreign body ingestion etc. Hence, it has been planned to replace the old existing X-ray machine with the latest technology machine. Old X-ray machine has already been de-capatalized during FY2022-23 for Rs of 5.93 Lakh. The same being claimed herewith at sl.no-3 Form 9Bi , FY2024-25

1	410711	Supply Installation, Commissioning and Implemenattion of Remotely Access management System (RAS) & Fault Analysis System (FAS) for acquisition of DR & EL from all numerical relays on real time basis.	38.10	0.00	38.10	0.00	26(1)(a)/ 26(1)(i)	As per Central Electricity Regulatory Commission (Indian Electricity Grid Code) Regulations, 2023, following have been notified and utilities are mandated: Regulation 12(2)(b): To have a repository of protection system, settings and events at regional level. Regulation 15(6): Users shall submit the following protection performance indices of previous month to their respective RPC and RLDC on monthly basis for 220 kV and above (132 kV and above in NER) system, which shall be reviewed by the RPC. NHPC is contemplating implementation of Repository of Protection System centrally at Corporate Level through scheme of "Relay data communication from Power Station to Central location" i.e. corporate office Faridabad, all records (Disturbance records and Event logs) being received from each Power station shall be maintained at corporate level for better analysis and can be produce/delibeatred to RPC/RLDC and discussed in Protection Meetings in compliance to IEGC Regulations. Further, it will also help in analysis of faults recorded by Protection system (relays) is essential for safe operation and reliability of machines. The same shall be analysed by core protection team at Corporate office and all necessary guidance shall be provided to Power Station for line of action to improve system reliability. Hence, Implementation of Relay data communication from Power Station to Central location i.e. corporate office Faridabad will increase system reliability & will lead to safe operation of Generating Units and Grid and also fulfil the requirements of IEGC Regulations.	
2	412503	Enhancement of CCTV storage facility against the installed cameras at Balutar and Dam area.	58.54	0.00	58.54	0.00	Regulation 26(1)(d)	At present, Most of CCTV cameras logs are getting stored in discrete manner in different NVR and the storage capacity of the NVR is not sufficient in compliance of clause no. 9.3.1.25 of Cyber Security Policy (Version 3.0) and other guidelines. Availability of 90 days CCTV logs is must be as per norms, guidelines and direction of Corporate Office /CEA. Accordingly, a proposal has been initiated in FY2023-24 for Centrally CCTV storage facility for availability of 90 days logs of installed cameras at different locations of this Power Station except Project Kendriya Vidyalaya. LOA for this work has been placed on 30.03.2024 and it will be capatalized in FY2024-25. The copy of relevant pages of guideline issued by CEA is enclosed at **Appendix-P**.

Sl. No.	A/c Head	Head of Work / Equipment	ACE Claimed (Actual / Projected)				Regulation under which claimed	Justification	Admitted Cost by the Commission, if any
			Accrual basis (in Lakh)	Un-discharged Liability included in col.3	Cash basis	IDC included in col.3			
3	410601	Modification of Diversion Tunnel into Tunnel Spillway Arrangement- Civil & HM Works (Tunnel Spillway, Adit to GOC, GOC, Gate Shaft , Inlet Bellmouth and Outlet Concrete Dyke and Energy Dissipation Arrangement), Teesta V Power Station.	12500.00	0.00	12500	0.00	Regulation 26(1)(d) /26(1)(a)	In the DPR prepared by NHPC, a PMF of 9500 m3/s was estimated as a design flood which was approved by CWC. Later in the year 2011, a comprehensive hydrological study of Teesta basin (Sikkim) was carried out by CWC to review design flood for all hydropower schemes on Teesta river up to Teesta-VI barrage. Design flood estimation was done using distributed hydrological model. The entire catchment of Teesta river up to Teesta-VI barrage site had been divided into eight sub catchments. Design flood 14596 m3/s (PMF) was estimated at Teesta-V Dam site and the revised value of 14596 m3/s was conveyed by CWC. Dam Safety Review Panel (DSRP) constituted as per "Guidelines for Safety Inspection of Dams " published by CWC in January 2018, in its observation during March-2019 had intimated that due to enhancement in the design flood value from 9500 m^3/s to 14596 m^3/s , it was required to provide surplus work to pass an additional design flood value of 5096 m^3/s (14596 m^3/s – 9500 m^3/s). The Dam site was explored to examine the possibility to provide at an additional surplus work near or around the Dam site. Further it was recommended by the DSRP that the proposal to pass additional discharge during PMF condition by raising the 1.5 m high parapet wall and passing the remaining discharge by activating the diversion tunnels along with proper intake and gates may be explored. As per the recommendations of DSRP, preliminary studies are being carried out to convert existing Diversion tunnels into tunnel Spillways. To ascertain various parameters for Tunnel Spillway like discharging capacity, flow conditions at inlet, inside the tunnel, at outlet, pressure inside the tunnel and requirement of aeration(if any), requirement of energy dissipation arrangement, both physical and mathematical model studies is required to be carried out for which a work order to carry out Model studies has been issued to IIT, Roorkee on dated 22.03.2024. The proposal for Modification of Diversion Tunnel into Tunnel Spillway Arrangement- Civil & HM Works (Tunnel Spillway, Adit to GOC, GOC, Gate Shaft , Inlet Bellmouth and Outlet Concrete Dyke and Energy Dissipation Arrangement) for Teesta V Power Station is in the process of approval with CEA/CWC. As we have observed the massive flood due to GLOF in Oct, 2023, due to which the power station has faced major breakdown & is currently under restoration stage for more than a year, the immediate action in accordance with the recommendation of DSRP has been initiated, in the meantime, so as to save the power station from future flooding, if any. Presently, proposal for Modification of Diversion Tunnel into Tunnel Spillway is under tendering process. The same is likely to be executed with the estimated expenditure of Rs. 250 Crs (Rs 125 Crs in 2024-25, sl. no.C-3 & Rs 125 Crs in 2025-26, sl no. C-1). Hon'ble Commission is requested to allow this crucial work so as to safeguard the power station from any flooding in future & save the loss of inflow in the interest of nation. Recommendations of DSRP is enclosed at **Appendix- Q**.

A. Additional Capitalization related to left over items already allowed by CERC during 2019-24									
1	410601	Upgradation/Replacement of SCADA System of 3*170 MW Teesta-V Powes Station	1600.00	0.00	1600.00	0.00	Regulation 25(2)(c)	Teesta-V Power station utilizes a Supervisory Control and Data Acquisition (SCADA) system as part of its Control & Monitoring System for centralized control and monitoring of the Generating Units from the Power House Control Room. The SCADA system has been , originally supplied by M/s Toshiba, Japan. The SCADA system has been commissioned in 2008 and has been in operation for over 15 years. With the passage of time, various problems are being faced in the existing SCADA system . Accordingly, it has been required to upgrade the system's reliability, data storage, and security such as Non-functioning of Report Server, Limited Storage Capability, Obsolete Software & Hardware Components, Availability of Spares, Time Stamping / Sequence of Events (SOE) Modules etc. As such upgradation of SCADA System is needed. This assets has been allowed by CERC in order dated 19.01.2024 in petition no 298/GT/2020 (Refer Sl no of page no-79 of the order) in the Year 2022-23. However, the same could not be completed in 2022-23 due to change in scope and finalisation of technical specification. Presently, the case file is under tendering stage and the entire existing SCADA system will be upgraded/replaced during 2025-26 for the total expenditure is Rs. 1600 Lakh. The estimated cost is increased due to enhancement of scope of work viz., individual controller for generating units, porthead yard equipment, electrical power supply, common system, station service,dam control etc. which were not included in the earlier scope of work. Also, increase in expenditure is due to the reason that the allowed amount was proposed for 2022-23 and now the same is being executed in 2025-26. The de-capitalization value of old item has been indicated at sl.no. 1, Form-9Bi, FY2025-26.	800
		Sub-Total (A)	**1600.00**	**0.00**	**1600.00**	**0.00**			
B. Additional Capitalization on account of replacement of Assets under the Original Scope after cut-off date									
1	410713	Replacement of Centralized Grease Lubrication System	20.00	0.00	20.00	0.00	Regulation 25(2)(a)	Presently, the Centralised grease lubrication system are installed at Teesta V Power House during the commisioning of Teesta V Power Station for greasing of MIV and Guide Vane bushing area. All these grease lubrication system have become old and some of the grease injection point have become chocked and greasing cannot be done properly. Without proper greasing, the equipments like MIV cylinder/piston, guide vane bushing are prone to damage and breakdown, leading to forced stoppage of the generating unit. Acoordingly, it is proposed to replace the old Centralised grease lubrication system for smooth & effective operation of plant. The de-capitalization value of old item has been indicated at sl.no. 2, Form-9Bi, FY2025-26.	
2	411806	Upgradation of existing Air Gap Monitoring System for Hydro Generators of Teesta V Power Station.	170.00	0.00	170.00	0.00	Regulation 25(2)(a)	Air Gap Monitoring system (AGMS) is one of the systems which helps in online monitoring of rotor-to-stator Air gap of the generator and provides significant & timely information about its structural condition. The Air Gap Monitoring system (AGMS) helps in monitoring structural problems related to loose rotor rim, weak rotor structure, uneven thermal expansion of rotor & stator. The existing Zoom-16 processing unit is not able to communicate with centralized work station installed at control room of powerhouse. Due to above, the air gap data, could not be made available to the operating personnel properly. The system software group of ZOOM-5 are corrupted and are unable to communicate both online as well as offline. The OEM recommends that the installed Zoom Server is obsolete and further support for the same is not available from OEM. The Existing ZOOM-5 system configuration need to be replaced with latest ZOOM-7 System Configuration.Therefore, it has been planned to replace the existing "Air Gap Monitoring System" for smooth and efficient operation of the plant. The de-capitalization value of old item has been indicated at sl.no. 3, Form-9Bi, FY2025-26. Copy of MoM with OEM is enclosed at **Appendix-R.**

C. Additional Capitalization beyond the Original scope									
1	410601	Modification of Diversion Tunnel into Tunnel Spillway Arrangement-Civil & HM Works (Tunnel Spillway, Adit to GOC, GOC, Gate Shaft , Inlet Bellmouth and Outlet Concrete Dyke and Energy Dissipation Arrangement), Teesta V Power Station.	12500.00	0.00	12500.00	0.00	Regulation 26(1)(d)	In the DPR prepared by NHPC, a PMF of 9500 m3/s was estimated as a design flood which was approved by CWC. Later in the year 2011, a comprehensive hydrological study of Teesta basin (Sikkim) was carried out by CWC to review design flood for all hydropower schemes on Teesta river up to Teesta-VI barrage. Design flood estimation was done using distributed hydrological model. The entire catchment of Teesta river up to Teesta-VI barrage site had been divided into eight sub catchments. Design flood 14596 m3/s (PMF) was estimated at Teesta-V Dam site and the revised value of 14596 m3/s was conveyed by CWC. Dam Safety Review Panel (DSRP) constituted as per Guidelines for Safety Inspection of Dams " published by CWC in January 2018, in its observation during March-2019 had intimated that due to enhancement in the design flood value from 9500 m^3/s to 14596 m^3/s , it was required to provide surplus work to pass an additional design flood value of 5096 m^3/s (14596 m^3/s – 9500 m^3/s). The Dam site was explored to examine the possibility to provide at an additional surplus work near or around the Dam site. Further it was recommended by the DSRP that the proposal to pass additional discharge during PMF condition by raising the 1.5 m high parapet wall and passing the remaining discharge by activating the diversion tunnels along with proper intake and gates may be explored. As per the recommendations of DSRP, preliminary studies are being carried out to convert existing Diversion tunnels into tunnel Spillways. To ascertain various parameters for Tunnel Spillway like discharging capacity, flow conditions at inlet, inside the tunnel, at outlet, pressure inside the tunnel and requirement of aeration(if any), requirement of energy dissipation arrangement, both physical and mathematical model studies is required to be carried out for which a work order to carry out Model studies has been issued to IIT, Roorkee on dated 22.03.2024. The proposal for Modification of Diversion Tunnel into Tunnel Spillway Arrangement- Civil & HM Works (Tunnel Spillway, Adit to GOC, GOC, Gate Shaft , Inlet Bellmouth and Outlet Concrete Dyke and Energy Dissipation Arrangement) for Teesta-V Power Station is in the process of approval with CEA/CWC. As we have observed the massive flood due to GLOF in Oct, 2023, due to which the power station has faced major breakdown & is currently under restoration stage for more than a year, the immediate action in accordance with the recommendation of DSRP has been initiated, in the meantime, so as to save the power station from future flooding, if any. Presently, proposal for Modification of Diversion Tunnel into Tunnel Spillway is under tendering process. The same is likely to be executed with the estimated expenditure of Rs. 250 Crs (Rs 125 Crs in 2024-25, sl. no.C-3 & Rs 125 Crs in 2025-26 sl no- C-1). Hon'ble Commission is requested to allow this crucial work so as to safeguard the power station from any flooding in future & save the loss of inflow in the interest of nation. Recommendations of DSRP is enclosed at **Appendix- Q.**	
2	412503	Supply, Installation, Testing and Commissioning of Web based Level & Discharge Monitoring System on upstream side of Teesta-V Dam as an Early Warning System.	150.00	0.00	150.00	0.00	26(1)(a)/ 26(1)(d)	As per advisories/directives received from Ministry of Power & accordingly issued by D&E Division, NHPC Ltd for installation of a separate real time Early Warning System by every HE Project/Power Station, a Comprehensive Early Warning System is required to be established in upstream of dam at Lachen & Lachung limbs (10 km u/s), so that loss of human & animal lives and property, infrastructures, loss of biodiversity etc. could be minimized in case of occurrence of disaster like Cloud Burst, Flash Flood, GLOF, LLOF, Avalanche, Landslide, Snow Slide/ Rock Slide etc. Copy of SOP for Early Warning System in Hydro Projects issued by CEA is attached as Annexure-A. This EWS will have the feature of Automatic Water Level Recorder, Auto Transmission Facility & Velocity Sensor . The total estimated expenditure is Rs 150 Lakh for the required asset. The same has become necessary for safe and successful operation of the plant. MoP letter dtd. 05.12.2023 is enclosed at **Appendix-S.**	
3	401713	Purchase of Spectrum Analyzer for GIS	45.00	0.00	45.00	0.00	26(1)(i)	Presently power station does not have any Spectrum Analyzer, which is used in charging of any bay after carrying out any rectification work. As such, in the event of rectification of any fault in tha bay, the services of Power Grid is taken. Further, the proposes spectrum analyser, is essential to monitor the condition of GIS. Accordingly, it has been planned to purchase the Spectrum Analyzer for GIS for smooth & efficiant operation of power station.	
4	410713	Circuit Breaker Handling Trolley for 400kV GIS Make: GE, Model: T155-2	30.00	0.00	30.00	0.00	26(1)(i)	Circuit breaker dismantling trolley is used during installation as well as dismantling of 400kV GIS circuit breaker. Presently, Teesta V power station, does not have this equipment and problem is being faced during maintenance of GIS Circuit Breaker. Accordingly, it has been planned to purchase Circuit Breaker Handling Trolley for 400kV GIS for smooth & efficient operation of the plant.

5	410701	Engineering work Station for Excitation System	45.00	0.00	45.00	0.00	26(1)(i)	An excitation system is one of the most important part of a power generator. Its main job is to control field excitation of the generator, which control the generator output voltage. Excitation system also control the active and reactive power output of the generator. This control is crucial for keeping the electricity supply steady and preventing problem like blackouts or damage to the equipment. Presently, dedicated workstation for Excitation system is not available in the power station. Considering the importance of excitation systems, having a dedicated engineering workstation makes it easier to communicate with PLC of Excitation system, which helps maintaining the healthiness of the system. It would have all the necessary software specifically designed for modifying and analyzing the program logic in the Excitation system PLC.Therefore power station has planned to purchase the "Engineering work Station for Excitation System" for successful & efficient operation of the plant.

1	410701	Up gradation of Turbine Governor control system of Toshiba make Governor	1300.00	0.00	1300.00	0.00	Regulation 25(2)(c)	The existing Governor Control system architecture is based on MS Windows 2000 and MS Windows XP. The support from the OEM for the MS Windows 2000 and MS Windows XP have been discontinued. Also, The spares support from M/s Toshiba (OEM of Govering System) have been discontinued for this model. Older systems are prone to failures and lack modern features for optimized control and monitoring of the generating units. As such upgrading the governor control system has become essential due to technological obsolescence and the need for enhanced reliability and efficiency. By upgrading, we will ensure compliance with current standards and improve safety & reliability with the features of latest technology. Hence it is proposed to upgrade / replace the Turbine Governor control system of Toshiba make Governor for Teesta V power station. The E-mail from OEM is attached at **Appendix- T.** The de-capitalization value of old item has been indicated at sl.no. 1, Form-9Bi, FY2026-27.

NOT APPLICABLE

Note:

1. Drawl of debt and equity shall be on pari-passu basis quarter wise to meet the commissioning schedule. Drawl of higher equity in the beginning is permissible. IDC on normative loan corresponding to excess equity over 30% of funds deployed shall be allowed only in case the actual infusion of equity on a pari-passu basis is more than 30% of total funds deployed and shall be computed on quarterly basis.

2. Applicable interest rates including reset dates used for above computation may be furnished separately.

3. In case of multi unit project details of capitalisation ratio used to be furnished.

4. Detailed calculation of IDC (Actual drawl and repayment dates and amount, rates of interest, etc.) should be furnished.

5. In case IDC on normative loan is to be allowed prior to infusion of actual loan, rate of interest for computing such IDC shall be equal to 1-year SBI MCLR as prevailing on 1st April of the respective year. IDC on normative loan, post infusion of actual loan shall be computed based on WAROI for that respective quarter.

Electricity Duty	Not Applicable		
Water Cess			

Note :-

(a) Govt. of Sikkim vide notification no. 54/GOS/FED dated 17.07.2022 has notified "Sikkim Payment for Ecosystem services Rules, 2022". As per the rule, Govt. of Sikkim has imposed water tax for non-consumptive use of water for hydro power projects. Bills for water tax has been raised by Govt. of Sikkim for NHPC power stations. NHPC Ltd. has filed a writ petition, challenging the the claim of Sikkim under Ecosystem Services Rules, 2022 in the Honb'le high court of Sikkim at Gangtok.

(b) The water tax as imposed by State Government is recoverable from the beneficiaries in the line with Regulation-77 of CERC Tariff Regulation'2024.

Summary of issue involved in the petition

1	Petitioner:	NHPC Limited
	Name of the Generating Stations:	Teesta-V Power Station
2	Petition under Section 62(1) (a) & 79(1)(a) of the Electricity Act, 2003 and Regulations 15(1)(a),18,23 of the CERC (Conduct of Business) Regulations, 2023, and Regulation 9(2), 10(1), 12, 25, 26,36 (2), 65(7) , 65(8), 91 & other relevant Regulations of CERC (Terms and Conditions of Tariff) Regulations, 2024 for determination of tariff for the period 2024-29 in respect of Teesta-V Power Station.	
3	(i) Tariff of Teesta-V Power Station for the period 01.04.2024 to 31.03.2029 may be determined under Section 62(1)(a) of the Electricity Act' 2003 read with regulation-10 of the Central Electricity Regulatory Commission (Terms & Conditions of Tariff) Regulations' 2024. (ii) Allow the net additional capitalization for the period 2024-29 as claimed in para-5 (Part-B). (iii) Allow the claim of arbitration case ("Vivad se Viswas II (Contractual Disputes) Scheme" of GoI) as mentioned in para-6(A) (Part-B) above. (iv) Allow the claim of arbitration case as mentioned in para-6B & Para-7 (Part-B) in relaxation of norms under Regulation, 102 (power to relax) & Regulation, 103 (power to remove difficulties) of CERC Tariff Regulations, 2024. (v) Allow O & M Expenses during period 2024-29 as mentioned in para-9 (d)(Part-B). (vi) The Annual Fixed Charges (AFC) of Teesta-V Power Station for the period 2024-29 has been worked out as ₹48317.19 lakh, ₹52161.90 lakh, ₹54162.90 lakh, ₹55162.43 lakh & ₹ 56670.30 lakh for the FY 2024-25, 2025-26, 2026-27, 2027-28, & 2028-29 respectively, as mentioned in para-10 (Part-B) above. Hon'ble Commission may kindly allow these AFC. The difference between calculated AFC and that allowed by CERC vide order dated 19.01.2024 (for the period 2023-24) may be allowed to be recovered / refunded from / to the respondents in the manner specified in Regulation 10(6) of CERC (Terms & Conditions of Tariff) Regulations, 2024 and its subsequent amendments. (vii) Allow reimbursement of filing fee of this petition as mentioned in para-11 (Part-B). (viii) Allow reimbursement of expenses incurred on publication of notices in the tariff petition as mentioned in para-12 (Part-B). (ix)NHPC may be allowed to bill the Respondents for levies, taxes, duties, cess, charges, fee etc. if any, as mentioned in para-13 to 15 (Part-B) above. (x) Pass such other and further order / orders as are deemed fit and proper in the facts and circumstances of the case.

ORDER

This Petition has been filed by the Petitioner, NHPC Limited for truing-up of tariff in respect of Teesta-V Hydroelectric Project (510 MW) (in short "the generating station"), for the period 2014-19, in terms of Regulation 8(1) of the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014 (in short "the 2014 Tariff Regulations") and for determination of tariff of the generating station for the period 2019-24 in terms of the provisions of the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2019 (in short "the 2019 Tariff Regulations"). The generating station with a total capacity of 510 MW, comprises of 3 units of 170 MW each, which was declared under commercial operation on 10.4.2008.

2. The Petitioner had filed Petition No. 234/GT/2014 for truing up of tariff of the generating station for the period 2009-14 and for determination of annual fixed charges of the generating station for the period 2014-19 and the Commission vide its order dated 16.8.2016 approved the capital cost and annual fixed charges for the period 2014-19, as under:

Capital Cost allowed

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Opening Capital Cost	273234.70	275085.50	275987.40	277628.82	277648.84
Admitted additional capitalization	1850.80	901.90	1641.42	20.02	5.58
Closing Capital Cost	275085.50	275987.40	277628.82	277648.84	277654.42

Annual Fixed Charges allowed

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Return on Equity	23473.29	23559.49	23639.13	23691.16	23691.96
Interest on Loan	4132.23	3549.26	2952.45	2364.96	1827.48
Depreciation	14091.83	14162.57	14227.94	14270.64	14271.29
Interest on Working Capital	1418.15	1438.80	1460.88	1484.17	1508.77
O&M Expenses	8297.32	8848.59	9436.50	10063.46	10732.07
Total	**51412.83**	**51558.71**	**51716.90**	**51874.39**	**52031.58**

Present petition

4. In terms of Regulation 8(1) of the 2014 Tariff Regulations, the Petitioner vide affidavit dated 30.10.2019 has filed the present Petition for truing up of tariff of the generating station for the period 2014-19 and has claimed the capital cost and annual fixed charges as under:

Capital Cost claimed

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Opening capital cost	273234.70	274647.51	276454.28	277144.06	277351.55
Add: Additional during the year	94.19	228.35	353.33	161.19	980.70
Less: De-capitalisation during the year	25.24	162.91	26.16	9.51	0.97
Add: Discharges during the year	1343.86	1741.33	362.62	55.81	20.96
Closing capital cost	274647.51	276454.28	277144.06	277351.55	278352.25
Average capital cost	273941.10	275550.89	276799.17	277247.81	277851.90

Annual Fixed Charges claimed

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Depreciation	14055.92	14086.16	14147.21	14175.68	14203.79
Interest on Loan	4211.70	3570.13	2971.61	2300.55	1752.83
Return on Equity	23698.94	23858.34	23748.41	23936.49	24069.00
Interest on Working Capital	1424.35	1444.40	1462.12	1486.15	1514.18
O&M Expenses	8297.32	8848.59	9436.50	10063.46	10732.07
Total	**51688.23**	**51807.63**	**51771.85**	**51962.33**	**52271.86**

5. The Petitioner vide affidavit dated 15.7.2021 revised tariff filing forms *viz* Forms 9A, 9B(i), 16 and 1(i) for the period 2014-19 and has served copies on the Respondents. The Respondent GRIDCO has filed its reply vide affidavit dated 29.7.2021 and the Petitioner has filed its rejoinder to the said reply vide affidavit dated 22.11.2021. This Petition was heard through video conferencing on 31.3.2022, and the Commission, after directing the Petitioner to file certain additional information, reserved its order in the matter. In response, the Petitioner has filed the additional information vide affidavit dated 1.6.2022, after serving copy to the Respondents. The Respondent GRIDCO has also filed its written submissions vide affidavit dated 11.4.2022. Based on the submissions of the parties and documents available on record and after prudence check, we proceed for truing up the tariff of the generating station for the period 2014-19 along with determination of tariff for the period 2019-24, as stated in the subsequent paragraphs.

Truing up of Tariff for the Period 2014-19

Capital Cost

6. Regulation 9(3) of the 2014 Tariff Regulations provides as under:

> *"9. Capital Cost:*
> *(3) The Capital cost of an existing project shall include the following:*
> *(a) the capital cost admitted by the Commission prior to 1.4.2014 duly trued up by excluding liability, if any, as on 1.4.2014;*
> *(b) additional capitalization and de-capitalization for the respective year of tariff as determined in accordance with Regulation 14; and*
> *(c) expenditure on account of renovation and modernisation as admitted by this Commission in accordance with Regulation 15."*

7. The Commission vide its order dated 16.8.2016 in Petition No. 234/GT/2014 had approved the closing capital cost of Rs. 273234.70 lakh, as on 31.3.2014. The Petitioner, has claimed the opening capital cost of Rs. 273234.70 lakh, as on

1.4.2014. Accordingly, the capital cost of Rs. 273234.70 lakh, as on 31.3.2014, has been considered as the opening capital cost as on 1.4.2014, for the purpose of truing-up of tariff for the period 2014-19.

8. The Petitioner has further submitted that the Commission vide its Orders dated 23.1.2014 and 16.8.2016, had disallowed certain additional capital expenditure, which were claimed during the period 2009-14. The Petitioner has further submitted that the additional capital expenditure was disallowed as the same was recurring in nature and could be met under the O&M expenses. The Petitioner has also submitted details of the disallowed expenditure attached as Annexure-XI as under:

(Rs. in lakh)

Year of Capitalization	Actual expenditure claimed
2009-10	73.62
2010-11	922.06
2011-12	1145.50
2012-13	34.42
2013-14	261.79
Total	**2437.39**

9. The Petitioner has submitted that the above works/expenditures are of capital nature and they have been incurred for the first time. The Petitioner has also submitted that as per accounting principle, if any work/expenditure of capital nature is incurred for the first time, the same has to be booked under capital head in the books of accounts. Also, during the life of these works, any repair/service is required, the same will be booked under O&M expenses. The Petitioner has stated that as the expenditure has been capitalized under 'capital head' in the books of accounts during the period 2009-14, it may not be possible to claim these expenditures under O&M expenses, since it is also not permitted as per Accounting Standards. The Petitioner has also pointed out that these expenses were neither allowed under additional capitalization during the period 2009-14 nor were they

factored in while fixing the O&M expense norms for the period 2014-19, which in turn factored in to a huge loss amounting to Rs. 2437.39 lakh. The Petitioner has therefore requested to allow the additional capital expenditure amounting Rs. 2437.39 lakh for the period 2009-14, in the truing up exercise for the period 2009-14 and further allow such additional capital expenditures in the opening capital cost as on 1.4.2014 for the period 2014-19, for computation of annual fixed charges and tariff.

10. The matter has been considered. It is noticed that the Commission has dealt with a similar matter vide order dated 9.5.2022 in Petition No. 146/GT/2020 in respect of Dulhasti Power Station (390 MW), as under:

> *"The matter has been considered. It is evident from Commission's order dated 30.8.2016 in Petition No.231/GT/2014 that the additional capitalization incurred by the Petitioner on account of treatment of sinking zone and hill slope stabilization was not allowed on the ground that the same is of recurring nature and is required to be met from the O&M expenses allowed to the generating station. In the said order, liberty was granted to the Petitioner to claim the said expenditure at the time of truing up of tariff, only to the extent that the Petitioner was not able to meet the same from the O&M expenses allowed to the generating station. The Petitioner has submitted that as per accounting principle, if any work/expenditure of capital nature is incurred for the first time, the same has to be booked under capital head of books of accounts and since these expenditures had already been capitalized under capital head in books of accounts during the years 2012-13 and 2013-14, it was not possible to claim this expenditure under O&M expenses. It is evident from the submissions, that the Petitioner has not been able to justify/establish with reasons, as to why it could not meet the additional expenditure from the normative O&M expenses allowed to the generating station during the said period. In view of this, the additional expenditure claimed by the Petitioner is not allowed."*

11. The Commission vide its order dated 9.5.2022 had observed that while approving the tariff for the period 2014-19 vide order dated 30.8.2016 in Petition No. 231/ GT/ 2014, it had granted liberty to the Petitioner to claim additional expenses as O&M expenses by providing justification at the time of truing up of tariff. However, in the present petition, no such directives are issued by the Commission while

approving the tariff of the generating station vide order dated 16.8.2016 in Petition No. 234/GT/2014.

12. The Respondent GRIDCO has submitted that the Petitioner had accepted the above decision of the Commission, since it did not challenge the decision of the Commission in order dated 16.8.2016, and therefore it is final and binding. The Respondent has also stated that the 2014 Tariff Regulations do not allow the capital expenditures, while truing up of tariff for the period 2014-19, which was disallowed by the Commission in truing up for the period 2009-14.

13. The matter has been considered. It is found that the Petitioner has not furnished any justification for the expenditure of Rs 2437.39 lakh claimed as additional O&M expenses for the periods when the said expenses were incurred. The Petitioner has not been able to justify/establish with reasons, as to why it could not meet the additional expenditure from the normative O&M expenses allowed to the generating station, during the said period. In view of this, the additional expenditure claimed by the Petitioner is not allowed.

Additional Capital Expenditure

14. Regulation 14 of the 2014 Tariff Regulations provides as under:

> *14. Additional Capitalisation and De-capitalisation:*
> *(1) The capital expenditure in respect of the new project or an existing project incurred or projected to be incurred, on the following counts within the original scope of work, after the date of commercial operation and up to the cut-off date may be admitted by the Commission, subject to prudence check:*
>
> *(i) Undischarged liabilities recognized to be payable at a future date;*
> *(ii) Works deferred for execution;*
> *(iii) Procurement of initial capital spares within the original scope of work, in accordance with the provisions of Regulation 13;*
> *(iv) Liabilities to meet award of arbitration or for compliance of the order or decree of a court of law; and*
> *(v) Change in law or compliance of any existing law:*
>
> *Provided that the details of works asset wise/work wise included in the original scope of work along with estimates of expenditure, liabilities recognized to be payable at a*

future date and the works deferred for execution shall be submitted along with the application for determination of tariff.

(2) The capital expenditure incurred or projected to be incurred in respect of the new project on the following counts within the original scope of work after the cut-off date may be admitted by the Commission, subject to prudence check:

(i) Liabilities to meet award of arbitration or for compliance of the order or decree of a court of law;
(ii) Change in law or compliance of any existing law;
(iii) Deferred works relating to ash pond or ash handling system in the original scope of work; and
(iv) Any liability for works executed prior to the cut-off date, after prudence check of the details of such undischarged liability, total estimated cost of package, reasons for such withholding of payment and release of such payments etc.

(3) The capital expenditure, in respect of existing generating station or the transmission system including communication system, incurred or projected to be incurred on the following counts after the cut-off date, may be admitted by the Commission, subject to prudence check:
(i) Liabilities to meet award of arbitration or for compliance of the order or decree of a court of law;
(ii) Change in law or compliance of any existing law;
(iii) Any expenses to be incurred on account of need for higher security and safety of the plant as advised or directed by appropriate Government Agencies of statutory authorities responsible for national security/internal security;
(iv) Deferred works relating to ash pond or ash handling system in the original scope of work;
(v) Any liability for works executed prior to the cut-off date, after prudence check of the details of such undischarged liability, total estimated cost of package, reasons for such withholding of payment and release of such payments etc.;
(vi) Any liability for works admitted by the Commission after the cut-off date to the extent of discharge of such liabilities by actual payments;
(vii) Any additional capital expenditure which has become necessary for efficient operation of generating station other than coal / lignite based stations or transmission system as the case may be. The claim shall be substantiated with the technical justification duly supported by the documentary evidence like test results carried out by an independent agency in case of deterioration of assets, report of an independent agency in case of damage caused by natural calamities, obsolescence of technology, up-gradation of capacity for the technical reason such as increase in fault level;
(viii) In case of hydro generating stations, any expenditure which has become necessary on account of damage caused by natural calamities (but not due to flooding of power house attributable to the negligence of the generating company) and due to geological reasons after adjusting the proceeds from any insurance scheme, and expenditure incurred due to any additional work which has become necessary for successful and efficient plant operation;
(ix) In case of transmission system, any additional expenditure on items such as relays, control and instrumentation, computer system, power line carrier communication, DC batteries, replacement due to obsolesce of technology, replacement of switchyard equipment due to increase of fault level, tower strengthening, communication equipment, emergency restoration system, insulators cleaning infrastructure, replacement of porcelain insulator with polymer insulators, replacement of damaged equipment not covered by insurance and any other expenditure which has become necessary for successful and efficient operation of

transmission system; and

(x) Any capital expenditure found justified after prudence check necessitated on account of modifications required or done in fuel receiving system arising due to non-materialisation of coal supply corresponding to full coal linkage in respect of thermal generating station as result of circumstances not within the control of the generating station:

Provided that any expenditure on acquiring the minor items or the assets including tools and tackles, furniture, air-conditioners, voltage stabilizers, refrigerators, coolers, computers, fans, washing machines, heat convectors, mattresses, carpets etc. brought after the cut-off date shall not be considered for additional capitalization for determination of tariff w.e.f. 1.4.2014:

Provided further that any capital expenditure other than that of the nature specified above in (i) to (iv) in case of coal / lignite-based station shall be met out of compensation allowance:

Provided also that if any expenditure has been claimed under Renovation and Modernisation (R&M), repairs and maintenance under (O&M) expenses and Compensation Allowance, same expenditure cannot be claimed under this regulation.

(4) In case of de-capitalisation of assets of a generating company or the transmission licensee, as the case may be, the original cost of such asset as on the date of de-capitalisation shall be deducted from the value of gross fixed asset and corresponding loan as well as equity shall be deducted from outstanding loan and the equity respectively in the year such de-capitalisation takes place, duly taking into consideration the year in which it was capitalised."

15. The projected additional capital expenditure allowed vide order dated 16.8.2016 in Petition No. 234/GT/2014 for the period 2014-19, is summarized below:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Admitted additional capital expenditure on gross basis (A)	200.00	342.90	102.00	38.00	23.00
De-capitalization considered (B)	0.00	6.59	23.57	17.98	17.42
Discharge of liabilities (C)	1650.80	565.59	1562.99	0.00	0.00
Total projected additional capital expenditure allowed (D=A-B+C)	**1850.80**	**901.90**	**1641.42**	**20.02**	**5.58**

16. The year-wise claim of the Petitioner, for additional capital expenditure, under various heads, is as under:

(Rs. in lakh)

17. The Respondent GRIDCO has submitted that prudence check is not meant to be limited to the prudence check of the cost, but more importantly, it is required to assess whether such additional costs were necessary. In response, the Petitioner has submitted that the additional capital expenditure claimed under Regulation 14(3) of the 2014 Tariff Regulations are admitted and allowed only after prudence check.

18. The matter has been considered. The Petitioner, has submitted that the expenditure for assets/works claimed as additional capital expenditure for the period 2014-19 were executed/procured as per the Policy and Procedure of the Petitioner's Company. It has also enclosed the certificate in this regard from the competent authority and the Auditor's certificate with respect to the liability flow statement shown in Form-16 for the period 2014-19. The Petitioner has also submitted documentary evidence against additional capital expenditure claimed vide additional affidavit dated 15.7.2021. Accordingly, the additional capital expenditure has been examined and dealt in the subsequent paragraphs.

2014-15

19. The details of the additional capital expenditure claimed under Regulation 14 of the 2014 Tariff Regulations are examined below:

(Rs. in lakh)

Sl. No.	Regulation		2014-15
(a)	14(3)(iii)	Any expenses to be incurred on account of need for higher security and safety of the plant as advised or directed by appropriate Government Agencies of statutory authorities responsible for national security/internal security	89.56
(b)	14(3)(viii)	In case of hydro generating stations, any expenditure which has become necessary on account of damage caused by natural calamities (but not due to flooding of powerhouse attributable to the negligence of the generating company) and due to geological reasons after adjusting the proceeds from any insurance scheme, and expenditure incurred due to any additional work which has become necessary for successful and efficient plant operation.	4.63
	Total additional capital expenditure claimed		**94.19**

(Rs. in lakh)

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
A. Regulation 14(3)(iii) of the 2014 Tariff Regulations - Items allowed in order dated 16.8.2016 in Petition No. 234/GT/2014					
1	Providing and fixing security fencing boundary around Left and Right bank executive colony at PH site, Balutar	86.31	The Petitioner in justification has submitted that "Subsequent to the release of order by Ministry of Power, Govt. of India, bearing no. C-30019/32/2001-V&S dated 09.01.2008 by the Home Department, Govt. of Sikkim had declared the right bank executive colony, guest house, hospital as category "B" prohibited area having local settlements adjacent to this. As the area is not protected properly by fencing, it is allowing throughfare of the local people as-well-as the labours of the adjacent downstream project. Hence, providing and fixing of security fencing is required. The proposal is to construct boundary wall at Right bank and left bank of colony in phase wise manner. The construction cost of boundary is approximately Rs. 20000 per meter including	It is noticed that the additional capital expenditure claimed for the asset/ work was allowed in 2014-15. Accordingly, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	86.31

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
			protection work. Capitalisation of Security Fencing done in phased manner: (i) Rs 86.31 lacs FY 2014-15 SL No. 1(a) (ii) Rs 20.57 in FY 2015-16 SL No.2 (iii)Rs 88.24 lacs, Rs 81.32 lacs Rs 77.65 Lacs in FY 2016-17 Sl No. 1(i), 1(iii) & 1(iv) respectively (iv)Rs 0.18 lacs in FY 2017-18 Sl No, 3 (v) Rs 112.76 Lacs in FY 2018-19 Sl No.1.Hon'ble CERC has allowed expenditure of these items in phased manner amounting to Rs 200 lakhs in FY 2014-15, Rs 225 lakhs in 2015-16 and 75 lakhs in 2016-17. Project has incurred these expenses in 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19 with major expenses in 2016-17 amounting to Rs 247.21 lakhs and 2018-19 amounting to Rs 112.76 lakhs. (i) The proposal for "C/o security fencing from 66/11KV switchyard to firefighting tank at left Bank, Balutar" was cancelled on 08.02.2016 & 27.06.2016. Finally, the work was awarded on 04.08.2017 amounting to Rs. 142.24 Lacs with completion period of 10 months i.e.,08.06.2018. However, during execution, the work was also delayed due to non-availability of NOC from Sikkim Forest Department and finally, work was completed on 29.03.2019 amounting to Rs.113.25 lacs. (ii) The work of "Construction of Boundary Wall from switchyard to KV school at left Bank Balutar" was awarded for an amount of Rs. 87.71 Lacs on 10.12.2013 with completion period of 05 months and the work was completed on 12.04.2014 having final amount of Rs. 86.31 Lacs (completed within contract period).

A. Regulation 14(3)(i) of the 2014 Tariff Regulations- Items additionally claimed as per actual site requirement					
1	Provision for contingent liability of M/s Gammon India limited	81.74	The Petitioner in Justification has furnished that Provision has been created on the basis of report of Committee of Directors for contingent liability of M/s Gammon India Limited. Further, the award of Arbitral Tribunal in the matter of M/s Gammon India Ltd. has been pronounced on 1.6.2016 and corrected Award dated: 27.7.2016 amounting to Rs 51.63 Cr. principal and Rs 48.56 Cr. interest thus totalling to Rs. 100.19 Cr. The provision has been created as per IND AS 37 Note: Rs 81.47 lakh is the TDS amount which has been deducted by NHPC.	The Petitioner in justification has submitted that based on the report of Committee of directors for settlement of claims of M/s Gammon India Limited, provision as per IND AS 37 was created for Rs.40.87 crore in 2015-16. Against this, the Petitioner has deposited TDS amounting to Rs.81.74 lakh to tax department and the same is claimed as additional capital expenditure in 2015-16. As actual payment against this provision was not made, the balance amount of Rs.40.05 crore (Rs.40.87 Cr. – Rs.0.82 Cr.) was kept under undischarged liability. The Petitioner has also furnished the proof of payment in respect of Tax deducted at source. Accordingly, the undischarged liability of Rs. 4005.26 lakh, on accrual basis, **is allowed** and the same is considered at the time of actual discharge. However the additional capital expenditure of Rs 81.74 lakh claimed on account of tax deducted at source is **allowed** under Regulation 14(3)(i) of the 2014 Tariff Regulations.	81.74

	UPS for Siren System and provision for other PH Items		locations in downstream area of Teesta Dam to warn the people in case of rise in inflow of the river have been installed as per statutory guidelines issued by Sikkim Govt. Inverter/UPS has been purchased to provide power backup for operation of Sirens. Refer Sl. No. 4 (2) (iii) i.e. Audible Devices of Sikkim Govt. Gazette No. 26/Home/2015 dated: 22.06.2015. (Appendix I)"	asset is required for safe operation of the plant, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	
2	Purchase of 1 no Electrically Operated Pump.	2.10	One no of Electrically Operated Pump for filling of Fire Tenders and installed at newly constructed Fire station at Teesta-V power Station, Balutar. The electrically installed pump is for normal use for filling of Fire Tanks.	Considering the fact that these assets are required for safe operation of the plant, the additional capital expenditure claimed *(sl. no. 2&3)* **are allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	2.10
3	Purchase of 1 no Diesel Operated Pump.	2.47	One no of Disel Operated Pump for filling of Fire Tenders in the case of Emergency and installed at newly constructed Fire station at Teesta-V power Station, Balutar. Diesel operated pump is kept for emergency/ backup when there is power failure or when electrically operated pumps are not functioning.		2.47
4	Purchase of CCTV camera for VIP GH	2.82	"In order to meet out security requirements of Power Station, it was felt by Power Station to install CCTV Surveillance system at the vulnerable points and important installations like Guest House, Colonies, and Power House etc. to monitor the movements of visitors/ dignitaries. As such, for sake of security reasons, the CCTV surveillance system was installed in Guest House(s) of Power Station in the year 2016-17. IB report of 2015 recommends: Technical and manual surveillance inside perimeter area should be conducted regularly."	Considering the fact that assets is not directly related to plant security, the additional capital expenditure claimed is **not allowed.**	0.00

5	800 AMP LT distribution panel with 03 NOS 800 A ACBS 06 NOS 250 A MCCBS and 05 no. 125 A MCCBS (2 Nos.)	14.03	Earlier, the distribution of power supply was made through pragmatic way by using of Switch Fuse Units with porcelain kit kat fuses. The distribution panels are used in all the important residential / non-residential installations to make the supply for any site from any other source and the safety of the working personnel is also ensured. Since in the distribution panels ACBs / MCCBs are provided, hence, on the event of occurrence of any fault, these switchgear devices provide better protection option compared to the Switch Fuse Units. Thus, the incident of fire due to short circuit can be minimised where LT distribution panels are used. The O&M gross block of old SFU is negligible.	Considering the fact that the additional capital expenditure incurred is for the safety and security of the generating station, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	14.03
6	Providing & laying streetlamp pole from entrance gate to exit gate of Samdong colony	19.99	Samdong colony at the Dam site was constructed about 20 years back. Now, the operating staff of the Dam are residing in the colony. There was no provision of street lights inside the colony. As a result, security staffs could not provide proper watch and ward of the colony. Moreover, the resident of the colony also faces difficulties while movement in the colony. The Samdong area is under the vicinity of dense vegetation & high mountains. Proper illumination is very essential for safety & security. Hence street lamps are installed keeping in view the security aspect. Intelligence Agency (IB) also pointed out for adequate lighting arrangement at power station in their report. Relevant page no.7, point no. 16 (ix) of IB report for 2012 is attached. (Appendix-F)	In view of the submissions of the Petitioner and considering the fact that the additional capital expenditure incurred is for the safety and security of the generating station, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations	19.99
	Sub-Total (C)	**42.33**			**39.51**
D. Regulation 14(3)(viii) of the 2014 Tariff Regulations Items allowed in order dated 16.8.2016 in Petition No. 234/GT/2014					

1	Telephone Exchange for Office building and Colony (Telex Machines)	15.98	An amount of Rs 12.0 lakh was approved by CERC under projected add cap for the FY 2016-17. Against this expenditure of Rs 16 lacs has been incurred in 2016-17. This expenditure has been incurred against the replacement of existing old telephone exchange whose original value is Rs 22.96 lakh.Net decapitalisation amount (22.96-16)=(-6.96) lakh.	Considering the fact that this asset/work will facilitate the successful and efficient operation of plant and the asset is already admitted works by the Commission, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(viii) of the 2014 Tariff Regulations. The de-capitalization of old asset/work has been considered under assumed deletion.	15.98
	Sub-total (D)	**15.98**			**15.98**

			radiation etc. Hydro-meteorological data is the preliminary requirement for optimum planning as well as execution of any water resources project and subsequent operations. Hence, a proper and organised scheme for collection of the required hydro-meteorological data/information such as precipitation, run off, water quality and other climatic parameters is essential to be maintained at all projects/power stations. Since, it is the requirement of all the projects/power stations, the said web based automatic weather station was installed and the data(s) acquired from the AWS are sent to Design & Engg Division, Corporate office on monthly basis.	plant, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(viii) of the 2014 Tariff Regulations.	
	Sub-Total (C)	**83.09**			**20.96**
	Total (A+B+C)	**161.19**			**99.05**

26. Based on the above, the total additional capital expenditure of Rs. 99.05 lakh (0.18+77.91+20.96) is allowed in 2017-18.

2018-19

27. The Petitioner has claimed additional capital expenditure on accrual basis under proviso of 14(2)(i) of the 2014 Tariff Regulations for the amount of Rs. 1251.93 lakh, for items including Main Generating plant & Equipment, Cooling Water System, EHV Switchgear System, Control, metering & protection system and Auxiliary and Ancillary System. The Petitioner has further submitted that the custom department raised difference of custom duty levied against import of spare parts, pertaining to construction period up to 2008, over and above the allowable limit of 10% of the main equipment value under contract no. NH/CONT. (E&M)/Lot 6.1/TEESTA-V/579/2001/I (Lot-6 Electrical & Mechanical Works Contract of Teesta-V H.E.

Project) awarded to M/s Mitsui & Co. Japan and the custom department, Kolkata, raised a demand of Custom Duty of Rs. 1251.93 lakh. The Petitioner has also submitted that it has justified its claim vide demand letter of Custom Department F.No. S37C(Misc) 05/2004 A (6), dated 30.4.2019 along with the copy of payment proof and the principal amount was paid on 14.8.2019, but the interest part of Rs. 21.61 crore, is kept under contingent liability from 2019-20.

28. The matter has been considered. It is observed that the Petitioner has paid custom duty vide demand draft dated 12.8.2019 for Rs 1251.93 lakh, as demanded by the Custom department. Further, the amount pertains to custom duty on import of spare parts pertaining to the construction period and part of original scope of work and the Petitioner has created provisions/liabilities against the same in 2018-19. In view of this, the claim is allowed on accrual basis as a part of undischarged liabilities which has been discharged by the Petitioner during 2019-20.

29. The details of the additional capital expenditure claimed under Regulation 14 of the 2014 Tariff Regulations are examined below:

(Rs. in lakh)

B. Regulation 14(3)(iii) of the 2014 Tariff Regulations - Items allowed in order dated 16.8.2016 in Petition No. 234/GT/2014					
1	Boundary wall fencing from Switchyard to zero point at Left bank, Balutar.	92.46	The Petitioner has submitted that subsequent to the release of order by Ministry of Power, Govt. of India, bearing no. C-30019/32/2001-V&S dated 09.01.2008 by the Home department, Govt. of Sikkim had declared the right bank executive colony, guest house, hospital as category "B" prohibited area having local settlements adjacent to this. As the area is not protected properly by fencing, it is allowing throughfare of the local people as-well-as the labours of the adjacent downstream project. Hence, providing and fixing of security fencing is required. The proposal is to construct boundary wall at Right bank and left bank of colony in phase wise	The Commission had in its order dated 16.8.2016 allowed the Construction of Boundary wall for Rs 500 lakh for execution of the work in a phase wise manner. The work amounting to Rs 142 lakh was awarded in July 2017 and the work was completed and capitalised in 2018-19. The Petitioner has also submitted that the proposal for "c/o security fencing from 66/11KV switchyard	92.46

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
			manner. The construction cost of boundary is approximately Rs. 20000 per meter including protection work. Capitalisation of Security Fencing done in phased manner: (i) Rs 86.31 lacs fy 2014-15 SL No. 1(a) (ii) Rs 20.57 in FY 2015-16 SL No.2 (iii)Rs 88.24 lacs, Rs 81.32 lacs Rs 77.65 Lacs in FY 2016-17 Sl No. 1(i),1(iii),1(iii) & 1(iv) respectively (iv)Rs 0.18 lacs in FY 2017-18 Sl No, 3 (v) Rs 112.76 Lacs in FY 2018-19 Sl No.1	to firefighting tank at left Bank, Balutar" was cancelled on 8.2.2016 and 27.6.2016. Finally, the work was awarded on 4.8.2017 for Rs. 142.24 lakh with a completion period of 10 months i.e., 8.6.2018. However, during the execution, the work was also delayed due to non-availability of NOC from Sikkim Forest Department and finally, the work was completed on 29.3.2019 for Rs.113.25 lakh. In view of the above and considering the fact the expenditure claimed is for admitted works/ assets the expenditure claimed **is allowed** under Regulation 14(3)(iii) of 2014 Tariff Regulations.	
	Sub-Total (B)	**92.46**			**92.46**

1	Construction of cement concrete pavement from helipad to solid waste treatment plant and security watch tower	6.80	The approach road from helipad to security watch tower are kaccha roads. As a result, the vehicles carrying security personnel & night patrol duty are facing lot of difficulties specially in the monsoon period due to stagnation of water and growth of jungle/grass in both side of approach road. So construction of CC approach road/ pavement are very much essential for safe movement of security & patrolling vehicles during the monsoon period.	It is observed that the claim for the asset is in the nature of O&M expenses. Accordingly, the additional capital expenditure claimed is **not allowed**.	0.00

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
2	Supply & installation of OFC inside the NHPC colony	15.18	IB has recommended to install CCTV important locations to monitor the movement of guests. For security reason as per the guideline of local administration, CCTV cameras were installed at important establishment of Power station. In order to establish effective communication link between different establishment of the Power Station OFC laid inside the Power Station premises. Relevant page no.8 point no. 16 (x) of IB report for 2012 is attached as Appendix F.	Considering the fact that the asset is required for safe operation of the plant, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	15.18
3	Set of CCTV camera with accessories at Officer Club	1.60	IB has recommended to install CCTV important locations to monitor the movement of guests. For security reason as per the guideline of local administration, CCTV cameras are installed at Officers club area to record the movement of the visitors. Relevant page no.8 point no. 16 (x) of IB report for 2012 is attached as Appendix F.	Considering the fact that these assets are not directly related to plant security, the additional capital expenditures claimed *(@sl. nos. 3&4)* are **not allowed**.	0.00
4	DIVAR network 5000 Recorder make: BOSCH model: DIVAR 5000	0.74	As per the direction of IB, the CCTV footage needs to be kept for certain period to meet the future requirement. Hence the network recorder was purchased to keep the record CCTV Footage. Relevant page no.8-point no. 16 (x) of IB report for 2012 is attached as Appendix F		0.00
5	Construction of fire station at left bank, Balutar	0.0044	Previously, there is no fire station at Teesta-V power station to handle the emergency situation during fire broke out. In view of recent incident of major fire broke out at URI-II power station on 20.11.2014, IB has opined in its report that power projects carry high fire risk and in house fire station are pre requisite to deal with such exigencies. Considering the advice of MHA/MOP, the Safety division, Corporate office vide IOM No.-NH/SEFTY/FT/2015 dated 11.2.2015 has directed to establish a well-equipped fire station in all NHPC power station/ projects to deal with any emergency situation. The work	Considering the fact that the asset is required for safe operation of the plant, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(iii) of the 2014 Tariff Regulations.	0.00

1	200 KVA DG set with access. & accostic encl., engine Make-Cummins	14.44	The Petitioner has submitted that DG Sets are one of the emergency handling equipments for restoration of supply of vital installations in case of adverse climatic conditions. To provide backup power at dam there are 2 nos DG sets of 500 KVA each, one is installed at dam top and other one at 500 mtr away near to SFT Gates. Due to monsoon season, approach roads of dam also gets washed away as a result, transportation of HSD upto dam site may not be possible. For such purpose one portable DG Set of 200 KVA was purchased by the Power station which can be used at any site when other options of power supply could not be available. Power Station has installed one DG Set of 200 KVA at Samdong which is near to dam as transportation of HSD can be made at that point to provide alternate option of back up power for dam in case of any eventuality for regulation of water regulating system which is directly related to the safety & security of the dam and dam colony. Moreover being the portable DG Set , this DG set can be shifted anywhere in the power station in case of any emergency to provide backup power.	Considering the fact that this asset/work will facilitate the successful and efficient operation of plant, the additional capital expenditure claimed **is allowed** under Regulation 14(3)(viii) of the 2014 Tariff Regulations.	14.44
2	Digital TDMA (2 slots) based digital hand-held radio ModeL XIR P6620 (50 Nos)	10.78	Handsets are purchased against the replacement of old handsets (as these handsets have stopped working) which were already decapitalised in 2014-15 amounting to Rs 7.22 lacs .	Considering the fact that this asset/work will facilitate the successful and efficient operation of plant, the additional capital	10.78

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
				expenditure claimed **is allowed** under Regulation 14(3)(viii) of the 2014 Tariff Regulations. The Petitioner decapitalised amount of Rs 7.22 lakh in 2014-15.	
3	Roof Top 2 X 50 KWP Grid Connected PV power plant with all accessories	63.57	"As per the guideline of Ministry of Power dated 12.4.2016 Roof Top Grid Connected Solar PV installed, to promote the generation from the renewable energy. 1. Letter No. 16/78/2014-Adm-III, Dated: 12.04.2016 of Ministry of Power, GoI. (Appendix M). 2. Its total capacity is 100kWp, Energy generated till 31 March,2021 is 2.8 lakh units since commissioning (i.e., May 2018). 3. No grant or subsidy received from MNRE for funding the scheme."	It is noticed that this asset has been created for generating green energy through solar power and is not directly connected to hydro plant for safe and successful operations. Accordingly, the additional capital expenditure claimed is **not allowed** . However, the energy generated by the solar plant can be used / sold by the Petitioner.	0.00
	Sub-Total (D)	**88.79**			**25.22**
	Total (A+B+C+D)	**980.70**			**812.65**

30. Based on the above, the total additional capital expenditure of Rs. 812.65 lakh (679.78+92.46+15.18+25.22) is allowed in 2018-19.

De-capitalization

31. As regards de-capitalization, Regulation 14(4) of the 2014 Tariff Regulations, provides as under:

> *"In case of de-capitalisation of assets of a generating company or the transmission licensee, as the case may be, the original cost of such asset as on the date of de-capitalisation shall be deducted from the value of gross fixed asset and corresponding loan as well as equity shall be deducted from outstanding loan and the equity respectively in the year such de-capitalisation takes place, duly taking into consideration the year in which it was capitalised."*

32. The Petitioner has claimed de-capitalization against assets such as centrifugal pump, pumps, vehicles, dewatering pumps, submersible pumps, battery chargers etc. The de-capitalization claimed are as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Decapitalization as per books	25.24	147.95	3.20	0.00	0.97
Assumed Deletions	0.00	14.96	22.96	9.51	0.00
Total	**25.24**	**162.91**	**26.16**	**9.51**	**0.97**

33. Based on the submissions of the Petitioner, the decapitalization of certain items allowed as replacement of additional capital expenditure during the period 2014-19 has been allowed. These include items like Telephone Exchange for Office building and Colony, Centrifugal pump, Submersible pump, sewage water pump, dewatering pumps, Multiple Blood Analyzer, Tata tippers, battery bank, resin cast transformer, Tata trucks, Sikkim style gate and communication equipment etc. The Petitioner has claimed the decapitalizations against the replacement of new assets/works and for assets/works which are not in use. The de-capitalization as per books, claimed by the Petitioner, has been dealt with in the relevant paragraphs relating to the claims for additional capital expenditure, which have been considered and allowed for the respective years of the period 2014-19, in terms of the provisions of Regulation 14(3) of the 2014 Tariff Regulations. As discussed above, the Commission has disallowed additional capital expenditure on account of resin cast transformer which is burnt within 4 years of asset put into use and medical devices which is not related to operation of plant and the corresponding de-capitalization is also not allowed during 2014-19. Accordingly, the allowed decapitalization from books of accounts towards old assets are as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
25.24	147.95	1.48	0.00	0.97

Assumed Deletion

34. As per consistent methodology adopted by the Commission, the expenditure on replacement of assets, if found justified, is to be allowed for the purpose of tariff, provided that the capitalization of the said asset is followed by the de-capitalization of the original value of the old asset. However, in certain cases, where decapitalization is affected in books during the following years, to the year of capitalization of new asset, the de-capitalization of the old asset for the purpose of tariff is shifted to the very same year in which the capitalization of the new asset is allowed. Such decapitalization which is not a book entry in the year of capitalization is termed as "Assumed Deletion". Further, in absence of the gross value of the asset as per books being decapitalized, the same is calculated by de-escalating the gross value of new asset @ 5% per annum till the year of capitalization of the old asset.

35. It is observed that the Petitioner, while claiming certain additional capital expenditure during 2014-19, has not provided the gross value of old assets as per books for some of the items which are being replaced. The Petitioner has indicated the decapitalized value of these assets under 'Assumed Deletion' based on indexation method. However, we have considered the consistent methodology adopted by the Commission as explained in above paragraph. Accordingly, based on above methodology, the decapitalization value of old asset has been worked out as under:

(Rs. in lakh)

E	**Closing undischarged liabilities (A+B-C-D)**	**2081.96**	**4366.89**	**4401.70**	**4347.16**	**5625.22**

Exclusions (additions/deletions incurred, capitalized in books of accounts but not to be claimed for tariff purpose) as per reconciliation with books of account

38. The year-wise expenditure on 'exclusions' as claimed by the Petitioner in Form 9D and 9B(I), are as under:

(Rs. in lakh)

Sl. No.		2014-15	2015-16	2016-17	2017-18	2018-19
A	Exclusions in additions	327.18	1017.21	327.19	293.36	3588.01
B	Exclusions in Deletions	(-)4957.70	(-)148.46	(-)58.62	(-)78.65	(-)8.47
C	Net Exclusions claimed (A-B)	(-)4630.52	868.75	268.57	214.71	3579.54

Exclusions in Additions (capitalized in books but not to be considered for tariff purpose)

39. The Petitioner has submitted that the expenditure, as stated in the table above, is incurred on procurement/ replacement of minor assets and capital spares, which are not allowed for the purpose of tariff, after the cut-off date of the generating station, in terms of the 2014 Tariff Regulations. The Petitioner has, accordingly, put these additions under exclusion category. As such, the exclusion of such positive entries is allowed and has no impact on tariff. Hence, the same is in order and allowed as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
327.18	1017.21	327.19	293.36	3588.01

Exclusions in deletions (de-capitalized in books but not to be considered for tariff purpose)

40. The Petitioner has de-capitalized amounts in books of accounts pertaining to minor assets such as computers, mobile phone, office equipment, furniture, ladders, fixed assets of minor value less than Rs. 5000 etc., tools and tackles and the capital spares as these are not in use on account of their becoming unserviceable/obsolete. On prudence check, it is noticed that, in terms of the 2014 Tariff Regulations the recovery of additional expenditure on minor assets, tools and tackles beyond the cut-off date, is neither allowed to be capitalized, nor is permissible under the O&M expenses and the expenditure on capital spares are not allowed to be capitalized after the cut-off date, while the recovery of expenditure on capital spares is allowed through O&M expenses, on consumption. Accordingly, the claim of the Petitioner for exclusion of negative entries arising out of de-capitalization of capital spares is justifiable as the decapitalized spares are the ones which were not considered in the capital base for the purpose of tariff in the year of capitalization as claimed by the in Form-9D. I Accordingly, the exclusions/ignoring of negative entries arising out of decapitalization of minor assets, tools & Tackles and capital spares for the purpose of tariff has been allowed as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
(-)4957.70	(-)148.46	(-)58.62	(-)78.65	(-)8.47

41. Based on the above, the net additional capital expenditure allowed for the period 2014-19 is as under:

(Rs. in lakh)

		2014-15	2015-16	2016-17	2017-18	2018-19
A	Additions allowed	94.17	223.28	336.35	99.06	812.65
B	Decapitalization allowed	25.24	147.95	1.48	0.00	0.97
C	Assume Deletion allowed	0.00	18.78	22.96	11.60	0.00
D	Discharge of Liabilities	1343.86	1741.33	14.41	55.81	1.27
E	Exclusions not allowed	0.00	0.00	0.00	0.00	0.00
F	Net Additional Capitalization allowed (F=A-B-C+D+E)	**1412.79**	**1797.88**	**326.32**	**143.27**	**812.96**

Capital cost allowed for the period 2014-19

42. Accordingly, the capital cost allowed for the period 2014-19 is as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Opening capital cost (a)	273234.70	274647.49	276445.38	276771.70	276914.97
Net additional capital expenditure allowed during the year/ period (b)	1412.79	1797.88	326.32	143.27	812.96
Closing Capital Cost (a)+(b)	**274647.49**	**276445.38**	**276771.70**	**276914.97**	**277727.93**

Debt Equity Ratio

43. Regulation 19 of the 2014 Tariff Regulations provides as under:

> *"19. Debt-Equity Ratio: (1) For a project declared under commercial operation on or after 1.4.2014, the debt-equity ratio would be considered as 70:30 as on COD. If the equity actually deployed is more than 30% of the capital cost, equity in excess of 30% shall be treated as normative loan:*
>
> *Provided that: i. where equity actually deployed is less than 30% of the capital cost, actual equity shall be considered for determination of tariff:*
>
> *ii. the equity invested in foreign currency shall be designated in Indian rupees on the date of each investment:*
>
> *iii. any grant obtained for the execution of the project shall not be considered as a part of capital structure for the purpose of debt: equity ratio.*
>
> *Explanation.-The premium, if any, raised by the generating company or the transmission licensee, as the case may be, while issuing share capital and investment of internal resources created out of its free reserve, for the funding of the project, shall be reckoned as paid up capital for the purpose of computing return on equity, only if such premium amount and internal resources are actually utilised for meeting the capital expenditure of the generating station or the transmission system.*
>
> *(2) The generating company or the transmission licensee shall submit the resolution of the Board of the company or approval from Cabinet Committee on Economic Affairs (CCEA) regarding infusion of fund from internal resources in support of the utilization made or proposed to be made to meet the capital expenditure of the generating station or the transmission system including communication system, as the case may be.*
>
> *(3) In case of the generating station and the transmission system including communication system declared under commercial operation prior to 1.4.2014, debt;equity ratio allowed by the Commission for determination of tariff for the period ending 31.3.2014 shall be considered.*
>
> *(4) In case of the generating station and the transmission system including communication system declared under commercial operation prior to 1.4.2014, but where debt: equity ratio has not been determined by the Commission for determination of tariff for the period ending 31.3.2014, the Commission shall approve the debt: equity ratio based on actual information provided by the generating company or the transmission licensee as the case may be.*

(5) Any expenditure incurred or projected to be incurred on or after 1.4.2014 as may be admitted by the Commission as additional capital expenditure for determination of tariff, and renovation and modernization expenditure for life extension shall be serviced in the manner specified in clause (1) of this regulation."

44. Gross normative loan and equity amounting to Rs. 161070.79 lakh and Rs. 112163.91 lakh, respectively, as on 31.3.2014, as considered in order dated 16.8.2016 in Petition No.234/GT/2014, has been considered as the normative loan and equity as on 1.4.2014. The debt: equity ratio considered is 70:30, in terms of Regulation 19 of the 2014 Tariff Regulations, for the purpose of additional capitalization. De-capitalization of assets has been deducted from the corresponding loan as well as equity, taking into consideration the debt equity ratio, applied in the year in which it was capitalized, as per Regulation 19 (4) of 2014 Tariff Regulations. The opening and closing debt and equity is as under:

(Rs. in lakh)

	As on 1.4.2014		Additional Capitalization		De-capitalization		As on 31.3.2019	
	Amount	(in %)	Amount	(in %)	Amount	(in %)	Amount	(in %)

Gross Equity	112163.91	41.05	1416.66	30.00	78.46	34.27	113502.11	40.87
Total	**273234.70**	**100.00**	**4722.19**	**100.00**	**228.97**	**100.00**	**277727.93**	**100.00**

Return on Equity

45. Regulation 24 of the 2014 Tariff Regulations provides as under:

"24. Return on Equity: (1) Return on equity shall be computed in rupee terms, on the equity base determined in accordance with regulation 19.

(2) Return on equity shall be computed at the base rate of 15.50% for thermal generating stations, transmission system including communication system and run of the river hydro generating station, and at the base rate of 16.50% for the storage type hydro generating stations including pumped storage hydro generating stations and run of river generating station with pondage:

Provided that:

i. in case of projects commissioned on or after 1st April 2014, an additional return of 0.50 % shall be allowed, if such projects are completed within the timeline specified in Appendix-I:

ii. the additional return of 0.5% shall not be admissible if the project is not completed within the timeline specified above for reasons whatsoever:

iii. additional RoE of 0.50% may be allowed if any element of the transmission project is completed within the specified timeline and it is certified by the Regional Power Committee/National Power Committee that commissioning of the particular element will benefit the system operation in the regional/national grid:

iv. the rate of return of a new project shall be reduced by 1% for such period as may be decided by the Commission, if the generating station or transmission system is found to be declared under commercial operation without commissioning of any of the Restricted Governor Mode Operation (RGMO)/ Free Governor Mode Operation (FGMO), data telemetry, communication system up to load dispatch centre or protection system:

v. as and when any of the above requirements are found lacking in a generating station based on the report submitted by the respective RLDC, RoE shall be reduced by 1% for the period for which the deficiency continues:

vi. additional RoE shall not be admissible for transmission line having length of less than 50 kilometers."

46. Regulation 25 of the 2014 Tariff Regulations provides as under:

"Tax on Return on Equity: (1) The base rate of return on equity as allowed by the Commission under Regulation 24 shall be grossed up with the effective tax rate of the respective financial year. For this purpose, the effective tax rate shall be considered on the basis of actual tax paid in the respect of the financial year in line with the provisions of the relevant Finance Acts by the concerned generating company or the transmission licensee, as the case may be. The actual tax income on other income stream (i.e., income of non-generation or non-transmission business, as the case may be) shall not be considered for the calculation of "effective tax rate"

(2) Rate of return on equity shall be rounded off to three decimal places and shall be computed as per the formula given below:

Rate of pre-tax return on equity = Base rate / (1-t)

Where "t" is the effective tax rate in accordance with Clause (1) of this regulation and shall be calculated at the beginning of every financial year based on the estimated profit and tax to be paid estimated in line with the provisions of the relevant Finance Act applicable for that financial year to the company on pro-rata basis by excluding the income of non-generation or non-transmission business, as the case may be, and the corresponding tax thereon. In case of generating company or transmission licensee paying Minimum Alternate Tax (MAT), "t" shall be considered as MAT rate including surcharge and cess

(3) The generating company or the transmission licensee, as the case may be, shall true up the grossed up rate of return on equity at the end of every financial year based on actual tax paid together with any additional tax demand including interest thereon, duly adjusted for any refund of tax including interest received from the income tax authorities pertaining to the tariff period 2014-15 to 2018-19 on actual gross income of any financial year. However, penalty, if any, arising on account of delay in deposit or short deposit of tax amount shall not be claimed by the generating company or the transmission licensee as the case may be. Any under- recovery or over recovery of grossed up rate on return on equity after truing up, shall be recovered or refunded to beneficiaries or the long-term transmission customers/DICs as the case may be on year to year basis."

47. The base rate of Return on Equity (ROE) has been grossed up, based on the MAT rate of the Petitioner, for the period 2014-19. Hence, in terms of the above regulations, ROE has been computed as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Opening Equity (A)	112163.91	112585.27	113121.44	113216.56	113258.23
Addition of Equity due to additional capital expenditure (B)	421.36	536.17	95.12	41.66	243.89
Normative Equity- Closing (D) =(A) + (B) - (C)	112585.27	113121.44	113216.56	113258.23	113502.11
Average Equity (E)=(A+D)/2	112374.59	112853.36	113169.00	113237.39	113380.17
Base Rate (%) (F)	16.500%	16.500%	16.500%	16.500%	16.500%
Effective Tax Rate (%) (G)	20.961%	21.342%	21.342%	21.342%	21.549%
Effective ROE Rate (%) (H)	20.876%	20.977%	20.977%	20.977%	21.032%
Return on Equity (I)= (E)*(H)	**23459.32**	**23673.25**	**23739.46**	**23753.81**	**23846.12**

Interest on Loan

48. Regulation 26 of the 2014 Tariff Regulations provides as under:

"26. Interest on loan capital: (1) The loans arrived at in the manner indicated in regulation 19 shall be considered as gross normative loan for calculation of interest on loan.

(2) The normative loan outstanding as on 1.4.2014 shall be worked out by deducting the cumulative repayment as admitted by the Commission up to 31.3.2014 from the gross normative loan.

(3) The repayment for each of the year of the tariff period 2014-19 shall be deemed to be equal to the depreciation allowed for the corresponding year/period. In case of Decapitalization of assets, the repayment shall be adjusted by taking into account cumulative repayment on a pro rata basis and the adjustment should not exceed cumulative depreciation recovered up to the date of de-capitalization of such asset

(4) Notwithstanding any moratorium period availed by the generating company or the transmission licensee, as the case may be, the repayment of loan shall be considered from the first year of commercial operation of the project and shall be equal to the depreciation allowed for the year or part of the year.

(5) The rate of interest shall be the weighted average rate of interest calculated on the basis of the actual loan portfolio after providing appropriate accounting adjustment for interest capitalized Provided that if there is no actual loan for a particular year but normative loan is still outstanding, the last available weighted average rate of interest shall be considered: Provided further that if the generating station or the transmission system, as the case may be, does not have actual loan, then the weighted average rate of interest of the generating company or the transmission licensee as a whole shall be considered

(6) The interest on loan shall be calculated on the normative average loan of the year by applying the weighted average rate of interest.

(7) The generating company or the transmission licensee, as the case may be, shall make every effort to re-finance the loan as long as it results in net savings on interest and in that event the costs associated with such refinancing shall be borne by the beneficiaries and the net savings shall be shared between the beneficiaries and the generating company or the transmission licensee, as the case may be, in the ratio of 2:1.

(8) The changes to the terms and conditions of the loans shall be reflected from the date of such re-financing.

(9) In case of dispute, any of the parties may make an application in accordance with the Central Electricity Regulatory Commission (Conduct of Business) Regulations, 1999, as amended from time to time, including statutory re-enactment thereof for settlement of the dispute: Provided that the beneficiaries or the long term transmission customers /DICs shall not withhold any payment on account of the interest claimed by the generating company or the transmission licensee during the pendency of any dispute arising out of re-financing of loan."

49. Accordingly, Interest on loan has been computed as under:

(i) The opening gross normative loan amounting to Rs.161070.79 lakh, as on 1.4.2014, as considered in order dated 16.8.2016 in Petition No. 234/GT/2014, has been considered as on 1.4.2014.

(ii) Cumulative repayment amounting to Rs. 69472.03 lakh, as on 1.4.2014, as considered in order dated 16.8.2016 has been considered as on 1.4.2014.

(iii) Accordingly, the net normative opening loan as on 1.4.2014 works out to Rs. 91598.76 lakh.

(iv) Addition to normative loan on account of additional capital expenditure approved above have been considered.

(v) Depreciation allowed has been considered as repayment of normative loan during the respective year of the 2014-19 tariff period. Further, repayments have been adjusted for de-capitalization of assets considered for the purpose of tariff.

(vi) Interest on loan has been calculated on the normative average loan of the year by applying the weighted average rate of interest as claimed by the Petitioner.

50. Interest on loan has been worked out as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Gross opening loan **(A)**	161070.79	162062.22	163323.94	163555.14	163656.75

Depreciation

51. Regulation 27 of the 2014 Tariff Regulations provides as under:

> *"27. Depreciation: (1) Depreciation shall be computed from the date of commercial operation of a generating station or unit thereof or a transmission system including communication system or element thereof. In case of the tariff of all the units of a generating station or all elements of a transmission system including communication system for which a single tariff needs to be determined, the depreciation shall be computed from the effective date of commercial operation of the generating station or the transmission system taking into consideration the depreciation of individual units or elements thereof.*
>
> *Provided that effective date of commercial operation shall be worked out by considering the actual date of commercial operation and installed capacity of all the units of the generating station or capital cost of all elements of the transmission system, for which single tariff needs to be determined.*
>
> *(2) The value base for the purpose of depreciation shall be the capital cost of the asset admitted by the Commission. In case of multiple units of a generating station or multiple elements of transmission system, weighted average life for the generating station of the transmission system shall be applied. Depreciation shall be chargeable from the first year of commercial operation. In case of commercial operation of the asset for part of the year, depreciation shall be charged on pro rata basis.*
>
> *(3) The salvage value of the asset shall be considered as 10% and depreciation shall be allowed up to maximum of 90% of the capital cost of the asset: Provided that in case of hydro generating station, the salvage value shall be as provided in the agreement signed by the developers with the State Government for development of the Plant:*
>
> *Provided further that the capital cost of the assets of the hydro generating station for the purpose of computation of depreciated value shall correspond to the percentage of sale of electricity under long-term power purchase agreement at regulated tariff: Provided also that any depreciation disallowed on account of lower availability of the generating station or generating unit or transmission system as the case may be, shall not be allowed to be recovered at a later stage during the useful life and the extended life.*

(4) Land other than the land held under lease and the land for reservoir in case of hydro generating station shall not be a depreciable asset and its cost shall be excluded from the capital cost while computing depreciable value of the asset.

(5) Depreciation shall be calculated annually based on Straight Line Method and at rates specified in Appendix-II to these regulations for the assets of the generating station and transmission system:

Provided that the remaining depreciable value as on 31st March of the year closing after a period of 12 years from the effective date of commercial operation of the station shall be spread over the balance useful life of the assets.

(6) In case of the existing projects, the balance depreciable value as on 1.4.2014 shall be worked out by deducting the cumulative depreciation as admitted by the Commission upto 31.3.2014 from the gross depreciable value of the assets.
(7) The generating company or the transmission license, as the case may be, shall submit the details of proposed capital expenditure during the fag end of the project (five years before the useful life) along with justification and proposed life extension. The Commission based on prudence check of such submissions shall approve the depreciation on capital expenditure during the fag end of the project.

(8) In case of de-capitalization of assets in respect of generating station or unit thereof or transmission system or element thereof, the cumulative depreciation shall be adjusted by taking into account the depreciation recovered in tariff by the decapitalized asset during its useful services."

52. The COD of the generating station is 10.4.2008.The generating station has not completed 12 years of operation as on 1.4.2014. Accordingly, depreciation has been computed as under:

(Rs. in lakh)

	2014-15	**2015-16**	**2016-17**	**2017-18**	**2018-19**
Opening Gross block **(A)**	273234.70	274647.49	276445.38	276771.70	276914.97

**Cumulative Depreciation as on 31.3.2014 is Rs.76036.30 lakh.*

Operation & Maintenance Expenses

53. The generating station is in operation for three or more years as on 1.4.2014. As regards O&M expenses, Regulation 29(3)(a) of the 2014 Tariff Regulations, provides as under:

(Rs. in lakh)	2014-15	2015-16	2016-17	2017-18	2018-19
	8297.32	8848.59	9436.50	10063.46	10732.07

54. The above O&M expenses were allowed by the Commission vide order dated 16.8.2016 in Petition No. 234/GT/2014. As the Petitioner has claimed O&M expenses for the period 2014-19 in terms of Regulation 29(3)(a) of the 2014 Tariff Regulations as above, the same is allowed.

Additional O&M expenses

Capital Spares

55. The last proviso to Regulation 29(2) of the 2014 Tariff Regulations provides as under:

> *"Provided that the generating station shall submit the details of year wise actual capital spares consumed at the time of truing up with appropriate justification for incurring the same and substantiating that the same is not funded through compensatory allowance or special allowance or claimed as a part of additional capitalization or consumption of stores and spares and renovation and modernization".*

56. In terms of the above proviso, capital spares consumed are admissible separately, at the time of truing up of tariff, based on the details furnished by the Petitioner. The capital spares claimed by the Petitioner are as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Capital spares (not part of capital cost)	130.63	137.61	45.00	26.80	0.00
Capital spares (part of capital cost)	0.00	0.00	0.00	0.00	0.00

57. The Respondent, GRIDCO has submitted that there is no provision to capitalize the capital spares in respect of hydro power stations in the 2014 Tariff Regulations, and accordingly the claim of the Petitioner is without any basis. In response, the Petitioner has submitted that, capital spares which have been purchased and have been put to use are kept under Form 9(D) which is addition under exclusion category, and thus the cost of purchase of capital spares does not form the part of capital cost for computation of tariff, as these capital spares are claimed as separate reimbursement, when these spares are being put to use.

58. The matter has been considered. We have examined the list of spares furnished by the Petitioner. It is pertinent to mention that the term 'capital spares' has not been defined in the 2014 Tariff Regulations. The term capital spares, in our view, is a piece of equipment, or a spare part, of significant cost that is maintained in inventory for use in the event that a similar piece of critical equipment fails or must be rebuilt. Keeping in view the principle of materiality and to ensure standardized practices in respect of earmarking and treatment of capital spares, the value of capital spares exceeding Rs.1.00 lakh, on prudence check of the details furnished by the Petitioner in Annexure V of the Petition, has been considered for the purpose of tariff. Based on this, the details of capital spares consumption allowed for the period 2014-19 before adjusting the salvage value of old spare is summarized as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Total capital spares consumed claimed	130.63	137.61	45.00	26.80	0.00
Less: Value of capital spares below Rs.1.00 lakh disallowed on individual basis	0.00	0.00	0.00	0.00	0.00
Net total value of capital spares considered	**130.63**	**137.61**	**45.00**	**26.80**	**0.00**

59. Further, we are of the view that spares do have salvage value. Accordingly, in line with the practice of considering salvage value, presumed to be recovered by the Petitioner on sale of other capital assets, on becoming unserviceable, the salvage value of 10% has been deducted from the cost of capital spares considered above for the period 2014-19. Therefore, on prudence check of the information furnished by the Petitioner and on applying the said ceiling limit along with deduction of the salvage value @10%, the net capital spares allowed in terms of Regulation 29(2) of 2014 Tariff Regulations is as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2017-18
Net total value of capital spares considered	130.63	137.61	45.00	26.80	0.00
Less: Salvage value @ 10%	13.06	13.76	4.50	2.68	0.00
Net capital spares allowed	**117.57**	**123.85**	**40.50**	**24.12**	**0.00**

Interest charges on account of arbitration

60. The Petitioner has claimed that an amount of Rs. 16.62 crore (interest portion on account of Supreme court order) were charged to revenue (profit and loss account) for 2016-17 in the books of account of the generating station based on accounting policy of the Corporation. It has stated that the above amount pertains to interest paid to M/s Jai Prakash Associates Ltd. for cement variation case of major Packages i.e. LOT-TT-2 and LOT-TT-3 and as per the judgment dated 4.7.2016 of the Hon'ble Supreme Court of India in SLP No. 2039397/2014. The Petitioner has

submitted that the amount be allowed as additional capital expenditure in terms of the Commission's order in Petition No. 310/GT/2018.

61. The Petitioner has also claimed interest amount, which form part of arbitral award (booked under P&L account) for capitalization and for the purpose of computation of tariff under the provisions of Regulation 14 of 2014 Tariff Regulations related to 'Liabilities to meet award of arbitration or for compliance of the order or decree of a court of law' also exist under in respect of additional capitalization.

62. The Respondent GRIDCO, has submitted that the Petitioner has not justified its decision in withholding the payment of the above contractor towards cement variation for which the said issue went to the Court of Law and finally ending up in favour of the contractor, resulting in accrued interest of Rs. 16.62 crore, which is now claimed by the Petitioner to be recovered from the beneficiaries and ultimately from the consumers. The Respondent has further submitted that the Commission may take a prudent decision on the above claim.

63. The matter has been considered. The Petitioner in support of its claim has provided detailed calculations. It is also found that vide order dated 16.8.2016 in Petition No. 234/GT/2014, the Commission had allowed additional expenditure as under:

(Rs. in lakh)

Item No. of Order for 2013-14	Assets/works	Amount Approved

21	Cement VariationLOTT TT-4 (The Petitioner has submitted that the Arbitration award was challenged by NHPC in District court and later in High Court, which was dismissed by High court of Punjab & Chandigarh on 6.2.2014.)	438.16
22	Extension of Insurance & PBG beyond contract period & excess interest recovered on mobilization and machinery advance beyond contract period and deform reinforcing bars grade FE-500 beyond 25% limit (Lott TT-4) (The petitioner has submitted that Arbitration award in favour of M/s JAL has been challenged in court by NHPC on the ground that the claim is non-tenable. The matter is subjudice in the District Court of Faridabad and provision has been made for capitalization.)	341.36
23	Cement variationconcrete works (LOTT TT-2)	245.05
24	Cement variationconcrete works (LOTT TT-2)	571.78
	Total	**1596.35**

64. In the present case, the additional capital expenditure is allowed for the amount of Rs 1596.35 lakh, in 2013-14 which was due to arbitration/court order. Regulation 14(3)(i) of the 2014 Tariff Regulations provides that the additional capital expenditure incurred for existing generating station in respect of "Liabilities to meet award of arbitration or for compliance of the order or decree of a court of law". In this case, the principal amount of Rs.1596.35 lakh, has been allowed as additional capitalization. However, the Commission is of the view that the interest amount on Rs. 1662 lakh, instead of being capitalized, shall be allowed as a **one-time reimbursement** as additional O&M expenses in line with the order dated 30.11.2022 in Petition No.145/GT/2020. Further, the interest amount on Rs.1662 lakh allowed as above, shall not be made part of the annual fixed charges determined in this order.

Impact of wage revision

65. The Petitioner has submitted that it has filed Petition No. 231/MP/2019 claiming the recovery of impact of wage revision of its employees, deputed employees of KV staff/ DAV and IRBn and Home Guard staff in respect of this generating station for the period from 1.1.2016 to 31.3.2019. It is observed that the additional O&M

expenses claimed in respect of the generating station during the period 1.1.2016 to 31.3.2019, has been dealt with and disposed of vide common order dated 10.11.2022 in Petition Nos. 234/MP/2019 & batch cases. Hence, the same has not been considered in this order.

Goods & Services Tax

66. The Petitioner has also claimed reimbursement of additional tax paid due to implementation of GST in respect of generating station as additional O&M expenses and for this purpose, it has requested for relaxation of the provisions of Regulation 29(3) in exercise of the powers vested under Regulation 54 (Power to Relax) and Regulation 55 (Power to Remove Difficulty) of the 2014 Tariff Regulations. The Petitioner has further submitted that the implementation of GST is a "Change in law" event and the impact of the same should be passed through in tariff. As such, the tax paid in O&M expenditure of plants (service portion) is claimed over and above the O&M expenses of the respective power stations. The Petitioner has also submitted that it had filed Petition No. 133/MP/2019, which was disposed of by the Commission vide its order dated 22.8.2019, granting liberty to the Petitioner to raise the claim for reimbursement of additional tax on O&M expenses due to implementation of GST Act, 2017 along with the truing up Petition for the period 2014-19. The additional impact of GST in 2017-18 (1.7.2017 to 31.3.2018) and 2018-19 as submitted by the Petitioner, duly certified by statutory auditors are as under:

(Rs. in lakh)

Additional Impact of GST on O&M Expenses			
2017-18	**2018-19 (1.4.2018 to 31.12.2018)**	**2018-19 (1.1.2019 to 31.3.2019)**	**Total**
5226644	11116545	4334119	**20677308**

67. The matter has been considered. It is observed that the Commission while specifying the O&M expense norms for the period 2014-19 had considered taxes to form part of the O&M expense calculations and, accordingly, had factored the same in the said norms. This is evident from paragraph 49.6 of the SOR (Statement of Objects and Reasons) to the 2014 Tariff Regulations, which is extracted hereunder:

> *"49.6 With regards to suggestion received on other taxes to be allowed, the Commission while approving the norms of O&M expenses has considered the taxes as part of O&M expenses while working out the norms and therefore the same has already been factored in..."*

68. Further, the escalation rates considered in the O&M expense norms under the 2014 Tariff Regulations is only after accounting for the variations during the past five years of the period 2014-19, which in our view, takes care of any variation in taxes also. It is pertinent to mention that in case of reduction of taxes or duties; no reimbursement is ordered. In this background, we find no reason to allow the prayer for grant of additional O&M expenses towards payment of GST.

Interest on Working Capital

69. Sub-section (c) of Clause (1) of Regulation 28 of the 2014 Tariff Regulations provides as under:

> *"28. Interest on Working Capital: (1) The working capital shall cover*
>
> *(c) Hydro generating station including pumped storage Hydro Electric generating Station and transmission system including communication system:*
>
> *(i) Receivables equivalent to two months of fixed cost;*
>
> *(ii) Maintenance spares @ 15% of operation and maintenance expense specified in regulation 29; and*
>
> *(iii) Operation and maintenance expenses for one month."*

Working Capital for Receivables

70. The Receivable component of working capital has been worked out based on two months of fixed cost as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
8590.03	8624.77	8632.48	8628.09	8663.35

Working Capital for Maintenance Spares

71. Maintenance spares @15% of O&M expenses are worked out and allowed as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
1262.23	1345.87	1421.55	1513.14	1609.81

Working capital for O&M Expenses

72. O&M expenses for 1 month for the purpose of working capital are as under:

(Rs. in lakh)

2014-15	2015-16	2016-17	2017-18	2018-19
701.24	747.70	789.75	840.63	894.34

Rate of Interest on Working Capital

73. Clause (3) of Regulation 28 of the 2014 Tariff Regulations provides as under:

> *"Interest on working Capital: (3) Rate of interest on working capital shall be on normative basis and shall be considered as the bank rate as on 1.4.2014 or as on 1st April of the year during the tariff period 2014-15 to 2018-19 in which the generating station or a unit thereof or the transmission system including communication system or element thereof, as the case may be, is declared under commercial operation, whichever is later."*

74. Accordingly, Interest on working capital is worked out as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Working capital for O&M Expenses (one month of O&M Expenses)	701.24	747.70	789.75	840.63	894.34
Working capital for Maintenance Spares (15% of operation and maintenance expense)	1262.23	1345.87	1421.55	1513.14	1609.81
Working capital for Receivables (two months of fixed cost)	8590.03	8624.77	8632.48	8628.09	8663.35
Total working capital	10553.50	10718.34	10843.78	10981.86	11167.50
Rate of Working Capital (%)	13.500%	13.500%	13.500%	13.500%	13.500%
Interest on Working Capital	**1424.72**	**1446.98**	**1463.91**	**1482.55**	**1507.61**

Annual Fixed Charges for the period 2014-19

75. Based on the above, the annual fixed charges approved for the generating station for the period 2014-19, are summarized as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19
Depreciation	14028.62	14082.51	14137.87	14151.33	14152.12
Interest on Loan	4212.63	3573.45	2976.63	2293.26	1742.21
Return on Equity	23459.32	23673.25	23739.46	23753.81	23846.12
O&M Expenses	8414.89	8972.44	9477.00	10087.58	10732.07
Interest on Working Capital	1424.72	1446.98	1463.91	1482.55	1507.61
Total	**51540.18**	**51748.62**	**51794.87**	**51768.53**	**51980.13**

Note: (1) All figures are on annualized basis. (2) All figures under each head have been rounded. The figure in total column in each year is also rounded. As such the sum of individual items may not be equal to the arithmetic total of the column.

Normative Annual Plant Availability Factor

76. Clause (4) of Regulation 37 of the 2014 Tariff Regulations provides for the Normative Annual Plant Availability Factor (NAPAF) for hydro generating stations already in operation of 85% for this generating station. Accordingly, the same is considered for this order.

Auxiliary Energy Consumption

77. As per Regulation 8(6) of the 2014 Tariff Regulations and its subsequent amendment thereof, the financial gain on account of actual auxiliary energy consumption being less than the normative auxiliary energy consumption is to be shared in the ratio of 60:40 between generating station and the beneficiaries. It is observed that the Petitioner has submitted the details of yearly gain shared with the beneficiaries along with the annual energy bills vide affidavit dated 30.10.2019.

78. The Petitioner further submitted that in line with the first amendment to the 2014 Tariff Regulations, in 2015, the financial gain on account of Auxiliary

Consumption has been shared with all the beneficiary Discoms. Accordingly, the same is in order and allowed as under:

(Rs in lakh)

	2015-16	2016-17	2017-18	2018-19
Net Gain	40.48	64.21	86.36	62.15
Gain retained with generating station - **60%**	24.29	38.53	51.81	37.29
Gain shared with beneficiaries **-40%**	16.19	25.69	34.54	24.86

Design Energy

79. CEA approved annual Design Energy (DE) of 2572.70 MU has been considered in order dated 16.8.2016 in Petition No. 234/GT/2014. Accordingly, the same has also been considered for the generating station and the details as per month-wise are mentioned as under:

Month	Design Energy (MU)
April	160.13
May	226.23
June	314.28
July	360.47
August	360.47
September	348.84
October	284.31
November	172.48
December	119.08
January	77.07
February	63.35
March	85.99
	2572.70

Summary

80. The annual fixed charges allowed vide order dated 16.8.2016 in Petition No. 234/GT/2014 and the annual fixed charges allowed in this order (after truing-up) for the period 2014-19 for the generating station are summarized as under:

(Rs. in lakh)

	2014-15	2015-16	2016-17	2017-18	2018-19

Annual fixed charges allowed vide order dated 16.8.2016, in Petition No. 234/GT/2014	51412.83	51558.71	51716.90	51874.39	52031.58
Annual fixed charges allowed in this order	**51540.18**	**51748.62**	**51794.87**	**51768.53**	**51980.13**

81. The difference between the annual fixed charges recovered by the Petitioner in terms of order dated 16.8.2016 in Petition No. 234/GT/2014 and the annual fixed charges determined by this order, shall be adjusted in terms of the provisions of Regulation 8(13) of the 2014 Tariff Regulations.

DETERMINATION OF TARIFF FOR THE PERIOD 2019-24

82. The Petitioner, in this petition, has also sought the determination of tariff of the generating station for the period 2019-24, in terms of the provisions of the 2019 Tariff Regulations. Accordingly, the annual fixed charges claimed by the Petitioner for the period 2019-24 are as under:

Annual Fixed Charges claimed

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Depreciation	14219.28	14362.81	2861.88	2876.91	2894.29
Interest on Loan	1362.56	412.03	0.00	0.00	0.00
Return on Equity	22770.81	22937.10	23079.44	23104.08	23116.42
Interest on Working Capital	1209.78	1229.70	1080.82	1114.03	1148.66
O&M Expenses	13810.70	14469.05	15158.78	15881.40	16638.45
Total	**53373.13**	**53410.68**	**42180.92**	**42976.42**	**43797.82**

Capital Cost

83. Clause (1) of Regulation 19 of the 2019 Tariff Regulations provides that the capital cost as determined by the Commission after prudence check in accordance with this regulation shall form the basis of determination of tariff for existing and new projects. However, capital cost for an existing project is governed as per clause (3) of Regulation 19 of the 2019 Tariff Regulations, which provides as under:

> *"The Capital cost of an existing project shall include the following:*
>
> *(a) Capital cost admitted by the Commission prior to 1.4.2019 duly trued up by excluding liability, if any, as on 1.4.2019;*

(b) Additional capitalization and de-capitalization for the respective year of tariff as determined in accordance with these regulations;

(c) Capital expenditure on account of renovation and modernization as admitted by this Commission in accordance with these regulations;

(d) Capital expenditure on account of ash disposal and utilization including handling and transportation facility;

(e) Capital expenditure incurred towards railway infrastructure and its augmentation for transportation of coal upto the receiving end of generating station but does not include the transportation cost and any other appurtenant cost paid to the railway; and

(f) Capital cost incurred or projected to be incurred by a thermal generating station, on account of implementation of the norms under Perform, Achieve and Trade (PAT) scheme of Government of India shall be considered by the Commission subject to sharing of benefits accrued under the PAT scheme with the beneficiaries…."

84. The Petitioner vide its affidavit dated 15.7.2021, has revised its claimed capital cost as under:

(Rs. in lakh)

		2019-20	2020-21	2021-22	2022-23	2023-24
A	Opening Capital Cost	278018.02	279337.80	279414.65	279696.34	280252.98
B	Addition during the year / Period	52.51	108.97	315.67	951.00	66.00
C	De-capitalisation during the year/period	12.06	32.11	40.40	394.36	13.46
D	Discharges during the year	1279.32	0.00	6.41	0.00	0.00
E	Closing Capital Cost (A+B-C+D)	**279337.80**	**279414.65**	**279696.34**	**280252.98**	**280305.52**

85. The Commission in this order, has allowed the closing capital cost of Rs. 277727.93 lakh, as on 31.3.2019. Accordingly, in terms of Regulation 19 of the 2019 Tariff Regulations, the capital cost of Rs. 277727.93 lakh, as on 31.3.2019 has been considered as the opening capital cost as on 1.4.2019, for the purpose of determination of tariff for the period 2019-24.

Additional Capital Expenditure

86. Clause (2) of Regulation 9 of the 2019 Tariff Regulations provides that the application for determination of tariff shall be on admitted capital cost including additional capital expenditure already admitted and incurred up to 31.3.2019 (either

based on actual or projected additional capital expenditure) and estimated additional capital expenditure for the respective years of the period 2019-24 along with the true-up for the period 2014-19 in accordance with the 2014 Tariff Regulations.

87. Regulation 24(1) of the 2019 Tariff Regulations provides as under:

> *"24. Additional Capitalisation within the original scope and upto the cut-off date*
> *(1) The additional capital expenditure in respect of a new project or an existing project incurred or projected to be incurred, on the following counts within the original scope of work, after the date of commercial operation and up to the cut-off date may be admitted by the Commission, subject to prudence check:*
> *(a) Undischarged liabilities recognized to be payable at a future date;*
> *(b) Works deferred for execution;*
> *(c) Procurement of initial capital spares within the original scope of work, in accordance with the provisions of Regulation 23 of these regulations;*
> *(d) Liabilities to meet award of arbitration or for compliance of the directions or order of any statutory authority or order or decree of any court of law;*
> *(e) Change in law or compliance of any existing law; and*
> *(f) Force Majeure events:*
> *Provided that in case of any replacement of the assets, the additional capitalization shall be worked out after adjusting the gross fixed assets and cumulative depreciation of the assets replaced on account of de-capitalization.*
> *(2) The generating company or the transmission licensee, as the case may be shall submit the details of works asset wise/work wise included in the original scope of work along with estimates of expenditure, liabilities recognized to be payable at a future date and the works deferred for execution."*

88. Regulation 25(1) of the 2019 Tariff Regulations provides as under:

> *"25. Additional Capitalization within the original scope and after the cut-off date:*
>
> *(1) The additional capital expenditure incurred or projected to be incurred in respect of an existing project or a new project on the following counts within the original scope of work and after the cut-off date may be admitted by the Commission, subject to prudence check:*
>
> *(a) Liabilities to meet award of arbitration or for compliance of the directions or order of any statutory authority, or order or decree of any court of law;*
>
> *(b) Change in law or compliance of any existing law;*
>
> *(c) Deferred works relating to ash pond or ash handling system in the original scope of work;*
>
> *(d) Liability for works executed prior to the cut-off date;*
>
> *(e) Force Majeure events;*
> *(f) Liability for works admitted by the Commission after the cut-off date to the extent of discharge of such liabilities by actual payments; and*
>
> *(g) Raising of ash dyke as a part of ash disposal system.*

(2) In case of replacement of assets deployed under the original scope of the existing project after cut-off date, the additional capitalization may be admitted by the Commission, after making necessary adjustments in the gross fixed assets and the cumulative depreciation, subject to prudence check on the following grounds:

(a) The useful life of the assets is not commensurate with the useful life of the project and such assets have been fully depreciated in accordance with the provisions of these regulations;

(b) The replacement of the asset or equipment is necessary on account of change in law or Force Majeure conditions;

(c) The replacement of such asset or equipment is necessary on account of obsolescence of technology; and

(d) The replacement of such asset or equipment has otherwise been allowed by the Commission.

89. Regulation 26 of the 2019 Tariff Regulations provides as under:

26. Additional Capitalization beyond the original scope

(1) The capital expenditure, in respect of existing generating station or the transmission system including communication system, incurred or projected to be incurred on the following counts beyond the original scope, may be admitted by the Commission, subject to prudence check:

(a) Liabilities to meet award of arbitration or for compliance of order or directions of any statutory authority, or order or decree of any court of law;

(b) Change in law or compliance of any existing law;

(c) Force Majeure events;

(d) Need for higher security and safety of the plant as advised or directed by appropriate Indian Government Instrumentality or statutory authorities responsible for national or internal security;

(e) Deferred works relating to ash pond or ash handling system in additional to the original scope of work, on case to case basis:

Provided also that if any expenditure has been claimed under Renovation and Modernization (R&M) or repairs and maintenance under O&M expenses, the same shall not be claimed under this Regulation;

(f) Usage of water from sewage treatment plant in thermal generating station.

(2) In case of de-capitalisation of assets of a generating company or the transmission licensee, as the case may be, the original cost of such asset as on the date of de-capitalisation shall be deducted from the value of gross fixed asset and corresponding loan as well as equity shall be deducted from outstanding loan and the equity respectively in the year such de-capitalisation takes place with corresponding adjustments in cumulative depreciation and cumulative repayment of loan, duly taking into consideration the year in which it was capitalized.

90. The Petitioner has submitted that the projected additional capital expenditure has been claimed under various provisions of Regulation 24, Regulation 25 and Regulation 26 of the 2019 Tariff Regulations, wherein, some of the admitted capital

expenditure works have been spilled over from the period 2014-19. Further, the Petitioner vide affidavit dated 15.7.2021, has revised the claim for additional capital expenditure for the period 2019-24. Based on this, the details of additional capital expenditure claimed by the Petitioner vide affidavit dated 15.7.2021 are as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
A. Regulation 25(2)(c) of the 2019 Tariff Regulations					
1	Upgradation of SCADA system	800.00	"The present SCADA System was supplied and commissioned by Toshiba, Japan in the year 2008. The hardware and software supplied by Toshiba as a part of SCADA System is obsolete now and no Technical Support is available at present. Additionally, Power Station is facing other operational problems as listed below: 1. Operational Problems: The operator workstations are getting hang frequently. The same may happen during starting / stopping of the units or during any other critical activity. The system needs frequent restarts and thus hampering the operational activity. Also, some of the basic functions such as Automatic Report Generation etc. are not working, due to some corrupted software functions. For rectifying the above issues, we need to replace the existing software / hardware with the latest available systems.	Considering the submissions of the Petitioner and keeping in view that the expenditure claimed are on account of replacement of asset /works due to obsolescence of technology, the claims of the Petitioner *(@sl. nos. 1&2)* **are allowed** under Regulation 25(2)(c) of the 2019 Tariff Regulations. The de- capitalization of old asset/work has been considered under 'gross value'. The Petitioner is also directed to submit complete scheme details, work orders and audited expenditure in terms	800.00

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
			2. Installation of NAS for Long-Term Data Storage: At present, the historic data is stored in the local hard disk of the operator workstations, which has got limited storage capacity. The present storage capacity is for 10 days only. After that the data gets overwritten. As such, we need to transfer the data to external media (external HDD) in every 10 days. Also, for retrieval of the data, we need to search for the respective file in the external media and transfer the file to the Workstation hard disk. Possibility of losing of valuable data exists during long term storage of data in external portable media. As such, it is proposed to install Network Attached Storage Systems (NAS) for long term data storage, for safe and reliable data storage. Long-term storage of data is essential in view of the fact that the data need to be produced to external entities such as RLDCs, CES, CERC etc. as and when sought by them. 3. Requirement of Historian Software for Data Storage & Retrieval: After installation of NAS, as mentioned above, Historian software will also be required for automatic archiving of data into NAS and retrieving of data from NAS, as and when required. 4. Replacement of Windows XP-based Services: The present software supplied by Toshiba is based on Windows XP. However, no security patches are available for Windows XP and are thus vulnerable to security threats, even if the same is not connected to external LAN. The replacement of XP-based services is a topic of discussion in the cyber security forums. 5. Replacement of Obsolete Hardware Components: With replacement of the obsolete	of scheme and work order at the time of true up of tarff.	

S. No	Details of the claim	Amount claimed	Justification submitted by the Petitioner	Remarks on admissibility	Amount Allowed
			hardware components (the present configuration is Pentium 4 CPU, 2.6 GHz 512 MB RAM), we can switch over to latest, fast & reliable operator workstations for the Power Station. SCADA System shall be put in use in during Annual Maintenance of FY 2022-23. Complete System will be put to use as a whole. Refer item at Sl. No 1 of Form 9B(i) of FY 2022-23. Further as per Cyber Security Audit certain updation has been proposed in the already installed SCADA System. The report has been attached as Appendix-Z"		
2	Purchase of One no of Fire Tender	31.00	"CERC vide order dated 16.8.2016 (Item no I(2) 2017-18) has allowed purchase of One no of Fire Tender on replacement basis. Refer item at Sl. No 1 of Form 9B(i) of FY 2022-23 Reason for Delay: The vehicle has completed its useful life in terms of year but not completed in terms of running Kilometres till FY 2021-22. Hence this proposal got matured in FY 2020-21. This vehicle has already completed its useful life as per NHPC disposal policy and many times it is not performing up to mark. Hence, it has been proposed to purchase one new fire tender in replacement of old one. Reason for Increase in Cost: Due to inflation and change in models as well as emission norms , the vehicle price enhanced time to time by the manufacturers, the projected cost has been increased."		31.00

			17.02.2002 has completed its life. Frequent breakdown occurred in this equipment. Since loader is very useful for various works at Power Station, hence it is proposed to purchase a new loader in replacement of the existing one. "		
	Sub-total (A)	**50.00**			**50.00**
B. Regulation 25(2)(c) of the 2019 Tariff Regulations					
1	Purchase of Server	16.00	"Domain Controller and Additional Domain Controller both Servers were purchased in the year 2016. The cost of the server is amounting to Rs 15.74 lakh. As per IT Policy, new server to be replaced after 6 years. Hence this proposal has been kept on replacement basis. NHPC's Disposal Policy for IT hard ware is attached. Refer to Annexure A, Page No. 10-11. (Appendix AC 2019-24) New features will be as per latest available technology."	Considering the submissions of the Petitioner and keeping in view that the expenditure is on account of replacement of asset/work due to obsolescence of technology, the claim of the Petitioner **is allowed** under Regulation 25(2)(c) of the 2019 Tariff Regulations. The de-capitalization of old asset/work has been considered under 'De-capitalization'	16.00
	Sub-total (B)	**16.00**			**16.00**
	Total (A+B)	**66.00**			**66.00**

95. In view of the above, the total additional capital expenditure allowed under Regulation 25(2)(a), 25(2)(c) is Rs 66.00 lakh (i.e Rs 50.00 lakh + Rs 16.00 lakh).

96. The summary of the additional capital expenditure allowed is as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
52.51	108.97	235.72	851.00	66.00

De-capitalization

97. The Petitioner has claimed the following de-capitalization, as per Form 9Bi, as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
12.06	32.11	40.40	394.36	13.46

98. It is noticed that the Petitioner has claimed projected decapitalization for assets like Ambulance, 90 HP submersible pump, 5 MVA transformer, buses, trucks, SCADA DG sets 500 KVA etc. The same has been considered for the purpose of tariff. However, the Petitioner is directed to furnish the gross value of old replaced asset as per books at the time of truing up for the period 2019-24.

99. The Petitioner has claimed projected expenditure of Rs.63.72 lakh under Regulation 25 (2) (a) of the 2019 Tariff Regulations, towards the Procurement of 5 MVA Transformer, on replacement basis in 2021-22. However, it is observed that the Petitioner has claimed projected decapitalization for 5 MVA transformer asset twice in 2020-21 and 2021-22 of (-) Rs 29.36 lakh, in its revised affidavit. Therefore, we consider it prudent to disallow the projected decapitalization of the asset in 2020-21 as the Petitioner has claimed the same, in 2021-22, and allow the same in 2021-22. Accordingly, the decapitalization allowed is as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
12.06	2.76	40.40	394.36	13.46

Assumed Deletion

100. The Petitioner has claimed additional capital expenditure for Control Metering & Protection System purchase of RTU during 2020-21 on replacement basis. However, the Petitioner has not provided the gross value of old asset. In absence of the same, as per consistent methodology adopted by the Commission, the

expenditure on replacement of assets, if found justified, is to be allowed for the purpose of tariff, provided that the capitalization of the said asset is followed by the de-capitalization of the original value of the old asset. However in the instant case, in absence of the original value of the asset being decapitalized, the same i.e. assumed deletion value is calculated by de-escalating the original value of new asset @ 5% per annum till the year of capitalization of the old asset.

101. Accordingly, based on above methodology, the projected decapitalization value of old asset has been worked out as shown below:

(Rs. in lakh)

		Assumed Deletions for old asset Claimed	**Assumed Deletions for old asset Allowed**
2020-21			
1	Control Metering & Protection System purchase of RTU.	0.00	13.26

102. The total decapitalization considered under 'Assumed Deletions' is as under:

(Rs. in lakh)

2019-20	**2020-21**	**2021-22**	**2022-23**	**2023-24**
0.00	13.26	0.00	0.00	0.00

Discharge of liabilities

103. The closing balance of undischarged liabilities as on 31.3.2019 is Rs. 5625.22 lakh. The Petitioner has claimed discharge of liabilities of Rs. 1279.32 lakh, in 2019-20 and Rs 6.41 lakh in 2021-22 and the same is allowed. Therefore, the closing balance of undischarged liabilities as on 31.3.2024, is Rs. 4339.49 lakh. Accordingly, the summary of discharge of liabilities allowed is as under:

(Rs. in lakh)

		2019-20	**2020-21**	**2021-22**	**2022-23**	**2023-24**
A	Opening undischarged liabilities	5625.22	4345.89	4345.89	4339.49	4339.49
B	Liabilities corresponding to additional capital expenditure allowed during the year	0.00	0.00	0.00	0.00	0.00

		2019-20	2020-21	2021-22	2022-23	2023-24
C	Discharges of liabilities during the year	1279.32	0.00	6.41	0.00	0.00
E	**Closing undischarged liabilities (A+B-C)**	**4345.89**	**4345.89**	**4339.49**	**4339.49**	**4339.49**

Additional capital expenditure (net) allowed for the period 2019-24

104. In view of above, the net additional capital expenditure allowed for the period 2019-24 is as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Additional capital expenditure allowed (a)	52.51	108.97	235.72	851.00	66.00
Less: De-capitalisation considered including assumed deletion (b)	12.06	2.76	40.40	394.36	13.46
Less: De-capitalisation considered under assumed deletion (c)	0.00	13.26	0.00	0.00	0.00
Discharge of liabilities (d)	1279.32	0.00	6.41	0.00	0.00
Net additional capital expenditure allowed (d)=(a)-(b)-(c)+(d)	**1319.77**	**92.96**	**201.73**	**456.64**	**52.54**

Capital cost approved for the period 2019-24

105. Accordingly, the capital cost allowed for the period 2019-24, is as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Opening Capital Cost	277727.93	279047.70	279140.66	279342.39	279799.03
Net Additional capital expenditure allowed during the year/ period	1319.77	92.96	201.73	456.64	52.54
Closing Capital Cost	**279047.70**	**279140.66**	**279342.39**	**279799.03**	**279851.57**

Debt-Equity Ratio

106. Regulation 18 of the 2019 Tariff Regulations provides as under:

> *"18. Debt-Equity Ratio: (1) For new projects, the debt-equity ratio of 70:30 as on date of commercial operation shall be considered. If the equity actually deployed is more than 30% of the capital cost, equity in excess of 30% shall be treated as normative loan:*
>
> *Provided that:*
>
> *i. where equity actually deployed is less than 30% of the capital cost, actual equity shall be considered for determination of tariff:*
> *ii. the equity invested in foreign currency shall be designated in Indian rupees on the date of each investment:*

iii. any grant obtained for the execution of the project shall not be considered as a part of capital structure for the purpose of debt: equity ratio.

Explanation-The premium, if any, raised by the generating company or the transmission licensee, as the case may be, while issuing share capital and investment of internal resources created out of its free reserve, for the funding of the project, shall be reckoned as paid up capital for the purpose of computing return on equity, only if such premium amount and internal resources are actually utilised for meeting the capital expenditure of the generating station or the transmission system.

(2) The generating company or the transmission licensee, as the case may be, shall submit the resolution of the Board of the company or approval of the competent authority in other cases regarding infusion of funds from internal resources in support of the utilization made or proposed to be made to meet the capital expenditure of the generating station or the transmission system including communication system, as the case may be.

(3) In case of the generating station and the transmission system including communication system declared under commercial operation prior to 1.4.2019, debt:equity ratio allowed by the Commission for determination of tariff for the period ending 31.3.2019 shall be considered:

Provided that in case of a generating station or a transmission system including communication, system which has completed its useful life as on or after 1.4.2019, if the equity actually deployed as on 1.4.2019 is more than 30% of the capital cost, equity in excess of 30%shall not be taken into account for tariff computation;

Provided further that in case of projects owned by Damodar Valley Corporation, the debt: equity ratio shall be governed as per sub-clause (ii) of clause (2) of Regulation 72 of these regulations.

(4) In case of the generating station and the transmission system including communication system declared under commercial operation prior to 1.4.2019, but where debt: equity ratio has not been determined by the Commission for determination of tariff for the period ending 31.3.2019, the Commission shall approve the debt: equity ratio in accordance with clause (1) of this Regulation.

(5) Any expenditure incurred or projected to be incurred on or after 1.4.2019 as may be admitted by the Commission as additional capital expenditure for determination of tariff, and renovation and modernisation expenditure for life extension shall be serviced in the manner specified in clause (1) of this Regulation."

107. In terms of the above regulations, the debt equity ratio in the admitted additional capital expenditure is 70:30, after adjustment of un-discharged liability, are as under:

(Rs. in lakh)

	As on 1.4.2019		Additional Capitalization		De-capitalization		As on 31.3.2024	
	Amount	(in %)	Amount	(in %)	Amount	(in %)	Amount	(in %)
Debt	164225.82	59.13	1819.95	70.00	281.54	59.11	165764.23	59.23
Equity	113502.11	40.87	779.98	30.00	194.75	40.89	114087.34	40.77
Total	**277727.93**	**100.00**	**2599.93**	**100.00**	**476.29**	**100.00**	**279851.57**	**100.00**

Return on Equity

108. Regulations 30 and 31 of the 2019 tariff Regulations provide as under:

"30. Return on Equity

(1) Return on equity shall be computed in rupee terms, on the equity base determined in accordance with Regulation 18 of these regulations.

(2) Return on equity shall be computed at the base rate of 15.50% for thermal generating station, transmission system including communication system and run-of river hydro generating station, and at the base rate of 16.50% for the storage type hydro generating stations including pumped storage hydro generating stations and run-of river generating station with pondage:

Provided that return on equity in respect of additional capitalization after cut-off date beyond the original scope excluding additional capitalization due to Change in Law, shall be computed at the weighted average rate of interest on actual loan portfolio of the generating station or the transmission system;

Provided further that:

i. In case of a new project, the rate of return on equity shall be reduced by 1.00% for such period as may be decided by the Commission, if the generating station or transmission system is found to be declared under commercial operation without commissioning of any of the Restricted Governor Mode Operation (RGMO) or Free Governor Mode Operation (FGMO), data telemetry, communication system up to load dispatch centre or protection system based on the report submitted by the respective RLDC;

ii. in case of existing generating station, as and when any of the requirements under (i) above of this Regulation are found lacking based on the report submitted by the concerned RLDC, rate of return on equity shall be reduced by 1.00% for the period for which the deficiency continues;

iii. in case of a thermal generating station, with effect from 1.4.2020:

a) rate of return on equity shall be reduced by 0.25% in case of failure to achieve the ramp rate of 1% per minute;

b) an additional rate of return on equity of 0.25% shall be allowed for every incremental ramp rate of 1% per minute achieved over and above the ramp rate of 1% per minute, subject to ceiling of additional rate of return on equity of 1.00%:

Provided that the detailed guidelines in this regard shall be issued by National Load Dispatch Centre by 30.6.2019.

31. Tax on Return on Equity:

(1) The base rate of return on equity as allowed by the Commission under Regulation 30 of these regulations shall be grossed up with the effective tax rate of the respective financial year. For this purpose, the effective tax rate shall be considered on the basis of actual tax paid in respect of the financial year in line with the provisions of the relevant Finance Acts by the concerned generating company or the transmission licensee, as the case may be. The actual tax paid on income from other businesses including deferred tax liability (i.e. income from business other than business of generation or transmission, as the case may be) shall be excluded for the calculation of effective tax rate.

(2) Rate of return on equity shall be rounded off to three decimal places and shall be computed as per the formula given below:

Rate of pre-tax return on equity = Base rate / (1-t)

Where "t" is the effective tax rate in accordance with clause (1) of this Regulation and shall be calculated at the beginning of every financial year based on the estimated profit and tax to be paid estimated in line with the provisions of the relevant Finance Act applicable for that financial year to the company on pro-rata basis by excluding the income of non-generation or non-transmission business, as the case may be, and the corresponding tax thereon. In case of generating company or transmission licensee paying Minimum Alternate Tax (MAT), "t" shall be considered as MAT rate including surcharge and cess.

Illustration-

(i) In case of a generating company or a transmission licensee paying Minimum Alternate Tax (MAT) @ 21.55% including surcharge and cess: Rate of return on equity = 15.50/(1-0.2155) = 19.758%

(ii) In case of a generating company or a transmission licensee paying normal corporate tax including surcharge and cess:

(a) Estimated Gross Income from generation or transmission business for 2019-20 is Rs. 1,000 Crore;

(b) Estimated Advance Tax for the year on above is Rs. 240 Crore;

(c) Effective Tax Rate for the year 2019-20 = Rs. 240 Crore/Rs. 1000 Crore = 24%;

(d) Rate of return on equity = 15.50/ (1-0.24) = 20.395%.

(3) The generating company or the transmission licensee, as the case may be, shall true up the grossed up rate of return on equity at the end of every financial year based on actual tax paid together with any additional tax demand including interest thereon, duly adjusted for any refund of tax including interest received from the income tax authorities pertaining to the tariff period 2019-24 on actual gross income of any financial year. However, penalty, if any, arising on account of delay in deposit or short deposit of tax amount shall not be claimed by the generating company or the transmission licensee, as the case may be. Any under-recovery or over-recovery of grossed up rate on return on equity after truing up, shall be recovered or refunded to beneficiaries or the long term customers, as the case may be, on year to year basis."

109. The Return on Equity (ROE) for the existing asset base and the additional capital expenditure allowed, in this order for asset/works within the original scope of work, has been calculated by grossing up the base ROE at MAT rate of 17.472% as submitted by the Petitioner. Further, based on the additional capital expenditure which are beyond the original scope, excluding the additional capitalization due to change in law, ROE has been calculated considering the weighted average rate of interest claimed by the Petitioner of the relevant year grossed up at MAT rate of 17.472% . Accordingly, ROE has been worked out and allowed as under:

ROE at Normal Rate

Interest on Loan

110. Regulation 32 of the 2019 Tariff Regulations provides as under:

"32. Interest on loan capital:

(1) The loans arrived at in the manner indicated in Regulation 18 of these regulations shall be considered as gross normative loan for calculation of interest on loan.

(2) The normative loan outstanding as on 1.4.2019 shall be worked out by deducting the cumulative repayment as admitted by the Commission up to 31.3.2019 from the gross normative loan.

(3) The repayment for each of the year of the tariff period 2019-24 shall be deemed to be equal to the depreciation allowed for the corresponding year/period. In case of decapitalization of assets, the repayment shall be adjusted by taking into account cumulative repayment on a pro rata basis and the adjustment should not exceed cumulative depreciation recovered up to the date of de-capitalisation of such asset.

(4) Notwithstanding any moratorium period availed by the generating company or the transmission licensee, as the case may be, the repayment of loan shall be considered from the first year of commercial operation of the project and shall be equal to the depreciation allowed for the year or part of the year.

(5) The rate of interest shall be the weighted average rate of interest calculated on the basis of the actual loan portfolio after providing appropriate accounting adjustment for interest capitalized:

Provided that if there is no actual loan for a particular year but normative loan is still outstanding, the last available weighted average rate of interest shall be considered;

Provided further that if the generating station or the transmission system, as the case may be, does not have actual loan, then the weighted average rate of interest of the generating company or the transmission licensee as a whole shall be considered.

(6) The interest on loan shall be calculated on the normative average loan of the year by applying the weighted average rate of interest

(7) The changes to the terms and conditions of the loans shall be reflected from the date of such re-financing."

111. Interest on loan has been computed as under:

i) The gross normative loan amounting to Rs. 164225.82 lakh as on 31.3.2019, as considered in this order, has been considered as opening gross normative loan as on 1.4.2019.

ii) Cumulative repayment amounting to Rs. 139942.53 lakh as on 31.3.2019, as considered in this order, has been considered as on 1.4.2019.

iii) Accordingly, the net normative opening loan as on 1.4.2019 works out to Rs. 24283.29 lakh.

iv) Addition to normative loan on account of additional capital expenditure approved above have been considered.

v) The Petitioner has claimed interest on loan considering weighted average rate of interest (WAROI) of 7.627% in 2019-20, 7.347% in 2020-21, 9.126% in 2021-22, 9.212% in 2022-23 and 9.355% in 2023-24. The same has been considered for tariff.

vi) Depreciation allowed has been considered as repayment of normative loan during the respective year of the period 2019-24. Further, repayments have been adjusted for de-capitalization of assets considered for the purpose of tariff.

112. Interest on loan has been worked out as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24

Depreciation

113. Regulation 33 of the 2019 Tariff Regulations provides as under:

> *"33. Depreciation:*
>
> *(1) Depreciation shall be computed from the date of commercial operation of a generating station or unit thereof or a transmission system or element thereof including communication system. In case of the tariff of all the units of a generating station or all elements of a transmission system including communication system for which a single tariff needs to be determined, the depreciation shall be computed from the effective date of commercial operation of the generating station or the transmission system taking into consideration the depreciation of individual units:*
>
> *Provided that effective date of commercial operation shall be worked out by considering the actual date of commercial operation and installed capacity of all the units of the generating station or capital cost of all elements of the transmission system, for which single tariff needs to be determined.*
>
> *(2) The value base for the purpose of depreciation shall be the capital cost of the asset admitted by the Commission. In case of multiple units of a generating station or multiple elements of a transmission system, weighted average life for the generating station of the transmission system shall be applied. Depreciation shall be chargeable from the first year of commercial operation. In case of commercial operation of the asset for part of the year, depreciation shall be charged on pro rata basis.*
>
> *(3) The salvage value of the asset shall be considered as 10% and depreciation shall be allowed up to maximum of 90% of the capital cost of the asset:*

Provided that the salvage value for IT equipment and software shall be considered as NIL and 100% value of the assets shall be considered depreciable;

Provided further that in case of hydro generating stations, the salvage value shall be as provided in the agreement, if any, signed by the developers with the State Government for development of the generating station:

Provided also that the capital cost of the assets of the hydro generating station for the purpose of computation of depreciated value shall correspond to the percentage of sale of electricity under long-term power purchase agreement at regulated tariff:

Provided also that any depreciation disallowed on account of lower availability of the generating station or unit or transmission system as the case may be, shall not be allowed to be recovered at a later stage during the useful life or the extended life.

(4) Land other than the land held under lease and the land for reservoir in case of hydro generating station shall not be a depreciable asset and its cost shall be excluded from the capital cost while computing depreciable value of the asset.

(5) Depreciation shall be calculated annually based on Straight Line Method and at rates specified in Appendix-I to these regulations for the assets of the generating station and transmission system:

Provided that the remaining depreciable value as on 31st March of the year closing after a period of 12 years from the effective date of commercial operation of the station shall be spread over the balance useful life of the assets.

(6) In case of the existing projects, the balance depreciable value as on 1.4.2019 shall be worked out by deducting the cumulative depreciation as admitted by the Commission up to 31.3.2019 from the gross depreciable value of the assets.

(7) The generating company or the transmission licensee, as the case may be, shall submit the details of proposed capital expenditure five years before the completion of useful life of the project along with justification and proposed life extension. The Commission based on prudence check of such submissions shall approve the depreciation on capital expenditure.

(8) In case of de-capitalization of assets in respect of generating station or unit thereof or transmission system or element thereof, the cumulative depreciation shall be adjusted by taking into account the depreciation recovered in tariff by the de-capitalized asset during its useful services."

114. The cumulative depreciation amounting to Rs. 146506.80 lakh as on 31.3.2019, has been considered for the purpose of tariff. The COD of the generating station is 10.4.2008, and the project has completed more than 12 years of commercial operation in 2020-21. Hence, the remaining depreciable value has been spread over the balance useful life of the generating station. In terms of the 2014 Tariff Regulations, the useful life of a hydro generating station was 35 years. However, the 2019 Tariff Regulations stipulates that the useful life of a hydro generating station is 40 years. Accordingly, the balance useful life of the generating

station as on 1.4.2019, has been considered as 29.03 years, in line with the 2019 Tariff Regulations. Accordingly, depreciation has been computed as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Opening Gross block **(A)**	277727.93	279047.70	279140.66	279342.39	279799.03

Operation & Maintenance Expenses

115. The Petitioner has claimed the following O&M expenses:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
O&M expense allowed as Regulation 35(2)(a) of the 2019 Tariff Regulations	12186.58	12767.46	13376.02	14013.60	14681.56
Additional O&M expenses due 3rd PRC applicable to CPSUs	1431.99	1500.29	1571.86	1646.83	1725.39
Additional O&M expenses due to 7th Pay Commission wage Revision of Kendriya Vidyalya Staff	30.26	31.70	33.22	34.80	36.46
Additional O&M expenses due to	161.88	169.60	177.69	186.16	195.04

	2019-20	2020-21	2021-22	2022-23	2023-24
(GST)					
Total O&M Expenses	**13810.70**	**14469.05**	**15158.78**	**15881.40**	**16638.45**
Security Expenses (estimated)	623.80	653.55	684.73	717.39	751.61

116. Regulation 35(2)(a) of the 2019 Tariff Regulations provides as under:

> *(2) Hydro Generating Station: (a) Following operations and maintenance expense norms shall be applicable for hydro generating stations which have been operational for three or more years as on 1.4.2019:*

(Rs. in lakh)

	2019-20	2022-21	2021-22	2022-23	2023-24
Teesta V	*12186.58*	*12767.46*	*13376.02*	*14013.60*	*14681.56*

Note: The impact in respect of revision of minimum wage, pay revision and GST, if any, will be considered at the time of determination of tariff.

117. The generating station is in operation for more than 3 years, as on 1.4.2019. As the normative O&M expenses claimed by the Petitioner above, is in terms of Regulation 35(2)(a) of the 2019 Tariff Regulations, the same is allowed.

Additional O& M Expenses

118. The Petitioner has claimed additional O&M expenses on account of the impact of wage/ pay revision, Security Expenses and GST as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Additional O&M expenses due to 7th Pay Commission wage revision- 3rd PRC applicable to CPSUs **(a)**	1431.99	1500.29	1571.86	1646.83	1725.39
Additional O&M expenses due to 7th Pay Commission wage revision of Kendriya Vidyalaya (KV) Staff **(b)**	30.26	31.70	33.22	34.80	36.46
Impact of Goods & Service Tax **(c)**	161.88	169.60	177.69	186.16	195.04
Security Expenses **(d)**	623.80	653.55	684.73	717.39	751.61
Total O&M Expenses claimed (a+b+c+d)	**2247.92**	**2355.15**	**2467.49**	**2585.19**	**2708.50**

Impact of wage revision (due to 3rd Pay Revision Commission and enhancement of gratuity)

119. It is noticed that the Petitioner has claimed additional O&M expenses of Rs. 1431.99 lakh in 2019-20, based on the impact of pay revision of the Petitioner's staff

for Rs. 1366.79 lakh in 2018-19. In this regard, it is pertinent to mention that Petition No. 231/MP/2019 was filed by the Petitioner seeking recovery of the additional O&M expenses for the generating station due to the impact of wage revision for the period 2014-19 and the Commission vide order dated 10.11.2022 had considered an amount of Rs. 1366.79 lakh as impact of wage revision during 2018-19. As such, the impact of wage revision in 2019-20 (after escalating @ 4.77% the above allowed in 2018-19) works out to Rs. 1431.99 lakh. Accordingly, the claim of the Petitioner for Rs. 1431.99 lakh in 2019-20 is considered and is thereafter escalated @4.77% per annum during the further years of the period 2019-24 is allowed as additional O&M expenses due to pay revision of the Petitioner's staff as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
1431.99	1500.29	1571.86	1646.83	1725.39

Impact of wage revision of KV/DAV staff

120. As regards the claim of Petitioner towards the impact of pay revision of KV/DAV staff, it is pertinent to mention that the Commission in its order dated 10.11.2022 in Petition No 231/MP/2019 (as stated above) had considered an amount of Rs. 54.69 lakh as impact of wage revision of the KV/DAV staff in 2018-19. As such, the impact of wage revision in 2019-20 (after escalating @ 4.77% on the above allowed amount in 2018-19) works out to Rs. 57.30. Accordingly, the claim of the Petitioner for Rs. 30.26 lakh in 2019-20, is considered (being lower) and the same is thereafter escalated @4.77% per annum for the relevant years of the period 2019-24, and is accordingly allowed as additional O&M expenses due to pay revision of KV/DAV staff subject to true-up as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
30.26	31.70	33.22	34.80	36.46

121. The total additional O&M on account of wage revision as allowed by the Commission is summarized as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
1462.25	1531.99	1605.08	1681.63	1761.85

Goods & Service Tax

122. The Respondent GRIDCO, has submitted that the Petitioner is seeking the grant of GST without furnishing the documents in support of the said claim. It has further submitted that the Petitioner may be directed to furnish the details of such Taxable Services with corresponding GST, failing which the above claim for GST may not be allowed. In response, the Petitioner has submitted that it has furnished the auditor's certificate for additional impact of GST.

123. The matter has been considered. It is noticed that the Petitioner has submitted the total GST amount of Rs. 206.77 lakh for the period from 1.7.2017 to 31.3.2019, based on the actual audited accounts for 21 months (Rs. 52.27 lakh in 2017-18 and Rs.154.51 lakh in 2018-19). On scrutiny of the details, it is noticed that the claim of Petitioner also includes impact of GST on security expenses, which is summarized below:

(Rs in lakh)

Sl. No.	Year	Security Services	Operational Services	Total
1	2017-18	8.93	43.34	52.27
2	2018-19 (till Dec.18)	9.36	101.81	111.17
3	2018-19 (1.1.19 to 31.3.19)	3.69	39.65	43.34
	Total	**21.98**	**184.80**	**206.77**

124. As per Regulation 35(2)(d) of the 2019 Tariff Regulations, Security expenses shall be allowed separately, after prudence check. Hence, excluding the security

service expenses, the same works out as Rs. 184.80 lakh, as shown in the table above, for the period from 1.7.2017 to 31.3.2019. This has been normalized and an amount of Rs.110.63 lakh has been worked out for 2019-20 (after escalating above amount of Rs.105.60 lakh @ 4.77%). Accordingly, the base value of 2019-20 has been escalated @4.77% and GST impact has been worked out and allowed for the period 2020-24, as per note under Regulation 35(2)(a) of the 2019 Tariff Regulations as under: w

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
110.63	115.91	121.44	127.23	133.30

Capital Spares

125. As regards capital spares, the Petitioner has submitted that same will be claimed at the time of truing-up of tariff based on the actual expenses incurred. In view of this, the capital spares have not been considered in this order.

Security Expenses

126. Regulation 35(2)(c) of 2019 Tarff Regulations provides as under:

> *"(c) The Security Expenses and Capital Spares for hydro generating stations shall be allowed separately after prudence check:*
> *Provided further that the generating station shall submit the assessment of the security requirement and estimated expenses, the details of year-wise actual capital spares consumed at the time of truing up with appropriate justification."*

127. The estimated security expenses claimed by the Petitioner, based on security requirement of the generating station is as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
623.80	653.55	684.73	717.39	751.61

128. The Petitioner has claimed actual security expenses of Rs. 595.40 lakh in 2018-19 and has escalated the same at the rate of 4.77%. Considering the security requirements of the generating station, we allow the projected security expenses

as claimed by the Petitioner above, for the period 2019-24. The Petitioner is however, directed to submit the actual security expenses incurred, duly audited, at the time of truing up of tariff.

129. Accordingly, the O&M expenses allowed for the generating station are as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Normative O&M expenses **(a)**	12186.58	12767.46	13376.02	14013.60	14681.56
Additional O&M expenses due to 7th Pay Commission wage revision- 3rd PRC applicable to CPSUs **(b)**	1431.99	1500.29	1571.86	1646.83	1725.39
Additional O&M expenses due to 7th Pay Commission wage Revision of Kendriya Vidyalaya Staff**(c)**	30.26	31.70	33.22	34.80	36.46
GST **(d)**	110.63	115.91	121.44	127.23	133.30
Total expenses excluding Security Expenses(e=a+b+c+d)	**13759.46**	**14415.36**	**15102.54**	**15822.46**	**16576.71**
Security Expenses **(f)**	623.80	653.55	684.73	717.39	751.61
Total additional O&M Expenses (g=e+f)	**14383.26**	**15068.91**	**15787.27**	**16539.85**	**17328.32**

Interest on Working Capital

130. Sub-section (c) of clause (1) of Regulation 34 of the 2019 Tariff Regulations provides as under:

> *"34. Interest on Working Capital: (1) The working capital shall cover*
> *(c) For Hydro generating station (Including Pumped Storage Hydro Generating Station) and transmission system:*
> *(i) Receivables equivalent to 45 days of annual fixed cost;*
> *(ii) Maintenance spares @ 15% of operation and maintenance expense including security expenses; and*
> *(iii) Operation and maintenance expenses including security expenses for one month"*

131. Regulation 34(3) of the 2019 Tariff Regulations provides as under:

> *"34(3) Rate of interest on working capital shall be on normative basis and shall be considered as the bank rate as on 1.4.2014 or as on 1st April of the year during the tariff period 2019-24 in which the generating station or a unit thereof or the transmission system including communication system or element thereof, as the case may be, is declared under commercial operation, whichever is later." Provided that in*

case of truing-up, the rate of interest on working capital shall be considered at bank rate as on 1st April of each of the financial year during the tariff period 2019-24."

Working Capital for Receivables

132. The Receivable component of working capital has been worked out based on 45 days of fixed cost as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
6620.62	6608.88	5202.99	5302.53	5409.86

Working Capital for Maintenance Spares

133. Maintenance spares @15% of O&M expenses are worked out and allowed as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
2157.49	2260.34	2368.09	2480.98	2599.25

Working capital for O&M Expenses

134. O&M expenses for 1 month for the purpose of working capital are as under:

(Rs. in lakh)

2019-20	2020-21	2021-22	2022-23	2023-24
1198.61	1255.74	1315.61	1378.32	1444.03

Rate of Interest on Working Capital

135. The Petitioner has claimed rate of interest on working capital @12.05% for each year. The Respondent has submitted that the interest rate should be linked to bank rate. The matter has been considered and in line with the Regulation 34(3) of the 2019 Tariff Regulations, the rate of interest on working capital is considered as 12.05% (i.e. 1 year SBI MCLR of 8.55% as on 01.04.2019 + 350 bps) for the year 2019-20, 11.25% (i.e. 1 year SBI MCLR of 7.75% as on 01.04.2020 + 350 bps) for the year 2020-21,10.50% (i.e. 1 year SBI MCLR of 7.00% as on 01.04.2021 + 350 bps) for the year 2021-22, 10.50% (i.e. 1 year SBI MCLR of 7.00% as on 01.04.2022 + 350 bps) for the period 2022-23 and 12.00% (i.e. 1 year SBI MCLR of 8.50% as

on 01.04.2023 + 350 bps) for the period 2023-24). Accordingly, Interest on working capital has been computed as under:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Working capital for O&M expenses (one month)	1198.61	1255.74	1315.61	1378.32	1444.03
Working capital for Maintenance Spares	2157.49	2260.34	2368.09	2480.98	2599.25
Working capital for Receivables	6620.62	6608.88	5202.99	5302.53	5409.86
Total Working capital	9976.71	10124.96	8886.69	9161.83	9453.13
Rate of interest (%)	12.050%	11.250%	10.500%	10.500%	12.000%
Interest on Working capital	**1202.19**	**1139.06**	**933.10**	**961.99**	**1134.38**

Annual Fixed Charges approved for the period 2019-24

136. Based on the above, the annual fixed charges approved for the generating station for the period 2019-24 is summarized below:

(Rs. in lakh)

	2019-20	2020-21	2021-22	2022-23	2023-24
Depreciation	14184.12	14220.11	2702.85	2715.22	2734.45
Interest on loan	1346.68	405.16	0.00	0.00	0.00
Return on Equity	22731.41	22772.13	22778.83	22792.35	22803.02
Interest on Working capital	1202.19	1139.06	933.10	961.99	1134.38
O&M Expenses	13759.46	14415.36	15102.54	15822.46	16576.71
Security Expenses	623.80	653.55	684.73	717.39	751.61
Total*	**53847.67**	**53605.37**	**42202.06**	**43009.41**	**44000.17**

**Including security expenses. Note: (1) All figures are on annualized basis. (2) All figures under each head have been rounded. The figure in total column in each year is also rounded. As such the sum of individual items may not be equal to the arithmetic total of the column .*

137. The annual fixed charges allowed as above, are subject to truing-up, in terms of Regulation 13 of the 2019 Tariff Regulations.

Normative Annual Plant Availability Factor (NAPAF)

138. The Petitioner has claimed NAPAF of 87% in terms of Regulation 50(A)(4) of the 2019 Tariff Regulations, which provides as under:

> *50. Norms of Operation for Hydro Generating Stations: The norms of operation as given hereunder shall apply to hydro generating station:*
>
> *(A) Normative Annual Plant Availability Factor (NAPAF): (1) The following normative annual plant availability factor (NAPAF) shall apply to hydro generating station:*

(a) Storage and Pondage type plants with head variation between Full Reservoir Level (FRL) and Minimum Draw Down Level (MDDL) of up to 8%, and where plant availability not affected by silt: 90%.

(b) In case of storage and pondage type plants with head variation between full reservoir level and minimum draw down level is more than 8% and when plant availability is not affected by silt, the month wise peaking capability as provided by the project authorities in the DPR (approved by CEA or the State Government) shall form basis of fixation of NAPAF.

(c) Pondage type plants where plant availability is significantly affected by silt: 85%. Run-of-river generating stations: NAPAF to be determined plant-wise, based on 10-day design energy data, moderated by past experience where available/relevant….

Station	Type of Plant	Plant Capacity No. of Units x MW	NAPAF (%)
Teesta-V	Pondage	3x170	87%

139. Accordingly, NAPAF of 87% as claimed by the Petitioner is allowed.

Design Energy (DE)

140. The Commission in this order has allowed the annual Design Energy (DE) of 2572.70 million units (as approved by CEA) for the period 2014-19 in respect of this generating station. Accordingly, this DE i.e. 2572.70 Mus has been considered for this generating station for the period 2019-24, as per month-wise details as under:

Month	Design Energy (MUs)
April	160.13
May	226.23
June	314.28
July	360.47
August	360.47
September	348.84
October	284.31
November	172.48
December	119.08
January	77.07
February	63.35
March	85.99
Total	**2572.7**

Application Fee and Publication Expenses

141. The Petitioner has sought the reimbursement of fees paid by it for filing the

tariff Petition and for publication expenses in respect of the Petition. The Petitioner shall be entitled for the reimbursement of filing fees and publication expenses in connection with the present petition, directly from the beneficiaries, on pro-rata basis, in accordance with Regulation 70(1) of the 2019 Tariff Regulations.

142. Similarly, RLDC fees & charges paid by the Petitioner in terms of the Central Electricity Regulatory Commission (Fees and Charges of Regional Load Dispatch Centre and other related matters) Regulations, 2019, shall be recovered from the beneficiaries. In addition, the Petitioner is entitled recovery of statutory taxes, levies, duties, cess etc. levied by the statutory authorities in accordance with the 2019 Tariff Regulations.

Summary

143. Accordingly, the summary of the annual fixed charges claimed and allowed for the period 2019-24, is as under:

(Rs. in lakh)

Annual Fixed Charges*	2019-20	2020-21	2021-22	2022-23	2023-24
Claimed	53996.93	54064.23	42865.65	43693.81	44549.43
Allowed	**53847.67**	**53605.37**	**42202.06**	**43009.41**	**44000.17**

**Including security charges*

144. Petition No. 298/GT/2020 is disposed of in terms of the above.

A.1. DEFINITIONS APPLICABLE TO ALL SECTIONS

The terms listed below and used in this Policy of Insurance shall have the following meanings unless they are defined differently in any Section hereof or the context so requires.

Act of default	means a deliberate act regardless of whether the actual consequences of such an act were anticipated or not or a reckless failure to take the reasonably necessary precautions which a prudent insured would take to prevent loss or damage to the property insured or any deliberate act of material non-disclosure or breach of any warranty or condition of this Policy of Insurance.
Act(s) of God	means an occurrence due to natural causes, directly and exclusively without human intervention and which could not have been foreseen or if foreseen, could not have been resisted by any amount of human care or skill.
Actual Cash Value	means the cost which in the event of loss or damage to any item or part of the property insured would be necessary to replace it with one of the same age and capacity and similar make and quality, inclusive of all materials, wages, freight, customs, duties and dues.
Additional Insurance Cover	means any Additional Insurance Cover The Insured may decide to take out in any Section of this Policy of Insurance.
Consequential Loss	means any financial loss of any kind or description whatsoever, including penalties, loss of profit, loss of opportunity, losses due to delay, lack of performance or loss of contract.
Deductible	means the amount to be deducted from any payment otherwise to be made by The Insurer to The Insured.
The Insured	means all the parties named as The Insured in a Section of this Policy of Insurance and if the context so requires any one of them.
The Insurer (or Company)	means the party(ies) named as such in this Policy of Insurance. If there is more than one Insurer/Company, each Insurer/Company shall be separately liable only to indemnify The Insured for that proportion of any claim as set out in The Schedule at the end of this Policy of Insurance and the expression "The Insurer" is used for each Insurer/Company separately, unless a Lead Insurer has been agreed upon and entered expressly in The Schedule.
Insurer's agent	means an individual, firm or company appointed by The Insurer to act on its behalf.
Insured Party(ies)	means the individual, firm, company, corporation or joint venture specified as an Insured in this Policy of Insurance.
Insuring Party	means the individual, firm, company, corporation, joint venture or combination of the above named as such in this Policy of Insurance that has entered into this Policy of Insurance on behalf of itself and any other party named as an insured in any Section in this Policy of Insurance.
Language of Communication	means the language in which communication between The Insured and The Insurer under this Policy of Insurance shall take place.
Malfunction	means the failure of a data processing system, software program or built-in microprocessor to function properly or the production of wrong results.
Material change in risk	means any change in the nature, exposure, location, execution and maintenance of the property insured that a reasonably prudent insurer would consider material to the acceptance of the risk under the terms and conditions of this Policy of Insurance.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

New Replacement Value	means the costs, which would be incurred to replace the property insured at the Premises with new items of similar kind and quality at any time during the Period of Insurance.
Period of Insurance	means the period during which cover is provided by this Policy of Insurance as specified in The Schedule.
Policy of Insurance	means the Proposal, the definitions, the conditions, the exclusions, The Schedule and the Sections of this Policy of Insurance.
Premises	means the location(s) of the property insured.
Premium	means the Premium payable under this Policy of Insurance calculated in accordance with its terms.
Premium Rate	if applicable, means the rate referred to as such in The Schedule agreed between the Insuring Party and The Insurer.
Property Insured	means the Property Insured as specified in The Schedule to this Policy of Insurance.
Proposal	if applicable, means the written information submitted to The Insurer by the Insuring Party seeking insurance cover under this Policy of Insurance.
Representatives	means the directors, officers or any other individuals that have the authority to exercise administrative or executive control over the execution of a contract or over an operation or business.
The Schedule	means The Schedule to the section(s) of this Policy of Insurance in which reference is made to it.
Section	means any Section of this Policy of Insurance including The Schedule thereto.
Sum(s) Insured	means the amount of insurance cover specified in The Schedule in respect of any particular item of Property Insured or interest insured or the total amount of insurance cover specified in The Schedule as the context may require.

A.2. POLICY OUTLINE

COVERAGE:

This Policy consists of coverages summarized in The Schedule and detailed in Section I, Section II, Section III, General Conditions, General Exclusions, Specific Conditions and Specific Exclusions, which form the Policy and are attached hereto. The following summary of the scope of cover is for information purposes only, without restricting or widening the cover described in the individual sections, any claim for completeness or assuming liability:

POLICY SECTIONS:

Section – I: All Risks of Physical Loss or Damage / Non -Marine Property (excluding Machinery Insurance)

All **non - marine** property of The Insured and/or held by them in trust and/or on commission and/or in joint account with others and/or for which they have an insurable interest in case of loss or damage covered under this Policy, whilst contained in The Insured's Premise as specified in The Schedule and in all other Premises of The Insured or whilst at contractor's Premises as specified in The Schedule.

Section – II: All Risks of Physical Loss or Damage / Machinery Insurance

All Machinery and Equipment including electrical or electronic machinery of The Insured's plants including spare parts with no specification being the property of The Insured and all machinery and equipment in which The Insured has an insurable interest in case of loss or damage covered under this Policy, whilst contained in The Insured's Premises and elsewhere as specified in The Schedule

Section – III: ALL RISK OPERATIONAL BUSINESS INTERRUPTION

To indemnify The Insured in respect of Loss of Gross Profits the loss actually sustained during the indemnity period resulting from a reduction in turnover including any increased cost of working due to an interruption of The Insured's business following loss or damage to any property and / or assets insured and recoverable under Section-I.

A.4. GENERAL CONDITIONS (APPLICABLE TO ALL SECTIONS)

A.4.1. Several Liability Notice

The Insurer(s) is(are) the company or companies named in The Schedule; if there is more than one company, each company shall be separately liable only to indemnify The Insured for that proportion of any claim as set out in The Schedule of this Policy of Insurance.

A.4.2. Policy Interpretation, Rights and Obligations

A.4.2.1. Identification

This Policy of Insurance and The Schedule (which forms an integral part of this Policy) shall form the entire agreement between The Insurer and the Insuring Party and any party claiming as an insured and shall be read together as one contract and words and expressions to which specific meanings have been attached in any part of this Policy or of The Schedule shall bear such specific meanings wherever they shall appear.

This Policy of Insurance supersedes and replaces all prior communications, representations, warranties, undertakings and agreements between the parties whether oral or written.

A.4.2.2. Order of Precedence

It is understood and agreed that all printed clauses referred to herein apply insofar as they do not conflict with the typewritten wording of this Policy, the typewritten wording of this Policy taking precedence and the typewritten wordings / handwritten wordings, if any, shall be paramount.

A.4.2.3. Captions, Headings and Language

It is hereby understood and agreed that the captions and headings of the clauses are inserted herein for reference purposes only and are not part of the clauses to which they refer, the language of this Policy is deemed to be that of Insurers, i.e. English.

A.4.2.4. Assignment

Assignment or transfer of this Policy shall not be valid without the written consent of The Insurer.

A.4.2.5. Designation of Property Clause

For the purpose of determining, where necessary, the item under which any property is insured, The Insurer agrees to accept the designation under which the property has been entered in The Insured's books

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

A.4.2.6. Additional Insured (to be named in The Schedule)

It is understood and agreed that any individual, firm, corporation and/or its joint ventures, for whom or with whom The Insured may be operating is hereby named as additional Insured in The Schedule when required by contract, or as required. It is further understood and agreed that in the event there is any violation of the terms and conditions of this insurance by one Insured, it shall not affect the rights of other Insureds; including interest of mortgagees and notice of assignment in respect thereof.

A.4.2.7. Multiple Insured Clause

If in any Section The Insured comprises of more than one party each operating as a separate and distinct entity, this Policy of Insurance shall, unless otherwise provided for in this Policy of Insurance, apply as if a separate policy had been issued to each of these parties provided always that The Insurer's overall liability towards the parties that constitute The Insured in any Section shall not exceed the Sum Insured and any limits of indemnity specified in The Schedule to that section.

Any payment made by The Insurer to any Insured Party as a result of an occurrence of loss or damage shall reduce, by the amount of that payment, The Insurer's liability towards all Insured Parties that constitute The Insured arising from that occurrence under this Policy of Insurance.

A.4.2.8. Information rights of The Insurer and Confidentiality Agreement

The Insurer shall be permitted but not obligated to inspect The Insured's property and operations at any reasonable time, and The Insured shall provide The Insurer with all relevant details and information. Neither the right to make inspections nor the making thereof nor any advice or report resulting therefrom shall constitute an undertaking on behalf or for the benefit of The Insured or others to determine or warrant that such property or operations are safe and healthy or are in compliance with a law, rule or regulation. The Insurer will maintain confidential any information obtained under this Policy and not use such information except for the purposes of the Policy.

A.4.2.9. Premium payment

The required cover for which Premium was sought shall not be available to The Insured until such date that the Premium is paid by the Insuring Party and it is understood that payment of the Premium is a condition precedent to The Insurer's liability towards any Insured Party under any Section of this Policy of Insurance. Cover as agreed under this Policy would incept from the date of payment of the required Premium. The Insurer shall not be liable to indemnify The Insured or any Insured Party in respect of any occurrence happening prior to receipt of the Premium.

A.4.2.10. Sum Insured

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171 89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

It is a requirement of this Policy of Insurance that the sum(s) insured specified in The Schedule in respect of the Property Insured shall not be less than the New Replacement Value of such property.

A.4.2.11. Cancellation

This policy may be terminated at any time at the written request of the Insuring Party with twenty one days' notice.

The Insurer may cancel this Policy by giving The Insuring Party not less than 60 days prior written notice.

In either case, pro-rata daily return of Premium shall be payable to The Insuring Party for the unexpired period from the date of termination.

A.4.2.12. Expiration

If this policy should expire or be cancelled while an insured event affecting the Property Insured is in progress, it is understood and agreed that Insurers, subject to all other terms and conditions of this Policy, are responsible as if the entire loss had occurred prior to the expiration of this insurance.

A.4.2.13. Fraud and forfeiture

If an Insured Party makes any claim that is fraudulent or any false declaration or statement in support thereof, this Policy of Insurance between The Insurer and The Insured Party making such a claim shall become void and The Insurer shall not be liable to make any payment hereunder to that party.

For the avoidance of doubt, the Insuring Party shall not be entitled to any return of Premium in the event that the Policy of Insurance is treated as void.

A.4.2.14. Misdescription

If there be any material misdescription by The Insured or any one acting on his behalf of any of the property hereby insured, or of any place in which such property is contained, or of the business or Premises to which this insurance refers or any misrepresentation as to any fact material to be known for estimating the risk or any omission to state such fact, The Insurer shall not be liable under this Policy for the property affected by any such misdescription, misrepresentation or omission.

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)

E-mail : jaimal singh@newindia.co.in, jaimal sk@gamil.com

A.4.2.15. Non-Disclosure

It is also understood and agreed that this Policy shall be voidable in case of non-disclosure of material facts of The Insured.

A.4.2.16. Act of default (Breach of Conditions)

In the event of an Act of default being committed by an Insured Party or its Representatives The Insurer shall not be liable to pay any amount to the Insured Party under this Policy of Insurance.

An Act of default committed by one Insured Party or its Representatives shall not prejudice the entitlement to indemnity of any other Insured Party that has not itself (and whose Representatives have not) committed an Act of default.

In the event of The Insurer refusing to indemnify an Insured Party as a result of any Act of default no other Insured Party shall be entitled to indemnity in respect of the same loss or damage by assuming the rights or obligations of the Insured Party whose claim for indemnity The Insurer has refused or is entitled to refuse.

In the event of an Act of default The Insurer shall be entitled to claim from the Insured Party any loss or damage it may have suffered including, without limitation, any sums it may have paid to any other Insured Party as a result of any loss or damage caused or contributed to by the Insured Party or its Representatives committing an Act of default.

A.4.2.17. Material Change

As soon as is reasonably possible, any party named as the insured in any Section of this Policy of Insurance shall notify the Insuring Party of any Material change in risk of which it is aware or ought reasonably to be aware and shall take or cause to be taken at its own expense any additional precautions that may be necessary to prevent loss or damage occurring to the Property Insured as a result of such Material change in risk.

The Insuring Party shall immediately notify The Insurer in writing upon receipt of any notice from the insured.

The Insurer shall not be liable for any loss of or damage to Property Insured which would not have resulted had there not been a Material change in risk unless The Insurer has agreed to the Material change in risk in which case the scope of cover and Premium shall, if necessary, be adjusted by The Insurer to reflect the Material change in risk.

A.4.2.18. Reasonable precautions

The Insured shall take at his own expense all reasonable precautions, maintain the property in a proper state of repair and comply with all reasonable recommendations made by The Insurer, to prevent loss of or damage to the Property Insured or any liability arising under this Policy of Insurance and comply with all relevant statutory requirements.

A.4.2.19. Agreed Bank Clause

It is hereby declared and agreed:-

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

NHPC LIMITED एन एच पी सी NHPC FARIDABAD

a) That upon any monies becoming payable under this Policy, the same shall be paid by the Insurer to the Bank, except as provided in Insurance Policy Endorsement ---,and such part of any monies so paid as may relate to the interests of other parties insured hereunder shall be received by the Bank as Agents for such other parties.

b) That the receipts of the Bank shall be complete discharge of the Insurer therefor and shall be binding on all parties insured hereunder.

N.B: The Bank shall mean the first named Financial Institution/Bank named in the Policy.

c) That if and whenever any notice shall be required to be given or other communication shall be required to be made by the Insurer to the Insured or any of them in any matter arising under or in connection with this Policy, such notice or other communication shall be deemed to have been sufficiently given or made if given or made to the Bank.

d) That any adjustment, settlement, compromise or reference to arbitration in connection with any dispute between the Insurer and the Insured or any of them arising under or in connection with this Policy if made by the Bank shall be valid and binding on all parties insured hereunder but not so as to impair the rights of the Bank to recover the full amount of any claim it may have on other parties insured hereunder.

e) That this insurance so far only as it relates to the interest of the Bank therein shall not cease to attach to any of the insured property by reason of the operation of General Condition (3) of Policy except where a breach of the condition has been committed by the Bank or its duly authorised agents or servants and this insurance shall not be invalidated by any act or omission on the part of any other party insured whereby the risk is increased or by anything being done to upon or in any building hereby insured or any building in which the goods insured under the Policy are stored without the knowledge of the Bank provided always that the Bank shall notify the Insurer of any change of ownership or alteration or increase of hazards not permitted by this insurance as soon as the same shall come to its knowledge and shall on demand pay to the Insurer the necessary additional premium from the time when such increase of risk first took place

f) It is further agreed that whenever the Insurer shall pay the Bank any sum in respect of loss or damage under this Policy and shall claim that as to the Mortgagor or Owner no liability there for existed, the Insurer shall become legally subrogated to all the rights of the Bank to the extent of such payment but not so as to impair the right of the Bank to recover the full amount of any claim it may have on such Mortgagor or Owner or any other party or parties insured hereunder or from any securities or funds available.

A.4.2.20. Preventive Maintenance

It is a condition of this Policy that the Insured takes all reasonable steps to inspect and maintain the Property Insured. Any plant, machinery or equipment forming the Property

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

Insured shall be inspected and maintained in accordance with the recommendations of the suppliers or manufacturers of such plant, machinery or equipment. Such inspection and maintenance shall include safety checks, preventive inspection and maintenance, rectification of loss or damage or faults arising from normal operation or wear and tear as well as from ageing and shall also include the repair or preventive replacement of components modules or parts. The Insured shall fully observe the government and all other binding regulations in force concerning the working of the Property Insured and shall see to it that the machinery is under the supervision of competent personnel.

A.4.2.21. Clarification Agreement

Property damage covered under this Agreement shall mean physical damage to the substance of property.

Physical damage to the substance of property shall not include damage to data or software, in particular any detrimental change in data, software or computer programs that is caused by a deletion, a corruption or a deformation of the original structure.

Consequently the following are excluded from this Agreement:

(1) Loss of or damage to data or software, in particular any detrimental change in data, software or computer programs that is caused by a deletion, a corruption or a deformation of the original structure, and any business interruption losses resulting from such loss or damage. Notwithstanding this exclusion, loss or damage to data or software which is the direct consequence of insured physical damage to the substance of property shall be covered.

(2) Loss or damage resulting from an impairment in the function, availability, range of use or **accessibility** of data, software or computer programs, and any business interruption losses resulting from such loss or damage.

A.4.2.22 SETTLEMENT OF DISPUTES:

In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of clause for Settlement of Disputes. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

The Settlement of Disputes shall be dealt as per Clause No. 21 of 'Condition of Policy'(Section-IV).

A.4.2.23. Governing law and jurisdiction

This Policy shall be construed according to **INDIAN** laws and The Insurers undertake to submit to the jurisdiction of **INDIAN** Courts in respect of any matter relating to or arising out of this Policy but nothing herein contained shall be held to detract from the force of

the arbitration clause above.

A.4.2.24. TAXES AND DUTIES

1.1 Taxes, duties, , GST and other impositions as may be levied under the Applicable Law & regulations including those assessed on the client, the amount of which is applicable as on 28 days prior to last date of submission of bid is deemed to have been included in the Contract Price. However, change in rates of existing tax or levy of New Tax applicable on service of this contract announced after 28 days prior to last date of submission of bid, shall be paid/ adjusted/ reimbursed by the Client in addition to contract price. The Client will reimburse the same to the Insurer on production of satisfactory proof of payment/ other documentary evidence, if any.
Changes in the advance tax rates of GST (on Service) payable to appropriate authorities will not be subject to adjustment.

1.2 The Contract unit rates shall be after taking into account the Input Tax Credit (ITC) and other benefits.
1.3 TDS wherever statutorily required under any Tax Act/ Rule shall be deducted and deposited and necessary certificate will be provided by the Employer.

1.4 Invoices and other documents submitted by Insurer/ bidder for payment under Interim Payment Certificate/ Final Payment Certificate, or any other payment under the contract shall be in accordance with the GST Law.

1.5 The Insurer shall furnish a certificate along with Interim Payment Certificate/ Final Payment Certificate that GST payable by him has been deposited/ will be deposited to the Govt. Treasury.

A.5. GENERAL EXCLUSIONS (APPLICABLE TO ALL SECTIONS)

Notwithstanding any provision to the contrary within this Policy or any endorsement thereto it is agreed that this Policy excludes loss, damage, cost or expense of whatsoever nature directly or indirectly caused by, resulting from or in connection with any of the following regardless of any other cause or event contributing concurrently or in any other sequence to the loss:

A.5.1. Political Risks Exclusion

Notwithstanding any provision to the contrary within this Policy or any endorsement thereto it is agreed that this Policy excludes loss, damage, cost or expense of whatsoever nature directly or indirectly caused by, resulting from or in connection with any of the following regardless of any other cause or event contributing concurrently or in any other sequence to the loss:

(a) war (whether declared or not), invasion, acts of foreign enemies, hostilities or warlike operations (whether war be declared or not), civil war, rebellion, revolution,

NHPC LIMITED FARIDABAD

insurrection, mutiny, conspiracy, military or usurped power, confiscation, nationalization, commandeering, requisition or destruction or damage by or under the order of any government de jure or de facto or by any public or local authority, civil commotion assuming the proportions of or amounting to an uprising,; or

(b) any act of terrorism.

For the purpose of this clause an act of terrorism means an act, including but not limited to the use of force or violence and/or the threat thereof, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organization(s) or government(s), committed for political, religious, ideological, or ethnic purposes or reasons including the intention to influence any government and/or to put the public, or any Section of the public, in fear.

This clause also excludes loss, damage, cost or expense of whatsoever nature directly or indirectly caused by, resulting from or in connection with any action taken in controlling, preventing, suppressing or in any way relating to (1) and/or (2) above.

If The Insurer alleges that by reason of this exclusion, any loss, damage, cost or expense is not covered by this Policy the burden of proving the contrary shall be upon the Insured.

A.5.2. Radioactive Contamination

Nuclear reaction or nuclear radiation or radioactive contamination, all whether controlled or uncontrolled, and whether such loss be direct or indirect, proximate or remote, or be in whole or in part caused by, contributed aggravated by the peril(s) insured hereunder, including the following:

(a) ionizing radiations from or contamination by radioactivity from any nuclear fuel or from any nuclear waste or from combustion of nuclear fuel

(b) the radioactive, toxic, explosive or other hazardous or contaminating properties of any nuclear installation, reactor or other nuclear assembly or nuclear component thereof

(c) any weapon of war, missile or like employing atomic or nuclear fission and /or fusion or other like reaction or radioactive force or matter

(d) nuclear reaction, nuclear radiation or radioactive contamination

A.5.3. Act of default

Any act of default committed by the insured or its representatives.

A.5.4. Deductibles/ Retained Liability

The amounts stated in The Schedule as being the Deductibles, Time Excess or otherwise Insured's Retained Liability.

A.5.5. SANCTION LIMITATION AND EXCLUSION CLAUSE

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile: 94171-89355, 8146800550
E-mail: jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

No (re)insurer shall be deemed to provide cover and no (re)insurer shall be liable to pay any claim or provide any benefit hereunder to the extent that the provision of such cover, payment of such claim or provision of such benefit would expose that (re)insurer to any sanction, prohibition or restriction under United Nations resolutions or the trade or economic sanctions, laws or regulations of the European Union, united Kingdom or United States of America.

A.6. ADDITIONAL EXTENSIONS TO SECTIONS I AND II

If specified in The Schedule, the following Additional Insurance Cover will be provided subject to the terms contained herein:

A.6.1. Escalation Clause

In consideration of the payment of an additional premium on the under noted items(s) the Sum(s) Insured thereby shall, during the period of insurance, be increased each day by an amount representing 1/365th of the specified percentage increase per annum.

Item Number	Specified percentage increase per annum
All properties except stock	10%

Unless specifically agreed to the contrary the provisions of this clause shall only apply to the sums insured in force at the commencement of each period of insurance.

At each renewal date the insured shall notify the Insurers:-

1. The sums to be insured under each item above, but in the absence of such instructions the Sums Insured by the above items shall be those stated on the policy (as amended by any endorsement effective prior to the aforesaid renewal date) to which shall be added the increases which have accrued under this Clause during the period of insurance upto that renewal date, and
2. The specified percentage increase(s) required for the forthcoming period of insurance, but in the absence of instructions to the contrary prior to renewal date the existing percentage increase shall apply for the period of insurance from renewal.

All the conditions of the policy in so far as they may be hereby expressly varied shall apply as if they had been incorporated herein.

A.6.2. Expediting expenses

The Insurer shall indemnify the insured up to the limit of indemnity specified in The Schedule in respect of reasonable extra costs for overtime, night-work, work on public holidays, express freight (including airfreight) incurred to rectify loss of or damage to Property Insured.

A.6.3. Fees of Architects, Engineers and Others

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

The Indemnity hereunder shall include fees of Architects, Engineers, Surveyors, Consulting Engineers, Legal and other Consultants reasonably and necessarily incurred for the purpose of replacement and/or reinstatement and/or any other insured undertaking consequent upon an occurrence hereby insured but not for preparing claims.

The amount payable for such fees shall not exceed those authorized under the scales of the respective institutions or bodies regulating such charges or the limit of indemnity specified in The Schedule, whichever is the lower.

A.6.4. Cost of Demolition and/or Removal of Debris including Foreign Debris

This Policy insures the cost of demolition and/or removal of debris **including Foreign Debris** and/or any other expenses necessarily incurred in connection with site clearing operations and/or salvaging including damage caused by such operations, dismantling, shoring up, propping, in the event of circumstances giving rise to indemnifiable loss or damage by any of the perils insured under this Policy and limited for each and every loss as per the sublimit shown in The Schedule.

A.6.5. Foam consumption and fire extinguishing expenses

Except as otherwise excluded herein Insurers shall be liable for the reasonable cost of foam solution or other fire extinguishing materials lost, expended, damaged or destroyed, together with other reasonable costs incurred in fighting fire on the Property Insured hereunder, charges incurred in respect of Fire Fighting or Watchmen Services attendants at the scene of any fire and/or other events requiring their services in the event of circumstances giving rise to indemnifiable loss or damage by any of the perils insured under this Policy subject to a sublimit per loss as per schedule.

No Deductible shall apply in respect of such expenses.

A.6.6. Capital additions / Newly Acquired Property / Minor Interest

The Insurer shall indemnify the insured in respect of loss of or damage to:

(a) any buildings, machinery and other equipment acquired or operated by or held in the care, custody or control of the insured after the inception of this Policy of Insurance and not included in The Schedule;

(b) any additions or extensions to Property Insured which have been carried out after the inception of this Policy of Insurance collectively referred to as "capital additions".

(c) Any increase in the New Replacement Value as a result of such capital additions shall not exceed the percentage/amount of the total Sum Insured specified in The Schedule.

In case of the capital additions exceeding the limit specified in The Schedule, The Insurer may require the payment of additional Premium.

NHPC LIMITED FARIDABAD

E-mail: jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

A.6.7. Inland Transit

This Insurance covers The Insured's property excluding Stock, Finished Goods and Raw Materials against the perils covered under this Policy whilst in transit by road, rail or inland waterway within the Geographical limits specified in The Schedule, which is being temporarily removed for cleaning, renovation, repair or maintenance and in as much as it is not indemnifiable under a more specific Policy and limited for each and every loss as per sublimit shown in The Schedule.

A.6.8. Temporary Removal

This Insurance covers The Insured's property excluding Stock, Finished Goods and Raw Materials against the perils covered under this Policy whilst temporarily removed for cleaning, renovation, repair and other similar purposes, within the Geographical limits specified in The Schedule.

The amount recoverable under this Extension shall not exceed the amount which would have been recoverable had the destruction or damage occurred in that part of the Premises from which the Property is temporarily removed and in no case the sublimit shown in The Schedule.

The Extension does not apply to Property, if and so far as it is otherwise insured, nor to Property held by the Insured in trust, other than machinery and plant.

A.6.9. Expenses for Loss Minimization

This Policy includes expenses for loss minimization necessarily incurred by the Insured to prevent any aggravation of an Insured Loss following a loss or damage at any Insured's Premises specified in The Schedule, including moving / shifting of property if this contributes to loss minimization, subject to a limit per loss as per schedule.

A.6.10. Immediate Relief Clause

It is agreed that in case of loss the Insured, if they so elect, may immediately begin repairs or reconstruction but such work shall at all times be open to supervision by the Insurer and in case of dispute as to the cost of repair and/or reconstruction the loss shall be settled in accordance with the terms of this Policy, the sole object of this Condition being not to deprive the Insured from the use of operating properties which may be necessary to their Business. Evidence of loss to be photographed and if any damaged item are replaced then same to be preserved for inspection by Surveyor

A.6.11. Omission to Insure Additions, Alterations or Extensions

The Insurance by this Policy extends to cover Buildings and/or Machinery, Plant and other Contents which the Insured may erect or acquire or for which they may become responsible:

a) at the within described premises

The liability under this Extension shall not exceed Rs 300,000,000 in aggregate.

The Insured shall notify the Insurer of each additional insurance as soon as it shall come to their knowledge and shall pay the appropriate additional premium thereon from the date of inception.

Following the advice of any additional insurance as aforesaid, cover by this extension shall be fully reinstated.

No liability shall attach to the insurers in respect of any Building, Machinery, Plant or other Contents while such property is otherwise insured.

N.B.:

i. An additional premium on the Sum Insured on Buildings and/or Machinery, Plant and other Contents as stated in the above clause should be collected in advance.

ii. All new additions to Buildings and/or Machinery and Plant not specifically insured/ included during the currency of the Policy should be declared at the end of the year and suitable additional premium paid on pro-rata basis from the date of completion of the construction/erection of additions subject to adjustment against the advance premium collected as stated in N.B. 1 above.

iii. If the Insured fails to declare the value of such additions within 30 days after the expiry of the Policy there shall be no refund of the advance premium collected.

'Other Contents' in the above clause shall mean `Furniture and Fittings ' and does not include `Stocks'.

A.6.12. Property in the course of construction / erection

The Insurer agrees subject to the terms, definitions, warranties, exclusions, limits provisions and conditions of this Policy as a whole and the respective Sections applicable for the property in question to provide automatic coverage during the Period of Insurance for property in the course of construction / erection including up to 4 weeks testing and commissioning subject to the inclusion of the appropriate values at risk for Premium adjustment purposes and subject to a maximum estimated contract value and a maximum contract period including testing/commissioning as per Schedule and additional Premium to be agreed. At the option of the Insured the interest of contractors and/or sub-contractors is hereby assumed for work being performed on site for the Insured including temporary structures, tools, equipment and materials incidental to such work as specified in The Schedule.

With regards to property in course of construction, such as buildings, foundations and structures, the following additional exclusions shall apply:

- loss or damage due to faulty design;

NHPC LIMITED FARIDABAD

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

- the cost of replacement, repair or rectification of defective material and/or workmanship, but this exclusion shall be limited to the items immediately affected and shall not be deemed to exclude loss of or damage to correctly executed items resulting from an accident due to such defective material and/or workmanship;

With regards to erection of mechanical, electrical or electronic machinery, installations or equipment in course of erection the following additional exclusions shall apply:

-loss or damage due to faulty design, defective material or casting, bad workmanship other than faults in erection

Any Consequential Loss of any kind or description whatsoever including but not limited to penalties, losses due to delay, lack of performance, loss of contract or Business Interruption - is excluded absolutely.

A.6.13. Addition Custom Duty

It is agreed and understood that otherwise subject to the terms, exclusions, provisions and conditions contained in the Policy or endorsed thereon and subject to the Insured having paid the agreed extra premium, this insurance shall be extended to cover at the Insured exchange rate increased Customs Duty percentage payable on the replacement supplies over and above the Customs Duty taken into account while arriving at the sum insured of the affected item.

Provided always that such additional duty is incurred in connection with any loss or damage to the insured items recoverable under the policy and provided further that the amount payable hereunder shall not exceed Rs 100,000,000/- during the policy period.

The indemnity for such additional customs duty will stand reduced after occurrence of the claim unless reinstated by payment of an additional premium prescribed by the company.

A.6.14 PLANS DOCUMENTS & COMPUTER RECORDS

At The Insured's option, indemnity hereunder shall include reasonable costs incurred in the reconstruction of archives, record account documents, plans, computer programmes and data, subject to back up copies / records being kept in a safe and secure place up to the limit of indemnity specified in The Schedule.

The Insurers shall, however, not be liable for any costs arising from false programming, punching, labelling or inserting, inadvertent cancelling of information or discarding of data media, and from loss of information caused by magnetic fields.

A.6.15 Shut Down/Start up expenses

NHPC LIMITED FARIDABAD

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

It is hereby agreed and declared that this policy extends to cover Shut Down and startup costs necessarily and reasonable incurred by the insured consequent upon a loss or damage covered by this policy

A.6.16 Claim Preparation Cost (Applicable to Section-I, II & III)

Subject to the Sub-Limit of Liability as stated in the schedule of professional fees and claims preparation Costs, the insurance policy under this item shall cover:

a) Such professional fees as may be payable by the Insured;

b) Such other expenses incurred by the Insured and not otherwise recoverable, for preparation, providing and/or verification of claims made by the Insured under this policy.

c)The cost of arbitration if incurred and such reasonable professional fees and other reasonable expenses related thereto.

For the purpose of this Clause such reasonable professional fees shall include but not be limited to fees for financial advisors, accountants, loss adjusters, insurance intermediary, business interruption claims advocates and preparers and valuers appointed by the Insured.

The Company's maximum liability under this Clause shall not exceed INR 1.00 crores in aggregate.

A.7. OCCURRENCE OF A LOSS, CLAIMS AND INDEMNIFICATION PROVISIONS

A.7.1. Conditions for Loss settlement under Section I or II

A.7.1.1. Claims and loss notification

In the event of loss and/or damage, claim or suit, which may reasonably give rise to a claim under this Policy of Insurance, the Insured shall:

(a) give to The Insurer as soon as practicable, but not later than 30 days after the occurrence of the event written notice containing particulars sufficient to identify the loss and/or damage, claim or suit and also reasonably obtainable information with respect to the time, place and circumstances thereof as well as nature and extent of the loss or damage, and the names and addresses of available witnesses.
(b) take such measures as may be reasonable for the purpose of averting or minimising such loss or damage
(c) ensure that all rights against carriers, bailees or other third parties are properly preserved and exercised; if claim is made or suit is brought against the Insured, the Insured shall at the earliest practicable advise The Insurer of every demand, notice,

summons or other process received by him or his representative.

(d) co-operate with The Insurer, and, upon The Insurer's request, assist in making settlements, in the conduct of suits and in enforcing any right of contribution or indemnity against any person or organisation who may be liable to the Insured because of property damage with respect to which insurance is afforded under this Policy, and the Insured shall attend hearings, and trials and assist in securing and giving evidence and obtaining the attendance of witnesses.

(e) The Insured shall not, except at his own cost, voluntarily make any payment, assume any obligation, or incur any expenses. Notwithstanding the foregoing this clause shall not override the provisions of the Subrogation Clause.

(f) do and concur in doing and permit to be done all such things as may be practicable to establish the cause and extent of the loss or damage

(g) preserve all parts affected and make them available for inspection by The Insurer as long as The Insurer may require

(h) furnish any information and documentary evidence that The Insurer may require together with, if required, a statutory declaration of the truth of the claim

(i) inform the police authorities of loss or damage due to major fire, theft or burglary or actions by any malicious person and render all reasonable assistance to the police authorities

A.7.1.2. Claims Provisions

If The Insured or anyone acting on his behalf hinders or obstructs The Insurer in any way or does not comply with any reasonable recommendations The Insurer may make following the notification of any loss or damage, all benefits claimed under any Section of this policy shall be forfeited.

The Insurer shall reimburse The Insured for any charges properly and reasonably incurred in pursuance of its duties in relation to clause (b) and (c) above in addition to any loss recoverable under any Section of this Policy.

The Insurer shall not be liable for loss or damage of which he has not received notification within 30 days of its occurrence.

A.7.1.3. Rights of The Insurer in case of a loss

On the happening of any loss or damage to any of the Property Insured under this Policy The Insurer may

(a) enter and take and keep possession of the building or Premises where the loss or damage has happened

(b) take possession of or require to be delivered to it any property of The Insured in the buildings or on the Premises at the time of the loss or damage

(c) keep possession of any such property and examine, sort, arrange, remove or otherwise deal with the same

(d) sell any such property or dispose of the same for account of whom it may concern. The powers conferred by this Condition can be exercised by The Insurer at any time until notice in writing is given by The Insured that he makes no claim under this Policy

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

or, if any claim is made, until such claim is finally determined or withdrawn, and The Insurer shall not by any act done in the exercise or purported exercise of its powers hereunder, incur any liability to The Insured or diminish its rights to rely upon any of the Conditions of this Policy in answer to any claim.

If The Insured or any person acting on his behalf shall not comply with the requirements of The Insurer, or shall hinder or obstruct The Insurer in the exercise of its powers hereunder, all benefit under this Policy shall be forfeited. The Insured shall not in any case be entitled to abandon any property to The Insurer whether taken possession of by The Insurer or not.

A.7.1.4. Repair of Minor Damage

Upon notifying The Insurer The Insured may repair any minor damage or replace any parts of the Property Insured that have sustained minor damage. In all other cases The Insurer's Agent shall be given the opportunity to inspect the loss or damage before any repairs are effected and if The Insurer's Agent does not carry out the inspection within a period of time which could be considered reasonable under the circumstances, The Insured shall be entitled to proceed with the repair or replacement.

A.7.1.5. Original Equipment Manufacturer Parts

It is further noted and agreed that in the event of accidental physical loss or damage to the Property Insured hereunder The Insured, at sole discretion, shall have the option to accept repair or replacement terms as offered by the Original Equipment Manufacturer (OEM) regardless of any other terms offered from other suppliers, manufacturers or fabricators. Provided always that the difference between the OEM quote and the lowest quote does not exceed 25% of the lowest quote and quotes are based on same technological specifications.

A.7.1.6. Obsolete Spare Parts

In the event of spares currently insured hereunder and represented within the total Sum Insured under the Policy of Insurance becoming obsolete following an indemnifiable loss to the unit and/or units to which they belong such spare parts shall also be deemed a constructive total loss provided always that such parts cannot be used as spares for any other units within the Premises of The Insured. Insurers retain salvage rights over such parts.

A.7.1.7. Salvage

The salvage of any insured property on the occurrence of any loss or damage herein shall accrue to The Insurer (subject to indemnification of The Insured in full). The Insurer shall have the right to take possession of such salvage.

A.7.1.8. Brands and trademarks

In case of loss or damage to property bearing a brand or trademark, or the name of The Insured, which in any way carries or implies the guarantee or the responsibility of the manufacturer or The Insured, the salvage value of such damaged property shall be

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile: 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

determined after removal in the customary manner of all such brands or trademarks or other identifying characteristics.

The Insured shall have full right to the possession of all goods involved in any loss under this policy and retain control of all damaged goods. The Insured, exercising reasonable discretion, shall be the sole judge as to whether the goods involved in any loss under this Policy are fit for consumption and no goods so deemed by The Insured to be unfit for consumption shall be sold or otherwise disposed of except by The Insured or with The Insured's consent but The Insured shall allow Insurers any salvage obtained by The Insured on sale or other disposition of such goods.

A.7.1.9. Underinsurance

If the property hereby insured shall, at the commencement of any damage, be collectively of greater value than the Sum Insured thereon, then The Insured shall be considered as being his own insurer for the difference, and shall bear the rateable proportion of the loss accordingly. Salvage is to be considered in the same proportion. Every item, if more than one, of the policy shall be separately subject to this condition.

However, Underinsurance on each item of the schedule will be ignored if it does not exceed 20% thereat.

A.7.1.10. Contribution

If at the time of any loss or damage occurrence to any property hereby insured, there be any other subsisting insurance or insurances whether effected by The Insured or by any other person or persons, covering either such loss or any part of it or the same property The Insurer shall not be liable to pay or contribute more than its rateable proportion of such loss or damage.

A.7.1.11. Loss Payee

Loss is payable to The Insured or as directed by The Insured, which shall include such party who has an insured interest in the subject matter insured at the time of loss or damage.

A.7.1.12. Bankruptcy and Insolvency

In the event of bankruptcy or insolvency of The Insured or any entity comprising The Insured, The Insurer shall not be relieved thereby of the payment of any claims hereunder because of such bankruptcy or insolvency, except under Section III (All Risk Operational Business Interruption).

A.7.1.13. Deductibles

This policy does not cover the amounts of the Deductibles stated in The Schedule in respect of each and every loss as ascertained after the application of all other terms and

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

conditions of the policy including any underinsurance.

Warranted that The Insured shall not effect insurance in respect of the amounts of the Deductibles stated in The Schedule.

A.7.1.14. Reinstatement of Policy Limit

At all times during the Period of Insurance of this Policy, the insurance cover will be maintained to the full extent of the respective Sum Insured. The sum insured shall be automatically reinstated following a loss, at no additional premium.

A.7.1.15. Claims / Payments "on account"

All claims to be paid to The Insured within reasonable time after receipt of satisfactory documentation and the determination of the Quantity of the loss presented by the loss adjuster(s) and agreed by The Insurer.

In the event of indemnifiable loss or damage, payment "on account" will be made by The Insurer as early as possible on request if this is approved by The Insurer and where the liability of The Insurer has been established in a preliminary loss report and accepted by The Insurer.

A.7.1.16. Claims Payment Currency

Claim payments shall be made in the same currency as Premium received by The Insurer. If exchange rates are to be applicable, the exchange rate will be the one specified in the London Financial Times for the date of Premium received by The Insurer.

A.7.1.17. Seventy two hours Clause

A.7.1.17.1. Windstorm

Insurers shall not be liable for any loss occurring before the effective date and time of the Policy nor for any loss commencing after the expiration date and time of this Policy. However, The Insurer will be liable for any losses occurring for a period of up to maximum seventy-two (72) hours after the expiration of this Policy, provided that the first windstorm damage occurs prior to the date and time of the expiration of this Policy.

Each loss by windstorm shall constitute a single claim hereunder; provided, if more than one windstorm shall occur within any period of seventy two (72) hours during the term of this Policy such windstorm shall be deemed to be a single windstorm within the meaning thereof.

Official recognized Authority (or as agreed between The Insurer and The Insured) will elect the moment from which each of the aforesaid periods of seventy two (72)

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

hours shall be deemed to have commenced but no two such seventy two (72) hour periods shall overlap.

A.7.1.17.2. Earthquake

Insurers shall not be liable for any loss caused by an earthquake occurring before the effective date and time of this policy nor for any loss commencing after the expiration date and time of this policy. However, The Insurer will be liable for any losses occurring for a period of up to maximum seventy-two (72) hours after the expiration of this Policy, provided that the earthquake damage occurs prior to the date and time of the expiration of this Policy.

Any and all losses caused by earthquake shall constitute a single loss hereunder provided that more than one earthquake shock occurring within any seventy two (72) hour period during the Period of Insurance of this Policy shall be deemed to be a single earthquake within the meaning thereof.

Official recognized Authority (or as agreed between The Insurer and The Insured) will elect the moment from which each of the aforesaid periods of seventy two (72) hours shall be deemed to have commenced but no two such seventy two (72) hours periods shall overlap.

A.7.1.17.3. Flood

Insurers shall not be liable for any loss caused by flood occurring before the effective date and time of this policy nor for any loss commencing after the expiration date and time of this policy. However, The Insurer will be liable for any losses occurring for a period of up to maximum seventy-two (72) hours after the expiration of this Policy, provided that the first flood damage occurs prior to the date and time of the expiration of this Policy.

Each loss caused by flood and all losses caused by flood within a seventy-two (72) hours period shall be deemed to constitute a single loss.

Official recognized Authority (or as agreed between The Insurer and The Insured) will elect the moment from which each of the aforesaid periods of seventy two (72) hours shall be deemed to have commenced but no two such seventy two (72) hours periods shall overlap.

A.7.1.18. Time limit

The Insurer is not liable for any loss or damage after the expiration of 24 months from the discovery of the loss or damage unless otherwise agreed in writing or the claim is submitted to a court or arbitration panel within the time prescribed therefore in accordance with applicable law.

The Insurer agrees that any action or proceeding against them for the recovery of any claim under or by virtue of this insurance shall not be barred if commenced within the time prescribed therefore in accordance with applicable law.

E-mail : jaimal.singh@newindia.co.in, jaimalsk@gamil.com

A.7.1.19. Disclaimer of liability

If The Insurer disclaims liability in respect of any claim and if conciliation is not commenced within 12 (twelve) months of such a disclaimer, all benefits under this Policy of Insurance in respect of that claim shall be forfeited.

A.7.1.20. Subrogation

Insurer shall upon reimbursement hereunder to The Insured of any loss, damage or expense be subrogated to all The Insured's rights of recovery against any other person, firm or corporation who may be legally or contractually liable for such loss, damage or expenses so reimbursed by The Insurer, provided that

-if there is a partial reimbursement, subrogation to be restricted to the amount settled.
-The Insurer shall pass on to The Insured such money or monies recovered by them that is in excess of the loss, damage or expenses so received by The Insured.
The Insurer shall waive its rights of subrogation against all Insured Parties provided no Act of default including criminal or deliberate or fraudulent acts committed by any Insured Party or its Representatives has caused any loss or damage to any other Insured Party. It is agreed that The Insurers may make a claim upon and institute legal proceedings against any parties believed responsible for loss, damage or expense reimbursed hereunder in the name of The Insured, and The Insured shall provide The Insurer his full co-operation in pursuing such claim or legal proceedings.

The Insured shall at The Insurer's expense do and concur in doing and permit to be done all actions that may be necessary or required by The Insurer in the interest of any rights or remedies or for the purpose of obtaining relief or indemnity to which The Insurer is or would become entitled or which is or would be subrogated to him upon indemnification or rectification of any loss or damage under this Policy of Insurance, regardless of whether such action is or becomes necessary or required before or after The Insured's indemnification by The Insurer.

Except as specifically provided or permitted by this policy, The Insured shall not waive, release or diminish rights of recovery or subrogation with respect to any claim which, upon payment thereof by Insurers, would otherwise belong or accrue Insurers, and insofar as and to the extent that any action by The Insured waives, releases or diminishes the rights of recovery or subrogation in respect of such claim, The Insured shall have no liability under this policy.

B. POLICY SECTIONS

B.1. SECTION I - ALL RISKS PHYSICAL LOSS OR DAMAGE – NON-MARINE PROPERTY

B.1.1. Property Insured

All permanent and temporary property of The Insured and/or held by him in trust and/or on commission and/or in joint account with others and/or for which they have an insurable interest and/or may otherwise be interested in case of fortuitous and accidental physical loss or damage covered under this Policy, whilst contained in The Insured's plant Premises as specified in The Schedule and in all other Premises of The Insured as specified in The Schedule or whilst at contractor's Premises as specified in The Schedule

B.1.2. Insuring Clause

The Insurer agrees subject to the terms, definitions, warranties, exclusions, limits provisions and conditions of this Section and of the Policy as a whole to indemnify The Insured against:

All Risks of fortuitous and accidental physical loss or damage or destruction to the Property Insured occurring during the Period of Insurance, which results in Property Insured needing to be repaired or replaced, other than those specifically excluded:

B.1.3. Special Exclusions to Section I

This Section does not cover loss or damage to any Property Insured caused directly or indirectly by or in connection with or arising from or occasioned through :

(a) inherent vice, latent defect, wear and tear or gradual deterioration, leakage, seepage, pollution, contamination, overflowing of tank, smog or extremes or changes of temperature or humidity or to non-existing, non-functional or inadequate heating, air-conditioning or cooling equipment including operating error, condensation, excessive moisture, dampness of atmosphere, seepage, disease, deterioration, decay, mildew, mould, fungus, wet or dry rot, insect larvae or vermin of any kind, infestation loss or damage by normal settling, shrinkage or expansion in buildings or foundations, other loss or damage of gradual nature, such as corrosion, erosion, cavitation, rust and scale, scratching of painted or polished surfaces, unless fortuitous accidental loss or damage covered under this Policy of Insurance ensues to other Property Insured and only such ensuing loss will be covered under this Policy of Insurance or unless such loss or damage is a result of an occurrence of loss or damage otherwise indemnifiable under this section;

(b) infidelity or any dishonesty on the part of The Insured or any of his employees or others to whom the property may be delivered or entrusted, inventory shortage or unexplained disappearance;

(c) processing, renovating, repairing or faulty workmanship thereon unless fortuitous

accidental loss or damage covered under this Policy of Insurance ensues and only such ensuing loss will be covered under this Policy of Insurance;

(d) go-slow, total or partial cessation of work, The Insurer shall not be liable for
(e) loss of use, delay or loss of markets or Consequential Loss of any nature whatsoever or any costs to reduce it unless covered under Section III of the Policy of Insurance
(f) shrinkage, evaporation, loss of weight, leakage, breakage of glass or other fragile articles, marring, scratching, exposure of light, or change in colour, texture or flavor unless fortuitous accidental loss or damage covered under this Policy of Insurance ensues and only such ensuing loss will be covered under this Policy of Insurance;
(g) theft where Property Insured is left in the open and not contained in buildings on permanent foundations, unless storage of such item is normally in the open;
(h) release, discharge, or dispersal of toxic or hazardous substances, contaminants or pollutant, proximate or remote.
(i) loss or damage for which cover is afforded under Section II of this Policy of Insurance

B.1.4. Excluded Property

This Section does not cover:-

(a) aircraft, watercraft including floating equipment, ships and vessels, spacecraft and satellites, railway locomotives, rolling stock
(b) vehicles, construction plant and equipment other than those used within The Insured Premises and expressly defined in The Schedule
(c) money, stamps, cash, credit cards, cheques, securities or obligations of all kind, deeds or documents, evidence of debt or title, patterns, plans, designs, rare books, jewellery, precious stones, gems or metals, furs and garments trimmed with fur
(d) works of art, unless expressly specified in The Schedule;
(e) standing timber, growing crops, livestock and animals, landscaping, flora and fauna;
(f) land including topsoil, backfill or land values, water, roads, runways, railway lines, transmission and distribution lines outside plant Premises, drainage and culverts, canals, dams, reservoirs, wells, pipelines outside plant Premises, tunnels, bridges, mining property, any property underground, drilling rigs, docks, piers, wharves, offshore property; However assets like drainage, culvert, pavements, road, dams, reservoirs, canals, pipe lines, tunnels, bridges, piers etc and all other civil works including township and underground civil works except land, property in transit within premises are specifically included in schedule of assets and shall be covered for insurance. Properties in course of demolition/construction shall also be covered in the scope of coverage (as more specified in the Section-V Scope of Coverages of Policy).
(g) explosives, refractory linings whilst in process, materials in process damaged by operational error and as a result of its undergoing any process, maintenance, repair or testing or any emergency shutdowns;
(h) property of The Insured, which has been, transferred into the possession of others, under leasing or rental agreements, hire, purchase, credit or other suspensive sale agreements.

B.1.5. Special Conditions for Loss settlement under Section I

NHPC LIMITED एनएचपीसी N.H.P.C FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile: 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

B.1.5.1. Costs of repair

In respect of the Property covered hereunder, all costs of repairs and/or replacement including leviable duty and taxes for which insurers may be liable shall be on the basis of New for Old at the place of loss without taking into account and / or giving effect to depreciation or technological, functional or economic obsolescence except as hereunder mentioned. The rate and charges applicable for utilization of The Insured's owned or chartered vessels, crafts, equipment in the repair / replacement of a loss damage and the percentage of overheads thereon to be taken from the certified rates as arrived at by The Insured from time to time.

B.1.5.2. Reinstatement Value Conditions

At the option of The Insured in the event of loss or damage to the Property Insured the insurance benefits in respect thereof shall be based on the cost of replacing or reinstating The Insured property or other property as The Insured may require.

Provided that the liability of The Insurer shall not exceed the cost of replacing or reinstating the property with property of a substantially similar kind and type not being superior to or more extensive than The Insured property when new.

Subject to the following Special Provisions and the terms and conditions of the Policy except as varied hereby:

The replacement or reinstatement (which may be carried out upon another site and in any manner suitable to the requirements of The Insured or by other alternative real capital investment made for the benefit of the business subject to the liability of The Insurer not being thereby increased) shall be commenced within 24 months (twenty four months) after the occurrence of the damage or within such further time as The Insurer may grant.

However payment will be made by The Insurer as if the reinstatement or replacement has been done within the said 24 months (twenty four months) provided that a firm commitment is shown to The Insurer's satisfaction that the replacement or reinstatement will be eventually completed.

Until actual expenditure has been incurred by The Insured in replacing or reinstating The Insured property destroyed or damaged The Insurer shall not be liable for any amount in excess of the amount which would have been payable under this Policy had the memorandum not been incorporated herein but not less than two thirds of the new reinstatement value.

Should the property lost or damaged not be in current production then The Insurer's liability shall be limited to the full cost of replacing or reinstating property in current production most similar to the property lost or damaged.

The cost of reinstatement shall include the expenses of adapting the newly acquired property to the existing undamaged property including the replacement of property, which cannot be used as such as necessary to reinstate the operation of the plant unit

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimalsk@gamil.com

process.

Where for any reason, it is not possible or if The Insured elects not to rebuild or replace, The Insurer will pay to The Insured the Actual Cash Value of the property at the time of Loss.

Where the repair or replacement of the damaged or lost Property Insured involves import into the country of The Insured property, the replacement value as aforesaid shall include actual Import Duty including, but not limited to basic duty, countervailing duty, special additional duty, surcharge and other additional duties or any monetary equivalent of liability undertaken or incurred in lieu thereof.

Claims are to be settled on selling price for Finished Goods (or Contract price if the Finished Goods are covered by Contract and if it is higher than market price) and replacement value on feedstock, chemicals, stores and spares and other insured stock and work in progress. Where Feed Stock Chemicals and Stores and Spares are not replaced by item of specification same as the one lost or damaged, but by an item of inferior quality / specification for operating reasons or other reasons, The Insured will be indemnified as if he had replaced like items which were lost or damaged, based on prices prevailing after the damage / loss. Any financial loss caused by the use of items of inferior quality is not covered.

With respect to catalysts lost or damaged, the basis of indemnity if cover is endorsed to this Policy of Insurance is the Actual Cash Value at the time of the loss as per endorsement.

Where the Assets damaged or lost are those for which The Insured is only contractually liable for maintenance, the basis of indemnity shall still remain the same as above, irrespective of any contract to the contrary.

B.1.5.3. Constructive total loss

In ascertaining whether the Property Insured hereunder is a Constructive Total Loss The Insured value, being part of the scheduled values hereon, shall be taken as the repaired value and nothing in respect of the damaged or break-up value of the Property Insured hereunder or the wreck thereof shall be taken into account.

There shall be no recovery for a Constructive Total Loss hereunder unless the expense, (including duties, taxes and freight / air freight as and if applicable) of recovering and repairing the Property Insured shall exceed 80% of The Insured value. Or in respect of individual item(s) included therein, 80% of the value included therein in respect of such item(s).

In no case shall The Insurers be liable for unrepaired damage in addition to a subsequent Total Loss sustained during the period covered by this insurance. The Insured shall not be prevented from recovering a Constructive Total Loss hereunder by reason of any provision(s) in permit, license, Government regulation, or similar circumstances beyond the control of The Insured, which may prevent The Insured from abandoning the subject matter(s) of this insurance to The Insurers. In

accordance with the foregoing, The Insurers agree to waive notice of abandonment but notwithstanding anything to the contrary contained herein The Insurers shall be placed in the same position as if notice of abandonment had been given by The Insured and declined in the customary manner by The Insurer.

B.1.5.4. Unrepaired Damage

In event of the loss of or damage to an item insured hereunder which results in a decision by The Insured to either, not to replace or repair with a redesign or new design and where construction of the redesigned or newly designed item serving the same purpose of the lost or damaged items is actually commenced and no repairs (other than those required to make the items safe) or replacement are carried out to the item which sustained loss or damage, Insurers agree that The Insured shall be indemnified on the basis of the reasonable cost of repairs in respect of such loss or damage plus any amounts expended in making the item safe. Such reasonable cost of repair would be arrived at on the basis as mentioned in the Indemnification clauses "B.1.5.1. Cost of Repair" and "B.1.5.2 Reinstatement Value Conditions"

B.1.5.5. Limit of Liability

In no event shall The Insurer's liability arising from any one accident or occurrence exceed the total value of Property Insured herein as per The Schedule.

B.1.5.6. Deductible

Each loss or series of losses shall be adjusted separately and from the amount of each such adjusted loss the sum stated as the Deductible in The Schedule shall be deducted.

B.1.6. Additional Extensions to Section I

Subject to additional Premium and sublimit as and if applicable as per Schedule, the following cover will be provided by The Insurer:

B.1.6.1. Archives/plans, Documents & Computer records

At The Insured's option, indemnity hereunder shall include reasonable costs incurred in the reconstruction of archives, record account documents, plans, computer programmes and data, subject to back up copies / records being kept in a safe and secure place up to the limit of indemnity specified in The Schedule.

The Insurers shall, however, not be liable for any costs arising from false programming, punching, labelling or inserting, inadvertent cancelling of information or discarding of data media, and from loss of information caused by magnetic fields.

B.1.6.2. Deliberate Damage Clause

Subject to the terms and conditions of this Policy of Insurance, this insurance

covers accidental physical loss of or to the Property Insured and / or other expenses incurred by The Insured, directly caused by any act or order of any governmental authority acting under the powers vested in them as a result of peril insured hereunder resulting directly from damage to the Property Insured for which The Insurer is liable under this Policy of Insurance, provided such act of governmental authority, has not resulted from want of due diligence by The Insured, to prevent or mitigate such hazard or threat.

B.1.6.3. Increased costs of Construction and Demolition Clause

Subject to the Policy of Insurance terms and conditions cover hereon includes:

Loss occasioned by the enforcement of any laws(s) or ordinance(s) regulating the construction, repair or use of building(s) or structure(s) and in force at the time such loss occurs which requires the demolition of any portion of the building(s) or structure(s) which have not suffered damage from the same loss occurrence under this Policy of Insurance (all locations).
The cost incurred in actually rebuilding both the damaged and demolished portions of the building(s) or structure(s) with materials and in a manner to fully satisfy such ordinance(s) or law(s).

The total liability under this clause shall not exceed actual expenditure incurred in demolishing the undamaged portion of the building(s) or structure(s) involved plus the lesser of the following:

(a) The actual expenditure incurred not including the cost of land in rebuilding on another site, or
(b) The cost of rebuilding on the same site.

Insurers shall not be liable for any cost of demolition or increased cost of construction of property necessitated by any law or ordinance regulating any form of pollution or contamination. This clause does not increase the amount(s) of insurance provided hereunder.

B.1.6.4. Civil Authority

This Policy of Insurance insures against loss or increased cost occasioned by any Civil Authority's enforcement of any ordinance or law regulating the reconstruction, repair or demolition of any Property Insured hereunder following an indemnifiable loss.

Subject to the limit of Sum Insured property which is insured under this Policy of Insurance is also covered against the risk of damage or destruction by civil authority during a conflagration and for the purpose of retarding the same provided that neither such conflagration nor such damage or destruction is caused or contributed to by war, invasion, revolution, rebellion, insurrection or warlike operations as more fully described in General Exclusions applicable to all sections.

B.2. SECTION II - ALL RISK MACHINERY INSURANCE

B.2.1. Property Insured

This Section insures the following property:

All Machinery and Equipment including electrical or electronic machinery of The Insured's plants and spare parts with no specification being the property of The Insured and all machinery and equipment in which The Insured has an insurable interest in the Premises of The Insured and elsewhere as specified in The Schedule.

B.2.2. Insuring Clause

The Insurer agrees subject to the terms, definitions, warranties, exclusions, limits provisions and conditions of this Section and of the Policy of Insurance as a whole to indemnify The Insured against accidental physical damage to machinery and/or equipment insured caused by an Accident occurring during the Period of Insurance, which results in such machinery and/or equipment insured needing to be repaired or replaced.

Accident shall mean unforeseen and fortuitously manifested and/or occurred physical damage including Electrical Breakdown and Boiler Explosion to the machinery and/or equipment described above or thereof from any cause not excluded

(a)while it is at work or at rest or during testing

(b) while being dismantled for the purpose of cleaning, inspection and overhauling or removal to another position or in the course of these operations themselves or subsequent re-erection within the Premises of The Insured or elsewhere.

B.2.3. Excluded Property

This Section does not cover (unless otherwise expressly agreed in writing) any Accident or Damage to any of the following excluded property:

(a)

i) consumables, dies or exchangeable tools, moulds, engraved cylinders

ii) parts which by their use and/or nature suffer a high rate of wear or depreciation, e.g. refractory linings, crushing hammers, objects made of glass, belts, cables, ropes, chains, wires, rubber tyres and all non - metallic parts

iii) operating media, e.g. lubricants, fuels, catalysts, batteries

iv) escape of water from water containing apparatus,

It is noted however that:

(i) this exclusion shall not be applicable when damage to these parts only is part of a

loss and/or damage to an insured machine,

(ii) this exclusion shall only refer to these parts and not to any resulting damage to the machinery insured under this Section of the Policy of Insurance;

(iii) electrical cables and instrumentation cables are not excluded in this clause

(iv) for the exceptions mentioned above this exclusion shall not exclude coverage arising as a result of such loss or damage.

(b) Mechanical, electrical and electronic equipment prior to the successful completion of their performance acceptance tests

(c) Transmission and distribution lines outside insured plant Premises

(d) Any property underground or offshore

(e) Property of The Insured, which has been, transferred into the possession of others, under leasing or rental agreements, hire, purchase, credit or other suspensive sale agreements.

B.2.4. Special Exclusions to Section II

This Section does not cover damage to any Property Insured under this Section caused directly or indirectly by or in connection with or arising from or occasioned through :

(a)

i) wearing away or wearing out of any part of any Property Insured caused by or naturally resulting from ordinary use or work such as cavitation, erosion, corrosion, rust or due to any gradual deterioration caused by atmospheric conditions or due to other causes

ii) Boiler scale, incrustation, deterioration, settling, gradual cracking, gradually developing deformation or distortion, scratching of painted or polished surfaces, but this exclusion shall be limited to the items immediately affected and shall not exclude liability for loss or damage not otherwise excluded to other parts of the Property Insured as a consequence thereof;

(b) any faults or defects existing at the time of commencement of this Policy of Insurance of which The Insured or his Representatives were or ought reasonably to have been aware, irrespective of whether such faults or defects were known to The Insurer or not;

(c) go-slow, total or partial cessation of work, The Insurer shall not be liable for

(d) loss or damage caused by intentional overloading or experiments involving the imposition of abnormal conditions, except for conditions permitted by the manufacturers or by judgement of a competent engineer or where such conditions arise during normal periodic testing, including pre-commissioning start-up and commissions of Construction and / or erection Projects insured under this section.

(e) costs of maintenance, upgrade or improvement, normal upkeep

(f) loss of or damage to hired equipment for which the lessor is responsible either by law or ordinance or under any contract or agreement;

(g) loss or damage for which the manufacturer or supplier of the property is responsible

NHPC LIMITED FARIDABAD

either by law or ordinance or under any contract or agreement.

(h) any increase in the cost of replacement or repair due to enforcement of any ordinance or law;

(i) loss of use of any machinery, delay or loss of markets or Consequential Loss of any nature whatsoever or any costs to reduce it unless covered under Section III of the Policy of Insurance;

(j) loss or damage for which cover is afforded under Section I of this Policy of Insurance.

This exclusion shall not apply to loss or damage caused in the course of reinstating or replacing an otherwise insured damage.

B.2.5. Testing and Commissioning Clause

1. It is hereby noted and agreed that this insurance does not cover destruction of or damage to property in course of construction or erection, dismantling, revamp or undergoing testing or commissioning including mechanical performance testing and any business interruption resulting therefrom.

2. Acceptance of the property hereon is subject to satisfactory completion of the following:

i) Completion of erection of Generating Units

ii) Testing and commissioning

iii) Performance Testing conforming to 100% Contract Design Criteria which shall mean successful running of the generating Station or unit thereof at Maximum Continuous Rating or Installed Capacity or Name Plate rating for a continuous period of **12 hours duration**. Provided that:

a) The short interruptions, for a cumulative duration of 4 hours, shall be permissible, with corresponding increase in the duration of the test. Cumulative interruptions of more than 4 hours shall call for repeat of trial operation or trial run.

b) The partial loading may be allowed with the condition that average load during the duration of the trial run shall not be less than Maximum continuous rating or installed capacity or Name Plate rating excluding period of interruption and partial loading but including the corresponding extended period.

iv) Official acceptance by the Insured following formal hand over without reservation or waiver of guarantee conditions. Any deficiencies identified during the testing, commissioning and start-up that may affect the mechanical integrity, process safety or reliability of the plant, having been declared to Insurers prior to attachment.

In the event that compliance with (a) and (b) above will be deferred upon mechanical completion and testing The Insured agrees to advise The Insurers in writing of such alternative procedures which will be adopted prior to the attachment hereunder of such new property.

It is further noted and agreed that the above provisions do not apply to normal routine maintenance activities, scheduled turnaround and/or minor works.

B.2.6. Special Conditions to Section II for Loss settlement

The basis of loss settlement under Section II of this Policy of Insurance shall be:

B.2.6.1. Partial Loss

For damage which can be repaired, the cost necessarily incurred to restore the damaged item to its former state of serviceability plus the cost of dismantling and re-erection incurred for the purpose of effecting the repairs as well as ordinary freight to and from a repair shop, customs duties and dues, if any, to the extent that such expenses have been included in the Sum Insured. If the repairs are carried out at a workshop owned by The Insured, The Insurer shall pay the cost of materials and wages incurred for the purpose of the repairs plus a reasonable percentage to cover overhead charges. No deduction shall be made for depreciation in respect of parts replaced.

B.2.6.2. Total Loss

If the cost of repairs equals or exceeds the actual value of the damaged Property Insured immediately before the occurrence of loss or damage, that Property Insured shall be regarded as a constructive total loss.

In the event of a total loss The Insurer shall pay the Actual Cash Value of the Property Insured immediately before the occurrence, including charges for ordinary freight, cost of erection and customs duties, if any, provided such expenses have been included in the Sum Insured.

In no case shall The Insurer be liable for unrepaired damage in addition to a subsequent Total Loss sustained during the period covered by this insurance. The Insured shall not be prevented from recovering a Constructive Total Loss hereunder by reason of any provision(s) in permit, license, Government regulation, or similar circumstances beyond the control of The Insured, which may prevent The Insured from abandoning the subject matter(s) of this insurance to The Insurer. In accordance with the foregoing, The Insurer agrees to waive notice of abandonment but notwithstanding anything to the contrary contained herein The Insurer shall be placed in the same position as if notice of abandonment had been given by The Insured and declined in the customary manner by The Insurer.

B.2.6.3. Dismantle costs

The Insurer shall also pay any reasonable costs to dismantle damaged equipment.

B.2.6.4. Cost of alterations, additions, improvements, maintenance, revisions or overhauls

The cost of any alterations, additions, improvements, maintenance, revisions or overhauls shall not be recoverable under this Policy.

B.3. SECTION III - BUSINESS INTERRUPTION :

GROSS PROFIT OR SPECIFIED STANDING CHARGES AND/OR INCREASED COST OF WORKING

B.3.1. Definitions

Annual turnover	means the turnover which, had the interruption of or interference with the business insured not occurred, would have been achieved during the twelve months preceding either the date when the business insured is no longer affected or when the indemnity period ends, whichever is the earlier.
Business Insured	means the commercial operation of the Property Insured specified in The Schedule to this section.
Debt service charges	means the amount of the annual payment(s) of interest and if specified the principal on borrowings due by The Insured.
Gross Profit	means the amount by which the value of the turnover and the value of the closing stock and work in progress exceed the value of the opening stock and work in progress and the amount of the specified working expenses. (Uninsured Working Expenses). The value of the opening and closing stocks and work in progress shall be calculated in accordance with The Insured's normal accounting methods, due provisions being made for depreciation.
Increased Cost of Working	means the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the loss of interest insured, which, without such expenditure, would have taken place.
Interest Insured	means either the Gross Profit including any Increased Cost of Working or the specified standing charges including any Increased Cost of Working.
Monetary deductible	means the amount to be deducted from any payment otherwise to be made by The Insurer.
Maximum indemnity period	means the maximum period(s) stated in The Schedule in respect of which cover is afforded for the Interest Insured by this operational business interruption section, beginning subsequent to the occurrence of the Damage and ending not later than the period as specified in The Schedule during which the results of the Business shall be affected in consequence of the damage.
Rate of Gross Profit	means the percentage of Gross Profit which, had the interruption of or interference with the Business Insured not occurred, would have been earned on the Annual turnover .
Specified standing charges	means any fixed costs specified in The Schedule which continue to be payable in full during the indemnity period
Specified working Charges	means any costs incurred for the acquisition of goods, raw materials, chemicals and portion of utilities consumption or auxiliaries as well as for supplies unless required for the upkeep of operations and any costs for packaging, carriage, freight, intermediate storage, taxes, licence fees and royalties, insofar as such costs are dependent on turnover.
Turnover	means the amount of money (less discounts allowed) paid or payable to The Insured for goods, products or services sold, delivered or rendered in the

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

	course of the Business Insured.

B.3.2. Insuring Clause

The Insurer shall indemnify The Insured subject to the terms, definitions, warranties, exclusions, limits provisions and conditions of this Section and of the Policy of Insurance as a whole for a loss of the Interest Insured unless specifically excluded if at any time during the Period of Insurance the Property Insured under any of the operational material damage Sections of this Policy of Insurance suffers loss or damage indemnifiable under the operational material damage Sections or which would have been indemnifiable under the operational material damage Sections but for the application of a deductible, thereby causing an interruption of or interference with the Business Insured in the proportion of said interruption or interference for the part of the Property concerned

B.3.3. Indemnification

The indemnity for the loss of Interest Insured shall be in respect of:

(a) Gross Profit, the loss actually sustained during the indemnity period resulting from a reduction in turnover including any Increased Cost of Working

or

(b) Specified standing charges, the amount actually not earned during the indemnity period resulting from a reduction in turnover including any Increased Cost of Working.

The indemnity shall not exceed the Sum Insured for the maximum indemnity period.

B.3.4. Sum Insured

The Sum Insured shall be

-the annual Gross Profit specified in The Schedule

or

-the annual Specified standing charges

Should the indemnity period exceed twelve months, the Gross Profit or the specified standing charges shall be the pro rata amount for that period.

B.3.5. Period of Insurance

The Period of Insurance shall be the period specified in The Schedule.

Should at any time after the commencement of this Policy of Insurance

NHPC LIMITED एन एच पी सी N·H·P·C FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.

(a) the business be wound up or carried on by a liquidator or receiver or administrator or be permanently discontinued,

(b) The Insured's interest cease otherwise than by death, then the cover under this Section shall cease on the respective date unless specifically agreed by The Insurer in writing.

B.3.6. Indemnity period

The indemnity period shall be the period during which the Interest Insured is affected by an interruption of or interference with the Business Insured beginning on the date of the occurrence of loss or damage and not exceeding the maximum indemnity period specified in The Schedule.

B.3.7. Deposit and Return/adjustment of Premium

A deposit Premium shall be paid at the inception of this Policy of Insurance and shall be calculated by multiplying the Sum Insured by the Premium Rate.

If the insured declares at the latest twelve months after the expiry of any policy period that the, Actual Gross profit of NHPC Power Stations during the Policy Period based on Audited Accounts for the financial year(s) covered by the Policy, was less than the sum insured thereon, a pro rata return of premium not exceeding 50% of the premium paid for the policy period on excess sum insured shall be made by the Insurer and in case the actual Gross profit is more than sum insured, extra premium shall be paid by the Insured for the short sum insured. Gross Profit for the policy period suitably adjusted to Indemnity period shall be calculated as per CERC norms based on the actual PAF and Generation etc. for that period of particular financial Year on annualized basis

Any loss, destruction or damage occurred giving rise to a claim under this Policy, return of premium shall be made in respect only of so much of said difference as is not due to such loss, destruction or damage.

Insured can increase the sum insured under Business Interruption (BI-FLOP) during currency of the policy for each power station at its discretion by paying required additional premium computed for all power stations covered under the policy on annual basis.

B.3.8. Time excess and monetary Deductible

In any one occurrence of loss or damage the insurer shall not be liable for the amount obtained by multiplying Average daily Gross Profit of the Power Station having sustained an indemnifiable loss by the number of days specified in The Schedule as the time excess plus any additional monetary Deductible agreed or for the amount of any monetary Deductible specified in The Schedule, whichever is higher.

B.3.9. Additional Exclusions for Business Interruption

In addition to the exclusions under General Conditions of this Policy of Insurance this Section III shall not cover any loss resulting from interruption of or interference with the Business directly or indirectly attributable to any of the following causes:

(a) loss of Interest Insured due to an interruption of or interference with the Business Insured resulting from:

(b) loss or damage covered under the operational material damage Section by way of

endorsement, unless expressly specified as covered in The Schedule;

(c) any restrictions imposed by public authority, including restrictions imposed on reconstruction or operation;

(d) Consequential Loss due to causes such as suspension, lapse or cancellation of a lease, licence or order, etc., which occurs after the date when the items lost, destroyed or damaged are in operating condition again and the Business Insured could have been resumed if said lease, licence or order, etc. had not lapsed or had not been suspended or cancelled

(e) loss or damage due to abnormal conditions directly or indirectly resulting from experimental testing, testing during the first 12 hours continuous operation of performance/acceptance tests or intentional overloading beyond approved safety limits;

(f) shortage, destruction, deterioration of or damage to raw materials, semi-finished or finished products or other materials required for proper operation, even if the consequence of material damage to an item indicated in the list of Property Insured is involved

(g) erasure, loss, distortion or corruption of information on computer systems or other records or software programs unless resulting from an occurrence of loss or damage indemnifiable under the operational material damage section.

(h) loss or damage for which the manufacturer or supplier of the property is responsible either by law or under contract.

(i) The Insured not having at his disposal in good time sufficient capital for repairing or replacing destroyed or damaged machinery;

(j) The Insurer shall not be liable for the amount of any fines or damages for breach of contract, for late or non-completion of orders, or for penalties of whatever nature.

B.3.10. Special Conditions pertaining to Claims notification and The Insured's special obligations following an occurrence of loss or damage

(a) The Insured shall be obliged to keep for the Period of Insurance complete records of the Business Insured, including without limitation - inventories, production and balance sheets for the three preceding years. All records shall be held in safekeeping and, as a precaution against their being simultaneously destroyed, The Insured shall keep separate sets of such records.

(b) In the event of any occurrence of loss or damage which might cause an interruption of or interference with the Business Insured

i. The Insured shall immediately notify The Insurer and send it written confirmation thereof within forty-eight hours of the occurrence;

ii. The Insurer and The Insurer's Agents shall have unlimited access to the Premises to establish the possible cause and extent of the loss or damage, its effect on the Interest Insured, to examine the possibilities for minimizing the interruption of or interference with the Business Insured, and if necessary to make reasonable recommendations for the avoidance or minimization of such

NHPC LIMITED FARIDABAD

interruption or interference;

iii. The Insurer and The Insurer's Agents shall have the right to enter any building where the loss has happened and may take possession of or require that any of the damaged Property Insured be rendered to them and may keep possession of and deal

with such damaged Property Insured for all reasonable purposes and in any reasonable manner. This condition shall be evidence of the leave and licence of The Insured to The Insurer so to do.

(c) If The Insured or anyone acting on his behalf hinders or obstructs The Insurer in any way or does not comply with any recommendations The Insurer may make pursuant to clause B.3.10 (b) above, all benefits under this Section shall be forfeited.

(d) In the event of a claim being made under this section, The Insured shall at his own expense deliver to The Insurer not later than thirty days after the interruption of or interference with the Business Insured or within such further periods as The Insurer may allow in writing a written statement setting forth particulars of the claim.

(e) The Insured shall at his own expense produce and furnish to The Insurer such books of account and other business books or other evidence as may reasonably be required by The Insurer for the purpose of investigating or verifying the claim together with, if required, a statutory declaration of the truth of the claim and of any matters connected therewith.

B.3.11. Conditions for Loss settlement under Section III

In the event of an interruption of or interference with the Business Insured the basis of loss settlement under this Section shall be as follows:

B.3.11.1. Loss of Gross Profit

In respect of loss of Gross Profit, The Insurer shall pay the amount obtained by multiplying the Rate of Gross Profit with the amount by which the actual turnover during the indemnity period falls short of the turnover, which would have been achieved, had the loss or damage not occurred.

B.3.11.2. Specified standing charges

In respect of specified standing charges, The Insurer shall pay the amount obtained by multiplying the percentage by which the actual turnover during the indemnity period falls short of the turnover which would have been achieved had the interruption of or interference with the Business Insured not occurred by the amount of specified standing charges incurred during the interruption or interference.

If the Sum Insured hereunder is less than the amount obtained by multiplying the Rate of Gross Profit by the Annual turnover or, if the indemnity period exceeds twelve months, the pro rata turnover for that period, the amount payable shall be reduced proportionately.

B.3.11.3. Increased Cost of Working

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
455 The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

In respect of Increased Cost of Working, The Insurer shall pay the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in turnover which, without such expenditure, would have occurred during the indemnity period.

The indemnity shall not exceed the amount of loss of Interest Insured thereby avoided

B.3.11.4. Calculation of Rate of Gross Profit and Annual turnover

In calculating the Rate of Gross Profit and Annual turnover, the following aspects shall be taken into consideration:

(a) the trend of the Business Insured;

(b) the results of the Business Insured during the financial year preceding the date of the loss or damage or, in the event of the loss or damage occurring during the first year of commercial operation, the turnover during the following financial year;

(c) any circumstances affecting the Business Insured either before or after loss or damage or which would have affected the Business Insured had the loss or damage not occurred;

(d) any benefits from deferred sales or from increased production and/or profits as a consequence of an interruption of or interference with the Business Insured which The Insured may receive during a period of six months immediately following the re-commissioning of insured plant and/or machinery after a loss or damage;

(e) allowance for the time spent on any overhauls, inspections or modifications carried out during the period the Business Insured was affected by any interruption or interference;

(f) any money paid or payable in respect of goods which are sold or services which are rendered elsewhere than at the Premises for the benefit of the Business Insured either by The Insured or by another party acting on his behalf;

(g) any amount saved during the indemnity period in respect of any charges and expenses of the business payable out of the Gross Profit that may cease or be reduced in consequence of loss or damage.

The final figures shall represent as closely as may be deemed reasonable the results, which the Business Insured would have achieved, had the loss or damage not occurred

B.3.11.5. Payment of Indemnity

B.3.11.5.1. Subject to clause B.3.11.5.3 below The Insurer shall pay The Insured any amount due under this Section one month after final determination of the amount due.

B.3.11.5.2. The Insured may, one month after The Insurer has been duly notified of the loss of Interest Insured and has acknowledged its liability, claim as advance payment(s) the minimum amount(s) The Insurer agrees are payable.

B.3.11.5.3. The Insurer shall be entitled to postpone payment beyond the period set out in B.3.11.5.1 above if

(a) there are doubts as to The Insured's right to receive payment, in which case payment shall not become due until such time as the necessary proof is furnished by The Insured or The Insurer accepts liability;

(b) as a result of any loss or damage or any interference with or interruption of the Business Insured, police or criminal investigations have been initiated against The Insured, in which case payment will not become due until the completion of such investigations, provided always that if The Insured is convicted of any offence in respect of any claim for indemnity under this Policy of Insurance, the insurance cover under this Section shall be void.

B.3.11.5.4. The Insurer shall not be liable to pay interest on indemnity withheld other than interest for default.

B.3.11.6 Underinsurance

No under-insurance will be applicable for Section-III (Business Interruption) i.e., no under-insurance penalty shall be applied in case of Business Interruption claim. However, the insurance Co. will indemnify the loss for Business Interruption based on the sum-insured and Insured shall be required to pay additional premium based on the actual Gross Profit as per methodology given in clause 3 of Condition of policy within 12 months from the end of Policy period.

B.3.12. Provisions to Section III

B.3.12.1 Current Cost Accounting Adjustment

For the purpose of the definitions in B.3.1, any adjustment implemented in current cost accounting shall be disregarded.

B.3.13. Special Conditions pertaining to Section III

B.3.13.1. Alternative Trading Clause:

If during the Indemnity Period goods shall be sold or services shall be rendered elsewhere than at the Premises for the benefit of the Business either by The Insured or by others on his behalf the money paid or payable in respect of such sales or services shall be brought into account in arriving at the output during the Indemnity Period.

B.3.13.2. Uninsured Standing Charges Clause

If any standing charges of the Business be not insured by this Policy of Insurance (having been deducted in arriving at the Gross Profit as defined herein) then in computing the amount recoverable hereunder as Increase in Cost of Working, that proportion only of any additional expenditure shall be brought into account which the Gross Profit bears to the sum of the Gross Profit and the uninsured standing charges.

Where the Specified working Charges (Uninsured Working Expenses) are recognized variable charges, the Uninsured Standing Charges Clause and the reference hereto should be deleted.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

B.3.13.3. Professional Accountants Clause:

Any particulars or details contained in The Insured's books of account or other business books or documents which may be required by The Insurer for the purpose of investigating or verifying any claim hereunder may be produced by professional accountants if at the time they are regularly acting as such for The Insured and their report shall be prima facie evidence of the particulars and details to which such report relates.

The Insurer will pay to The Insured the reasonable charges payable by The Insured to their professional accountants for producing such particulars or details or any other proofs, information or evidence as may be required by the Insurer and reporting that such particulars or details are in accordance with The Insured's books of account or other business books or documents provided that the sum of the amount payable under this clause shall not exceed the limit stated in The Schedule and the amount otherwise payable under the Policy of Insurance shall in no case exceed the liability of The Insurer as stated.

B.3.13.4. Aggravation Clause

It is noted and agreed that the operation of the excluded perils shall not prejudice the right of The Insured to recover under this Policy of Insurance any further loss caused by aggravation of an originally covered loss within the period of Indemnity.

B.3.14. Additional Memoranda for Business Interruption

B.3.14.1. Overhauls

In calculating the loss, due allowance shall be made for the time spent on any overhauls, inspections or modifications carried out during any period of interruption.

B.3.14.2. Departmental Clause

If the Business be conducted in Departments, the independent trading results of which are ascertainable the indemnity provisions of clauses B.3.11.1 (Loss of Gross Profit) & B.3.11.3 (increased cost of working) of Gross Profit shall apply separately to each Department affected by the incident.

B.3.15. Additional Extensions to Section III

B.3.15.1. Alternative Basis Clause

It is agreed and declared that, whenever found necessary, the term 'Output' may be substituted for the term 'Turnover' and for the purpose of this policy 'Output' shall mean the sale value of goods manufactured by the 'Insured' in the course of the business at the premises,

Provided that :

(a) Only one such meaning shall be operative in connection with any one occurrence

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
[51] The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile : 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

involving damage (as within defined).

(b) If the meaning set out above be used, memo No.1 shall be altered to read as follows:

Memo 1 : If during the INDEMNITY PERIOD goods shall be manufactured other than at the premises for the benefit of the business either by the Insured or by others on the Insured's behalf, the sale value of the goods so manufactured shall be brought into account in arriving at the OUTPUT during the INDEMNITY PERIOD.

B.3.15.2. New Business Clause

For the purpose of any claim arising from damage occurring before the completion of the first year's trading of the business at the premises the terms "Rate of Gross Profit", "Annual Output/Turnover" and "Standard Output/Turnover" shall bear the following meaning and not as within stated:-

RATE OF GROSS PROFIT – The rate of Gross Profit earned on the Output/Turnover during the period between the date of the commencement of the business and the date of the damage.	To which such adjustments shall be made as may be necessary to provide for the trend of the business and for variations in or special circumstances affecting the business either before or after the damage or which would have affected the business had the damage not occurred so that the figures thus adjusted shall represent as nearly as may be reasonably practicable, the results which, but for the damage, would have been obtained during the relative period after the damage.
ANNUAL OUTPUT/TURNOVER – The proportional equivalent for a period of twelve months or the Output/Turnover realised during the period between the commencement of the business and the date of the damage.	
STANDARD OUTPUT/TURNOVER – The proportional equivalent for a period equal to the Indemnity Period of the Output/Turnover realised during the period between the commencement of the business and the date of the damage.	

B.3.15.3 Additional Increased Cost of Working:

It is hereby agreed and declared that notwithstanding anything contained herein to the contrary, this policy extends to cover costs and expenses necessarily and reasonably incurred during the indemnity period in consequence of the 'Damage' and not otherwise payable under Loss of Gross Profit (increase in Cost of Working) for the purposes of maintain the business, it being understood that if any such costs under Loss of Gross Profit provisions (Reduction in turnover and Increase in cost of working) are of a capital asset nature then account shall be taken of the residual value of such capital items so involved existing at the end of the maximum indemnity Period. - **Limits: Rs.25 Crore.**

POLITICAL VIOLENCE INSURANCE

PROPERTY DAMAGE WORDING (Terrorism)

1. BASIS OF INSURANCE

All information provided to Underwriters by the Insured and/or its agent(s) in connection with this insurance, including but not limited to the Proposal Form specified in the Schedule, forms the basis of and is incorporated into this insurance.

2. INSURING CLAUSE

In consideration of the premium paid and subject to the exclusions, limits and conditions contained herein, this Policy indemnifies the Insured for its ascertained Net Loss for any one Occurrence up to but not exceeding the Policy Limit against:

2.1 Physical loss or physical damage to the Buildings and Contents which belong to the Insured or for which the Insured is legally responsible, directly caused by one or more of the following perils occurring during the Policy Period and in respect of which the Insured has purchased cover as specified in the Schedule 1:

1. Act of Terrorism;

2. Sabotage;

NHPC LIMITED FARIDABAD

3. War and/or Civil War.

Such perils as are specified in the Schedule 1 and in respect of which cover has been purchased by the Insured shall be the "Covered Causes of Loss".

2.2 Expenses incurred by the Insured in the removal of debris directly caused by any one or more of the Covered Causes of Loss. The cost of removal of such debris shall not be considered in determination of the valuation of the property insured.

2.3 The Underwriters hereon shall not be liable for more than the Policy Limit stated in the Schedule in respect of any one Occurrence and in the aggregate. For the avoidance of doubt, the limit of indemnity under Clauses 2.1 and 2.2 shall be in the aggregate and shall not exceed the Policy Limit.

3. DEFINITIONS

"Act of Terrorism" shall mean an unlawful act, including the use of force or violence, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s), committed for political, religious or ideological purposes including the intention to influence any government and/or to put the public in fear for such purposes.

"Actual Cash Value" means the cost to repair or replace the Buildings or Contents with a proper deduction for obsolescence, wear and tear.

"Buildings" shall mean any roofed and walled structure, machinery and equipment, signs, glass, lifts, fixed fuel tanks, driveways, footpaths, walls, gates, satellite dishes and their fittings and masts, provided always that the Insured owns or is legally responsible for such Buildings and provided that the Buildings are situated at an Insured Location. Where specifically requested by the Insured and agreed to by Underwriters and declared to Underwriters in the Schedule to the Policy, "Buildings" shall also include underground mines, tunnels, wells, caverns, dams, water shafts, power tunnels, dikes, levees, gates, flumes and any property contained therein.

"Civil War" shall mean an internecine war, or a war carried on between or among opposing citizens of the same country or nation.

"Contents" shall mean fixtures and fittings, interior decorations, office furniture and stock (including finished goods manufactured by the Insured or held for sale), provided always that the Insured owns or is legally responsible for such Contents and provided that such Contents are situated at an Insured Location.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

"Declared Values" shall mean the amounts stated in the Schedule to the Policy.

"Deductible" shall mean the deductible(s) stated in the Schedule in respect of any one Occurrence. Each Occurrence shall be adjusted separately and from the amount of each adjusted loss, the Deductible shall be deducted.

"Electronic Data" shall mean facts, concepts and information converted to a form useable for communication, interpretation or processing by electronic and electromechanical data processing or electronically controlled equipment and includes programs, software and other coded instructions for the processing and manipulation of data or the direction and manipulation of such equipment.

"Insured" shall mean the entity or entities stated in the Schedule.

"Insured Country" shall mean the country in which the Insured's principal place of business is situated.

"Insured Location" shall mean the locations as described in the Schedule to the Policy.
"Net Loss" shall, in respect of Buildings, mean the reasonable cost of repairing, replacing or reinstating (whichever is the least) on the same site, or nearest available site (whichever incurs the least cost) to a condition substantially the same as but not better than the condition of the Buildings immediately prior to the loss, subject to the repairing, replacing or reinstating being carried out and subject to the following provisions:

1. The repairs, replacement or reinstatement (all hereinafter referred to as "replacement") must be executed with due diligence and dispatch;

2. If the Buildings are not repaired, replaced or reinstated within a reasonable period of time the Underwriters shall only pay the Actual Cash Value;

3. If replacement with material of like kind and quality is restricted or prohibited by any by-laws, ordinance or law, Underwriters' total liability for any increased cost of replacement due thereto shall be limited to the Policy Sub-Limit stated in the Schedule for any one Occurrence which liability shall, for the avoidance of doubt, form part of and shall not be in addition to the Policy Limit.

4. In respect of Contents, "Net Loss" shall mean:

   (i) on finished goods sold and awaiting collection, the regular selling price, less all discounts and charges to which such goods would have been subject to had no loss occurred;

   (ii) on all other stock, the value of raw materials and labour expended;

   (iii) for property of others, the amount for which the Insured is legally liable but in no event to exceed the Actual Cash Value;

   (iv) for film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, an amount not exceeding the cost of such media in an unexposed or blank form plus the costs of copying electronic data from back up or

from originals of a previous generation. These costs will not include research and engineering nor any costs of recreating, gathering or assembling such electronic data. If the media is not repaired or replaced the basis of valuation shall be the cost of the blank media. This insurance does not insure any amount pertaining to the value of such electronic data to the insured or any other party.

(v) on documents other than (iv) above an amount not exceeding the cost of blank material plus the cost of labour incurred by the insured for transcribing or copying such records. This insurance does not insure any amount pertaining to the value of such documents to the Insured or any other party.

(vi) on all other property, the Actual Cash Value.

5. In respect of the removal of debris pursuant to Clause 2.2 above, "Net Loss" shall mean the necessary and reasonable expenses incurred by the Insured with Underwriters' prior written consent in the removal of said debris.

All amounts shall be calculated at the date of loss and in no event shall Underwriters be liable for more than the Policy Limit.

"Occurrence" shall mean any one loss and/or series of losses arising out of and directly occasioned by one act or series of acts for the same purpose or cause. The duration and extent of any one Occurrence shall be limited to all losses sustained by the Insured in respect of Buildings and Contents insured herein during any period of 72 consecutive hours arising out of the same purpose or cause. However no such period of 72 consecutive hours may extend beyond the expiration of this Policy unless the Insured shall first sustain direct physical damage prior to expiration and within said period of 72 consecutive hours nor shall any period of 72 consecutive hours commence prior to the attachment of this Policy.

"Operations" shall mean the Insured's business operations at one or more of the Insured Locations.

"Policy Period" shall mean the period stated in the Schedule.

"Policy Limit" shall mean the limit stated in the Schedule in respect of any one Occurrence and in the aggregate for all loss and damage insured hereunder, including for the avoidance of doubt, any amount(s) paid in respect of the Policy Sub-Limit.

"Policy Sub-Limit" shall mean the Net Loss Clause 3 Policy sub-limit stated in the Schedule for any one Occurrence and in the aggregate for all loss and damage under Clause 3 of the definition of "Net Loss", which sub-limit shall, for the avoidance of doubt, form part of and shall not be in addition to the Policy Limit.

"Sabotage" shall mean wilful physical damage or destruction perpetrated for political reasons by known or unknown person(s).

"War" shall mean a contest by force between two or more sovereign nations, carried on for any purpose, armed conflict of sovereign powers and/or declared or undeclared and open hostilities between sovereign nations.

"Underwriters" shall mean the underwriters and insurers subscribing to this Policy.

4. EXCLUSIONS

This Policy **DOES NOT INDEMNIFY AGAINST:**

1. Loss or damage arising directly or indirectly from nuclear detonation, nuclear reaction, nuclear radiation or radioactive contamination, however such nuclear detonation, nuclear reaction, nuclear radiation or nuclear contamination may have been caused nor from any loss or damage directly or indirectly caused by or contributed to from any nuclear waste or the radioactive, toxic, explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof.

2. Loss or damage directly or indirectly caused by seizure, confiscation, nationalisation, requisition, expropriation, detention, legal or illegal occupation of any property insured hereunder, embargo, condemnation, nor loss or damage to the Buildings and/or Contents by law, order, decree or regulation of any governing authority, nor for loss or damage arising from acts of contraband or illegal transportation or illegal trade.

3. Any loss arising from War (whether before or after the outbreak of hostilities) between any two or more of the following: China, France, the Russian Federation, the United Kingdom and the United States of America.

4. Delay, loss of market, loss of income, loss of use, denial of access, cancellation of business, depreciation, reduction in functionality, increased cost of working (except as may be insured specifically under any Business Interruption Extension to this Policy);

5. Consequential loss or damage howsoever arising (except as may be insured specifically under any Business Interruption Extension to this Policy);

6. Third party liability howsoever arising;

7. Loss or damage directly or indirectly arising from or in consequence of the discharge of pollutants or contaminants, which pollutants or contaminants shall include but not be limited to any solid, liquid, gaseous or thermal irritant, contaminant of toxic or hazardous substance or any substance the presence, existence or release or of which endangers or threatens to endanger the health, safety or welfare of persons or the environment.

8. Loss or damage directly or indirectly caused by chemical or biological release or exposure of any kind, nor any loss or damage directly or indirectly caused by any chemical, biological, bio-chemical or electromagnetic weapon.

9. Loss or damage directly or indirectly caused by electronic means including computer hacking or the introduction of any form of computer virus (save where a mobile phone is

6. CONDITIONS

6.1 Other Insurance

This Policy does not indemnify any loss or damage which at the time of the occurrence of such loss is insured or would, but for the existence of this Policy be insured by any other policy or policies of insurance except in respect of any excess beyond the amount which would have been payable under such other policy or policies had this Policy not been effected.

6.2 Territorial Limits

This Policy insures Buildings and Contents owned by the Insured or for which the Insured is legally responsible and situated at the Insured Locations specified in the Annexure III B/Schedule to the Policy.

6.3 Due Diligence

It is a condition precedent to Underwriters' liability that the Insured shall at all times and at its own expense use due diligence, and do and concur in doing and permit to be done, all things reasonably practicable (including but not limited to precautions to protect or remove the

NHPC LIMITED FARIDABAD

Buildings and Contents insured herein) to avoid or diminish any loss or damage under this Policy and including action against other parties to enforce any rights and remedies or to obtain relief or indemnity. It is also a condition precedent to Underwriters' liability that the Insured shall do all things necessary to ensure and require that its agents, sub and co-contractors do all things reasonably practicable to avoid or diminish any loss or damage under this Policy.

6.4 Protections Maintenance

The Insured shall ensure that effective protections exist for the safety of the Buildings and Contents and that such protections shall be maintained in good order throughout the currency of this Policy and shall be in use at all appropriate times. Such protection shall not be withdrawn or varied without Underwriters' prior written consent.

6.5 Declared Values Penalty

If at the time that any Buildings or Contents are lost or damaged, the total value of all such insured property at the Insured Location at which said loss or damage occurred is greater than the Declared

Value for that Insured Location by more than 10%, then the Insured shall be entitled to recover no more hereunder than such proportion of the loss or damage as the Declared Value bears to the total value of all insured property at that Insured Location. For the avoidance of doubt, Underwriters' maximum liability in respect of any one Insured Location shall not exceed the Declared Value for such Insured Location.

6.6 Notification of Loss or Damage

It is a condition precedent to Underwriters' liability that in the event of loss or damage or circumstances arising that may give rise to a claim under this insurance notice is to be given to Underwriters as soon as reasonably possible but no later than 14 days after the occurrence of said loss or damage.

6.7 Co-operation

It is a condition precedent to Underwriter's liability that the Insured must provide Underwriters with such relevant information and evidence as Underwriters may reasonably require and co-operate fully in the investigation and/or adjustment of any claim. If required by Underwriters, the Insured agrees to submit to examination under oath by any person designated by Underwriters.

6.8 Proof of Loss

The Insured shall render a signed and sworn proof of loss within 60 days after the occurrence of such loss (unless such period shall be extended with the written agreement of Underwriters) stating the time, place and cause of loss, the interest of the Insured and all others in the Buildings and Contents, the Declared Values and the amount of loss or damage thereto. If Underwriters have not received such proof of loss within 1 year of the expiry of this Policy, they shall be discharged from all liability in relation to such loss.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

7. MULTIPLE INSUREDS

7.1 Each of the Insureds individually warrants that the information which has been provided to Underwriters in relation to placement, renewal, amendment of or extension to this Policy by or on behalf of itself or any of the other Insureds, is materially accurate and complete so far as it concerns the risks in which that Insured (by itself or with others) has an interest that is insured hereunder.

7.2 Breach of any warranty hereunder by any one of the Insureds shall be deemed to be in breach of warranty by all of the Insureds as if the same had been committed by each and every one of the said Insureds, subject only to Underwriters' express written waiver of the same.

7.3 The total liability of the Underwriters in the aggregate for any loss or losses sustained by any or all of the Insureds, or at any or all of the Insured Locations, shall not exceed the amount for which Underwriters would be liable had such loss or losses been sustained by any one Insured, or at any one Insured Location, alone. For the avoidance of doubt, the Policy Limit applies to the aggregate of all claims by all Insureds and in respect of all Insured Locations hereunder, and Underwriters shall have no liability in excess of the Policy Limit whether insured losses are sustained by all of the Insureds or any one or more of them or whether insured losses are sustained at any one or more of the Insured Locations.

7.4 The application of any Exclusion against any Insured shall be deemed to exclude loss for all Insureds hereunder, subject only to Underwriters' express written waiver of the same.

8. SUBROGATION

If Underwriters become liable for any payment under this Policy in respect of loss or damage, they shall become subrogated, to the extent of such payment, to all the rights and remedies of the Insured against any party in respect of such loss or damage and shall be entitled at their own expense to sue in the name of the Insured to recover for Underwriters' benefit the amount of any payment made under this insurance, in addition to Underwriters' own costs and expenses. The Insured shall give to Underwriters all such assistance in its power as Underwriters may require to secure said rights and remedies (including attending hearings and trials, securing and giving evidence, obtaining the attendance of witnesses, assisting in effecting settlements and in conducting litigation, arbitration or other proceedings) and, at Underwriters' request, shall enter into such agreements and execute or sign such documents as may be necessary to enable Underwriters to bring suit in the name of the Insured.

9. RECOVERIES

All salvage, recoveries and payments recovered or received by the Insured from any source subsequent to a loss settlement under this Policy, after reimbursement of Underwriters' expenses of recovery if any, shall inure to the benefit of Underwriters until they shall have been reimbursed to the extent of any loss settlement. Any further salvage, recoveries and payments shall accrue to the benefit of the Insured.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

10. ABANDONMENT

Unless Underwriters elect to take the Buildings and Contents as salvage, said property will at all times remain the property of the Insured who may not abandon it to Underwriters.

11. FALSE OR FRAUDULENT CLAIMS

If the Insured shall make any claim knowing the same to be false or fraudulent, as regards amount or otherwise, this Policy shall become void and all claims hereunder shall be forfeited.

12. INSPECTION AND AUDIT

12.1 Underwriters shall be permitted but not obligated to inspect the Buildings and Contents at any time. Neither Underwriters' right to make inspections nor the making thereof nor any report thereon shall constitute an undertaking, on behalf of or for the benefit of the Insured or others, to determine or warrant that such property is safe. No other party shall be entitled to rely on Underwriters' inspection without their prior written consent.

12.2 Underwriters shall be entitled to examine and audit the Insured's books and records at any time during the Policy period and any extensions thereof and within 2 years after the final termination of this Policy, as far as they relate to the subject matter of this insurance.

13. ASSIGNMENT

No assignment or change of interest in this insurance or any amount payable under it shall be binding on or recognised by Underwriters, except with their prior written consent.

14. RIGHTS OF THIRD PARTIES

This Policy is effected solely between the Insured and Underwriters. This Policy shall not and is not intended to confer any benefits on any third parties, including but not limited to shareholders, and no third party may enforce any term of this Policy. The Contract (Rights of Third Parties) Act 1999 is excluded expressly from this insurance.

15. PREMIUM PAYMENT

The Insured undertakes that the premium shall be paid in full to Underwriters by the Insured within 45 days of the date of inception of this Policy (or, in respect of instalments, when due). If the premium due under this Policy has not been paid to Underwriters by 4.00 pm Greenwich meantime on the 45th day after the date of inception of this Policy (and, in respect of instalments, by the date they are due), Underwriters shall have the right to cancel the Policy by notifying the Insured at the address shown in the Schedule. In such circumstances, cancellation shall be effective at 4.00 pm Greenwich meantime on the 15th day after the date of notice of cancellation by Underwriters and the Policy shall be terminated automatically without further reference or confirmation to the Insured. In the event of cancellation, premium is due to Underwriters on a pro rata basis for the period that Underwriters are on risk but the full Policy premium shall be payable to Underwriters in the event of loss, damage, circumstance or occurrence likely to give rise to claim under this Policy. If the premium due is paid to

Underwriters before the notice period expires, such cancellation shall be automatically revoked.

16. CANCELLATION

16.1 This Policy may be cancelled by the Insured by written notice to Underwriters stating when, not less than 30 days thereafter, the cancellation shall be effective.

16.2 Save where Clause 15 above applies, this Policy may be cancelled by Underwriters by written notice to the Insured at the address shown in the Schedule stating when, not less than thirty (30) days thereafter such cancellation shall be effective.

16.3 The mailing of notice shall be sufficient proof of notice. The effective date and hour of cancellation in the notice shall become the end of the Policy period. Delivery (where permitted by law) of such written notice either by the Insured or by Underwriters shall be equivalent to mailing.

16.4 If the Insured cancels this Policy, 25% of the premium charged shall be deemed fully earned upon inception of the Policy and the remaining earned premium shall be computed in accordance with the customary short rate table and procedure. If Underwriters cancel this Policy the premium shall be computed pro rata.

16.5 The premium shall be deemed fully earned if any loss, damage, circumstance or Occurrence has been notified under this Policy.

16.6 Premium adjustment may be made either at the time of cancellation or as soon as practicable thereafter but payment or tender of unearned premium is not a condition of cancellation.

17. WARRANTY AS TO USES

The Insured warrants that the building uses declared to Underwriters at inception and detailed in the Schedule to the Policy are correct and that such uses shall not change during the Policy Period without Underwriters' prior written consent.

18. CHANGES/AMENDMENTS

Any addenda, amendments or endorsements to this Policy shall only be valid if agreed by Underwriters in writing.

19. GOVERNING LAW AND DISPUTE RESOLUTION

This Insurance shall be governed by and construed in accordance with the law of Republic of India. Each party agrees to sublimit to the exclusive jurisdiction of any competent court within Republic of India.

20. SEVERAL LIABILITY

Underwriters' obligations under this Policy are several and not joint and are limited solely to their individual subscriptions. Underwriters are not responsible for the subscription of any co-subscribing Underwriter who for any reason does not satisfy all or part of its obligations.

21. CLAIM SETTLEMENT

Settlement of any valid claim under this Policy shall be payable, subject to the application of the Deductible, within 60 days after the conclusion of Underwriters' investigation(s) necessary for the assessment of the extent of their liability.

22. SETTLEMENT OF DISPUTES

The Settlement of Disputes shall be dealt as per Clause No. 21 of 'Condition of Policy' (Section-IV).

BUSINESS INTERRUPTION EXTENSION (BUSINESS INCOME)

1. INSURING CLAUSE

1.1 **Loss of Income:** In consideration of the additional premium paid, this Policy is extended to cover the actual loss of Income sustained by the Insured resulting directly from Business Interruption.

1.2 Due consideration shall be given to the continuation of such reasonable charges and expenses, including payroll expenses, to the extent necessary to resume the Operations with the same operational capability as existed immediately before the physical loss or damage occurred to Buildings and/or Contents.

1.3 **Expenses to reduce loss:** Underwriters shall also pay to the Insured the additional necessary and reasonable costs and expenses incurred by the Insured in order to minimise its losses under this Extension and continue its business, less any savings which result from the reduced costs and expenses during the period of business interruption. Underwriters' liability for such costs and expenses shall not exceed the amount by which loss otherwise payable under this Extension is thereby reduced. For the avoidance of doubt, any sums paid by Underwriters in respect of such costs and expenses shall form part of and shall not be in addition to the Business Interruption Limit (if applicable) or Policy Limit (if applicable).

1.4 Indemnity under this Extension shall commence from the date on which the physical loss or physical damage occurs to Buildings and/or Contents and continue for the entire period of interruption of business but not beyond the lesser of:

a. the time required, with the exercise of due diligence and dispatch, to repair, rebuild or reinstate such part of the Buildings and/or Contents as has been destroyed or damaged commencing with the date of such direct physical loss or damage; or

b. TWELVE (12) calendar months.

2. DEFINITIONS

"Business Interruption" shall mean the necessary and unavoidable interruption of or interference with the Insured's Operations provided always that:

1. a business interruption value is declared in the Annexure III B/Schedule to the Policy for the relevant Insured Location(s); and

2. such business interruption occurs at an Insured Location; and

3. such business interruption occurs as a direct consequence of one or more of the Covered Causes of Loss as are specified in the Schedule and in respect of which cover has been purchased by the Insured.

NHPC LIMITED एनएचपीसी NHPC FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

"Business Interruption Policy Limit" shall mean the business interruption policy limit stated in the Schedule.

"Income" shall mean the net income (net profit or loss before income taxes) that would have been earned or incurred.

"Finished Stock" shall mean stock manufactured by the Insured which in the ordinary course of the Insured's business is ready for packing, shipment and sale.

"Merchandise" shall mean goods kept for sale by the Insured which are not the product of manufacturing operations conducted by the Insured.

"Raw Stock" shall mean material in the state in which the Insured receives it for conversion into Finished Stock.

"Stock in Process" shall mean Raw Stock which has undergone any ageing, seasoning, mechanical or other process of manufacture at the Insured's premises but which has not become Finished Stock.

3. CONDITIONS

3.1 Direct Damage

No claim shall be payable under this Extension unless and until a claim has been paid or liability admitted by Underwriters, in respect of one or more of the Covered Causes of Loss (as specified in the Schedule and in respect of which cover has been purchased by the Insured) and which Covered Cause(s) of Loss give rise to Business Interruption. This condition shall not apply where no claim payment has been made or liability admitted solely owing to the operation of a Deductible which excludes liability for losses below a specified amount.

3.2 Basis of Settlement

1. The amount of Income loss shall be determined based on:

(a) the net income of the Operations before the direct physical loss or damage to Buildings and Contents occurred;

(b) the likely net income of the Operations if no physical loss or damage had occurred, but not including any net income that would likely have been earned as a result of an increase in the value of business due to favourable business conditions caused by the impact of the Covered Causes of Loss on customers or on other business;

(c) the operating expenses, including payroll expenses, necessary to resume Operations with the same operational capabilities that existed immediately before the direct physical loss or damage; and

NHPC LIMITED FARIDABAD

E-mail : jaimal singh@newindia.co.in, jaimal.sk@gamil.com

(d) other relevant sources of information including: the Insured's financial records and accounting procedures; bills, invoices and other vouchers; and deed, liens or contracts.

2. Resumption of Operations

If the Insured could reduce the loss under this Extension resulting from Business Interruption:

(a) by complete or partial resumption of Operations, and/or

(b) by making use of Merchandise, Raw Stock, Stock in Process or Finished Stock, or any other property at the Insured Locations or elsewhere, and/or

(c) by using or increasing Operations elsewhere,

then such possible reduction(s) shall be taken into account in arriving at the amount of loss under this Extension.

If the Insured does not resume Operations, or does not resume Operations as quickly as possible, Underwriters' liability shall be limited to the length of time it would have taken for the Insured to resume Operations as quickly as possible.

3. Appraisal

If Underwriters and the Insured disagree on the amount of Income and/or operating expense or the amount of loss, either may make written demand for an appraisal of the loss. In this event, each party will select a competent and impartial appraiser.

The two appraisers will select an umpire. If they cannot agree, either may request that selection be made by the LCIA. The appraisers will state separately the amount of Income and operating expense of the amount or loss. If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

(a) pay its chosen appraiser; and

(b) bear the other expenses of the appraisal and umpire equally.

If there is an appraisal, Underwriters shall still retain the right to deny the claim.

3.3 Proof of Loss

The Insured shall give immediate written notice to Underwriters of any loss or damage under this Extension and shall protect the property from further damage that might result. Within 60 days following the date of physical loss or damage, the Insured shall render to Underwriters a proof of loss, signed and sworn by the Insured, stating the knowledge and belief of the Insured as to the following:

1. the time and origin of the property loss or damage causing the interruption of business;

2. the interest of the Insured and of all others in the business;

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

3. all other contracts of insurance, whether valid or not, covering in any manner the loss insured against by this policy;

4. any changes in the title, nature, location, encumbrance, possession of said business since the issuing of the Policy; and

5. by whom and for what purpose any building at which loss or damage has occurred and the several parts thereof were occupied at the time of loss of damage,

and shall furnish a copy of all the description and schedules in all policies, and the actual amount of business interruption value and loss claimed, accompanied by detailed exhibits of all values, costs and estimates upon which such amounts are based. The Insured shall exhibit to any person designated by Underwriters all that remains of any property insured under this Extension, shall submit to examination under oath by any person named by Underwriters, shall produce for examination all books of account, bills, invoices and other vouchers, or certified copies thereof if originals be lost, at such reasonable time and place as may be designated by Underwriters or its representatives and shall permit extracts and copies thereof to be made.

4. EXCLUSIONS

This Extension **DOES NOT INDEMNIFY AGAINST**:

4.1 Increase in loss or damage resulting directly or indirectly from interference at the Insured Locations, by strikers or other persons, with rebuilding, repairing or reinstating the property or with the resumption or continuation of Operations.

4.2 Increase in loss or damage caused directly or indirectly by suspension, lapse or cancellation or any lease, licence, contract, or order, unless such results directly from Business Interruption and then Underwriters shall be liable only for such loss as affects the Insured's Gross Earnings during and limited to the Policy Period.

4.3 Increase in loss or damage caused directly or indirectly by the enforcement of any ordinance or law regulating the use, reconstruction, repair or demolition of any property insured hereunder.

4.4 Loss of market or any other consequential loss or damage except as specifically insured herein.

4.5 Loss or damage as a result of physical or mental or bodily injury to any person.

4.6 Any loss or damage during any period in which goods would not have been produced, or Operations or services would not have been maintained, for any reason other than physical loss or physical damage of the type insured against to which this coverage applies.

4.7 Any loss or damage due to fines or damages for breach of contract or penalties of whatever nature.

4.8 Any loss or damage with respect to any additional time required for making change(s) to the buildings, structures, or equipment for any reason, nor any additional time required for re-staffing or retraining employees.

5. LIMITATIONS

5.1 In respect of loss or damage suffered under this Extension, Underwriters' maximum liability shall never be more than the Business Interruption Policy Limit (if applicable), or Policy Limit (if applicable) where this Policy Limit is a combined amount for losses arising from both physical loss or physical damage and Business Interruption, for any one Occurrence.

5.2 For the avoidance of doubt, where a Business Interruption Policy Limit applies to losses suffered under this Extension, it shall apply to the aggregate of all claims by all Insureds and in respect of all Insured Locations hereunder, and Underwriters shall have no liability in excess of the Business Interruption Policy Limit whether insured losses are sustained by all of the Insureds or any one or more of them or whether insured losses are sustained at any one or more of the Insured Locations. Where the parties to this insurance have agreed that the Policy Limit shall be a combined amount for losses arising from both physical loss or physical damage and Business Interruption, Clause 7.3 shall apply in respect of Underwriters' maximum liability for losses suffered under this Extension.

5.3 With respect to loss under this Extension resulting from damage to or destruction of film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, the length of time for which Underwriters shall be liable hereunder shall not exceed:

1. Thirty (30) consecutive calendar days or the time required with exercised due diligence and dispatch to reproduce the data thereon from duplicates or from originals of the previous generation, whichever is less; or

2. the length of time that would be required to rebuild, repair or reinstate such property but not exceeding Twelve (12) calendar months, whichever greater length of time.

SUBJECT OTHERWISE TO ALL THE TERMS, CONDITIONS, LIMITATIONS AND EXCLUSIONS OF THE POLICY TO WHICH THIS EXTENSION IS ATTACHED.

General Liability

Insurance Contract

Please read the entire policy carefully. The terms and conditions of this insurance include the various sections of this insurance contract: Coverages; Investigation, Defence And Settlements; Supplementary Payments; Coverage Territory; Who Is An Insured; Limits Of Insurance; Exclusions; Conditions; and Definitions, as well as the Declarations, and any Endorsements and Schedules made a part of this insurance.

Throughout this insurance contract the words "you" and "your" refer to the Named **Insured** shown in the Declarations and other persons or organizations qualifying as a named **insured** under this insurance contract. The words "we," "us" and "our" refer to the company providing this insurance.

In addition to the named **insured**, other persons or organizations may qualify as **insureds**. Those persons or organizations and the conditions under which they qualify are identified in the Who Is An Insured section of this insurance contract.

Words and phrases that appear in **bold** print have special meanings and are defined in the Definitions section of this insurance contract.

Coverages

Bodily Injury And Property Damage Liability Coverage

A. Subject to all of the terms and conditions of this insurance, we will pay damages that the **insured** becomes legally obligated to pay by reason of liability imposed by law for **bodily injury** or **property damage** caused by an **occurrence** to which this coverage applies.

B. This coverage applies only to such **bodily injury** or **property damage** that occurs during the policy period.

Damages for **bodily injury** include damages claimed by a person or organization for care, loss of services or death resulting at any time from the **bodily injury**.

We may at any time, at our discretion, pay the applicable Limit Of Insurance that remains available.

The most we will pay hereunder is fixed as set forth in the Limits Of Insurance section of this insurance contract.

Our obligations hereunder end when we have used up the applicable Limits Of Insurance.

Other than as provided under the Investigation, Defence And Settlements and Supplementary Payments sections of this insurance contract, we have no other obligation or liability to pay sums or perform acts or services under this coverage.

NHPC LIMITED FARIDABAD

Commercial General Liability

Investigation, Defence And Settlements

A. Subject to all of the terms and conditions of this insurance, we, at our discretion, will have the right, but no obligation, to defend the **insured**. We may, at our discretion, require you to defend the **insured**. If we require you to defend the **insured**, then you must select and retain the lawyer to represent the **insured**:

- from a list of lawyers supplied to you by us; or
- with our prior written consent.

We are entitled to exercise all of the **insured**'s rights in the choice of arbitrators and in the conduct of any arbitration proceeding, except when the proceeding is between us and the **insured**.

B. If a **suit** is brought, we will pay reasonable legal fees and necessary litigation expenses, that are **claim adjustment expenses**, to defend the **insured**.

C. We may, at our discretion, investigate any circumstance and make any settlement, regardless of whether any claim has been made or **suit** has been brought.

The most we will pay hereunder is fixed as set forth in the Limits Of Insurance section of this insurance contract.

Our obligations hereunder end when we have used up the applicable Limits Of Insurance.

Supplementary Payments

Subject to all of the terms and conditions of this insurance, we will pay, with respect to a claim or **suit** to which this insurance applies:

A. **Claim adjustment expenses**.

B. reasonable expenses (other than **claim adjustment expenses**) incurred by the **insured** at our request to assist us in the investigation or defence of such claim or **suit**, including actual loss of earnings up to Indian Rupees 5000 a day because of time off from work.

C. interest on the full amount of a judgment that accrues after entry of the judgment and before we have paid, offered to pay or deposited in court the part of the judgment that is within the applicable Limit Of Insurance.

Supplementary Payments does not include any fine or other penalty.

The most we will pay hereunder is fixed as set forth in the Limits Of Insurance section of this insurance contract.

Our obligations hereunder end when we have used up the applicable Limits Of Insurance.

Coverage Territory

Coverage Territory

Subject to all of the terms and conditions of this insurance, this insurance:

- applies only to injury or damage that takes place in **India**.
- does not apply to any damages, loss, cost or expense in connection with any **suit** brought outside **India**.

Commercial General Liability

Who Is An Insured

Sole Proprietorships

If you are an individual, then you and your spouse are **insureds**; but you and your spouse are **insureds** only with respect to the conduct of a business of which you are the sole owner.

If you die:

- persons or organisations having proper temporary custody of your property are **insureds**; but they are **insureds** only with respect to the maintenance or use of such property and only for acts until your legal representative has been appointed; and
- your legal representatives are **insureds**; but they are **insureds** only with respect to their duties as your legal representatives. Such legal representatives will assume your rights and duties under this insurance.

Partnerships, Joint Ventures Or Unincorporated Organisations

If you are a partnership established in accordance with the laws prevailing in India, a joint venture established in accordance with the laws prevailing in India or an unincorporated organisation, including but not limited to an association of persons or a private trust functioning in accordance with the laws prevailing in India, then you are an **insured**. Your partners and their spouses in the case of a partnership; joint venture partners partners and their spouses in the case of a joint venture; principal office bearers and their spouses in the case of an unincorporated organisation are **insureds**; but they are **insureds** only with respect to the conduct of your business.

Other Organisations

If you are an organisation other than a partnership, joint venture or unincorporated organisation, then you are an **insured**. Your directors and **officers** are **insureds**; but they are **insureds** only with respect to their duties as your directors or **officers**. Your stockholders and their spouses are **insureds**; but they are **insureds** only with respect to their liability as your stockholders.

Employees

Your employees are **insureds**; but they are **insureds** only for acts within the scope of their employment by you or while performing duties related to the conduct of your business.

However, no employee is an **insured** for:

A. any injury:

1. to you, to any of your directors, members, **officers** or partners (whether or not an employee) or to any co-employee while such injured person is either:
   - in the course of his or her employment; or
   - while performing duties related to the conduct of your business;
2. to the brother, child, parent, sister or spouse of such injured person as a consequence of any injury described in subparagraph A.1. above; or
3. for which there is any obligation to share damages with or repay someone else who must pay damages because of any injury described in subparagraphs A.1. or A.2. above.

B. **property damage** to any property owned, occupied or used by you or by any of your directors, members, **officers** or partners (whether or not an employee) or by any of your employees.

Who Is An Insured (continued)

Subsidiary Or Newly Acquired Or Formed Organisations

If there is no other insurance available, the following organisations will qualify as named **insureds**:

A. an India incorporated or registered subsidiary organisation of the first named insured shown in the Declarations of which, at the beginning of the policy period and at the time of loss, such first named insured controls, either directly or indirectly, more than 50 percent of the interests entitled to vote generally in the election of the governing body of such organisation; or

B. an India incorporated or registered subsidiary organisation of the first named insured shown in the Declarations that such first named insured acquires or forms during the policy period, if at the time of loss such first named insured controls, either directly or indirectly, more than 50 percent of the interests entitled to vote generally in the election of the governing body of such organisation. However, unless we agree to extend coverage for an additional period (in accordance with the provisions of paragraph C. under Limitations On Who Is An Insured), coverage under this provision is afforded only for injury or damage that did not occur later than:

- 30 days after such acquisition or formation is executed; or
- the end of the policy period;

whichever comes first.

Limitations On Who Is An Insured

A. Except to the extent provided under the Subsidiary Or Newly Acquired Or Formed Organisations provision above, no person or organisation is an **insured** with respect to the conduct of any person or organisation that is not shown as a named **insured** in the Declarations.

B. No person or organisation is an **insured** with respect to the:

1. ownership, maintenance or use of any assets; or
2. conduct of any person or organisation whose assets, business or organisation;

you acquire, either directly or indirectly, for any injury or damage that occurred, in whole or in part, before such acquisition is executed.

C. No person or organisation is an **insured** with respect to the:

1. ownership, maintenance or use of any assets you acquire;
2. conduct of any person or organisation whose assets, business or organisation you acquire; or
3. conduct of any organisation you form;

during the policy period, either directly or indirectly, for any injury or damage that occurs later than:

- 30 days after such acquisition or formation is executed; or
- the end of the policy period;

whichever comes first, unless:

- you give us written notice describing the acquisition or formation for which you are requesting an extension of coverage for an additional period;
- we agree to issue an endorsement to extend coverage for an additional period (up to the end of the policy period) in connection with the acquisition or formation, in accordance with the terms, conditions and additional premiums determined by us; and
- you accept such terms and conditions and pay such premiums promptly when due.

The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile: 94171-89355, 8146800550
E-mail: jaimal.singh@newindia.co.in, jaimal.s@gmail.com

Who Is An Insured (continued)

Limitations On Who Is An Insured (continued)

D. No person or organisation is an **insured** with respect to the conduct of any organisation:

1. that is incorporated or registered outside **India**; or
2. if, at the time of loss, the securities of such organisation are, in whole or in part, listed or quoted on any investment or stock exchange outside **India**.

Limits Of Insurance

The Limits Of Insurance shown in the Declarations and the rules below fix the most we will pay, regardless of the number of:

- **insureds**;
- claims made or **suits** brought; or
- persons or organisations making claims or bringing **suits**.

The Limits Of Insurance apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits Of Insurance.

General Aggregate Limit

Subject to the Each Occurrence Limit, the General Aggregate Limit is the most we will pay for the sum of damages for **bodily injury** and **property damage**, except damages included in the **products-completed operations hazard**.

Products-Completed Operations Aggregate Limit

Subject to the Each Occurrence Limit, the Products-Completed Operations Aggregate Limit is the most we will pay for the sum of damages for **bodily injury** and **property damage** included in the **products-completed operations hazard**.

Each Occurrence Limit

The Each Occurrence Limit is the most we will pay for the sum of damages for **bodily injury** and **property damage** arising out of any one **occurrence**.

Any such sums we pay will reduce the amount of the applicable aggregate limit available for any other payment.

If the applicable aggregate limit has been reduced to an amount that is less than the Each Occurrence Limit, the remaining amount of such aggregate limit is the most that will be available for any other payment.

Payments That Reduce The Limits Of Insurance

Any damages we pay will reduce the Limits Of Insurance.

Payments we make under the Investigation, Defence And Settlements and Supplementary Payments sections of this insurance contract will not reduce the Limits Of Insurance.

Commercial General Liability

Exclusions

The use of the words damages, loss, cost or expense in any exclusion does not expand any coverage(s) under this insurance contract.

Aircraft, Motor Vehicles Or Watercraft

This insurance does not apply to **bodily injury** or **property damage** arising out of the ownership, maintenance, use (use includes operation and **loading or unloading**) or entrustment to others of any:

- aircraft;
- **motor vehicle**; or
- watercraft;

owned or operated by or loaned or rented to any **insured**.

This exclusion does not apply to:

- a watercraft while ashore on premises owned by or rented to you; or
- the parking of a **motor vehicle** on premises owned by or rented to you, provided the **motor vehicle** is not owned by or loaned or rented to you or the **insured**.

Aircraft Products

This insurance does not apply to any damages, loss, cost or expense arising out of any aircraft product or any missile or spacecraft, including any:

- article, equipment, material, part or spare part installed or otherwise incorporated in, on or under any aircraft, missile or spacecraft, or furnished or used in connection therewith;
- air or space communication, guidance or navigation system;
- ground control, handling or support equipment or tools furnished or used in connection therewith;
- equipment or tools furnished or used in connection with manufacturing, repairing or servicing any of the foregoing;
- blueprints, designs, drawings, information, instructions, manuals, maps, opinions, reports, representations, software, specifications, surveys, training aids, warnings or warranties or engineering or other data furnished or used in connection with any of the foregoing; or
- engineering or other advice, instruction, labor or service relating to any of the foregoing.

Asbestos

A. This insurance does not apply to any damages, loss, cost or expense arising out of the actual, alleged or threatened contaminative, pathogenic, toxic or other hazardous properties of **asbestos**.

B. This insurance does not apply to any damages, loss, cost or expense arising out of any:

1. demand, order, request or regulatory or statutory requirement that any **insured** or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of **asbestos**; or

2. claim or proceeding by or on behalf of a governmental authority or others for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of **asbestos**.

Commercial General Liability

Exclusions
(Continued)

Biological Agents	A. This insurance does not apply to any damages, loss, cost or expense arising out of the actual, alleged or threatened contaminative, pathogenic, toxic or other hazardous properties of **biological agents**. B. This insurance does not apply to any damages, loss, cost or expense arising out of any: 1. demand, order, request or regulatory or statutory requirement that any **insured** or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of **biological agents**; or 2. claim or proceeding by or on behalf of a governmental authority or others for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of **biological agents**.
Contracts	This insurance does not apply to **bodily injury** or **property damage** for which the **insured** is obligated to pay damages by reason of assumption of liability in a contract or agreement. This exclusion does not apply to the liability for damages that such **insured** would have in the absence of such contract or agreement.
Damage To Alienated Premises	This insurance does not apply to **property damage** to any premises you sell, give away or abandon, if the **property damage** arises out of any part of those premises.
Damage To Owned Property	This insurance does not apply to **property damage** to any property owned by you.
Damage To Various Property Of Others (Care, Control Or Custody)	This insurance does not apply to **property damage** to any: • personal property loaned or rented to you; • property held by you or on your behalf for sale or entrusted to you for safekeeping or storage; • property on your premises for purposes of performing operations on such property by you or on your behalf; • tools or equipment used by you or on your behalf in performing operations; or • property in your care, control or custody that will be erected, installed or used in construction operations by you or on your behalf.
Damage To Your Product	This insurance does not apply to **property damage** to **your product** arising out of it or any part of it.

Commercial General Liability

Exclusions
(Continued)

Employer's Liability

A. This insurance does not apply to **bodily injury** to an employee of the **insured** arising out of and in the course of:

1. employment by the **insured**; or
2. performing duties related to the conduct of the **insured**'s business.

B. This insurance does not apply to **bodily injury** to the brother, child, parent, sister or spouse of such employee as a consequence of any injury described in paragraph A. above.

Paragraphs A. and B. above apply:

- whether the **insured** may be liable as an employer or in any other capacity; and
- to any obligation to share damages with or repay someone else who must pay damages because of any injury described in paragraphs A.. or B. above.

Employment-Related Practices

A. This insurance does not apply to any damages, loss, cost or expense sustained at any time by any person, whether or not sustained in the course of employment by any **insured**, arising out of any employment-related act, omission, policy, practice or representation directed at such person, occurring in whole or in part at any time, including any:

1. arrest, detention or imprisonment;
2. breach of any express or implied covenant;
3. coercion, criticism, humiliation, prosecution or retaliation;
4. defamation or disparagement;
5. demotion, discipline, evaluation or reassignment;
6. discrimination, harassment or segregation;
7. a. eviction; or
   b. invasion or other violation of any right of occupancy;
8. failure or refusal to advance, compensate, employ, promote or make statutory payments or other contributions;
9. invasion or other violation of any right of privacy or publicity;
10. termination of employment or change in terms or conditions of service; or
11. other employment-related act, omission, policy, practice, representation or relationship in connection with any **insured** at any time.

Commercial General Liability

Exclusions (Continued)

Employment-Related Practices (continued)

B. This insurance does not apply to any damages, loss, cost or expense sustained at any time by the brother, child, parent, sister or spouse of such person at whom any employment-related act, omission, policy, practice or representation is directed, as described in paragraph A. above, as a consequence thereof.

Paragraphs A. and B. apply:

- whether the **insured** may be liable as an employer or in any other capacity; and
- to any obligation to share damages with or repay someone else who must pay damages because of any of the foregoing.

Enhancement, Maintenance Or Prevention Expenses

This insurance does not apply to any loss, cost or expense incurred by you or others for any:

A. enhancement or maintenance of any property; or

B. prevention of any injury or damage to any:

1. person or organisation; or
2. property you own, rent or occupy.

Expected Or Intended Bodily Injury Or Property Damage

This insurance does not apply to **bodily injury** or **property damage** arising out of an act that:

- is intended by the **insured**; or
- that would be expected from the standpoint of a reasonable person in the circumstances of the **insured**;

to cause **bodily injury** or **property damage**, even if the actual **bodily injury** or **property damage** is of a different degree or type than intended or expected.

This exclusion does not apply to **bodily injury** or **property damage** resulting from the use of reasonable force to protect persons or tangible property.

Intellectual Property Laws Or Rights

This insurance does not apply to any actual or alleged **bodily injury** or **property damage** arising out of, giving rise to or in any way related to any actual or alleged:

- assertion; or
- infringement or violation;

by any person or organisation (including any **insured**) of any **intellectual property law or right**, regardless of whether this insurance would otherwise apply to all or part of any such actual or alleged injury or damage in the absence of any such actual or alleged assertion, infringement or violation.

Mobile Equipment Transportation

This insurance does not apply to **bodily injury** or **property damage** arising out of the transportation of **mobile equipment** by a **motor vehicle** owned or operated by or loaned or rented to any **insured**.

Multiplied Or Punitive Damages, Or Penalties

This insurance does not apply to any:

- exemplary or punitive damages;
- fine or other penalty; or
- multiple portion of any multiplied damages award.

Commercial General Liability

Exclusions
(Continued)

Nuclear Energy

This insurance does not apply to any damages, loss, cost or expense arising out of any:

- ionising radiation or contamination by radioactivity from any nuclear fuel or from any nuclear waste from the combustion of nuclear fuel; or
- radioactive, toxic, explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof.

Pollution

A. This insurance does not apply to any damages, loss, cost or expense arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of **pollutants**.

B. This insurance does not apply to any damages, loss, cost or expense arising out of any:

1. demand, order, request or regulatory or statutory requirement that any **insured** or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of **pollutants**; or
2. claim or proceeding by or on behalf of a governmental authority or others for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of **pollutants**.

Paragraphs A. and B. above apply regardless of whether or not the pollution was accidental, expected, gradual, intended, preventable or sudden.

Professional Liability

This insurance does not apply to any damages, loss, cost or expense arising out of the rendering of or failing to render professional service or advice, whether or not that service or advice is ordinary to the **insured**'s profession, regardless of whether a claim or **suit** is brought by a client or any other person or organisation.

Progressions Of Known Bodily Injury Or Property Damage

This insurance does not apply to **bodily injury** or **property damage** that is a change, continuation or resumption of any injury or damage **deemed known**, before the beginning of the policy period, to have occurred.

Recall Of Products

This insurance does not apply to any damages claimed for any loss, cost or expense incurred by you or others for the loss of use, withdrawal, recall, inspection, repair, replacement, adjustment, removal or disposal of **your product** or any property of which such product forms a part, if such product or property is withdrawn or recalled from the market or from use by any person or organisation because of a known or suspected defect, deficiency, inadequacy or dangerous condition in it.

Commercial General Liability

Exclusions
(Continued)

Terrorism

This insurance does not apply to any damages, loss, cost or expense arising out of any act of terrorism.

For the purpose of this insurance, an act of terrorism means an act, including but not limited to, the use of force or violence and/or the threat thereof, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s) or government(s), committed for political, religious, ideological or similar purposes including the intention to influence any government and/or to put the public, or any section of the public, in fear.

This insurance also excludes any damages, loss, cost or expense arising out of any action in controlling, preventing, suppressing or in any way relating to any act of terrorism.

If we allege that, by reason of this exclusion, any damages, loss, cost or expense is not covered by this insurance, then the burden of proving the contrary shall be upon you.

In the event any portion of this exclusion is found to be invalid or unenforceable, the remainder shall continue to apply.

Tobacco

This insurance does not apply to:

- any damages, loss, cost or expense arising out of the actual or alleged emergence, contraction, aggravation or exacerbation of any form of cancer, carcinoma, cancerous or precancerous condition, arteriosclerosis, heart disease or any other injury, sickness, disease or condition of the human body as a result of the consumption or use of or exposure to the consumption or use of any **tobacco product**.
- the investigation or defense of any claim made, **suit** brought or proceeding instituted against any **insured**; any cost, fine or penalty; or any other expenses for loss related to any of the above.

Unapproved Goods Or Products

This insurance does not apply to any damages, loss, cost or expense arising out of the actual, alleged or threatened hazardous properties of goods or products:

A. declared unsafe by any governmental or regulatory authority on the basis of such hazardous properties, regardless of whether such goods or products were declared unsafe before or after:

   1. the goods or products were disposed of, distributed, handled, manufactured or sold; or

   2. such damages were incurred; or

B. disposed of, distributed, handled, manufactured or sold without approval by the

   applicable governmental or regulatory authority.

Subparagraph A. above does not apply to **your product**, to which this insurance applies, if such product was disposed of, distributed, handled, manufactured and sold before it was declared unsafe, provided it was not declared unsafe before the beginning of the policy period.

War

This insurance does not apply to any damages, loss, cost or expense arising, directly or indirectly, out of:

- war, including undeclared or civil war;
- warlike action by a military force, including any action in hindering or defending against any actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or
- insurrection, rebellion, revolution or usurped power, including any action by any governmental authority in hindering or defending against any of these;

regardless of whether this insurance would otherwise apply to all or part of any such damages, loss, cost or expense in the absence of any of the foregoing.

Workers' Compensation Or Similar Laws

This insurance does not apply to any obligation of the **insured** under any workers' compensation, disability benefits or unemployment compensation law or any similar law.

Conditions

Audit Of Books And Records	We may audit your books and records as they relate to this insurance at any time during the term of this insurance and up to 3 years afterwards.
Cancellation	The first named **insured** may cancel this insurance or any of its individual coverages at any time by sending us a written request or by returning the policy and stating when thereafter cancellation is to take effect. We may cancel this insurance or any of its individual coverages at any time by sending to the first named **insured** a notice 60 days (10 days in the event of non-payment of premium) in advance of the cancellation date. Our notice of cancellation will be mailed to the first named **insured**'s last known address, and will indicate the date on which coverage is terminated. If notice of cancellation is mailed, proof of mailing will be sufficient proof of notice. The earned premium will be computed on a pro rata basis. Any unearned premium will be returned as soon as practicable.
Changes	This insurance can only be changed by a written endorsement that becomes part of this insurance. The endorsement must be signed by one of our authorised representatives.
Compliance By Insureds	We have no duty to provide coverage under this insurance unless you and any other involved **insured** have fully complied with all of the terms and conditions of this insurance.
Compliance With Applicable Trade Sanction Laws	This insurance does not apply to the extent that trade or economic sanctions or other laws or regulations prohibit us from providing insurance.
Conformance	In the event any term or condition of this insurance is found to be invalid, illegal or unenforceable, in whole or in part, such term or condition or part thereof shall be deemed not to apply to this insurance. However, the validity, legality and enforceability of all other terms and conditions remains unchanged.
Currency	All premiums, limits, deductibles, retentions, loss and other amounts under this insurance contract are deemed to be expressed and payable in Indian Rupees currency. If judgment is rendered, settlement is denominated or another element of loss is expressed in currency other than Indian Rupees, then the payment under this insurance shall be made in Indian Rupees at the mid rate of exchange published in the Asian Wall Street Journal (or, if it has ceased to be in publication, a similar business publication) on the date that the final judgment is rendered, the amount of the settlement is agreed upon or the other element of loss is due, respectively.

Duties In The Event Of Claim, Suit Or Other Loss Circumstance

A. As a condition precedent to our obligations under this insurance, there must be strict conformance with all of the requirements specified below, regardless of whether or not we are prejudiced by failure of those requirements to be met.

B. You must see to it that we and any other insurers are notified as soon as practicable of any circumstance that may result in a claim, if the claim may involve us or such other insurers. To the extent possible, notice should include:

1. how, when and where the circumstance happened;
2. the names and addresses of any injured persons and witnesses; and
3. the nature and location of any injury or damage arising out of the circumstance.

Notice of a circumstance is not notice of a claim.

C. If a claim is made or **suit** is brought against any **insured**, you must:

1. immediately record the specifics of the claim or **suit** and the date received;
2. notify us and other insurers as soon as practicable; and
3. see to it that we receive written notice of the claim or **suit** as soon as practicable.

D. You and any other involved **insured** must:

1. immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or **suit**;
2. authorise us to obtain records and other information;
3. cooperate with us and other insurers in the:
   a. investigation or settlement of the claim; or
   b. defence against the **suit**;
4. allow us all reasonable access to your premises, records and other information; and
5. assist us, upon our request, in the enforcement of any right against any person or organisation that may be liable to the **insured** because of loss to which this insurance may also apply.

E. No **insured** may make any admission in respect of, nor offer to settle, any claim or **suit** without our prior written consent.

F. No **insured** will, except at that **insured**'s own cost, make any payment, assume any obligation or incur any expense without our prior written consent.

G. Notice to us under this insurance shall be given in writing addressed to:

Commercial General Liability

Conditions
(Continued)

First Named Insured

The person or organisation first named in the Declarations is primarily responsible for payment of all premiums. The first named **insured** will act on behalf of all other **insureds** for the giving and receiving of notice of cancellation or nonrenewal and the receiving of any return premiums that become payable under this insurance.

Grievances

Any person who has a grievance against us, may himself or through his legal heirs make a complaint in writing to the Insurance Ombudsman in accordance with the procedure contained in The Indian Redressal of Public Grievance Rules, 1998 (Ombudsman Rules). Proviso to Rule 16(2) of the Ombudsman Rules, however, limits compensation that may be awarded by the Ombudsman, to the lower of compensation necessary to cover the loss or damage suffered by you as a direct consequence of the insured peril or Rs. 20 lakhs (Indian Rupees Twenty Lakhs Only) inclusive of ex-gratia and other expenses. A copy of the said Rules shall be made available by us upon prior written request by you.

Inspections And Surveys

We have the right but are not obligated to:

- make inspections and surveys at any time;
- give you reports on the conditions we find; and
- recommend changes.

Any inspections, surveys, reports or recommendations relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organisation to provide for the health or safety of workers or the public. We also do not warrant that conditions:

- are safe or healthful; or
- comply with laws, regulations, codes or standards.

This condition applies not only to us, but also to any rating, advisory, rate service or similar organisations which make insurance inspections, surveys, reports or recommendations that are used by us to determine insurability and the premiums to be charged.

Commercial General Liability

Conditions
(Continued)

Claim Settlement

The insurer shall reimburse the insured for payment towards loss/damage to third party or property of third party to affected person/legal heirs after completing formalities like FIR & submission of proof of death/damage, Internal Committee Report and Payment Proof. Also, an undertaking from claimants shall be obtained stating that they have received agreed amount as full and final settlement of their claims against NHPC and their insurance companies.

In case claimants are not satisfied with mutual compromise and initiate legal action against Insured, Insurance companies shall be exclusively liable to pay amount of award pronounced by the courts, within overall limit of liability set out in the policy in addition to legal costs incurred by NHPC to defend such cases.

Claim for Property Damage shall be settled by Insurance Co. based on Surveyor's Report. Insurance Co. shall not insist for the court order or liability to be imposed by court of law for settlement of the claims.

Legal Action Against Us

No person or organisation has a right under this insurance to:

- join us as a party or otherwise bring us into a **suit** seeking damages from an**insured**;
  or
- sue us on this insurance unless all of the terms and conditions of this insurance have been fully complied with.

A person or organisation may sue us to recover on an **agreed settlement** or on a final judgment against an **insured** obtained after an actual:

- trial in a civil proceeding;
  or
- arbitration or other alternative dispute resolution proceeding;

but we will not be liable for any damages, loss, cost or expense not payable under the terms and conditions of this insurance or in excess of the applicable Limits Of Insurance.

The terms and conditions of this insurance shall be governed by and construed in accordance with the laws of **India**. If any person or organisation sues us on this insurance or as a result of a dispute arising out of, in connection with or relating to this insurance, then such legal proceeding against us must be brought in and determined exclusively in the courts of **India**.

Other Insurance

If other valid and collectible insurance is available to the **insured** for loss we would otherwise cover under this insurance, our obligations are limited as follows.

Excess Insurance

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

- provided to you by any person or organisation working under contract or agreement for you.
- under which you are included as an insured.

We will pay only our share of the amount of loss, if any, that exceeds the sum of the total:

- amount that all other insurance would pay for loss in the absence of this insurance; and
- of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not negotiated specifically to apply in excess of the Limits Of Insurance shown in the Declarations of this insurance.

Method of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this method each contributes equal amounts until it has paid its applicable limits or none of the loss remains, whichever comes first.

If any of the other insurance or any bond does not permit contribution by equal shares, we will contribute by limits. Under this method, each party's share is based on the ratio of its applicable limits to the total applicable limits of all.

Non Accumulation Of Limits Of Insurance

If this insurance contract is one of several insurance contracts issued by us or other member companies of the Chubb Group of Insurance Companies to you, and/or your subsidiary organisations, any claim or **suit** which could be covered under two or more insurance contracts will be subject to the limits of insurance under the insurance contract with the highest applicable limit of insurance or, if the limits are the same, under the limits of insurance of one insurance contract.

Commercial General Liability

Conditions
(Continued)

Premium

Premiums shown in the Premium Summary as a deposit premium shall be credited to the amount of the earned premium due at the end of the policy period. At the end of the policy period, or any part of the policy period which ends with the termination of the policy, the earned premium shall be calculated for such period and, upon notice to the named **insured**, shall become due and payable. If the total earned premium is less than the premium previously paid we will return to you the difference, provided that the adjusted premium is not less than the minimum premium indicated in the Premium Summary.

You shall keep records of such information as is necessary for premium calculation and shall send copies of such records to us at the end of the policy period or during the policy period as we may request.

Representations

By accepting this insurance, you agree that:

A. the representations and statements contained in any **application**:

1. are accurate and complete;
2. were made to induce our reliance upon them;
3. were made on behalf of all **insureds**;
4. are material to our decision to provide coverage; and
5. are considered as incorporated in and constituting part of this insurance.

B. we have issued this insurance in reliance upon such representations and statements. In the event any **application** or any part thereof contains misrepresentations or fails to state facts which affect:

1. our acceptance of the risk;
2. the risk assumed by us;
3. the terms or conditions of the insurance we offered; or
4. the premium we charged;

we will not pay any damages, loss, cost or expense in connection therewith.

C. this insurance shall be void:

1. if you have misrepresented or failed to disclose any material fact or circumstance, whether fraudulently or otherwise; or
2. in case of any fraud, attempted fraud or false swearing on your part concerning this insurance or its subject matter whether before or after loss

Separation Of Insureds

Except with respect to the Limits Of Insurance, and any rights or duties specifically assigned in this insurance to the first named **insured**, this insurance applies:

- as if each named **insured** were the only named **insured**; and
- separately to each **insured** against whom claim is made or **suit** is brought.

Claim Adjustment Expenses

Claim adjustment expenses:

A. means:

1. reasonable legal and paralegal fees and salaries (including those of lawyers and paralegals who are our employees).
2. reasonable expenses relating to a **suit** to which this insurance applies, including the cost of expert witnesses, transcripts, court reporters, research reports and depositions.
3. the cost of:
   a. bail bonds; or
   b. amounts that may be ordered to be deposited to:
      i. appeal judgements; or
      ii. release attachments;

   but only for:
   - amounts that may be ordered to be deposited in connection with a **suit** to which this insurance applies; and
   - amounts that may be ordered to be deposited that fall within the available Limits Of Insurance.

   We do not have to furnish or deposit these amounts that may be required to be deposited by the **insured**.
4. costs taxed against the **insured** in a **suit** to which this insurance applies.
5. the reasonable cost and expense of any investigation that we undertake at our discretion after receiving notice from you or any other person or organisation, regardless of whether such notice constitutes a claim or **suit**.
6. other reasonable expenses that we allocate to a specific claim or **suit**.

B. does not include:

1. a. any legal fees or litigation expenses; or
   b. any other loss, cost or expense;

   in connection with any injunction or other equitable relief.
2. any fine or other penalty.
3. the salaries or expenses of our employees (other than those described in subparagraph A.1. above) or any salaries or expenses of any **insured**'s employees or directors, members, **officers**, partners or workers (whether or not an employee).

WHEN USED WITH RESPECT TO INSURANCE UNDER THIS INSURANCE CONTRACT, WORDS AND PHRASES THAT APPEAR IN BOLD PRINT HAVE THE SPECIAL MEANINGS DESCRIBED BELOW:

Deemed Known

Deemed known means known by, or that should have been known from the standpoint of a reasonable person in the circumstances of:

- you; or
- any of your directors, members, **officers** or partners (whether or not an employee). **Officer** will be deemed to include an **officer**'s designee.

Such injury, damage, claim, **suit** or circumstance, as applicable, will be **deemed known** at the earliest time when any such person described above:

A. reports all, or any part, of the injury, damage, claim, **suit** or circumstance to us or any other insurer;

B. receives a claim for damages in connection with the injury, damage or circumstance; or

C. becomes aware:

1. that the injury or damage has occurred or has begun to occur; or
2. of any actual, alleged or threatened injury, damage, claim or **suit** in connection with the circumstance.

India

India means the Republic of India.

Insured

Insured means a person or an organisation qualifying as an **insured** in the Who Is An Insured section of this insurance contract.

Intellectual Property Law Or Right

Intellectual property law or right means any:

- certification mark, copyright, patent or trademark (including collective or service marks);
- right to, or judicial or statutory law recognizing an interest in, any trade secret or confidential or proprietary non-personal information;
- other right to, or judicial or statutory law recognizing an interest in, any expression, idea, likeness, name, slogan, style of doing business, symbol, title, trade dress or other intellectual property; or
- other judicial or statutory law concerning piracy, unfair competition or other similar practices.

Loading Or Unloading

Loading or unloading:

A. means the handling of property:
   1. after it is moved from the place where it is accepted for movement into or onto an aircraft, **motor vehicle** or watercraft;
   2. while it is in or on an aircraft, **motor vehicle** or watercraft; or
   3. while it is being moved from an aircraft, **motor vehicle** or watercraft to the place where it is finally delivered.

B. does not include the movement of property by means of a mechanical device, other than a hand truck, that is not attached to the aircraft, **motor vehicle** or watercraft.

Mobile Equipment

Mobile equipment means any of the following types of land vehicles, including any attached machinery or equipment:

A. bulldozers, farm machinery, forklifts and other vehicles designed for use principally off public roads;

B. vehicles maintained for use solely on premises owned by or rented to you;

C. vehicles that travel on crawler treads;

D. vehicles, whether self-propelled or not, maintained primarily to provide mobility to permanently mounted:

1. power cranes, shovels, loaders, diggers or drills; or

2. road construction or resurfacing equipment such as graders, scrapers or rollers;

E. vehicles not described in subparagraphs A., B., C. or D. above that are not self-propelled and are maintained primarily to provide mobility to permanently attached equipment of the following types:

1. air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment; or

2. cherry pickers and similar devices used to raise or lower workers; and

F. vehicles not described in subparagraphs A., B., C. or D. above maintained primarily

for purposes other than the transportation of persons or cargo.

Mobile equipment does not include self-propelled vehicles with the following types of permanently attached equipment, and such vehicles will be considered **motor vehicles**:

A. equipment designed primarily for:

1. snow removal;

2. road maintenance, but not construction or resurfacing; or

3. street cleaning;

B. cherry pickers and similar devices mounted on **motor vehicle** chassis and used to raise or lower workers;

C. air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment; and

Mobile equipment also does not include any land vehicle that is subject to the Indian Motor Vehicles Act, 1988 and the rules framed thereunder or any other compulsory or financial responsibility law or other **motor vehicle** insurance law.

Products-Completed Operations Hazard

Products-completed operations hazard:

A. includes all **bodily injury** and **property damage** taking place away from premises owned or occupied by or loaned or rented to you and arising out of **your product**, except:

1. products that are still in your physical possession; or
2. work or operations that have not yet been completed or abandoned.

Work or operations will be deemed completed when:

- all of the work or operations called for in your contract or agreement have been completed.
- all of the work or operations to be performed at the site have been completed, if your contract or agreement calls for work at more than one site.
- that part of the work or operations completed at a site has been put to its intended use by any person or organisation other than another contractor or subcontractor working on the same project.

Work or operations that may need service, maintenance, correction, repair or replacement, but which is otherwise complete, will be treated as completed.

B. does not include **bodily injury** or **property damage** arising out of:

1. the transportation of property, unless the injury or damage results from a condition in or on a vehicle not owned or operated by or loaned or rented to you and that condition was created by the **loading or unloading** of that vehicle by any **insured**; or
2. the existence of tools, uninstalled equipment or abandoned or unused materials.

Asset Insurance

SERVICE STC

SPECIAL TERMS AND CONDITIONS FOR

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (550000)
The New India Assurance Co. Ltd.
Tel. No. 0172-609107, Mobile 9417189355, 8146900550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

1. **Preamble**

- All contracts related to Asset Insurance placed through GeM shall be governed by the following set of Terms and Conditions:

1. General terms and conditions for Goods and Services
   II. Service STC contained in this document
   III. BID / Reverse Auction specific ATC

- The above terms and conditions are in reverse order of precedence i.e. ATC shall supersede Service specific STC which shall supersede GTC, whenever there are any conflicting provisions.
- This document represents the Special Terms and Conditions (STC) and the Service Level Agreement (SLA) governing the contract between the Government/Buyer and Agency/Service Provider. The purpose of this document is to outline the scope of work, stakeholders' obligations and terms and conditions of all services covered as mutually understood by the stakeholders.

2. **Objectives and Goal**

The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the Buyer by the service provider. The goal of this document is to:

- Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- Present a clear, concise and measurable description of services offered to the Buyer
- Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

This document will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same.

3. **Stakeholders**

The main stakeholders associated with this agreement are:

- **Buyer:** The Buyer/ Client is responsible to provide clear instructions, approvals and timely payments for the services availed as per the contractual terms
- **Service Provider:** The service provider is responsible to provide all the required services in timely manner and to the satisfaction of Buyer or its authorized representative.

NHPC LIMITED FARIDABAD

The service provider may also include seller, supplier/bidder/contractor, any authorized agents, permitted assignees, successors, and nominees as per the context and as described in the document.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and Deductions in case of non-adherence to the defined terms and conditions.

4. **Service Scope**

The Service Provider to provide insurance of Buyer's Assets.

5. **Standard Terms and Conditions for Insurance**

- The terms and conditions of insurance cover and the policies, warranties and clauses need to be strictly in line with the provisions and notifications issued by IRDA from time to time.
- The Service Provider must agree with all the Terms and Conditions specified in the bid document by the Buyer. The policy issued by the Insurer must be compliant with the T&C of the bid document.
- Fair disclosure of material features relating to the risks should be disclosed by the Buyers to the insurers to enable them understand the risks and quote appropriate terms.
- The Buyer reserves the right to reject the tender / bid if the proposal of the bidder mentions exceptions, conditions or special conditions that are not aligned with the Terms and Conditions as specified by the Buyer in the Bid document.
- During pre-qualification and evaluation of the bid, the Buyer may, at its discretion, ask bidders for clarifications on their proposal. The respondents are required to respond within the time frame prescribed by the Buyer.
- Insurer should clearly indicate the list of 'Exclusions and Assumptions' in the proposal they submit to Buyer.
- Once an insurance has been awarded (policy has been purchased) for a given period, the insurance company shall have no right to unilaterally terminate the operation of the policy during this period.
- In case there is an addition during the contract (policy) period, the coverage would be extended without any reservation. The Buyer will intimate all such new additions to the Insurer periodically. Additional premium, if any, due to such inclusion may be advised to Buyer periodically. Similarly, for separations the Buyer will inform the Insurer and the premium to be paid by Buyer would be pro-rated/ recalculated.
- In case of foreclosure of the policy/contract, the premium on pro rata basis should be refunded
- No insurer shall assume any risk in India in respect of any insurance business unless and until the due insurance premium is paid in advance before the commencement of Risk date/time.
- Insurance companies may offer Add-on covers as per IRDA guidelines in-addition-to the coverage sought in this Tender. No weightage will be given to such Free Add-on covers during bid evaluation. However, any such Add-Ons indicated in proposal by Bidder must mandatorily be offered to all the insured.
- The bidders (Service Providers) must not divulge personal information of the insured to any external party, without the consent of the Buyer
- In case of any grievances, Buyer may file complaints either with the concerned Insurance Company or with Insurance Regulatory and Development Authority (IRDA).
- The details of the Insurance Ombudsman for all jurisdictions must be clearly indicated by the Service Provider, where necessary.
- Before the end of contract, the Insurer must give a detailed report with the statistics of the insurance claimed during the period
- The Buyer may at its sole discretion and at any time during the evaluation of proposal, disqualify any bidders, if the bidder makes any misleading or false representations in the forms, statements and attachments submitted in proof of the eligibility requirements or if the bidder fails to provide related clarifications sought by Buyer within the stipulated timelines.
- Service Provider must keep confidential any information received from or about Buyer because of or in connection with the submission of the bid response. The Buyer will also not disclose the information provided by Bidder in a response other than to its affiliates or to its professional advisors, unless required otherwise by any provisions of law.
- Whilst all reasonable care has been taken by Buyer when providing information in this bid document, the figures, documents and details are presented in good faith. Bidders indemnify Buyer from any claims, liabilities or costs that may arise due to this. Bidders may seek additional information where deemed necessary but the decision to provide any additional details will be the sole discretion of the Buyer.
- More than one bid from the same bidder shall disqualify the bidder from participation in the bid.

6. **Standard Terms and Conditions for Asset Insurance**
    - The Buyer must inform the Insurer in the event of movement (change in location) of any of the insured assets
    - The Insurance Company shall appoint a surveyor immediately on receipt of claim(s) intimation from Buyer and shall coordinate for immediate settlement of claim
    - If an item is added or the scope of coverage (sum insured) is increased during the policy period, the proportionate premium for the unexpired period of insurance will be paid to the Insurer.
    - If an item is removed from the coverage or its coverage (sum insured) is decreased during the policy period, the proportionate premium for the unexpired period of insurance will be refunded by the Insurer to the Insured.
    - If any ongoing modernization activity of Buyer results in capacity addition during the period of insurance, pro-rata premium will be paid for the unexpired period of insurance for the additional value of the augmented capacity.
    - Insurance Company to furnish a declaration stating compliance with all guidelines of Tariff Advisory Committee of IRDA. The Buyer (Insured) will not be responsible in case of any non-compliance by the Insurer with the guidelines of the regulator.
    - The insurance Service Provider shall submit to the Buyer a statement of "Claims Pending for Settlement with reasons" and "Claims Settled in the previous month" in the first week of every month. The details must be provided in the format specified by the Buyer.
    - In case the Contract is terminated for any reason, the Insurance Service Provider shall be under obligation to refund pro-rata premium for the un-expired period apart from settling all pending claims

7. **Service Formula**

The following formula will be used to calculate the value of this contract.

Total Contract Value = Total Premium quoted by service provider.

8. **Payment Schedule**

- The Payment Procedure shall be as specified in the General Terms and Conditions of GeM.
- Payment schedule to be as per payment terms specified in bid document.

SECTION – IV

CONDITIONS OF POLICY

CONDITIONS OF POLICY

CONDITIONS OF MEGA RISK INCLDUING TERRORISM & THIRD PARTY LIABILITY INSURANCE POLICY FOR HYDRO POWER STATIONS

0. DEFINITIONS

INDEMNITY PERIOD
The period beginning with the date of an Insured Event and ending not later than the Indemnity Period stated in the Risk Details during which the results of the business shall be affected in consequence of the Insured Event.

TURNOVER
The money paid or payable to the Insured for goods sold and delivered and for services rendered in the course of the business at the premises of the Insured.

GROSS PROFIT
The amount by which

a) the sum of the amount of the Turnover and the amounts of the closing stock and closing work in progress shall exceed
b) the sum of the amounts of the opening stock and opening work in progress and the amount of the Specified Working Expenses.

The amount of the opening and closing stocks and work in progress shall be arrived at in accordance with the Insured's normal accountancy methods, due provision being made for depreciation.

SPECIFIED WORKING EXPENSES
a) Purchases and discounts relative thereto.
b) Bad debts.

The words and expressions used in the definition of Specified Working Expenses shall have the meaning usually attached to them in the books and accounts of the Insured.

RATE OF GROSS PROFIT
The Rate of Gross Profit earned on the Turnover during the financial year immediately before the date of an Insured Event **

ANNUAL TURNOVER
The Turnover during the twelve months immediately before the date of an Insured Event **

STANDARD TURNOVER
The Turnover during the period in the twelve months immediately before the date of an Insured Event which corresponds with the Indemnity Period **

NHPC LIMITED एन एच पी सी N.H.P.C. FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
The New India Assurance Co. Ltd.
Large Corporate & Power Office (850000)
S.C.O. 91-9 Sector [illegible] Chandigarh-160022
Ph. [illegible] 169355, 8146800550

** to which such adjustments shall be made as may be necessary to provide for the trend of the business and for variations in or special circumstances affecting the business either before or after the date of the Insured Event or which would have affected the business had the Insured Event not occurred so that the figures thus adjusted shall represent as nearly as may be reasonably practicable the results which but for the Insured Event would have been obtained during the relative period after the Insured Event.

NORMAL
The condition that would have existed had no loss occurred.

1. GENERAL

a) Bidders may interact and discuss with NHPC to assess risk and safety features of NHPC Power Stations appropriately at mutual convenience

b) Bidders if so desire may also visit all or some of the NHPC Power Stations at their own cost prior to submitting their Bid Proposals.

2. SUM-INSURED

a) Sum insured in Mega Risk Policy shall be based on re-instatement value as per the prevailing practice and norms.

b) Total Sum-Insured under Fire, EQ, MBD & Terrorism is the cost of insurable assets of Power Stations of NHPC as per valuation done by the Govt. approved valuer appointed through the Insurance Company for the policy period ending October 2023. The station-wise Sum- Insured is as per **Annexure-III (A)**.

c) Power Station wise sum-Insured under Business Interruption – Fire Loss of Profit (BI-FLOP) is based on projections of performance of each Power station for next 12 months w.e.f. 30.10.2023 as per **Annexure-III (A).** Insured can increase the sum insured under Business Interruption (BI-FLOP) during currency of the policy for each power station at its discretion by paying required additional premium computed for all power stations covered under the policy on annual basis. However, for the purpose of evaluation, the Sum-Insured indicated in bidding documents shall be considered.

d) Any addition of capacity in the existing Power Station or any addition of new Power Station during the currency period of Policy shall be covered by making additional premium payment on pro-rata basis at same rates, terms and conditions of the original policy.

e) Sum-Insured under Section-I & II of Mega Risk Policy for the purpose of Policy execution may be revised at the discretion of Insured during the currency of the policy with pro-rata adjustment of premium.

f) Any increase/ decrease in sum-insured including addition of capacity in the existing Power Station or any addition of new Power Station during the currency period of Mega Risk including Standalone Terrorism Policy, the insurer shall complete the placement of risk within two weeks from the date of intimation by the Insured.

NHPC LIMITED एनएचपीसी N.H.P.C FARIDABAD

Large Corporate
S.C.O. 81-83, S...

3. RETURN/ADJUSTMENT OF PREMIUM FOR BI (FLOP) COVER

A deposit Premium shall be paid at the inception of this Policy of Insurance and shall be calculated by multiplying the Sum Insured by the Premium Rate.

If the insured declares at the latest twelve months after the expiry of any policy period that the Actual Gross profit of NHPC Power Stations during the Policy Period based on Audited Accounts for the financial year(s) covered by the Policy, was less than the sum insured thereon, a pro rata return of premium not exceeding 50% of the premium paid for the policy period on excess sum insured shall be made by the Insurer and in case the actual Gross profit is more than sum insured, extra premium shall be paid by the Insured for the short sum insured. Gross Profit for the policy period suitably adjusted to Indemnity period shall be calculated as per CERC norms based on the actual PAF and Generation etc. for that period of particular financial Year on annualized basis.

Any loss, destruction or damage occurred giving rise to a claim under this Policy, return of premium shall be made in respect only of so much of said difference as is not due to such loss, destruction or damage.

4. CLAIMS EXPERIENCE:

NHPC has taken Mega Risk including Terrorism & Third Party Liability Policy for all the hydro Power Stations for the period from 31.07.2011 to 29.10.2023. The claim experience of NHPC for last 5 (five) policy period is as per **Annexure-I.**

5. AWARD OF CONTRACT

a) The contract will be awarded to the successful bidder(s), whose bid has been determined to be substantially responsive as per procedure detailed at (b) below.

b) The contract shall be awarded to a consortium of 03 (Three) Insurance Companies wherein L1 bidder shall be the lead insurer and shall have 60% share, L2 and L3 bidder shall be Co-insurers having 25% and 15% share respectively if they agree to the Rates, terms and conditions of L1 Bidder. If L2 and L3 bidder do not agree for their share of co-insurance then their share will be offered to the other participating bidders in the sequence of their quoted premium at L1 Rates, terms & conditions. In case none of the bidders agree for L1 Rates, terms and conditions for Co-insurance, then 100% business will be awarded to L1 bidder. Further, in case number of bidders agreeing L1 Rates, terms & conditions for co-insurance is less than two (02) than unallocated share will be awarded to L1 bidder.

c) NHPC shall be dealing / interacting directly with Lead insurer for all related matters and lead insurer shall, in turn, interact with the co-insurers. Under any circumstances i.e. in case of any dispute with co-insurers, Lead insurer shall be responsible for settlement of full claim amount to NHPC.

d) Partial/Incomplete/bids submitted not for entire scope of works and or Bids for Co-Insurance share shall out rightly be rejected. NHPC reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of Contract, without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for the Owner's action. NHPC also reserves the right to choose the co-insurers and/or percentage sharing. The successful bidder shall be fully responsible and shall be bound to perform the job allocated to him at rates awarded by NHPC.

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
The New India Assurance Co. Ltd.
Large Corporate & Broker Office (850000)
S.C.O. 91-93, Sector 17-A, Chandigarh-160022
Ph.: 0172-2609107 Mob.: 9417189355, 8146800550

e) NHPC reserves the right to assess bidder's capability and capacity to perform the contract, should the circumstances warrant such assessment in the overall interest of NHPC. The decision of NHPC shall be final in this regard.

f) Price Bids will be evaluated taking into account Total Premium quoted for all Scope of coverage(s) for respective sum-Insured and cost of withdrawal of deviation, if any.

6. RE-INSURANCE

A. Bidder may associate International Reinsurers for the Insurance Program. If associated, the bidder will submit Re-insurance Arrangement details with International Reinsurers in the Format-2 along with the bid showing the share of support for the Insurance Program.

The ratings of the International Reinsurer(s) shall be minimum AM Best A- rated or S&P A- rated or Moody's A3 rated in their individual capacity.

The bidder shall present confirmed Re-Insurance support letter for minimum of 60% (including self-retention) of total risk along with the bid in Format-2A for the share of support declared in Format-2. This is a MANDATORY REQUIREMENT. Noncompliance would lead to disqualification.

National/Indian Re-insurer may also be considered as re- insurer for our one year program

B.

1. If Reinsurer(s) are associated for the Insurance Program; Lead Insurer and Co-insurers (Consortium) will be responsible for following:

i) Lead Insurer will be responsible for placing all Re-Insurance. The ratings of the Reinsurer(s) shall be minimum AM Best A- rated or S&P A- rated or Moody's A3 rated.

ii) Lead Insurer have to place 100% Re-insurance business distribution among the Re-insurers after considering self- retention & co-insurers retention within 7 days from the date of NHPC's acceptance of Insurer's offer and furnish the acceptance letter of each Reinsurer as per attached Format 2A. However, it will be the sole responsibility of the Lead Insurer to settle all the claims arising out of this policy irrespective of completion of reinsurance placement.

2. In case Consortium fails to complete 100% placement of the risk prior to inception, NHPC will take action as per the Banning Policy against the defaulting insurer(s).

3. Lead Insurer shall be required to submit a copy of signed Reinsurance slip detailing the terms and conditions agreed with reinsurer (s) for All Risk, Earthquake, MBD, BI (FLOP) & Terrorism Cover within 15 days from the date of NHPC's acceptance of Insurer's offer Lead Insurer will also submit the details of all the reinsurance participants with their share of participation.

7. PROCEDURE OF PAYMENT

a) 100% Payment of premium shall be released to the Lead Insurer in Indian Rupees through Electronic Fund Transfer System by Corporate Office of NHPC, Faridabad. The Bank Charges shall be on account of Insured.

b) DGM (Finance), Misc. Bills Section –Finance Division, Corporate office, NHPC Ltd., Sector- 33, Faridabad-121003 (Haryana) shall be paying authority of this contract.

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
The New India Assurance Co. Ltd.
Large Corporate & Credit Office (850000)
S.C.O. 95-97, Sector 34-A Chandigarh-160022
Ph.: 0172-2609107 Mob.: 9417189355, 8146000550

8. BREAK DOWN PERIOD

During any accidental damage/breakdown resulting into a claim, NHPC may undertake any related or unrelated, planned or unplanned maintenance /overhaul activities without affecting the duration of original breakdown re-instatement work. This will not affect NHPC's claim under BI/FLOP section in any manner whatsoever, as long as the same does not affect reinstatement period due to accidental breakdown.

9. EXTENSIONS

Shifting of the equipments from existing location after dismantling and re-erection, re-testing and commissioning at any other location and vice versa within the premises of power Station shall also be covered in this policy.

10. EXCLUSIONS

Exclusions as available in Mega Risk Policy regulations. However, assets like drainage, culvert, pavements, roads, dams, reservoirs, canals, pipe lines, tunnels, bridges, piers etc and all other civil works including township and underground civil works **except land,** property in transit within premises are specifically included in schedule of assets and shall be covered for insurance. Properties in the course of demolition / construction shall also be covered in the scope of coverage.

11. INSURER AND THEIR RESPONSIBILITY

a) Lead Insurer (L-1 bidder) shall consult NHPC to finalize policy wording and associated working arrangement.

b) It may be clearly understood that Lead Insurer shall be solely and legally responsible to NHPC for effective execution of the Policy including co-ordination with NHPC sites, collection of premium, complete placement of re-insurance Program, issue of policy document and prompt claim settlement etc. Lead Insurer shall be solely responsible for settlement of all claims, irrespective of any change in the structure (organizational or financial etc.) of any Co-insurers or Re-insurer (s).

12. OPERATION AND MAINTENANCE OF POLICY

Insurance Policy shall be issued in name of NHPC Ltd., Faridabad on behalf of all 20 hydro Power Stations & Parbati-II HEP and any addition during the continuation of the policy period. Both soft & hard copy of the policy shall be issued to NHPC. Respective Power Stations being the Insured shall be responsible for post award operation of the Insurance Policy i.e., lodging the insurance claims, follow-up, review, monitoring and final settlement as per policy conditions. However, claim intimation shall be sent to Corporate Insurance Cell for monitoring purposes. Insurance Cell, Corporate Office along with O&M and Commercial Division shall coordinate with the power stations for settlement of the Insurance claim under material damage as well as BI (FLOP).

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
The New India ... Co. Ltd.

13. TIME FRAME OF THE POLICY DOCUMENTS

The insurer will promptly raise invoice/demand for insurance premium as per terms and conditions of the policy immediately on receipt of Letter of Award. Similarly, upon request of additional insurance cover by NHPC as per policy conditions, the insurer will raise invoice/demand for insurance premium for additional cover within 1(One) working day from the date of request by NHPC. The insurer will issue the premium receipt and the Cover note for the desired coverage immediately on the receipt of the premium from NHPC. The original policy document along with soft copy of the policy shall be issued within one week from the date of the assumption of the risk.

The policy document shall clearly indicate various rates, sum-insured, extensions, inclusions, exclusions and terms & conditions in line with bidding documents. Any amendment of the policies documents and/or additional insurance covers shall be confirmed by issuing endorsement within 4 (Four) working days of the receipt of the necessary premium/information from NHPC indicating various rates, sum-insured, extensions, inclusions, exclusions and terms & conditions as applicable

14. PANEL OF SURVEYORS

The Lead Insurer shall furnish the list of Surveyors (along with their name, address contact nos. & experience in the field with no of Years' experience) whom they propose to depute in the event of occurrence of claim. Surveyors from the agreed list only shall be deputed in consultation with NHPC in the event of loss. NHPC has the right to review this list, as and when required.

The underwriter shall depute the surveyor without any loss of time immediately on the occurrence of damage without waiting for the detailed report. In the event of delay in deputation of surveyor, NHPC may use its discretion in deputing surveyors from the panel of Surveyors. The claims lodged on the basis of surveyor report engaged by NHPC, shall be settled by the underwriter in full.

15. CHECK LIST

The bidder should submit along with the bid standard checklist of documentation required for early settlement and on-account payment of claims. However the checklist shall be further finalized keeping in view the availability of various aspects/documents.

16. REVIEW MEETINGS

Lead Insurer will develop effective Management Information System (MIS) for facilitating effective implementation of the Policy and early settlement of the claims. Co-coordinator at Power station shall be identified for periodical review meetings for monitoring progress of different activities.

17. RESPONSIBILITY FOR SEMINAR/ WORKSHOP

To educate on Mega Risk Policy, Lead Insurer shall organize Seminars/ Workshops on the Policy, at no extra cost, at NHPC Regional Offices, Power Stations, Corporate office or other agreed locations, as advised by NHPC, to facilitate understanding and effective implementation of Policy

at least once in a year. Insurer shall also arrange intensive training Program at no extra cost, for selected personnel of NHPC.

18. CLAIMS PROCEDURE AND MANAGEMENT

In case of a claim, the insurance company shall immediately depute or authorize NHPC to call a surveyor(s) from the approved panel of Insurer but not later than 48 hours of the receipt of intimation from the insured.

In normal circumstances, the claim has to be settled by the Insurance co. as per the procedure at Clause No. 20 of Section-IV of Conditions of policy.

A joint meeting between surveyors, insurance company and NHPC will be organized on a date suggested by NHPC for discussing the claim matters and the minutes of the said meeting shall be recorded. The insurance company will take a weekly report from the surveyor to ensure the success of the procedure and keep NHPC posted and copy of interim as well as final survey report shall be submitted to NHPC immediately.

In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of clause for Settlement of Disputes. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

The survey report shall also be submitted for claims where the insurer's liability does not arise but has been reported by NHPC.

19. UNDER-INSURANCE PROVISION

Under insurance on each item of the Schedule appearing under Section –I & II (Material Damage) of Mega Risk Policy and Standalone Terrorism Policy will be ignored if it does not exceed 20%.

No under-insurance will be applicable for Section-III (Business Interruption) i.e., no under-insurance penalty shall be applied in case of Business Interruption claim. However, the insurance Co. will indemnify the loss for Business Interruption based on the sum-insured and Insured shall be required to pay additional premium based on the actual Gross Profit as per methodology given in clause 3 of Condition of policy within 12 months from the end of Policy period.

20. On- account and Final Payment in respect of claim under policy.

a) On a/c payment of 75% – within 6 weeks of submission of all claim papers and subject to admissibility of claim, for claims upto Rs. 2.00 crs (after deductibles) and within 8 weeks for claims above Rs. 2.00 crs.(after deductibles)
b) Balance Payment – within 30 days of submission of all documents.

Insurance Co. shall pay interest for delay in on- account payment or balance payment. The insurer shall be liable to pay interest at a rate which is 2% above SBI MCLR for one year prevalent at the beginning of the Financial Year in which the claim is submitted by the Insured.

21. SETTLEMENT OF DISPUTES:

21.1.1 If any dispute arises between the Insured and the Insurer in connection with, or arising out of the Contract or the execution of the Works, whether during the execution of the Works or after their completion and whether before or after the repudiation or after termination of Contract, including any disagreement by either party with any action, inaction, opinion, instruction, determination, certificate or valuation of the Insured an attempt shall be made to resolve the matter in dispute amicably.

21.1.2 No dispute or difference arising between the Insurer and the Insured under or relating to or in connection with the Contract shall be referred to arbitration unless an attempt has first been made to settle the same amicably.

21.1.3 Any dispute, in respect of which the Insured and the Insurer have failed to reach at an amicable settlement pursuant to Clause 21.1.1, shall be finally settled by reference to arbitration as per Clause 21.2. The Arbitration and Conciliation Act, 2015 shall govern the arbitration.

21.2 **Arbitration:**

Subject to Sub-Clause 21.1 of these Conditions, unless settled amicably, any dispute or difference whatsoever arising between the parties and of or relating to the construction, interpretation, application, meaning, scope, operation or effect of this contract or the validity or the breach thereof, shall be finally settled by Arbitration, unless otherwise agreed by both Parties.

Any dispute shall be settled by arbitration as set forth below:

(i) A dispute with an Indian Insurance Company shall be finally settled by arbitration in accordance with the Indian Arbitration & Conciliation Act, 1996, or any statutory amendment thereof. The arbitral tribunal shall consist of 3 arbitrators, one each to be appointed by the Insured and the Insurer. The third Arbitrator shall be chosen by the two Arbitrators so appointed by the Parties and shall act as Presiding Arbitrator. In case of failure of the two arbitrators, appointed by the parties to reach upon a consensus within a period of 30 days from the appointment of the arbitrator appointed subsequently, the Presiding arbitrator shall be appointed by the President of the Institution of Engineers (India). For the purposes of this Sub-Clause, the term "Indian Insurance Company" means an Insurer who is registered in India and is a juristic person created under Indian law.

(ii) Arbitration may be commenced within or after the period of Insurance Policy , provided that the obligations of the Insured and the Insurer shall not be altered by reason of the arbitration being conducted within or after the policy period.

(iii) If one of the parties fail to appoint its arbitrator in pursuance of sub-clause (i) and (ii) above, within 30 days after receipt of the notice of appointment of its arbitrator by the other party, then the President of Institution of Engineers (India), shall appoint the arbitrator.

The decision of the majority of arbitrators shall be final and binding upon both parties. The cost and expenses of Arbitration shall be borne in such a manner as determined by the arbitral tribunal.

The fee payable to arbitrators shall be as per the model fee structure of NHPC/ Insured, the present model fee structure is placed at Appendix A to Tender. The fees include the sitting fee of arbitrators, reading fee, award writing fee and secretarial expenses etc. and nothing is payable other than this by whatsoever name called.

NHPC LIMITED FARIDABAD

The cost and expenses of Arbitration proceedings will be borne by each party. However, the expenses incurred by each party in connection with the preparation, presentation etc. of its proceedings shall be borne by each party itself.

The seat/ place of Arbitration shall be Faridabad.

The Arbitral Tribunal shall give a written reasoned Award and the final award by a majority of Arbitrators rendered in writing shall be binding upon the parties.

21.3 **In case of contract with another Central Public Sector Enterprises and Government Department(s)/ Organization(s) (other than those related to taxation matters), the following arbitration clause shall be applicable:-**

In the event of any dispute or difference relating to the interpretation and application of the provisions of commercial contract(s) between Central Public Sector Enterprises (CPSEs)/ Port Trusts inter se and also between CPSEs and Government Department(s)/Organization(s) (other than those related to taxation matters), such dispute or difference shall be taken up by either party or resolution through AMRCD as mentioned in DPE OM No. 4(1)/2013-DPE(GM)FTS-1835 dated 22-05-2018.

22. GOVERNING LAWS & JURISDICTION

The Insurance Policy shall be governed and interpreted in accordance with the law for the time being in force in the Republic of India and Jurisdiction of courts for dispute resolution shall be appropriate courts of Faridabad.

23. Nodal Officer/ Incharge

General Manager (Finance), Finance Division, Corporate office, NHPC Ltd., Sector-33, Faridabad-121003 (Haryana) who will represent nodal officer or representative authorised by him on behalf of NHPC i.e., insuring party during the currency of this contract.

The Lead Insurer shall also appoint one officer to act as nodal officer or representative on behalf of Insurance co. who shall be interacting with NHPC on all matters relating to operation of the policy and correspondences (including those of surveyors) relating to claim. Contact details i.e. email ID, phone no. etc. of the nodal office are to be specifically provided under the policy

24. ALIGNING THE POLICY FINANCIAL YEAR WISE

NHPC intends to align Mega policy with Financial Year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 60% of the premium in the expiring policy.

25. Corrupt or Fraudulent Practices

It is expected that the contractor will observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy:

(a) for the purposes of this provision, the terms set forth below shall mean as under:
   (i) "corrupt practice" means the offering, giving, receiving or soliciting directly or indirectly, of anything of value to influence the action of a public official in the procurement process or in contract execution;
   (ii) "fraudulent practice" means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract;
   (iii) "Collusive practice" means a scheme or arrangement between two or more bidders, with or without the knowledge of the Borrower, designed to establish bid prices at artificial, noncompetitive levels;
   (iv) "Coercive practice" means harming or threatening to harm, directly or indirectly, person or their property to influence their participation in a procurement process, or affect the execution of a contract;
   (v) "Integrity Pact" means an agreement called Integrity Pact between the contractor and the Employer shall be signed committing the persons/officials of both the parties, not to exercise any corrupt influence on any aspect of the Tender/Contract.

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
The New India Assurance Co. Ltd.
Large Corporate & PSU Division (18500000)
S.C.O. 81-83, Sector 26-A, Chandigarh-160022
Ph.: 0172-2704107 Mob: +917189355, 8146800550

(b) A Bid may be rejected by the Employer if it is determined at any stage that the respective Bidder has engaged in corrupt, fraudulent, collusive and coercive practices or defaulted commitments under Integrity Pact as mentioned above in competing for the contract in question.

(c) The Employer may declare a firm ineligible, either indefinitely or for a stated period of time, if it at any time determines that the firm has engaged in corrupt or fraudulent practices, Collusive and Coercive practices or defaulted commitments under Integrity Pact in competing for, or in executing, a contract then the Employer may after giving 14 days notice to the Contractor, terminate the contract and expel him from the site and get the contract executed at the risk and cost of defaulting contractor.

(d) Banning of Business Dealings: It is not in the interest of NHPC to deal with Agencies who commit deception, fraud or other misconduct in the tendering process. The grounds on which Banning of Business Dealings can be initiated are as follows:

i) If the security consideration, including questions of loyalty of the Agency to NHPC so warrants;
ii) If the director/ owner of the Agency, proprietor or partner of the firm, is convicted by a court of law for offences involving moral turpitude in relation to its business dealings with the Government or any other public sector enterprises, during last five years;
iii) If business dealings with the Agency have been banned by the Department of Power, Government of India.
iv) If the Agency has resorted to corrupt, fraudulent practices including misrepresentation of facts;
v) If the Agency uses intimidation / threatening or brings undue outside pressure on NHPC or its official for acceptance / performances of the job under the contract:
vi) If the Agency misuses the premises or facilities of the NHPC, forcefully occupies or damages the NHPC's properties including land, water resources, forests / trees or tampers with documents/records etc. (Note: The examples given above are only illustrative and not exhaustive. The Competent Authority may decide to ban business dealing for any good and sufficient reason).

The procedure for banning of Business Dealings shall be governed as per NHPC's "Policy and Procedure for Banning Business Dealings".

26. Integrity Pact

To improve transparency and fairness in the tendering process the Employer is implementing Integrity Pact.

The Integrity Pact, signed by all the prospective Bidders and the Employer, shall commit the persons/ officials of both the parties, not to exercise any corrupt/ fraudulent/ collusive/ coercive practices in the Tendering process and also during implementation of the Contract. Only those

Bidders who have entered into Integrity Pact with the Employer shall be eligible to participate in the bidding process. Entering into Integrity Pact as per Performa provided into Tender Document is a basic qualifying requirement.

Integrity pact is to be executed on plain paper at the time of submission of bid. The successful bidder (contractor) shall submit duly executed Integrity Pact on Non-judicial Stamp Paper of appropriate value as per stamp act applicable in the state of Haryana prior to signing of Notification of Award.

27. TAXES AND DUTIES

1.1 Taxes, duties, , GST and other impositions as may be levied under the Applicable Law & regulations including those assessed on the client, the amount of which is applicable as on 28 days prior to last date of submission of bid is deemed to have been included in the Contract Price. However, change in rates of existing tax or levy of New Tax applicable on service of this contract announced after 28 days prior to last date of submission of bid, shall be paid/ adjusted/ reimbursed by the Client in addition to contract price. The Client will reimburse the same to the Insurer on production of satisfactory proof of payment/ other documentary evidence, if any.

Changes in the advance tax rates of GST (on Service) payable to appropriate authorities will not be subject to adjustment.

1.2 The Contract unit rates shall be after taking into account the Input Tax Credit (ITC) and other benefits.

1.3 TDS wherever statutorily required under any Tax Act/ Rule shall be deducted and deposited and necessary certificate will be provided by the Employer.

1.4 Invoices and other documents submitted by Insurer/ bidder for payment under Interim Payment Certificate/ Final Payment Certificate, or any other payment under the contract shall be in accordance with the GST Law.

1.5 The Insurer shall furnish a certificate along with Interim Payment Certificate/ Final Payment Certificate that GST payable by him has been deposited/ will be deposited to the Govt. Treasury.

28. AGREEMENT

The Insurer shall execute a Contract Agreement with NHPC on non-judicial paper of appropriate value as per Stamp Act applicable in the state of Haryana in the format appended within 10 days from the date of issue of Letter of Acceptance.

29. NHPC shall be dealing / interacting directly with Lead insurer for all related matters and lead insurer shall, in turn, interact with the co-insurers. Under any circumstances i.e. in case of any dispute with co-insurers, Lead insurer shall be responsible for settlement of full claim amount to NHPC.

SECTION – V

SCOPE OF COVERAGE

SCOPE OF COVERAGE

1.0 NHPC is interested in covering all its Hydro Power Stations & Parbati-II HEP under "Mega Risk Insurance Package Policy including Terrorism and Third Party Liability Policy" as per the following provisions.

1.1.1 SCOPE OF INSURANCE COVERS

A) The Insurance Policy shall cover the property insured, if accidentally lost/destroyed or damaged physically along with loss of business revenue by the perils covered under this Policy. The coverage will be on an All Risk basis as per Munich Re wordings, which is attached as per Annexure V (A) & V (B) for Liability, namely:

1) Mega Risk Policy

i) Fire and allied perils like Fire; Lightening; Explosion / implosion, Aircraft damage, Riot, strike, malicious damage (RSMD); Storm, cyclone Typhoon, Tempest Hurricane, Tornado, Flood & inundation (STFI); Impact damage; Subsidence & Landslide including rockslide; Bursting & Overflowing of Water tanks, Apparatus & pipes; Missile testing operations; Leakage from automatic sprinkler instillations; Bush fire; & Burglary/Theft.
ii) Earthquake (Fire and Shock).
iii) Machinery Breakdown (MBD) /Boiler explosion/Electronic equipment.
iv) Business Interruption – Fire Loss of Profit (BI-FLOP).

2) Terrorism (Fire +FLOP) including Electronic Equipment breakdown.

B) Third Party Liability (General Liability) as per Policy wording given in Annexure- V(C) but not limited to above perils.

The Policy coverage and terms & Conditions shall be in line with the Policy Wordings attached only. No deviation from the attached Policy Wordings will be allowed by NHPC. However, if any change in the policy wordings desired by Re-insurer, which do not affect the material content of the policy, the same can be considered by NHPC.

1.1.2 SECTION-WISE SUM-INSURED

The details of Sum-Insured for respective Section/Risk nature are as follows:

A1. Mega Risk Policy for All Hydro Power Stations & Parbati-II HEP

S.No.	Section/ Nature	Sum Insured in Rs.
1.	Mega Cover (Fire)	66445.15 Cr.
2.	Earthquake (including plinth & foundation)	66445.15 Cr.
3.	Machinery Breakdown (MBD)	25132.94 Cr.
4.	Business Interruption (FLOP)	7305.55 Cr. (12 months)

NHPC LIMITED FARIDABAD

B. Terroris Cover for all Hydro Power Stations & Parbati-II HEP of NHPC

1. Terrorism Cover Rs. 73750.70 Crs.

N.B. – The above figures are indicative only and has been compiled upto the date of preparation of Tender. The figures are subject to change.

C. Third Party Liability cover for all Hydro Power Stations & Parbati-II HEP of NHPC

Third Party Liability : AOA (INR 10 Cr.) & AOY (INR 50 Cr.) as under:

1. Third Party Liability for Property Damage: Rs.37.5 Crs. (AOA:AOY=1:5)

2. Third Party Liability for loss of Life/Bodily injury: Rs. 12.5 Crs. (AOA:AOY=1:5)

(Limit for liability in case of death and Permanent disability or bodily injury shall be worked out and payable as per the extant Law with maximum liability limit of Rs.12.5 Crore- AOA:AOY=1:5).

1.1.3 DETAILS COVERAGE:

The Scope of Coverage shall include all NHPC Hydro Power stations & Parbati-II HEP as detailed in **Annexure-II**. This will include all plants, equipments, Buildings, township, Roads, Bridges, Dams, Tunnels & other civil /electrical works etc. The policy wording provided is a draft outlining the covers and contain the standard wordings. The add-on covers required will over-ride any policy wording stating otherwise, for the similar risk. The final policy issued will not have mention of any wording/ clause/exclusion which contradicts the cover required as per the tender and as per the add-on covers."

The Power Station wise/Asset wise break up (under broad head) of the replacement cost are attached as **Annexure-III (A) & III (B)** and power station wise sum insured under BI cover is indicated in **Annexure III (A).** These details are only by way of summary. The policy coverage and terms and conditions shall be in line with Mega Risk Policy and detailed coverage as above.

1.1.4 The following shall also be covered in the Policy:

i. **Additional Insurance Covers under Mega Policy:**

Type of Covers		Sub-Limit(Rs.)
Section I – All Risk of Physical Loss or Damage /Non-Marine Property (excluding machinery Insurance)	Expediting expenses including Airfreight	10 Crs.
	Architects, Surveyors, & Consulting Engineers fees	10 Crs.
	Cost of Demolition and/or Removal of Debris including Foreign Debris/dewatering expenses.	40 Crs.
	Loss minimization / Loss prevention expenses	5 Crs.
Section II- All Risk of	Capital additions / Newly Acquired Property / Interest	250 Crs.

NHPC LIMITED FARIDABAD

Jaimal Singh Kaltal Chief Regional Manager

Physical Loss or Damage /Machinery Insurance	Foam consumption and fire extinguishing expenses	5 Crs.
	Underinsurance	20%
	Escalation Clause	10%
	Omission to Insure Additions, Alterations or Extensions	30 Crs.
	Immediate repair/relief/Minor Repairs	5 Crs.
	Temporary removal	50 Crs.
	Inland Transit	50 Crs.
	Property in the course of construction / erection.	20 Crs.
	Plans, Documents & Computer Records	10 Crs.
	Additional Customs Duty	10 Crs.
	Deliberate damage	5 Crs.
	Property not on Insured Premises/Off Premises	10 Crs.
	Shut down/Start-up Expenses	1 Cr.
	Claim Preparation Cost (Applicable to Section-I, II & III)	1 Cr.
Section –III: All Risk Business Interruption	Professional Accountants Clause	15 Lacs
	Additional increased Cost of Working	25 Crs.
	Prevention of Access	Actual (Within Sum Insured)

ii. Cracking & Collapse in Galleries, Tunnels & Buildings per se both underground and on the surface due to an insured peril is to be included in the coverage of the scope of the policy.

iii. All Equipment/machinery having electronic parts/software systems & computer control system/ external media/increased cost of workings shall be covered in the scope of the policy.

iv. Assets like drainage, culvert, pavements, roads, dams, reservoirs, canals, pipe lines, tunnels, bridges, piers, compound/retaining walls, landscapes, and Gardeners etc. and all other civil works including township and underground civil works except **land,** property in transit within premises are specifically included in schedule of assets. Properties in the course of construction shall also be covered in the scope of coverage.

v. **Power Stations under Renovation and Modernization Stage:**

Loktak Power Station

Loktak Power Station has completed its scheduled life of 35 years and is under Renovation & Modernization. The Renovation & Modernization proposal includes the unit wise renovation of Generating Plant & Machineries which means Loktak Hydro-electric Project will remain in complete shutdown for first six months and thereafter, one unit would go under renovation while other two units shall remain operational. Accordingly, a reasonable amount of Gross Profit has been included in the schedule under BI coverage of Loktak. Further, Insured shall

NHPC LIMITED एनएचपीसी N·H·P·C FARIDABAD

Kamal Singh Kalsi Chief Regional Manager The New India Assurance Co. Ltd.

have discretion to make addition(s) in FLOP cover on account of unit wise completion and re-startup of generation of Loktak Hydro-electric Project by paying additional required premium as per awarded rates during currency of Insurance Policy (in terms of clause no. 2 of Section IV-Condition of Policy). Thus, Loktak Hydro-electric Project shall remain covered for all sections {i.e. Fire & Allied Perils, Earthquake, Machinery Breakdown, Business Interruption (FLOP), Terrorism (including FLOP) and Third Party Liability} under Mega Risk Policy for renewal period.

vi. Under Construction Projects of NHPC near completion

a) In the existing Mega Risk Policy, Parbati-II Project has been covered for partial assets with all coverages except operational covers i.e. BI-FLOP and MBD. The Project is in advanced stage of completion and may come into operation during currency of renewal policy. On commissioning, all assets of project may be covered in the renewal Mega Policy with full coverages including MBD & BI in terms of clause no. 2 of Section-IV; CONDITIONS OF POLICY.

b) Subansiri HE Project (2000 MW) comprising of eight (08) units of 250 MW each, is in the advanced stage of completion and couple of the units of the project may come into operation during currency of renewal Mega policy. Subansiri project may be considered for inclusion in the renewal Mega Policy for part/full coverages in terms of clause no. 2 of Section-IV; CONDITIONS OF POLICY.

Deleted

4.0 BUSINESS INTERRUPTION (FIRE LOSS OF PROFIT)

4.1 INDEMNITY PERIOD FOR BI (FLOP): 12 Months

4.2 SUM INSURED FOR BI (FLOP)

The Business Interruption sum-insured would be **Gross Profit** based on tariff applicable, as per CERC, Annual Plant Availability Factor based on the normative plant availability factor (NAPAF) etc. The Gross profit shall mean and include gross revenue for the purpose of loss of profit.

4.3 CHANGES IN SUM-INSURED

NHPC will have the right to increase the sum-insured of any power station during the policy period by paying the required additional premium as agreed with the insurer.

NHPC LIMITED FARIDABAD

5.0 TERRORISM COVERS:

5.1 Material Damage (MD) +Fire Loss of profits (FLOP) shall be as under:-

i) Loss/damage of the property specified in the Tender against physical loss or physical Damage by an act or series of acts of terrorism.
ii) Loss resulting from interruption of business relating to the premises affected by an act or series of acts of Terrorism, caused by direct physical loss or damage by an act or series of acts of terrorism.

5.2 Condition applicable to Terrorist Damage

a) The single limit of Rs. 2,200 crores with a sub limit of Rs.200 Crore War Cover which shall applicable to all the 20 NHPC Hydro Power Stations and Parbati-II HEP and any additions during the currency period of the policy.
b) This policy shall be non-cancelable by the insurer/re-insurer.
c) Intra-project property in transit shall also be covered. Limit of liability for losses during Intra-Project transit shall be Rs.50 Crore for any one occurrence and in the aggregate.

6.0 THIRD PARTY LIABILITY COVER

6.1 Condition applicable for third party claim settlement

The insurer shall reimburse the insured for payment towards loss/damage to third party or property of third party to affected person/legal heirs after completing formalities like FIR & submission of proof of death/damage, Internal Committee Report and Payment Proof. Also, an undertaking from claimants shall be obtained stating that they have received agreed amount as full and final settlement of their claims against NHPC and their insurance companies.

In case claimants are not satisfied with mutual compromise and initiate legal action against Insured, Insurance companies shall be exclusively liable to pay amount of award pronounced by the courts, within overall limit of liability set out in the policy in addition to legal costs incurred by NHPC to defend such cases.

Claim for Property Damage shall be settled by Insurance Co. based on Surveyor's Report. Insurance Co. shall not insist for the court order or liability to be imposed by court of law for settlement of the claims.

Appendix-I

Major Spares Maintained At NHPC Power Station	
Sl. NO.	**Description of Item**
1	Runner (Francis/Pelton)
2	Runner Blades (Kaplan)
3	Guide Vanes
4	Nozzle (Pelton Turbine)
5	Deflector (Pelton Turbine)
6	Deflector Servo Motor (Pelton Turbine)
7	Nozzle Tip Linear (Pelton Turbine)
8	Niddle Tip (Pelton Turbine)
9	Top Cover Liner Plates (Francis)
10	Bottom Cover Liner Plates (Francis)
11	MIV Service Seal
12	MIV Maintenance Seal
13	MIV Servo Motor
14	Guide Vane Servo Motor
15	Thrust Bearing Pad
16	TGB Pads/Shell
17	UGB Pad
18	LGB Pad
19	Stator Bars
20	Rotor Pole
21	Excitation Transformer
22	Generator Transformer
23	Current Transformer
24	Voltage Transformer
25	Circuit Breaker
26	Isolator
27	Earth Switch
28	Surge Arrestor/LA
29	Spare EHV Cable (XLPE/Oil Filled Cable)
30	Protection Relays
31	Different Type of Sensors
32	Spare of SCADA System
33	Station Service transformers
34	Unit Auxiliary Transformers
35	Different Type of Valves
36	Cooling water Pump/Motor
37	Drainage –Dewatering Pump/Motor
38	Fire Fighting Pump
39	2 V DC Battery
40	Excitation System Spares

NEW INDIA ASSURANCE
दि न्यू इन्डिया एश्योरन्स कंपनी लिमिटेड
The New India Assurance Co. Ltd

Date: 25.10.2023

The General Manager (CC-II)
Contracts (Civil) Division, NHPC Ltd.
2nd Floor, NHPC Office Complex,
Sector-33 Faridabad-121003 (Haryana).

Reg.: Mega Risk policy including Terrorism & Third party liability policy for NHPC Power Stations (For one year w.e.f. 30.10.2023 to 29.10.2024)

Sir,

The has reference to your letter no. NH/CCW/CC-II/CO-274/PR10023/182/2023/1745 dated 25.10.2023, asking us for submission of justification for our quoted premium rates/amount & reduction therein and withdrawal of deviations. Please refer to the discussion we had with your team yesterday further to the opening of the tender and during the meeting we have briefed the reason behind placing the terms with certain conditions.

Once again, we brief our reply for the new changes in the terms:

1. Recent major claims unexpectedly reported in Sikkim region has resulted in huge financial losses to the Insurer as well as Reinsurer in the market and it has caused Capacity constraint in the reinsurance market for Hydro Risks because of huge losses.

2. Insurers and reinsurers are exposed to a vast territorial area spread from Srinagar to the entire Himalayan Region, as all power plants proposed to be covered are situated within this high risk's areas with respect to catastrophe.

3. There are many Hydro Power Plants, which are situated upstream & downstream of Teesta River in Sikim, have suffered a major loss in a single event causing huge financial losses to insurance sectors. Hence, the possibility of more than one power plant getting affected by a single catastrophe event is very high. Hence, the reinsurance market has become apprehensive to extend cover for Hydro Risks in India.

4. The losses that markets faced globally because of some of major events in the past 3-4 years in the downstream resulted in hardening of the market

5. As the Risk of the plant is situated in multiple locations like J&K, Himachal Pradesh, Sikkim, West Bengal, Manipur & Uttarakhand, the Reinsurer have offered Loss Aggregate limit of Rs 2000 Crs. It is a huge exposure for the market. Hence, they don't want to expose themselves for the Full Sum Insured. So, they have restricted to the loss limit for the policy for all the perils.

6. Claim ratio for the from 2011-12 to 2022-23 is 128.62%.

7. In the last 5 years 2 major claim of Rs 361 Crs and 715 Crs happened which created hardening of the market and ICR in the last 5 years is 135%.

8. Recently there are lots of incidents of Earthquake tremor in these region.

NEW INDIA ASSURANCE
दि न्यू इन्डिया एश्योरन्स कंपनी लिमिटेड
The New India Assurance Co. Ltd

However, we are taking up with the re-insurer and we will submit the bid shortly for the following:

1. Reduction in Rate / Premium
2. Introduction of Swing Clause
3. Addition / inclusion of Parbati – II & Subansri under Operational Policy at prorate terms as and when Testing & commissioning is completed. However, in the event of testing and commissioning not completed fully then the partial assets are to be covered under the operational policy on named perils basis (without MBD & BI) similar to the coverage available to Parbati – II under expiring policy.

With best regards,

JAIMAL SINGH KATTAL

Chandigarh-160022

Sub: Reg. alignment of ongoing Mega Policy and CPM policy (30.10.2023 to 29.10.2024) for Financial Year wise w.e.f. 01.04.2024.

Ref: Mega Policy: LOA No. NH/CCW/CC-II/CO-274/PR10023/182/SO-201/2023/1751 dt. 27.10.2023 & CPM Policy: GEMC-511687749028756 dt.17.10.2023

Mega Policy and CPM Policy for NHPC Hydro Power Stations for the period 30.10.2023 to 29.10.2024 has been awarded at premium cost of ₹ 497.83 Crore and ₹ 0.86 Crore (both including taxes) respectively to M/s New India Assurance Co. Ltd. (NIACL) vide reference Letter of Award/GeM Order.

In terms of policy conditions, ongoing Mega Policy and CPM Policy can be aligned Financial Year wise by way of cancellation of existing policy and obtaining fresh policy w.e.f. 1st April 2024 at same rates & terms with adjustment of pro-rata premium.

The condition in Mega Policy (sl.no.2 of Appendix-A of LOA) reads as under:

"NHPC intends to align Mega policy with Financial Year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 25% of the premium in the expiring policy".

Further, clause no.23 of Section-IV titled "SCOPE OF COVERAGE AND GENERAL TERMS & CONDITIONS" of CPM Policy reads as under:

"NHPC intends to align CPM policy with financial year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 60% of the premium in the expiring policy".

Hence, in terms of ibid policy conditions, NHPC intends to align the ongoing Mega Policy and CPM policy with Financial Year w.e.f. 01st April, 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period. After adjustment of pro-rata premium for unexpired policy period of 212 days (i.e.01.04.2024 to 29.10.2024), net premium for the FY 2024-25 has been worked to ₹ 204.98 Crore and ₹ 35.96 Lakh for Mega Policy and CPM Policy respectively. Detailed calculations of additional premium are enclosed as Annexure-A & B for your kind reference. Claim ratio under both Mega Policy and CPM Policy for policy period 30.10.2023 to 29.10.2024 is within 25% and 60% respectively.

It is requested to provide the confirmation along with Proforma Invoice w.r.t. pro-rata premium for the period 30.10.2024 to 31.03.2025 (153 days) positively by 13.03.2024 so that further necessary action for alignment of Mega Policy and CPM Policy with FY w.e.f.01.04.2024 can be taken by NHPC well before 31st Mar, 2024.

An early response in the matter by 13.03.2024 is solicited please.

Thanking you.

Yours faithfully,

06/3/24

NEW INDIA ASSURANCE
दि न्यू इन्डिया एश्योरन्स कंपनी लिमिटेड
The New India Assurance Co. Ltd

POLICY WORDINGS

INSURED: NHPC LIMITED

Whereas the insured named in the schedule has applied to the New India Assurance Company Limited (hereinafter called the Company) for the insurance hereinafter contained and has paid the premium as consideration for such insurance in respect of accidental loss or damage by contingencies as stated below, in the Scope of Cover, occurring during the period of insurance stated in the Schedule (s) or during any subsequent period for which the insured pays and the Company may accept the premium for the renewal of this policy.

NOW THIS POLICY OF INSURANCE WITNESSETH

That subject to the terms, exceptions, exclusions, provisions and conditions contained herein or endorsed hereon, the Company will at its own option by payment or reinstatement or repair indemnify the insured against unforeseen and sudden physical damage by contingencies as stated below, in the Scope of Cover, to any insured property specified in the attached schedule (s), necessitating its immediate repair or replacement. This Policy shall apply to the insured items whether they are at work or rest, or being dismantled for the purpose of cleaning or overhauling or in the course of the aforesaid operations themselves or when being shifted within the premises, station to station/workshop(anywhere in India) or during subsequent re-erections but in any case only after the successful commissioning. The liability of the Company shall not exceed in the aggregate in any one period of insurance the Sum insured set in the insurance covergae as above

SECTION I

SCOPE OF COVER

Loss of or damage to the construction machinery of all types located anywhere in India:

(a) Due to Fire, Lightening, Explosion/implosion, impact by any external means and /or space devices and / or articles dropped there from, Riot, Strike, Malicious damage.

(b) Storm, Tempest, Cyclone, Flood and inundation, impact damages during handling of material. Topping. Subsidence, Land Slide including Rock Slide) and Earthquake (Fire & Shock)

(c) Theft, Burglary

587

(d) Any Breakdown to the construction Machinery e.g. Electrical and Mechanical breakdown and/or such failure whilst It is in operation during overhauling and even in standstill condition, except mobile equipment (MV Act).

(e) Inland Transit: This insurance covers the outward movement of CPM equipments against the perils covered under this Policy whilst in transit by road, rail or inland waterway, from one NHPC station to any other station/workshop, within the Geographical limits of India

EXCEPTIONS:

THE COMPANY SHALL NOT BE LIABLE UNDER THIS POLICY IN RESPECT OF:

- The amount of excess is Rs. 1,00,000/- for each and every loss under all risk section and Rs.10,000 for Third Party Liability claims.
- Loss or damage to replaceable parts and attachments such as bits drills knives or other cutting edges, saw blades dyes, moulds, patterns, pulverizing and crushing surfaces, screens and sieves, ropes, belts, chains, elevator and conveyor belts, batteries, tyres, connecting wires and cables, flexible pipes, joining and packing materials regularly replaced unless loss or damage to the equipment/machinery is identifiable in terms of the policy
- Loss of or damage to vehicles designed and licensed for general road use unless these vehicles are exclusively used on construction sites
- Loss or damage to the Hull and Machinery of waterborne vessels or craft; however this exclusion shall not apply to contractor's plant and machinery mounted on water borne vessels or craft for the purpose of use for the contract work;
- Loss or damage as a direct consequence of the continuous influence of operation (e.g. wear and tear, corrosion, rust, deterioration due to lack of use and normal / atmospheric conditions);
- Loss or damage as a direct consequence of Gradual Developing Flaws, defects or cracks unless resulting into breakdown.
- Loss or damage occurring whilst any insured item is undergoing a test of any kind or is being used in any manner or for any purpose other than that for which it was designed;
- Loss of or damage to plant and/or machinery working under ground.

Note- This does not apply to Machineries used in Tunneling works.

- War, Invasion, act of foreign enemy, hostilities or war like operations (whether war be declared or not.) Civil War, Revolution , Insurrection, Mutiny, Civil Commotion, military or usurped power, martial law, conspiracy, confiscation, commandeering a group of malicious person or persons acting on behalf of or in connection with any political organization, requisition or destruction or damage by order of any government demure or de facto or by any public Municipal or Local Authority.

(aa) Loss or damage directly or indirectly caused by the failure or interruption of any gas, water or electricity service or supply.

- Loss or damage as a direct consequence of the continual influence of the operation (e.g. wear & tear, cavitations, erosion, corrosion)or of gradual deterioration due to atmospheric conditions.
- Any cost incurred in connection with the maintenance of the insured items, such exclusion also applying to parts exchanged in the course of such maintenance operations.
- Aesthetic defects such as scratches on painted, polished or enameled surfaces.
- Any cost arising due to false programming, punching, labeling or inserting, inadvertent canceling of information or discarding of data media or loss of information caused by magnetic fields.

In any action/suit or other proceedings where the company allays that by reason of the provisions of exclusions as above any loss, destruction or damage is not covered by this policy, the onus of proving that such loss, destruction or damage is covered shall be upon the insured.

PROVISIONS

BASIS OF INDEMNITY

a) SUM INSURED AND AVERAGE CLAUSE:

It is the requirement of this insurance that sum insured shall be equal to the cost of replacement of the insured property by new property of the same kind and same capacity, which shall mean its replacement cost including fright, taxes and custom duties, if any and erection cost. If the sum insured is less than the amount required to be insured as stated above, the company, in case of a claim will pay only in such proportion as the sum insured bears to the amount required to be insured. Each and every item shall be subject to this condition separately. However under insurance upto 20% shall be ignored/waived off at the time of settlement of claim.

b) In case where damage to an insured item can be repaired the company will pay expenses necessarily incurred to restore the damaged machine to its condition / immediately prior to the accident / loss plus the cost of dismantling and re-erection included for the purposes of affecting the repair as well as ordinary freight and from a repair-shop and customs duties if any.

If the repairs are executed at a workshop owned by the insured, the company will pay the cost of materials and wages incurred for the purpose of repairs plus a reasonable percentage to cover overhead charges. No deduction shall be made for depreciation in respect of parts replaced, except those with limited life, but the value of the machinery insured immediately before the occurrence of the damage, the settlements shall be made on basis provided for in (c) below.

c) In cases where an insured item is totally destroyed the company will pay the actual value of the item immediately before the occurrence of the loss, including costs for ordinary freight, erection and customs duties if any or sum insured whichever is less. Such actual

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

value to be calculated by deducting 3.33% depreciation per annum subject to maximum of 50% at the time of settlement of claim. However in case of reinstatement no depreciation will be applicable. The company will also pay any normal charges for the dismantling of the machinery destroyed, but the salvage will be taken into account.

Any extra charges incurred for overtime, night work, work on public holidays, express freight are covered under this insurance only if especially agreed to in writing.

In the event of the maker's drawing patterns and core boxes necessary for the execution of repair not being available, the company shall not be liable for the cost of making any such drawings, patterns and core boxes.

The cost of any alteration, improvements or overhauls shall not be recoverable under this policy.

The cost of any provisional repairs will be borne by the company if such repairs constitute part of the final repairs, and do not increase the repair expenses.

The company will make payments only after being satisfied, by production of the necessary bills and documents, that the repairs have been affected or replacement have taken place, as the case may be.

ACT OF GOD PERILS (AOG PERILS)

It is understood that the following perils will be constructed as Act of god Perils

a) Earthquake (Fire & Shock).

b) Landslide, Rockslide, Subsidence.

c) Flood, Inundation.

d) Storm, tempest, Hurricane, typhoon, Cyclone.

SECTION - II

THIRD PARTY LIABILITY

This policy of insurance Witnessed that subject to end in consideration of the insured having paid to the company the premium mentioned in the said Schedule (s) and subject to the Terms, exclusions, provisions and conditions contained herein or endorsed hereon the company will indemnify the insured in the manner and to the extent hereinafter provided.

The company will indemnify the insured against:

a) legal liability for accidental loss or damage caused to the property of other persons including property held in trust by or under custody of the insured for which he is responsible excluding any such property used in connection with erection thereon.

NHPC LIMITED FARIDABAD

(2) If a claim in any respect is fraudulent or if any false declaration is made or - used in support thereof or if any fraudulent means or devices are used by the insured or any one acting on his behalf to obtain any benefit under this policy, or if a claim is made and rejected and no action or suit is commenced with in three months after such rejection or in case of arbitration taking place as provided therein with in three Months after the arbitrator or arbitrators or umpire have, made their award, all benefits this policy shall be forfeited.

(3) No admission, offer, promise, payment or indemnity shall be made or given by or on behalf of the insured without the written consent of the company who shall be entitled if they so desire to take over and conduct in the name of the insured the defence or settlement of any claim for indemnity or damage or otherwise and shall have full discretion in the conduct of any proceeding or in the settlement of any claim and the insured shall give all such information and assistance as the company may require.

(4) The due observance and fulfillment of the terms, provisions and conditions of an endorsement on this policy in so far as they relate to anything to be done or complied with by the insured and the truth of the statements and answers in the said proposal shall be the condition precedent to any liability of the company to make any payment under the policy.

(5) The insured shall:

a. Take all practicable steps including in the case of machinery lost or stolen or willfully damages and giving of immediate notice to the police to recover any property lost or stolen and in the case of theft or willful damage to discover the guilty person or persons.

b. Produce or give access to any property alleged to be damaged and the insured shall be bound to satisfy the company by such reasonable evidence as the company may require that the loss, destruction or damage in respect of which a claim is made is actually arisen from one of the risks insured.

(6) OBLIGATIONS OF THE INSURED:

a) The insured shall take all reasonable steps to maintain the insured property in efficient working order and to ensure that no item is habitually or intentionally overloaded. The insured shall fully observe the manufactures instructions for operating, inspection and overhaul, as well as government statutory, municipal and all other binding regulations in force concerning the operations and maintenance of the insured plant and machinery.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

b) The company's officials shall at all reasonable times have the right to inspect and examine any property insured hereunder and the insured shall provide the officials of the company with all details and information necessary for the assessment of the risks. The company shall provide the insured with a copy of the inspecting official's report, which shall however be treated as strictly confidential, both by the insured and the company.

c) In the event of any:

(i) Material change in the original risk.

(ii) Alteration, modification or addition to an insured item.

(iii) Departure from prescribed operating conditions, whereby the risk of loss or damage increases.

(iv) Changes in the insured's interest (such as discontinuation or liquidation of the business or being placed in receivership) taking place, the policy shall be void unless its continuance be agreed by endorsement signed by the company.

7) DUTIES FOLLOWING AN ACCIDENT:

In the event of any occurrence which might give rise to a claim under this policy the insured shall:

(a) Immediately notify the company by telephone or telegram as well as in writing, giving an indication as to the nature and extent of loss or damage.

(b) Take all reasonable steps within its power to minimize the extent of the loss or damage or liability.

(c) Preserve the damages or defective parts and make them available for inspection by an official or surveyor of the company.

(d) Furnish all such information and documentary evidence as the company may require.

The company shall not be liable for any loss or damage of which no notice has been received by the company within Fourteen days of its occurrence.

Upon notification of claim being to the company under this condition, the insured may carry out the repair or replacement of any minor damage not exceeding Rs. 5000/-. In all other cases a representative of the company shall have the opportunity of inspecting the loss or damage before any repair or alternations are effected. If a representative of the company does not carry out the inspection with in a period of time which would be considered as adequate under the circumstances the insured is entitled to proceed with the repair or replacement.

The liability of the company under this policy in respect of any item of property sustaining damage, for which indemnity is provided, shall cease, if the said item is not repaired properly without delay.

8) OTHER INSURANCE

If at the time of any claim arises under this policy there is any other insurance covering the same loss, damage or liability, the Company shall not be liable to pay or contribute more than its retable proportion of such loss , damage or liability.

9) POSITION AFTER CLAIM

a) The Insured shall not be entitled to abandon any property to the company whether taken possession of by the company or not,

b) The premium for the amount of claim paid will be calculated prorata from the date of loss till the expiry of the policy and the same shall be adjusted from the net claim payable.

10) TRANSFER OF INTEREST

The insurance granted by this policy, shall cease to attach to any items described in the Schedule(s) the interest in which shall pass from the insured otherwise than by will or operation of law, unless the consent of the company for the continuance of the insurance shall be obtained and signified by endorsement hereon.

11) TERMINATION OF INSURANCE

This insurance may be terminated at any time at the request of the insured, in which case the company will retain the premium calculated at the customary short period rate for the time the policy has been in force.

This insurance may also at any time be terminated at the option of the company on 7 days notice to that effect being given to the insured , in which case the company shall be liable to repay on demand a rateable proportion of the premium for the un-expired term from the date of the cancellation.

12) RECOURSE

The insured shall at the expense of the company do and concur in doing and permit to be done, all such acts and things, as may be necessary or required by the company in the interest of endorsing any right or remedies or of obtaining relief indemnity from parties (other than those insured under this policy), to which the company shall be or would become entitled or subrogated upon their paying for or making good of any loss or damage under this policy, whether such acts and things shall be or become necessary or required before or after the insured's indemnification by the company.

13) SETTLEMENT OF DISPUTES:

AMICABLE SETTELEMENT:

In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of Arbitration Clause. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

The Settlement of Disputes shall be dealt as per Clause No. 24 of 'SCOPE OF COVERAGE AND TERMS & CONDITIONS' (Section-IV).

INSURING CLAUSE

Subject to the exclusions, limits and conditions hereinafter contained, this Insurance insures property as stated in the Schedule attaching and forming part of this policy (hereinafter referred to as the "Schedule") against physical loss or physical damage occurring during the period of this policy caused by an Act of Terrorism or Sabotage, as herein defined.

For the purpose of this Insurance, an Act of Terrorism means an act or series of acts, including the use of force or violence, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s), committed for political, religious or ideological purposes including the intention to influence any government and/or to put the public in fear for such purposes.

For the purpose of this Insurance, an act of sabotage means a subversive act or series of such acts committed for political, religious or ideological purposes including the intention to influence any government and/or to put the public in fear for such purposes.

Section 2

LOSSES EXCLUDED

This Policy does not insure against:-

1. Loss or damage arising directly or indirectly from nuclear detonation, nuclear reaction, nuclear radiation or radioactive contamination, however such nuclear detonation, nuclear reaction, nuclear radiation or radioactive contamination may have been caused.

2. Loss or damage occasioned directly or indirectly by war, invasion or warlike operations (whether war be declared or not), hostile acts of sovereign or local government entities, civil war, rebellion, revolution, insurrection, martial law, usurpation of power, or civil commotion assuming the proportions of or amounting to an uprising.

3. Loss by seizure or legal or illegal occupation unless physical loss or damage is caused directly by an Act of Terrorism or an Act of Sabotage.

4. Loss or damage caused by confiscation, nationalisation, requisition, detention, embargo, quarantine, or any result of any order of public or government authority which deprives the Insured of the use or value of its property, nor for loss or damage arising from acts of contraband or illegal transportation or illegal trade.

5. Loss or damage directly or indirectly arising from or in consequence of the seepage and or discharge of pollutants or contaminants, which pollutants and contaminants shall include but

not be limited to any solid, liquid, gaseous or thermal irritant, contaminant or toxic or hazardous substance or any substance the presence, existence or release of which endangers or threatens to endanger the health, safety or welfare of persons or the environment.

6. Loss or damage arising directly or indirectly from or in consequence of chemical or biological emission, release, discharge, dispersal or escape or chemical or biological exposure of any kind.

7. Loss or damage arising directly or indirectly from or in consequence of asbestos emission, release, discharge, dispersal or escape or asbestos exposure of any kind.

8. Any fine or penalty or other assessment which is incurred by the Insured or which is imposed by any court, government agency, public or civil authority or any other person.

9. Loss or damage by electronic means including but not limited to computer hacking or the introduction of any form of computer virus or corrupting or unauthorised instructions or code or the use of any electromagnetic weapon.
   This exclusion shall not operate to exclude losses (which would otherwise be covered under this policy) arising from the use of any computer, computer system or computer software programme or any other electronic system in the launch and/or guidance system and/or firing mechanism of any weapon or missile.

10. Loss or damage caused by vandals or other persons acting maliciously or by way of protest or strikes, labour unrest, riots or civil commotion.

11. Loss or increased cost occasioned by any public or government or local or civil authority's enforcement of any ordinance or law regulating the reconstruction, repair or demolition of any property insured hereunder.

12. Loss or damage caused by measures taken to prevent, suppress or control actual or potential terrorism or sabotage unless agreed by Underwriters in writing prior to such measures being taken.

13. Any consequential loss or damage, loss of use, delay or loss of markets, loss of income, depreciation, reduction in functionality, or increased cost of working.

14. Loss or damage caused by factors including but not limited to cessation, fluctuation or variation in, or insufficiency of, water, gas or electricity supplies and telecommunications or any type of service.

15. Loss or increased cost as a result of threat or hoax.

16. Loss or damage caused by or arising out of burglary, house - breaking, looting, theft or larceny.

17. Loss or damage caused by mysterious disappearance or unexplained loss.

18. Loss or damage directly or indirectly caused by mould, mildew, fungus, spores or other microorganism of any type, nature or description, including but not limited to any substance whose presence poses an actual or potential threat to human health.

Section 3

PROPERTY EXCLUDED

This policy does not cover physical loss or physical damage to:

1. Land or land values.
2. Power transmission, feeder lines or pipelines not on the Insured's premises.
3. Any building or structure, or property contained therein, while such building or structure is vacant or unoccupied or inoperative for more than thirty days, unless the property is intended to be unoccupied in its normal operations.
4. Aircraft or any other aerial device, or watercraft.
5. Animals, plants and living things of all types.
6. Property in transit not on the Insured's premises.

Section 4

CONDITIONS

1. JOINT INSUREDS

The Underwriters' total liability for any loss or losses sustained by any one or more of the Insureds under this insurance will not exceed the sum insured shown in the schedule. The Underwriters shall have no liability in excess of the sum insured whether such amounts consist of insured losses sustained by all of the Insureds or any one or more of the Insureds.

2. OTHER INSURANCE

This policy shall be excess of any other insurance available to the Insured covering a loss covered hereunder except such other insurance which is written specifically as excess insurance over this policy. When this policy is written specifically in excess of other insurance covering the peril insured hereunder, this policy shall not apply until such time as the amount of the underlying insurance, (whether collectible or not), has been

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

exhausted by loss and damage covered by this policy in excess of the deductible with respect to each and every covered loss.

3. SITUATION

This Policy insures property located at the addresses stated in the schedule.

4. SUM INSURED

The Underwriters hereon shall not be liable for more than the sum insured stated in the Schedule in respect of each occurrence and in the policy aggregate.

5. DEDUCTIBLE

Each occurrence shall be adjusted separately and from each such amount the sum stated in the Schedule shall be deducted.

6. OCCURRENCE

The term "Occurrence" shall mean any one loss and/or series of losses arising out of and directly occasioned by one Act or series of Acts of Terrorism or Sabotage for the same purpose or cause. The duration and extent of any one "Occurrence" shall be limited to all losses sustained by the Insured at the property insured herein during any period of 72 consecutive hours arising out of the same purpose or cause. However no such period of 72 consecutive hours may extend beyond the expiration of this policy unless the Insured shall first sustain direct physical damage by an Act of Terrorism or an Act of Sabotage prior to expiration and within said period of 72 consecutive hours nor shall any period of 72 consecutive hours commence prior to the attachment of this Policy.

7. DEBRIS REMOVAL

This Policy also covers, within the sum insured, expenses incurred in the removal from the insured location of debris of property stated in the schedule damaged by an Act of Terrorism or an Act of Sabotage.

The cost of removal of debris shall not be considered in determination of the valuation of the property covered.

8. DUE DILIGENCE

The Insured (or any of the Insured's agents, sub or co-contractors) must use due diligence and do (and concur in doing and permit to be done) everything reasonably practicable, including but not limited to taking precautions to protect or remove the insured property, to avoid or diminish any loss herein insured and to secure compensation for any such loss including action against other parties to enforce any rights and remedies or to obtain relief or indemnity.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

9. PROTECTION MAINTENANCE

It is agreed that any protection provided for the safety of the property insured shall be maintained in good order throughout the currency of this Policy and shall be in use at all relevant times, and that such protection shall not be withdrawn or varied to the detriment of the interests of the Underwriters without their consent.

10. VALUATION

It is understood that, in the event of damage, settlement shall be based upon the cost of repairing, replacing or reinstating (whichever is the least) property on the same site, or nearest available site (whichever incurs the least cost) with material of like kind and quality without deduction for depreciation, subject to the following provisions: -

The repairs, replacement or reinstatement (all hereinafter referred to as "replacement") must be executed with due diligence and dispatch;

Until replacement has been effected the amount of liability under this policy in respect of loss shall be limited to the actual cash value at the time of loss;

If replacement with material of like kind and quality is restricted or prohibited by any by-laws, ordinance or law, any increased cost of replacement due thereto shall not be covered by this Policy.

The Underwriters' liability for loss under this Policy shall not exceed the smallest of the following amounts: -

The amount of the Policy applicable to the destroyed or damaged property,

The replacement cost of the property or any part thereof which was intended for the same occupancy and use, as calculated at the time of the loss,

The amount actually and necessarily expended in replacing said property or any part thereof.

The Underwriters will normally expect the Insured to carry out repair or replacement of the insured property, but if the Insured and the Underwriters agree that it is not practicable or reasonable to do this, the Underwriters will pay the Insured an amount based on the repair or replacement costs, less an allowance for fees and associated costs which are not otherwise incurred. The Underwriters will only pay the Insured up to the Sum Insured shown in the schedule.

11. INCORRECT DECLARATION PENALTY

If the values declared as stated in the Schedule are less than the correct insured values as determined above, then any recovery otherwise due hereunder shall be reduced in the

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)

Tel. No.: 0172-609107, Mobile: 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

same proportion that the values declared bear to the values that should have been declared, and the Insured shall co-insure for the balance.

12. NOTIFICATION OF CLAIMS

The Insured, upon knowledge of any occurrence likely to give rise to a claim hereunder, shall give written advice as soon as reasonably practicable to the Underwriters and or the Broker, named for that purpose in the Schedule, who is to advise Underwriters within 7 days of such knowledge of any occurrence and it is a condition precedent to the liability of Underwriters that such notification is given by the Insured as provided for by this policy.

If the Insured makes a claim under this insurance he must give the underwriters such relevant information and evidence as may reasonably be required and co-operate fully in the investigation or adjustment of any claim. If required by the underwriters, the Insured must submit to examination under oath by any person designated by the underwriters.

13. PROOF OF LOSS

The Insured shall render a signed and sworn proof of loss within sixty (60) days after the occurrence of a loss (unless such period be extended by the written agreement of Underwriters) stating the time, place and cause of loss, the interest of the Insured and all others in the property, the sound value thereof and the amount of loss or damage thereto.

If Underwriters have not received such proof of loss within two years of the expiry date of this policy, they shall be discharged from all liability hereunder.

In any claim and/or action, suit or proceeding to enforce a claim for loss under this policy, the burden of proving that the loss is recoverable under this Policy and that no limitation or exclusion of this policy applies and the quantum of loss shall fall upon the Insured.

14. SUBROGATION

Any release from liability entered into in writing by the Insured prior to loss hereunder shall not affect this policy or the right of the Insured to recover hereunder. The right of subrogation against any of the Insured's subsidiary or affiliated companies or any other companies associated with the Insured through ownership or management is waived;

In the event of any payment under this policy, the Underwriters shall be subrogated to the extent of such payment to all the Insured's right of recovery therefor. The Insured shall execute all papers required, shall cooperate with Underwriters and, upon the Underwriters' request, shall attend hearings and trials and shall assist in effecting settlements, securing and giving evidence, attaining the attendance of witnesses and in the conduct of suits and shall do anything that may be necessary to secure such right. Underwriters will act in concert with all other interests concerned (including the Insured) in the exercise of such rights of recovery. If any amount is recovered as a result of such proceedings, such amount shall be distributed in the following priorities:

(i) Any interest, (including the Insured's), exclusive of any deductible or self insured retention, suffering a loss of the type covered by this policy and in excess of the coverage under this

NHPC LIMITED FARIDABAD

policy shall be reimbursed up to the amount of such loss (excluding the amount of the deductible);

(ii) Out of the balance remaining, the Underwriters shall be reimbursed to the extent of payment under this policy;

(iii) The remaining balance, if any, shall inure to the benefit of the Insured, or any insurer providing insurance primary to this policy, with respect to the amount of such primary insurance, deductible, self insured retention, and/or loss of a type not covered by this policy.

The expense of all proceedings necessary to the recovery of any such amount shall be apportioned between the interests concerned, including that of the Insured, in the ratio of their respective recoveries as finally settled. If there should be no recovery and proceedings are instituted solely on the initiative of Underwriters, the expense thereof shall be borne by the Underwriters.

15. SALVAGE AND RECOVERIES

All salvages, recoveries and payments recovered or received subsequent to a loss settlement under this Policy shall be applied as if recovered or received prior to the said settlement and all necessary adjustments shall be made by the parties hereto.

16. FALSE OR FRAUDULENT CLAIMS

If the Insured shall make any claim knowing the same to be false or fraudulent, as regards amount or otherwise, this Policy shall become void and all claims and benefit hereunder shall be forfeited.

17. MISREPRESENTATION

If the Insured has concealed or misrepresented any material fact or circumstance relating to this Insurance, this Insurance shall become void. If the Insured is unsure what constitutes material fact (s) or circumstance (s), they should consult their broker or agent.

18. ABANDONMENT

There shall be no abandonment to the Underwriters of any property.

19. INSPECTION AND AUDIT

The Underwriters or their agents shall be permitted but not obligated to inspect the Insured's property at any time.

Neither the Underwriters' right to make inspections nor the making thereof nor any report thereon shall constitute an undertaking, on behalf of or for the benefit of the Insured or others, to determine or warrant that such property is safe.

The Underwriters may examine and audit the Insured's books and records at any time up to two years after the final termination of this Policy, as far as they relate to the subject matter of this Insurance.

20. ASSIGNMENT

Assignment or transfer of this Policy shall not be valid except with the prior written consent of Underwriters.

21. RIGHTS OF THIRD PARTIES EXCLUSION

This Policy is effected solely between the Insured and Underwriters.

This Policy shall not confer any benefits on any third parties, including shareholders, and no such third party may enforce any term of this Policy.

This clause shall not affect the rights of the Insured.

22. CANCELLATION

This Policy shall be non-cancellable by Underwriters or Insured except in the event of non-payment of premium where Underwriters may cancel the Policy at their discretion.

In the event of non-payment of premium this policy may be cancelled by or on behalf of the Underwriters by delivery to the Insured or by mailing to the Insured or the Broker by registered, certified, or other first class mail, at the Insured's address as shown in this Policy, written notice stating when, not less than 15 days thereafter, the cancellation shall be effective. The mailing of such notice shall be sufficient proof of notice and this Policy shall terminate at the date and hour specified in such notice.

If the period of limitation relating to the giving of notice is prohibited or made void by any law controlling the construction thereof, such period shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

23.AMICABLE SETTELEMENT:

In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of Arbitration Clause. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

The Settlement of Disputes shall be dealt as per Clause No. 24 of 'SCOPE OF COVERAGE AND TERMS & CONDITIONS' (Section-IV).

24. SEVERAL LIABILITY

The Underwriters' obligations under this Policy are several and not joint and are limited solely to their individual subscriptions. The Underwriters are not responsible for the subscription of any co-subscribing Underwriter who for any reason does not satisfy all or part of its obligations.

25. LEGAL ACTION AGAINST UNDERWRITERS

No one may bring a legal action against Underwriters unless:

There has been full compliance by the Insured with all of the terms of this policy; and

The action is brought within two (2) years after the expiry or cancellation of this Policy.

26. MATERIAL CHANGES

The Insured shall notify Underwriters of any change of circumstances which would materially affect this insurance.

27. EXPERTS FEES

This insurance includes, within the sum insured, the necessary and reasonable fees of architects, surveyors, consulting engineers and other professional experts which are incurred in reinstating or repairing the insured property following damage insured under this policy.

28. LAW

As specified in the schedule.

29. JURISDICTION

As specified in the schedule.

30. TAXES AND DUTIES

i. Taxes, duties, GST and other impositions as may be levied under the Applicable Law & regulations including those assessed on the client, the amount of which is applicable as on 28 days prior to last date of submission of bid is deemed to have been included in the Contract Price. However, change in rates of existing tax or levy of New Tax applicable on service of this contract announced after 28 days prior to last date of submission of bid, shall be paid/ adjusted/ reimbursed by the Client in addition to contract price. The Client will reimburse the same to the Insurer on production of satisfactory proof of payment/ other documentary evidence, if any.

CONDITION PRECEDENT
CLAIMS CONTROL CLAUSE (LM4)

Notwithstanding anything to the contrary contained in this Reinsurance it is a condition precedent to Reinsurers' liability under this Reinsurance that:

a) The Reinsured shall give to the Reinsurer(s) written notice as soon as reasonably practicable of any claim made against the Reinsured in respect of the business reinsured hereby or of its being notified of any circumstances which could give rise to such a claim.

b) The Reinsured shall furnish the Reinsurer(s) with all information known to the Reinsured in respect of claims or possible claims notified in accordance with (a) above and shall thereafter keep the Reinsurer(s) fully informed as regards all developments relating thereto as soon as reasonably practicable.

c) pments relating thereto as soon as reasonably practicable.

d) The Reinsurer(s) shall have the right at any time to appoint adjusters and/or representatives to act on their behalf to control all investigations, adjustments and settlements in connection with any claim notified to the Reinsurer(s) as aforesaid.

e) The Reinsured shall co-operate with the Reinsurer(s) and any other person or persons designated by the Reinsurer(s) in the investigation, adjustment and settlement of such claim.

1 /1 /97 NMA2738

PREMIUM PAYMENT TERMS

Notwithstanding any provision to the contrary within this contract or any endorsement hereto, in respect of nonpayment of premium only the following clause will apply. The (Re)insured undertakes that premium will be paid in full to (Re)Insurers within Ninety (90) days of inception of this contract (or, in respect of installment premiums, when due).

If the premium due under this contract has not been so paid to (Re)Insurers by the Ninetieth (90th) day from the inception of this contract (and, in respect of installment premiums, by the date they are due) (Re)Insurers shall have the right to cancel this contract by notifying the (Re)Insured via the broker in writing. In the event of cancellation, premium is due to (Re)Insurers on a pro rata basis for the period that (Re)Insurers are on risk but the full contract premium shall be payable to (Re)Insurers in the event of a loss or occurrence prior to the date of termination which gives rise to a valid claim under this contract.

NEW INDIA ASSURANCE
दि न्यू इन्डिया एश्योरन्स कंपनी लिमिटेड
The New India Assurance Co. Ltd

It is agreed that (Re)Insurers shall give not less than Fifteen (15) days prior notice of cancellation to the (Re)insured via the broker. If premium due is paid in full to (Re)Insurers before the notice period expires, noti ce of cancellation shall automatically be revoked. If not, the contract shall automatically terminate at the end of the notice period.

Payment terms are deemed to have been met when payment reaches Tyser and Co. If any provision of this clause is found by any court or administrative body of competent jurisdiction to be invalid or unenforceable, such invalidity or unenforceability will not affect the other provisions of this clause which will remain in full force and effect.

POLITICAL VIOLENCE INSURANCE

PROPERTY DAMAGE WORDING

1. BASIS OF INSURANCE

All information provided to Underwriters by the Insured and/or its agent(s) in connection with this insurance, including but not limited to the Proposal Form specified in Schedule forms the basis of and is incorporated into this insurance.

2. INSURING CLAUSE

In consideration of the premium paid and subject to the exclusions, limits and conditions contained herein, this Policy indemnifies the Insured for its ascertained Net Loss for any one Occurrence up to but not exceeding the Policy Limit against:

2.1 Physical loss or physical damage to the Buildings and Contents which belong to the Insured or for which the Insured is legally responsible, directly caused by one or more of the following perils occurring during the Policy Period and in respect of which the Insured has purchased cover as specified inSchedule:

1. Act of Terrorism;

2. Sabotage;

3. War and/or Civil War.

Such perils as are specified in Scheduleand in respect of which cover has been purchased by the Insured shall be the "Covered Causes of Loss".

2.2 Expenses incurred by the Insured in the removal of debris directly caused by any one or more of the Covered Causes of Loss. The cost of removal of such debris shall not be considered in determination of the valuation of the property insured.

2.3 The Underwriters hereon shall not be liable for more than the Policy Limit stated in Schedule in respect of any one Occurrence and in the aggregate. For the avoidance of doubt, the limit of indemnity under Clauses 2.1 and 2.2 shall be in the aggregate and shall not exceed the Policy Limit.

3. DEFINITIONS

"Act of Terrorism" shall mean an unlawful act, including the use of force or violence, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s), committed for political, religious or ideological purposes including the intention to influence any government and/or to put the public in fear for such purposes.

"Actual Cash Value" means the cost to repair or replace the Buildings or Contents with a proper deduction for obsolescence, wear and tear.

"Buildings" shall mean any roofed and walled structure, machinery and equipment, signs, glass, lifts, fixed fuel tanks, driveways, footpaths, walls, gates, satellite dishes and their fittings and masts, provided always that the Insured owns or is legally responsible for such Buildings and provided that the Buildings are situated at an Insured Location. Where specifically requested by the Insured and agreed to by Underwriters and declared to Underwriters in Schedule to the Policy, "Buildings" shall also include underground mines, tunnels, wells, caverns, dams, water shafts, power tunnels, dikes, levees, gates, flumes and any property contained therein.

"Civil War" shall mean an internecine war, or a war carried on between or among opposing citizens of the same country or nation.

"Contents" shall mean fixtures and fittings, interior decorations, office furniture and stock (including finished goods manufactured by the Insured or held for sale), provided always that the Insured owns or is legally responsible for such Contents and provided that such Contents are situated at an Insured Location.

"Declared Values" shall mean the amounts stated in Schedule of the Policy.

"Deductible" shall mean the deductible(s) stated in item Schedulein respect of any one Occurrence. Each Occurrence shall be adjusted separately and from the amount of each adjusted loss, the Deductible shall be deducted.

"Electronic Data" shall mean facts, concepts and information converted to a form useable for communication, interpretation or processing by electronic and electromechanical data processing or electronically controlled equipment and includes programs, software and other coded instructions for the processing and manipulation of data or the direction and manipulation of such equipment.

"Insured" shall mean the entity or entities stated in Schedule

"Insured Country" shall mean the country in which the Insured's principal place of business is situated as described in Schedule of the Policy.

"Insured Location" shall mean the locations as described in Schedule of the Policy.

NHPC LIMITED

"Net Loss" shall, in respect of Buildings, mean the reasonable cost of repairing, replacing or reinstating (whichever is the least) on the same site, or nearest available site (whichever incurs the least cost) to a condition substantially the same as but not better than the condition of the Buildings immediately prior to the loss, subject to the repairing, replacing or reinstating being carried out and subject to the following provisions:

1. The repairs, replacement or reinstatement (all hereinafter referred to as "replacement") must be executed with due diligence and dispatch;

2. If the Buildings are not repaired, replaced or reinstated within a reasonable period of time the Underwriters shall only pay the Actual Cash Value;

3. If replacement with material of like kind and quality is restricted or prohibited by any by-laws, ordinance or law, Underwriters' total liability for any increased cost of replacement due thereto shall be limited to the Policy Sub-Limit stated in Schedule for any one Occurrence which liability shall, for the avoidance of doubt, form part of and shall not be in addition to the Policy Limit.

4. In respect of Contents, "Net Loss" shall mean:

(i) on finished goods sold and awaiting collection, the regular selling price, less all discounts and charges to which such goods would have been subject to had no loss occurred;

(ii) on all other stock, the value of raw materials and labour expended;

(iii) for property of others, the amount for which the Insured is legally liable but in no event to exceed the Actual Cash Value;

(iv) for film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, an amount not exceeding the cost of such media in an unexposed or blank form plus the costs of copying electronic data from back up or from originals of a previous generation. These costs will not include research and engineering nor any costs of recreating, gathering or assembling such electronic data. If the media is not repaired or replaced the basis of valuation shall be the cost of the blank media. This insurance does not insure any amount pertaining to the value of such electronic data to the insured or any other party.

(v) on documents other than (iv) above an amount not exceeding the cost of blank material plus the cost of labour incurred by the insured for transcribing or copying such records. This insurance does not insure any amount pertaining to the value of such documents to the Insured or any other party.

(vi) on all other property, the Actual Cash Value.

5. In respect of the removal of debris pursuant to Clause 2.2 above, "Net Loss" shall mean the necessary and reasonable expenses incurred by the Insured with Underwriters' prior written consent in the removal of said debris.

All amounts shall be calculated at the date of loss and in no event shall Underwriters be liable for more than the Policy Limit.

"Occurrence" shall mean any one loss and/or series of losses arising out of and directly occasioned by one act or series of acts for the same purpose or cause. The duration and extent of any one Occurrence shall be limited to all losses sustained by the Insured in respect of Buildings and Contents insured herein during any period of 72 consecutive hours arising out of the same purpose or cause. However no such period of 72 consecutive hours may extend beyond the expiration of this Policy unless the Insured shall first sustain direct physical damage prior to expiration and within said period of 72 consecutive hours nor shall any period of 72 consecutive hours commence prior to the attachment of this Policy.

"Operations" shall mean the Insured's business operations at one or more of the Insured Locations.

"Policy Period" shall mean the period stated in Schedule

"Policy Limit" shall mean the limit stated in Schedulein respect of any one Occurrence and in the aggregate for all loss and damage insured hereunder, including for the avoidance of doubt, any amount(s) paid in respect of the Policy Sub-Limit.

"Policy Sub-Limit" shall mean the Net Loss Clause 3 Policy sub-limit stated in Schedulefor any one Occurrence and in the aggregate for all loss and damage under Clause 3 of the definition of "Net Loss", which sub-limit shall, for the avoidance of doubt, form part of and shall not be in addition to the Policy Limit.

"Sabotage" shall mean wilful physical damage or destruction perpetrated for political reasons by known or unknown person(s).

"War" shall mean a contest by force between two or more sovereign nations, carried on for any purpose, armed conflict of sovereign powers and/or declared or undeclared and open hostilities between sovereign nations.

"Underwriters" shall mean the underwriters and insurers subscribing to this Policy.

4. EXCLUSIONS

This Policy **DOES NOT INDEMNIFY AGAINST**:

1. Loss or damage arising directly or indirectly from nuclear detonation, nuclear reaction, nuclear radiation or radioactive contamination, however such nuclear detonation, nuclear reaction, nuclear radiation or nuclear contamination may have been caused nor from any loss or damage directly or indirectly caused by or contributed to from any nuclear waste or the radioactive, toxic, explosive or other hazardous properties of any explosive nuclear assembly or nuclear component thereof.

2. Loss or damage directly or indirectly caused by seizure, confiscation, nationalisation, requisition, expropriation, detention, legal or illegal occupation of any property insured hereunder, embargo, condemnation, nor loss or damage to the Buildings and/or Contents by

law, order, decree or regulation of any governing authority, nor for loss or damage arising from acts of contraband or illegal transportation or illegal trade.

3. Any loss arising from War (whether before or after the outbreak of hostilities) between any two or more of the following: China, France, the Russian Federation, the United Kingdom and the United States of America.

4. Delay, loss of market, loss of income, loss of use, denial of access, cancellation of business, depreciation, reduction in functionality, increased cost of working (except as may be insured specifically under any Business Interruption Extension to this Policy);

5. Consequential loss or damage howsoever arising (except as may be insured specifically under any Business Interruption Extension to this Policy);

6. Third party liability howsoever arising;

7. Loss or damage directly or indirectly arising from or in consequence of the discharge of pollutants or contaminants, which pollutants or contaminants shall include but not be limited to any solid, liquid, gaseous or thermal irritant, contaminant of toxic or hazardous substance or any substance the presence, existence or release or of which endangers or threatens to endanger the health, safety or welfare of persons or the environment.

8. Loss or damage directly or indirectly caused by chemical or biological release or exposure of any kind, nor any loss or damage directly or indirectly caused by any chemical, biological, bio-chemical or electromagnetic weapon.

9. Loss or damage directly or indirectly caused by electronic means including computer hacking or the introduction of any form of computer virus (save where a mobile phone is used as a remote trigger device in order to cause physical loss or physical damage insured hereunder).

10. Loss, damage, destruction, distortion, erasure, corruption or alteration of Electronic Data.

11. Loss or damage or increased cost directly or indirectly occasioned by any public or civil authority's enforcement of any ordinance, law, order decree or regulation concerning the reconstruction, repair or demolition of any property insured hereunder except as may be insured specifically by this Policy in accordance with the provisions of Clause 3 of the definition of "Net Loss".

12. Loss or damage directly or indirectly caused by cessation, fluctuation, variation in, or insufficiency of, water, gas or electricity supplies and/or telecommunications or any other type of service or utilities.

13. Loss or damage or increased cost directly or indirectly the result of threat or hoax.

14. Loss or damage directly or indirectly caused by burglary, house-breaking, theft or larceny, looting, pillaging, mysterious or unexplained disappearance of property insured hereunder or directly or indirectly caused by any person taking part in any such activity.

15. Loss or damage directly or indirectly caused by the suspension, lapse or cancellation of any lease, licence, contract or order (including non-completion of any order) .

5. PROPERTY EXCLUDED

This Policy **DOES NOT PROVIDE INDEMNITY IN RELATION TO:**

1. Land or land values.

2. Transmission, feeder lines or distribution lines and their supporting structures unless located on premises owned by the Insured and on which the Buildings and/or Contents are located.

3. Any Buildings or Contents contained therein while such Buildings are vacant or unoccupied or inoperative for thirty (30) days or more.

4. Aircraft or other aerial devices.

5. Watercraft.

6. Any land conveyance, including vehicles, locomotives or rolling stock, unless such land conveyance is expressly declared to and agreed by Underwriters hereunder.

7. Animals, plants and living things of all types including loss as a result of physical, mental or bodily injury to any person.

8. Property in transit **(except for the sub-limit of INR 50 Crore AOA/AOY, towards intra-project property in Transit as specifically covered under the Risk details).**

9. Accounts, bills, currency, money, deeds, notes, securities, evidences of debt or title, letters of credit, stamps, tickets, bullion, gold, silver and other precious metals, diamonds, precious and semi-precious stones, jewellery or furs.

10. Offshore property.

11. Underground mines, tunnels, wells or caverns and any property contained therein save as may be insured specifically hereunder and declared to Underwriters in Schedule

12. Dams, water shafts, power tunnels, dikes, levees, gates and flumes save as may be insured specifically hereunder and declared to Underwriters in Schedule of the Policy.

6. CONDITIONS

6.1 Other Insurance

This Policy does not indemnify any loss or damage which at the time of the occurrence of such loss is insured or would, but for the existence of this Policy be insured by any other policy or policies of insurance except in respect of any excess beyond the amount which would have been payable under such other policy or policies had this Policy not been effected.

6.2 Territorial Limits

This Policy insures Buildings and Contents owned by the Insured or for which the Insured is legally responsible and situated at the Insured Locations specified in Schedule to the Policy.

6.3 Due Diligence

It is a condition precedent to Underwriters' liability that the Insured shall at all times and at its own expense use due diligence, and do and concur in doing and permit to be done, all things reasonably practicable (including but not limited to precautions to protect or remove the Buildings and Contents insured herein) to avoid or diminish any loss or damage under this Policy and including action against other parties to enforce any rights and remedies or to obtain relief or indemnity. It is also a condition precedent to Underwriters' liability that the Insured shall do all things necessary to ensure and require that its agents, sub and co-contractors do all things reasonably practicable to avoid or diminish any loss or damage under this Policy.

6.4 Protections Maintenance

The Insured shall ensure that effective protections exist for the safety of the Buildings and Contents and that such protections shall be maintained in good order throughout the currency of this Policy and shall be in use at all appropriate times. Such protection shall not be withdrawn or varied without Underwriters' prior written consent.

6.5 Declared Values Penalty

If at the time that any Buildings or Contents are lost or damaged, the total value of all such insured property at the Insured Location at which said loss or damage occurred is greater than the Declared

Value for that Insured Location by more than 10%, then the Insured shall be entitled to recover no more hereunder than such proportion of the loss or damage as the Declared Value bears to the total value of all insured property at that Insured Location. For the avoidance of doubt, Underwriters' maximum liability in respect of any one Insured Location shall not exceed the Declared Value for such Insured Location.

6.6 Notification of Loss or Damage

It is a condition precedent to Underwriters' liability that in the event of loss or damage or circumstances arising that may give rise to a claim under this insurance notice is to be given to

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal
Chief Regional Manager
Corporate Business Office (850000)
The New India Assurance Co. Ltd.
Tel. No.: 0172-609107, Mobile 94171-89355, 8146800550
E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

Underwriters as soon as reasonably possible but no later than 14 days after the occurrence of said loss or damage.

6.7 Co-operation

It is a condition precedent to Underwriter's liability that the Insured must provide Underwriters with such relevant information and evidence as Underwriters may reasonably require and co-operate fully in the investigation and/or adjustment of any claim. If required by Underwriters, the Insured agrees to submit to examination under oath by any person designated by Underwriters.

6.8 Proof of Loss

The Insured shall render a signed and sworn proof of loss within 60 days after the occurrence of such loss (unless such period shall be extended with the written agreement of Underwriters) stating the time, place and cause of loss, the interest of the Insured and all others in the Buildings and Contents, the Declared Values and the amount of loss or damage thereto. If Underwriters have not received such proof of loss within 1 year of the expiry of this Policy, they shall be discharged from all liability in relation to such loss.

7. MULTIPLE INSUREDS

7.1 Each of the Insureds individually warrants that the information which has been provided to Underwriters in relation to placement, renewal, amendment of or extension to this Policy by or on behalf of itself or any of the other Insureds, is materially accurate and complete so far as it concerns the risks in which that Insured (by itself or with others) has an interest that is insured hereunder.

7.2 Breach of any warranty hereunder by any one of the Insureds shall be deemed to be in breach of warranty by all of the Insureds as if the same had been committed by each and every one of the said Insureds, subject only to Underwriters' express written waiver of the same.

7.3 The total liability of the Underwriters in the aggregate for any loss or losses sustained by any or all of the Insureds, or at any or all of the Insured Locations, shall not exceed the amount for which Underwriters would be liable had such loss or losses been sustained by any one Insured, or at any one Insured Location, alone. For the avoidance of doubt, the Policy Limit applies to the aggregate of all claims by all Insureds and in respect of all Insured Locations hereunder, and Underwriters shall have no liability in excess of the Policy Limit whether insured losses are sustained by all of the Insureds or any one or more of them or whether insured losses are sustained at any one or more of the Insured Locations.

7.4 The application of any Exclusion against any Insured shall be deemed to exclude loss for all Insureds hereunder, subject only to Underwriters' express written waiver of the same.

8. SUBROGATION

If Underwriters become liable for any payment under this Policy in respect of loss or damage, they shall become subrogated, to the extent of such payment, to all the rights and remedies of the Insured against any party in respect of such loss or damage and shall be entitled at their own expense to sue in the name of the Insured to recover for Underwriters' benefit the amount of any payment made under this insurance, in addition to Underwriters' own costs and expenses. The

NHPC LIMITED FARIDABAD

Jaimal Singh Kattal

Insured shall give to Underwriters all such assistance in its power as Underwriters may require to secure said rights and remedies (including attending hearings and trials, securing and giving evidence, obtaining the attendance of witnesses, assisting in effecting settlements and in conducting litigation, arbitration or other proceedings) and, at Underwriters' request, shall enter into such agreements and execute or sign such documents as may be necessary to enable Underwriters to bring suit in the name of the Insured.

9. RECOVERIES

All salvage, recoveries and payments recovered or received by the Insured from any source subsequent to a loss settlement under this Policy, after reimbursement of Underwriters' expenses of recovery if any, shall inure to the benefit of Underwriters until they shall have been reimbursed to the extent of any loss settlement. Any further salvage, recoveries and payments shall accrue to the benefit of the Insured.

10. ABANDONMENT

Unless Underwriters elect to take the Buildings and Contents as salvage, said property will at all times remain the property of the Insured who may not abandon it to Underwriters.

11. FALSE OR FRAUDULENT CLAIMS

If the Insured shall make any claim knowing the same to be false or fraudulent, as regards amount or otherwise, this Policy shall become void and all claims hereunder shall be forfeited.

12. INSPECTION AND AUDIT

12.1 Underwriters shall be permitted but not obligated to inspect the Buildings and Contents at any time. Neither Underwriters' right to make inspections nor the making thereof nor any report thereon shall constitute an undertaking, on behalf of or for the benefit of the Insured or others, to determine or warrant that such property is safe. No other party shall be entitled to rely on Underwriters' inspection without their prior written consent.

12.2 Underwriters shall be entitled to examine and audit the Insured's books and records at any time during the Policy period and any extensions thereof and within 2 years after the final termination of this Policy, as far as they relate to the subject matter of this insurance.

13. ASSIGNMENT

No assignment or change of interest in this insurance or any amount payable under it shall be binding on or recognised by Underwriters, except with their prior written consent.

14. RIGHTS OF THIRD PARTIES

This Policy is effected solely between the Insured and Underwriters. This Policy shall not and is not intended to confer any benefits on any third parties, including but not limited to shareholders, and no third party may enforce any term of this Policy. The Contract (Rights of Third Parties) Act 1999 is excluded expressly from this insurance.

E-mail : jaimal.singh@newindia.co.in, jaimal.sk@gamil.com

15. PREMIUM PAYMENT

The Insured undertakes that the premium shall be paid in full to Underwriters by the Insured within 45 days of the date of inception of this Policy (or, in respect of instalments, when due). If the premium due under this Policy has not been paid to Underwriters by 4.00 pm Greenwich meantime on the 45th day after the date of inception of this Policy (and, in respect of instalments, by the date they are due), Underwriters shall have the right to cancel the Policy by notifying the Insured at the address shown in item 1 of Schedule 1. In such circumstances, cancellation shall be effective at 4.00 pm Greenwich meantime on the 15th day after the date of notice of cancellation by Underwriters and the Policy shall be terminated automatically without further reference or confirmation to the Insured. In the event of cancellation, premium is due to Underwriters on a pro rata basis for the period that Underwriters are on risk but the full Policy premium shall be payable to Underwriters in the event of loss, damage, circumstance or occurrence likely to give rise to claim under this Policy. If the premium due is paid to Underwriters before the notice period expires, such cancellation shall be automatically revoked.

16. CANCELLATION

16.1 This Policy may be cancelled by the Insured by written notice to Underwriters stating when, not less than 30 days thereafter, the cancellation shall be effective.

16.2 Save where Clause 15 above applies, this Policy may be cancelled by Underwriters by written notice to the Insured at the address shown in Schedule stating when, not less than thirty (30) days thereafter such cancellation shall be effective.

16.3 The mailing of notice shall be sufficient proof of notice. The effective date and hour of cancellation in the notice shall become the end of the Policy period. Delivery (where permitted by law) of such written notice either by the Insured or by Underwriters shall be equivalent to mailing.

16.4 If the Insured cancels this Policy, 25% of the premium charged shall be deemed fully earned upon inception of the Policy and the remaining earned premium shall be computed in accordance with the customary short rate table and procedure. If Underwriters cancel this Policy the premium shall be computed pro rata.

16.5 The premium shall be deemed fully earned if any loss, damage, circumstance or Occurrence has been notified under this Policy.

16.6 Premium adjustment may be made either at the time of cancellation or as soon as practicable thereafter but payment or tender of unearned premium is not a condition of cancellation.

17. WARRANTY AS TO USES

The Insured warrants that the building uses declared to Underwriters at inception and detailed in Scheduleof the Policy are correct and that such uses shall not change during the Policy Period without Underwriters' prior written consent.

18. CHANGES/AMENDMENTS

Any addenda, amendments or endorsements to this Policy shall only be valid if agreed by Underwriters in writing.

19. GOVERNING LAW AND DISPUTE RESOLUTION

This Insurance shall be governed by and construed in accordance with the law of Republic of India. Each party agrees to sublimit to the exclusive jurisdiction of any competent court within Republic of India.

20. SEVERAL LIABILITY

Underwriters' obligations under this Policy are several and not joint and are limited solely to their individual subscriptions. Underwriters are not responsible for the subscription of any co-subscribing Underwriter who for any reason does not satisfy all or part of its obligations.

21. CLAIM SETTLEMENT

Settlement of any valid claim under this Policy shall be payable, subject to the application of the Deductible, within 60 days after the conclusion of Underwriters' investigation(s) necessary for the assessment of the extent of their liability.

22. ARBITRATION

In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of Arbitration Clause. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

The Settlement of Disputes shall be dealt as per Clause No. 24 of 'SCOPE OF COVERAGE AND TERMS & CONDITIONS' (Section-IV).

Asset Insurance

SERVICE STC

SPECIAL TERMS AND CONDITIONS FOR

1. Preamble

- All contracts related to Asset Insurance placed through GeM shall be governed by the following set of Terms and Conditions:

I. General terms and conditions for Goods and Services
II. Service STC contained in this document
III. BID / Reverse Auction specific ATC

- The above terms and conditions are in reverse order of precedence i.e. ATC shall supersede Service specific STC which shall supersede GTC, whenever there are any conflicting provisions.
- This document represents the Special Terms and Conditions (STC) and the Service Level Agreement (SLA) governing the contract between the Government/Buyer and Agency/Service Provider. The purpose of this document is to outline the scope of work, stakeholders' obligations and terms and conditions of all services covered as mutually understood by the stakeholders.

2. Objectives and Goal

The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the Buyer by the service provider. The goal of this document is to:

- Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- Present a clear, concise and measurable description of services offered to the Buyer
- Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

This document will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same.

3. Stakeholders

The main stakeholders assodated with this agreement are:

- Buyer:The Buyer/ Client is responsible to provide clear instructions, approvals and timely payments for the services availed as per the contractual terms
- Service Provider:The service provider is responsible to provide all the required services in timely manner and to the satisfaction of Buyer or its authorized representative. The service provider may also include seller, supplier/bidder/contractor, any authorized agents, permitted assignees, successors, and nominees as per the context and as described in the document.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and Deductions in case of non-adherence to the defined terms and conditions.

4. Service Scope

The Service Provider to provide insurance of Buyer's Assets.

5. Standard Terms and Conditions for Insurance

- The terms and conditions of insurance cover and the policies, warranties and clauses need to be strictly in line with the provisions and notifications issued by IRDA from time to time.
- The Service Provider must agree with all the Terms and Conditions specified in the bid document by the Buyer. The policy issued by the Insurer must be compliant with the T&C of the bid document.
- Fair disclosure of material features relating to the risks should be disclosed by the Buyers to the insurers to enable them understand the risks and quote appropriate terms.
- The Buyer reserves the right to reject the tender / bid if the proposal of the bidder mentions exceptions, conditions or special conditions that are not aligned with the Terms and Conditions as specified by the Buyer in the Bid document.
- During pre-qualification and evaluation of the bid, the Buyer may, at its discretion, ask bidders for clarifications on their proposal. The respondents are required to respond within the time frame prescribed by the Buyer.
- Insurer should clearly indicate the list of 'Exclusions and Assumptions' in the proposal they submit to Buyer.
- Once an insurance has been awarded (policy has been purchased) for a given period, the Insurance company shall have no right to unilaterally terminate the operation of the policy during this period.
- In case there is an addition during the contract (policy) period, the coverage would be extended without any reservation. The Buyer will intimate all such new additions to the Insurer periodically. Additional premium, if any, due to such inclusion may be advised to Buyer periodically. Similarly, for separations the Buyer will inform the Insurer and the premium to be paid by Buyer would be pro-rated/ recalculated.
- In case of foreclosure of the policy/contract, the premium on pro rata basis should be refunded
- No insurer shall assume any risk in India in respect of any Insurance business unless and until the due insurance premium is paid in advance before the commencement of Risk date/time.
- Insurance companies may offer Add-on covers as per IRDA guidelines in-addition-to the coverage sought in this Tender. No weightage will be given to such Free Add-on covers during bid evaluation. However, any such Add-Ons indicated in proposal by Bidder must mandatorily be offered to all the insured.
- The bidders (Service Providers) must not divulge personal information of the insured to any external party, without the consent of the Buyer
- In case of any grievances, Buyer may file complaints either with the concerned Insurance Company or with Insurance Regulatory and Development Authority (IRDA).
- The details of the Insurance Ombudsman for all jurisdictions must be clearly indicated by the Service Provider, where necessary.
- Before the end of contract, the Insurer must give a detailed report with the statistics of the insurance claimed during the period
- The Buyer may at its sole discretion and at any time during the evaluation of proposal, disqualify any bidders, if the bidder makes any misleading or false representations in the forms, statements and attachments submitted in proof of the eligibility requirements or if the bidder fails to provide related clarifications sought by Buyer within the stipulated timelines.
- Service Provider must keep confidential any information received from or about Buyer because of or in connection with the submission of the bid response. The Buyer will also not disclose the information provided by Bidder in a response other than to its affiliates or to its professional advisors, unless required otherwise by any provisions of law.
- Whilst all reasonable care has been taken by Buyer when providing information in this bid document, the figures, documents and details are presented in good faith. Bidders indemnify Buyer from any claims, liabilities or costs that may arise due to this. Bidders may seek additional information where deemed necessary but the decision to provide any additional details will be the sole discretion of the Buyer.
- More than one bid from the same bidder shall disqualify the bidder from participation in the bid.

6. Standard Terms and Conditions for Asset Insurance

- The Buyer must inform the Insurer in the event of movement (change in location) of any of the insured assets
- The insurance Company shall appoint a surveyor immediately on receipt of claim(s) intimation from Buyer and shall coordinate for immediate settlement of claim
- If an item is added or the scope of coverage (sum insured) is increased during the policy period, the proportionate premium for the unexpired period of insurance will be paid to the Insurer.
- If an item is removed from the coverage or its coverage (sum insured) is decreased during the policy period, the proportionate premium for the unexpired period of insurance will be refunded by the Insurer to the Insured.
- If any ongoing modernization activity of Buyer results in capacity addition during the period of insurance, pro-rata premium will be paid for the unexpired period of insurance for the additional value of the augmented capacity.
- Insurance Company to furnish a declaration stating compliance with all guidelines of Tariff Advisory Committee of IRDA. The Buyer (Insured) will not be responsible in case of any non-compliance by the Insurer with the guidelines of the regulator.
- The insurance Service Provider shall submit to the Buyer a statement of "Claims Pending for Settlement with reasons" and "Claims Settled in the previous month" in the first week of every month. The details must be provided in the format specified by the Buyer.
- In case the Contract is terminated for any reason, the Insurance Service Provider shall be under obligation to refund pro-rata premium for the un-expired period apart from settling all pending claims

7. Service Formula

The following formula will be used to calculate the value of this contract.

Total Contract Value = Total Premium quoted by service provider.

8. Payment Schedule

- The Payment Procedure shall be as specified in the General Terms and Conditions of GeM.
- Payment schedule to be as per payment terms specified in bid document.

9. SLAs and Deductions

S.No.	SLA	Deduction
1.	Settlement of all claims by Service Provider within 30 days from the date of submission of complete documents by the Buyer.	Interest at the rate of 20% p.a. on the delayed claim amount

SECTION- IV

SCOPE OF COVERAGE AND GENERAL TERMS & CONDITIONS

The Scope of Coverage along with other features shall be as under:

1.0 COVER

NHPC is interested in covering all construction equipments of its Hydro Power Stations under "Comprehensive Package Policy-CPM" as per the following provisions.

A. ALL Risk Cover for All 20 Hydro Power Stations of NHPC *

Sl. No	Coverage	Sum insured in Rs. Crore	Deductibles
1.	All Risk (AR) as per CPM Policy, electrical and Mechanical Breakdown. Further it may be noted that our construction equipment may move from one plant to another and the complete coverage should take care of these movements as well. The coverage will be in the ratio of 1:4 (AOA: AOY). AOY being sum Insured of all the Power Stations taken together under the Policy and AOA limit is 1/4th of the AOY limit of the policy.	**142.22**	1 lac in each claim
	In Built Extensions: 1.Transit from one NHPC station to any other station/workshop (anywhere in India) 2.Third party liability **Note: Coverage is extended outside the battery limits of NHPC stations also.**	10% of Sum Insured AOA (1 Cr.) & AOY (4 Cr.)	Nil 10,000/- in each claim.

B. Terrorism Cover for All 20 Power Stations of NHPC *

Sl. No	Coverage	Sum insured in Rs. Crore	Deductibles
1.	Terrorism cover for construction equipments (AOA:AOY= 1:4)	**142.22**	1 lac in each claim

*Sum-Insured is the cost of insurable assets of Power Stations of NHPC as per valuation done by the Govt. approved valuer appointed through the Insurance Company for the policy period ending October 2023. Power Station-wise Sum-insured based on such valuation is enclosed at **Annexure-A** of Section-IV. The above figures are indicative only and has been compiled upto the date of preparation of Tender. The figures are subject to change.

2.0 POLICY PERIOD

The Policy period shall be for a period of one year w.e.f. 00:00 hrs of 30.10.2023 to 24:00 hrs of 29.10.2024.

NHPC LIMITED FARIDABAD

Ph. 0172-2609107 Mob. 9417189355, 8146800550

3.0 Award Criteria & Insured's Right to accept any bid and to reject any or all Bids

3.1 Partial/Incomplete/bids submitted not for entire scope of works shall out rightly be rejected. NHPC reserves the right to accept or reject any bid, and to annul the bidding process and reject all bids at any time prior to award of Contract, without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for the Owner's action. The successful bidder shall be fully responsible and shall be bound to perform the job allocated to him at rates awarded by NHPC.

3.2 The Contract shall be awarded to successful Bidder whose bid has been determined to be substantially responsive and to be the lowest evaluated bid based on total premium and cost of withdrawal, if any, on account of deviation(s) quoted by the bidder.

4.0 Deleted

5.0 MID TERM INCLUSION

Any addition of equipments during the currency of the policy will be declared by the NHPC Power Stations and the premium will be paid by them on pro-rata basis on the agreed rates to the servicing office of the Insurer for the inclusion in the policy.

6.0 UNDER INSURANCE

Under Insurance upto 20% shall be ignored/waived off at the time of settlement of each claim including Terrorism and add-on covers.

7.0 TRANSPORTATION OF CONSTRUCTION EQUIPMENTS IN DISMANTLED CONDITION

Transportation of Construction equipments in dismantled condition shall be considered in this Policy. Any loss during dismantling and re-assembling shall also be considered.

8.0 DEPRECIATION

In case of total loss, the applicable depreciation will be @ 3.33% per annum subject to maximum 50% at the time of settlement of claim. However, in case of re-instatement no depreciation will be applicable.

9.0 INSURANCE COVER OF ANY GOVT. AGENCY'S PROPERTY

Equipments of any Govt. agency if held by NHPC shall be covered under this comprehensive policy as 'Insurance cover to goods held in Trust" provided separate sum insured is declared and additional premium is paid by NHPC for these equipments.

10.0 DEVIATION

Bidder must note that no deviation on account of deductibles is acceptable and their bid is liable to be rejected on this account.

11.0 CLAIM RATIO

NHPC has taken Comprehensive package Policy- CPM for all the hydro Power Stations for the period from 30.10.2022 to 29.10.2023. The claim experience of NHPC for the period from 30.10.2017 to till date is as per **Annexure-B**.

12.0 PAYMENT OF PREMIUM

Premium shall be released in Indian rupees through Electronic Fund Transfer System to successful bidder on the rates, terms & conditions finalized against this proposal. DGM (Finance), Misc. Bills Section –Finance Division, Corporate office, NHPC Ltd., Sector-33, Faridabad-121003 (Haryana) who will be paying authority of this contract.

Bidder shall furnish the details of Bank Account in a prescribed format along with the Bid in order to facilitate NHPC to release payments electronically through Electronic Fund Transfer System, wherever technically feasible. These payments shall be made electronically only as per details of bank Account indicated in the contract, wherever technically feasible. In case of any changes to the bank account indicated in the Bidding documents, the Bidder shall immediately inform NHPC. The Bidder shall hold NHPC harmless and NHPC shall not be liable for any direct, indirect or consequential loss or damage sustained by the Bidder on account of any error in the information or change in bank details provided to NHPC in the prescribed form without intimation to NHPC duly acknowledged.

13.0 INSURER AND THEIR RESPONSIBILITY

13.1 Insurer i.e., Evaluated L-1 bidder to whom the contract is awarded shall consult NHPC to finalize policy wording and associated working arrangement. Two copies of policy shall be issued by the insurer of package policy to all Power Stations.

13.2 It may however be clearly understood that the Insurer shall be solely and legally responsible to NHPC for effective execution of the Policy including co-ordination with NHPC sites, collection of premium, complete placement of re-insurance Programme, issue of policy document and prompt claim settlement etc.

14.0 PANEL OF SURVEYORS

The Insurer shall furnish the list of Surveyors (along with their name, address contact nos. & experience in the field with no of Years' experience) whom they propose to depute in the event of occurrence of claim. Surveyors from the agreed list only shall be deputed in consultation with NHPC in the event of loss. NHPC has the right to review this list, as and when required.

The underwriter shall depute the surveyor without any loss of time immediately on the occurrence of damage without waiting for the detailed report. In the event of delay in deputation of surveyor, NHPC may use its discretion in deputing surveyors from the panel of Surveyors. The claims lodged on the basis of surveyor report engaged by NHPC, shall be settled by the underwriter in full

15.0 CHECK LIST

The bidder should submit along with the bid standard checklist of documentation required for early settlement and on-account payment of claims. However, the checklist shall be further finalized keeping in view the availability of various aspects/documents.

16.0 REVIEW MEETINGS

Insurer will develop effective Management Information System (MIS) for facilitating effective implementation of the Policy and early settlement of the claims. Co-coordinator at Power station shall be identified for periodical review meetings for monitoring progress of different activities.

632

17.0 RESPONSIBILITY FOR SEMINAR/WORKSHOP

To educate on CPM Policy, Insurer shall organize Seminars/ Workshops on the Policy, at no extra cost, at NHPC Regional Offices, Power Stations, Corporate office or other agreed locations, as advised by NHPC, to facilitate understanding and effective implementation of Policy at least once in a year. Insurer shall also arrange intensive training Programme at no extra cost, for selected personnel of NHPC.

18.0 TIME FRAME OF THE POLICY DOCUMENTS

The insurer will issue the premium receipt and the Cover note for the desired coverage immediately on the receipt of the premium from NHPC. The original policy document shall be issued within one week from the date of the assumption of the risk. The policy document shall clearly indicate various rates, sum-insured, extensions, inclusions, exclusions and terms & conditions in line with bidding documents. Any amendment of the policy documents shall be confirmed by issuing endorsement within 4 working days of the receipt of the necessary premium/information from NHPC.

19.0 CLAIMS PROCEDURE AND MANAGEMENT

In case of a claim, the insurance company shall immediately depute or authorize NHPC to call a surveyor(s) from the approved panel of Insurer, but not later than 48 hours of the receipt of intimation from the insured.

In normal circumstances, the claim has to be settled within 30 days from the date of first information, net of time taken by NHPC for responding to surveyor's/insurance company's comments.

A joint meeting between surveyors, insurance company and NHPC will be organized on a date suggested by NHPC for discussing the claim matters and the minutes of the said meeting shall be recorded. The insurance company will take a weekly report from the surveyor to ensure the success of the procedure and keep NHPC posted and copy of interim as well as final survey report shall be submitted to NHPC immediately.
In case any dispute arises in respect of the claim amount assessed due to interpretational issue regarding any clause or otherwise, the Insured shall have the right to challenge the same in terms of Arbitration Clause. However, the Insurer shall be liable to pay undisputed portion of the claim so assessed on acceptance of the same by the Insured under protest.

20.0 OPERATION AND MAINTENANCE OF POLICY

Insurance Policy shall be issued in name of NHPC Ltd Faridabad covering all CPM equipments of NHPC and any addition during the continuation of the policy period. Lodging of claim till finalization/settlement shall be operated and maintained by the respective power station. However, claim intimation shall be sent to Corporate Office for monitoring purposes.

21.0 ON ACCOUNT AND FINAL PAYMNET IN RESPECT OF CLAIM UNDER POLICY

a) On a/c payment of 75% – within 6 weeks of submission of all claim papers and subject to admissibility of claim, for claims up to Rs. 2.00 Crore and within 8 weeks for claims above Rs. 2.00 crs.

b) Balance Payment – within 30 days of submission of all documents.

NHPC LIMITED FARIDABAD

Insurance Co. Shall pay interest for delay in on account payment or balance payment. The insurer shall be liable to pay interest at a rate which is 2% above the bank rate prevalent at the beginning of the Financial Year in which the claim is submitted by the insured.

22.0 Nodal Officer/ Incharge:

General Manager (Finance), Finance Division, Corporate office, NHPC Ltd., Sector-33, Faridabad-121003 (Haryana) who will represent nodal officer or representative authorized by him on behalf of NHPC i.e., insuring party during the currency of this contract.

The Insurance co. shall also appoint one officer to act as nodal officer or representative on behalf of Insurance co. who shall be interacting with NHPC on all matters relating to operation of the policy and correspondences (including those of surveyors) relating to claim. Contact details i.e email ID, phone no. etc. of the nodal office are to be specifically provided under the policy.

23.0 ALIGNING THE POLICY FINANCIAL YEAR WISE

NHPC intends to align CPM policy with financial year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 60% of the premium in the expiring policy.

24.0 SETTLEMENT OF DISPUTES:

24.1 AMICABLE SETTELEMENT:

24.1.1 If any dispute arises between the Insured and the Insurer in connection with, or arising out of the Contract or the execution of the Works, whether during the execution of the Works or after their completion and whether before or after the repudiation or after termination of Contract, including any disagreement by either party with any action, inaction, opinion, instruction, determination, certificate or valuation of the Insured an attempt shall be made to resolve the matter in dispute amicably.

24.1.2 No dispute or difference arising between the Insurer and the Insured under or relating to or in connection with the Contract shall be referred to arbitration unless an attempt has first been made to settle the same amicably.

24.1.3 Any dispute, in respect of which the Insured and the Insurer have failed to reach at an amicable settlement pursuant to Clause 24.1.1, shall be finally settled by reference to arbitration as per Clause 24.2. The Arbitration and Conciliation Act, 2015 shall govern the arbitration.

24.2 Arbitration:

Subject to Sub-Clause 24.1 of these Conditions, unless settled amicably, any dispute or difference whatsoever arising between the parties and of or relating to the construction, interpretation, application, meaning, scope, operation or effect of this contract or the validity or the breach thereof, shall be finally settled by Arbitration, unless otherwise agreed by both Parties.

Any dispute shall be settled by arbitration as set forth below:

(i) A dispute with an Indian Insurance Company shall be finally settled by arbitration in accordance with the Indian Arbitration & Conciliation Act, 1996, or any statutory amendment thereof. The arbitral tribunal shall consist of 3 arbitrators, one each to be

NHPC LIMITED FARIDABAD

appointed by the Insured and the Insurer. The third Arbitrator shall be chosen by the two Arbitrators so appointed by the Parties and shall act as Presiding Arbitrator. In case of failure of the two arbitrators, appointed by the parties to reach upon a consensus within a period of 30 days from the appointment of the arbitrator appointed subsequently, the Presiding arbitrator shall be appointed by the President of the Institution of Engineers (India). For the purposes of this Sub-Clause, the term "Indian Insurance Company" means an Insurer who is registered in India and is a juristic person created under Indian law.

(ii) Arbitration may be commenced within or after the period of Insurance Policy, provided that the obligations of the Insured and the Insurer shall not be altered by reason of the arbitration being conducted within or after the policy period.

(iii) If one of the parties fail to appoint its arbitrator in pursuance of sub-clause (i) and (ii) above, within 30 days after receipt of the notice of appointment of its arbitrator by the other party, then the President of Institution of Engineers (India), shall appoint the arbitrator.

The decision of the majority of arbitrators shall be final and binding upon both parties. The cost and expenses of Arbitration shall be borne in such a manner as determined by the arbitral tribunal.

The fee payable to arbitrators shall be as per the model fee structure of NHPC/ Insured, the present model fee structure is placed at Appendix A to Tender. The fees include the sitting fee of arbitrators, reading fee, award writing fee and secretarial expenses etc. and nothing is payable other than this by whatsoever name called.

The cost and expenses of Arbitration proceedings will be borne by each party. However, the expenses incurred by each party in connection with the preparation, presentation etc. of its proceedings shall be borne by each party itself.

The seat/ place of Arbitration shall be Faridabad.
The Arbitral Tribunal shall give a written reasoned Award and the final award by a majority of Arbitrators rendered in writing shall be binding upon the parties.

24.3 **In case of contract with another Central Public Sector Enterprises and Government Department(s)/ Organization(s) (other than those related to taxation matters), the following arbitration clause shall be applicable:-**

In case of contract with another Central Public Sector Enterprises and Government Department(s)/ Organization(s) (other than those related to taxation matters), the following arbitration clause shall be applicable:- In the event of any dispute or difference relating to the interpretation and application of the provisions of commercial contract(s) between Central Public Sector Enterprises (CPSEs)/ Port Trusts inter se and also between CPSEs and Government Department(s)/Organization(s) (excluding disputes related to Railways. Income Tax, Customs & Excise Departments), such dispute or difference shall be taken up by either party for its resolution through AMRCD as mentioned in DPE OM No. 05/0003/2019-FTS-10937 dated 14.12.2022 and the decision of AMRCD on the said dispute will be binding on both the parties.

26.0 CORRUPT& FRAUDULENT PRACTICES

It is expected from the Bidders/ suppliers/ contractors that they will observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy:

(a) for the purposes of this provision, the terms set forth below shall mean as under:

(i) "corrupt practice" means the offering, giving, receiving or soliciting directly or indirectly, of anything of value to influence the action of a public official in the procurement process or in contract execution;

(ii) "fraudulent practice" means a misrepresentation or omission of facts in order to influence a procurement process or the execution of a contract;

(iii) "Collusive practice" means a scheme or arrangement between two or more bidders, with or without the knowledge of the Borrower, designed to establish bid prices at artificial, noncompetitive levels;

(iv) "Coercive practice" means harming or threatening to harm, directly or indirectly, person or their property to influence their participation in a procurement process, or affect the execution of a contract;

(v) "Integrity Pact" means an agreement called Integrity Pact between the contractor and the Insured shall be signed committing the persons/officials of both the parties, not to exercise any corrupt influence on any aspect of the Tender/Contract.

(b) A Bid may be rejected by the Insured if it is determined at any stage that the respective Bidder has engaged in corrupt, fraudulent, collusive and coercive practices or defaulted commitments under Integrity Pact as mentioned above in competing for the contract in question.

(c) The Insured may declare a firm ineligible, either indefinitely or for a stated period of time, if it at any time determines that the firm has engaged in corrupt or fraudulent practices, Collusive and Coercive practices or defaulted commitments under Integrity Pact in competing for, or in executing, a contract then the Insured may after giving 14 days notice to the Contractor, terminate the contract and expel him from the site and get the contract executed at the risk & cost of the defaulting insurer. The insurer shall not be entitled for any compensation whatsoever under this clause.

27.0 INTEGRITY PACT

To improve transparency and fairness in the tendering process the Insured is implementing Integrity Pact.

The Integrity Pact, signed by all the prospective Bidders and the Insured, shall commit the persons/ officials of both the parties, not to exercise any corrupt /fraudulent/collusive/coercive practices in the Tendering process and also during implementation of the Contract. Only those Bidders who have entered into Integrity Pact with the Insured shall be eligible to participate in the bidding process. Entering into Integrity Pact as per Performa provided into Tender Document is a basic qualifying requirement.

Integrity pact is to be executed on plain paper at the time of submission of bid. The successful bidder (contractor) shall execute Integrity Pact on Non-Judicial Stamp Paper of

appropriate value as per stamp act applicable in the state of Haryana as a part of Contract Agreement.

28.0 AGREEMENT:

The Insurer shall execute a Contract Agreement with NHPC on non-judicial paper of appropriate value as per Stamp Act applicable in the state of Haryana in the format appended within 10 days from the date of issue of Letter of Acceptance.

29. TAXES AND DUTIES

i. Taxes, duties, GST and other impositions as may be levied under the Applicable Law & regulations including those assessed on the client, the amount of which is applicable as on 28 days prior to last date of submission of bid is deemed to have been included in the Contract Price. However, change in rates of existing tax or levy of New Tax applicable on service of this contract announced after 28 days prior to last date of submission of bid, shall be paid/ adjusted/ reimbursed by the Client in addition to contract price. The Client will reimburse the same to the Insurer on production of satisfactory proof of payment/ other documentary evidence, if any.

Changes in the advance tax rates of GST (on Service) payable to appropriate authorities will not be subject to adjustment.

ii. The Contract unit rates shall be after taking into account the Input Tax Credit (ITC) and other benefits.

iii. TDS wherever statutorily required under any Tax Act/ Rule shall be deducted and deposited and necessary certificate will be provided by the Insured.

iv. Invoices and other documents submitted by Insurer/ bidder for payment under Interim Payment Certificate/ Final Payment Certificate, or any other payment under the contract shall be in accordance with the GST Law.

v. The Insurer shall furnish a certificate along with Interim Payment Certificate/ Final Payment Certificate that GST payable by him has been deposited/ will be deposited to the Govt. Treasury.

Asset Insurance

SERVICE STC

SPECIAL TERMS AND CONDITIONS FOR

1 Preamble

- All contracts related to Asset Insurance placed through GeM shall be governed by the following set of Terms and Conditions:

I General terms and conditions for Goods and Services
II Service STC contained in this document
III BID / Reverse Auction specific ATC

- The above terms and conditions are in reverse order of precedence i.e. ATC shall supersede Service specific STC which shall supersede GTC, whenever there are any conflicting provisions
- This document represents the Special Terms and Conditions (STC) and the Service Level Agreement (SLA) governing the contract between the Government/Buyer and Agency/Service Provider. The purpose of this document is to outline the scope of work, stakeholders' obligations and terms and conditions of all services covered as mutually understood by the stakeholders.

2. Objectives and Goal

The objective of this document is to ensure that all the special terms and conditions are in place to ensure consistent delivery of services to the Buyer by the service provider. The goal of this document is to:

- Provide clear reference to service ownership, accountability, roles and responsibilities of both parties
- Present a clear, concise and measurable description of services offered to the Buyer
- Establish terms and conditions for all the involved stakeholders, it also includes the actions to be taken in case of failure to comply with conditions specified
- To ensure that both the parties understand the consequences in case of termination of services due to any of the stated reasons

This document will act as a reference document that both the parties have understood the above-mentioned terms and conditions and have agreed to comply by the same.

3 Stakeholders

The main stakeholders associated with this agreement are:

- Buyer:The Buyer/ Client is responsible to provide clear instructions, approvals and timely payments for the services availed as per the contractual terms
- Service Provider:The service provider is responsible to provide all the required services in timely manner and to the satisfaction of Buyer or its authorized representative. The service provider may also include seller, supplier/bidder/contractor, any authorized agents, permitted assignees, successors, and nominees as per the context and as described in the document.

The responsibilities and obligations of the stakeholders have been outlined in this document. The document also encompasses payment terms and Deductions in case of non-adherence to the defined terms and conditions.

4 Service Scope

The Service Provider to provide insurance of Buyer's Assets.

5 Standard Terms and Conditions for Insurance

- The terms and conditions of insurance cover and the policies, warranties and clauses need to be strictly in line with the provisions and notifications issued by IRDA from time to time.
- The Service Provider must agree with all the Terms and Conditions specified in the bid document by the Buyer. The policy issued by the Insurer must be compliant with the T&C of the bid document.
- Fair disclosure of material features relating to the risks should be disclosed by the Buyers to the insurers to enable them understand the risks and quote appropriate terms.
- The Buyer reserves the right to reject the tender / bid if the proposal of the bidder mentions exceptions, conditions or special conditions that are not aligned with the Terms and Conditions as specified by the Buyer in the Bid document.
- During pre-qualification and evaluation of the bid, the Buyer may, at its discretion, ask bidders for clarifications on their proposal. The respondents are required to respond within the time frame prescribed by the Buyer.
- Insurer should clearly indicate the list of 'Exclusions and Assumptions' in the proposal they submit to Buyer.
- Once an insurance has been awarded (policy has been purchased) for a given period, the insurance company shall have no right to unilaterally terminate the operation of the policy during this period.
- In case there is an addition during the contract (policy) period, the coverage would be extended without any reservation. The Buyer will intimate all such new additions to the Insurer periodically. Additional premium, if any, due to such inclusion may be advised to Buyer periodically. Similarly, for separations the Buyer will inform the Insurer and the premium to be paid by Buyer would be pro-rated/ recalculated.
- In case of foreclosure of the policy/contract, the premium on pro rata basis should be refunded
- No insurer shall assume any risk in India in respect of any insurance business unless and until the due insurance premium is paid in advance before the commencement of Risk date/time
- Insurance companies may offer Add-on covers as per IRDA guidelines in addition to the coverage sought in this Tender. No weightage will be given to such Free Add-on covers during bid evaluation. However, any such Add-Ons indicated in proposal by Bidder must mandatorily be offered to all the insured.
- The bidders (Service Providers) must not divulge personal information of the insured to any external party, without the consent of the Buyer
- In case of any grievances, Buyer may file complaints either with the concerned Insurance Company or with Insurance Regulatory and Development Authority (IRDA).
- The details of the Insurance Ombudsman for all jurisdictions must be clearly indicated by the Service Provider, where necessary.
- Before the end of contract, the Insurer must give a detailed report with the statistics of the insurance claimed during the period
- The Buyer may at its sole discretion and at any time during the evaluation of proposal, disqualify any bidders, if the bidder makes any misleading or false representations in the forms, statements and attachments submitted in proof of the eligibility requirements or if the bidder fails to provide related clarifications sought by Buyer within the stipulated timelines.
- Service Provider must keep confidential any information received from or about Buyer because of or in connection with the submission of the bid response. The Buyer will also not disclose the information provided by Bidder in a response other than to its affiliates or to its professional advisors, unless required otherwise by any provisions of law.
- Whilst all reasonable care has been taken by Buyer when providing information in this bid document, the figures, documents and details are presented in good faith. Bidders indemnify Buyer from any claims, liabilities or costs that may arise due to this. Bidders may seek additional information, if deemed necessary but the decision to provide any additional details will be the sole discretion of the Buyer
- More than one bid from the same bidder shall not preclude the bidder from participation in the bid.

6. Standard Terms and Conditions for Asset Insurance

- The Buyer must inform the Insurer in the event of movement (change in location) of any of the insured assets
- The Insurance Company shall appoint a surveyor immediately on receipt of claim(s) intimation from Buyer and shall coordinate for immediate settlement of claim
- If an item is added or the scope of coverage (sum insured) is increased during the policy period, the proportionate premium for the unexpired period of insurance will be paid to the Insurer.
- If an item is removed from the coverage or its coverage (sum insured) is decreased during the policy period, the proportionate premium for the unexpired period of insurance will be refunded by the Insurer to the Insured
- If any ongoing modernization activity of Buyer results in capacity addition during the period of insurance, pro-rata premium will be paid for the unexpired period of insurance for the additional value of the augmented capacity.
- Insurance Company to furnish a declaration stating compliance with all guidelines of Tariff Advisory Committee of IRDA. The Buyer (Insured) will not be responsible in case of any non-compliance by the Insurer with the guidelines of the regulator.
- The Insurance Service Provider shall submit to the Buyer a statement of "Claims Pending for Settlement with reasons" and "Claims Settled in the previous month" in the first week of every month. The details must be provided in the format specified by the Buyer.
- In case the Contract is terminated for any reason, the Insurance Service Provider shall be under obligation to refund pro-rata premium for the un-expired period apart from settling all pending claims

7. Service Formula

The following formula will be used to calculate the value of this contract.

Total Contract Value = Total Premium quoted by service provider.

8. Payment Schedule

- The Payment Procedure shall be as specified in the General Terms and Conditions of GeM
- Payment schedule to be as per payment terms specified in bid document.

9. SLAs and Deductions

S.No.	SLA	Deduction
1.	Settlement of all claims by Service Provider within 30 days from the date of submission of complete documents by the Buyer.	Interest at the rate of 20% p.a. on the delayed claim amount

Shri Jaimal Singh Kattal,
Chief Regional Manager,
M/s New India Assurance Co. Ltd.
LCBO (850000) SCO-91-93, Ist Floor 34 A,
Chandigarh-160022

Sub: Reg. alignment of ongoing Mega Policy and CPM policy (30.10.2023 to 29.10.2024) for Financial Year wise w.e.f. 01.04.2024.

Ref: Mega Policy: LOA No. NH/CCW/CC-II/CO-274/PR10023/182/SO-201/2023/1751 dt. 27.10.2023 & CPM Policy: GEMC-511687749028756 dt.17.10.2023

Mega Policy and CPM Policy for NHPC Hydro Power Stations for the period 30.10.2023 to 29.10.2024 has been awarded at premium cost of ₹ 497.83 Crore and ₹ 0.86 Crore (both including taxes) respectively to M/s New India Assurance Co. Ltd. (NIACL) vide reference Letter of Award/GeM Order.

In terms of policy conditions, ongoing Mega Policy and CPM Policy can be aligned Financial Year wise by way of cancellation of existing policy and obtaining fresh policy w.e.f. 1st April 2024 at same rates & terms with adjustment of pro-rata premium.

The condition in Mega Policy (sl.no.2 of Appendix-A of LOA) reads as under:

"NHPC intends to align Mega policy with Financial Year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 25% of the premium in the expiring policy".

Further, clause no.23 of Section-IV titled "SCOPE OF COVERAGE AND GENERAL TERMS & CONDITIONS" of CPM Policy reads as under:

"NHPC intends to align CPM policy with financial year during renewal policy period with cancellation of the existing policy and consequently issuance of fresh policy for one-year w.e.f. 01st April 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period, provided the incurred claim ratio (claim lodged minus deductibles) does not exceed 60% of the premium in the expiring policy".

Hence, in terms of ibid policy conditions, NHPC intends to align the ongoing Mega Policy and CPM policy with Financial Year w.e.f. 01st April, 2024 at same rates & terms as per LOA with adjustment of pro-rata premium for unexpired policy period. After adjustment of pro-rata premium for unexpired policy period of 212 days (i.e.01.04.2024 to 29.10.2024), net premium for the FY 2024-25 has been worked to ₹ 204.98 Crore and ₹ 35.96 Lakh for Mega Policy and CPM Policy respectively. Detailed calculations of additional premium are enclosed as Annexure-A & B for your kind reference. Claim ratio under both Mega Policy and CPM Policy for policy period 30.10.2023 to 29.10.2024 is within 25% and 60% respectively.

It is requested to provide the confirmation along with Proforma Invoice w.r.t. pro-rata premium for the period 30.10.2024 to 31.03.2025 (153 days) positively by 13.03.2024 so that further necessary action for alignment of Mega Policy and CPM Policy with FY w.e.f.01.04.2024 can be taken by NHPC well before 31st Mar, 2024.

An early response in the matter by 13.03.2024 is solicited please.

Thanking you.

Yours faithfully,

06/3/24

Re.: Proforma Invoice for Additional premium for Realignment of NHPC CPM Risk policy (30.10.2023 to 29.10.2024) for Financial Year wise w.e.f. 01.04.2024

Ref.: NHPC letter no. NH/FIN/INS./2023-24/115

Summary of Premium calculation for Realignment is given below:

Sr. No.	Cover	Updated Sum Insured (in Crore)	Awarded Rates (per mille)	Premium for FY 2024-25 (12 months) (In INR)	Pro-rata premium for 01.04.24 to 29.10.24 (already paid) (in INR)	Pro-rata premium payable for the period 30.10.2024 to 31.03.2025 (In INR)
		A	B	C=A*B*10000	D(Breakup as per Annexure-I)	E=C-D
I	All Risk	142.82	4.89	6983898	4045318	2938580
II	Terrorism	142.82	0.2	285640	165453	120187
	Premium (I+II)			7269538	4210771	3058767
	IGST@18%			1308517	757939	550578
	Premium Including GST			8578055	4968710	3609345

*Please note that our premium quote is on annual basis however in case of cancellation/realignment the premium is calculated based upon the number of days policy in operation. In the existing policy since it involves leap year hence we have to retain number of days premium accordingly(i.e.154 days out of 366 days). Accordingly, ddetails of Pro-rata Premium adjusted for unexpired policy from 01.04.2024 to 29.10.2024 (212 Days in proportionate to 366 days) is as per Annexure -I

2.1.1 a) Freehold land amounting to ₹ ..... (Previous year ₹ .....) covering an area of ..... hectare (Previous year ..... hectare) has been recorded in revenue records in favour of the Government of India through the Government of Jammu & Kashmir, in possession of Salal Power Station (a Power Station of NHPC Limited). Title deeds in respect of freehold land of the Power Station amounting to ₹ ..... (Previous year ₹ .....) covering an area of ..... hectare (Previous year ..... hectare) is however, yet to be executed/ passed.- **For Salal Power Station Only.**

b) In respect of other units, title deeds/title in respect of freehold land amounting to 6.33 crores (Previous year 6.33 crores) covering an area of 4.689 hectare (Previous year 4.689 hectare) and lease deeds in respect of leasehold land amounting to NIL (Previous year NIL) covering an area of NIL hectare (Previous year NIL hectare) are yet to be executed/passed.

2.1.2 Freehold Land includes 8 hectare (Previous year 8 hectare) of land being used by Loktak Downstream Hydroelectric Corporation Limited (LDHCL) (A Joint Venture Company of NHPC and the Government of Manipur) for a consideration of ₹ 100 per annum as rent, for which a lease agreement has been entered between NHPC and LDHCL. (Applicable for Loktak Power Station only)

2.1.3 Underground works amounting to Rs 1873.55 CRORES (Previous Year Rs. 1873.55 CRORES), created on Land - Right to use, are included under the relevant heads of Property, Plant & Equipment.

2.1.4 Adjustments to Gross Block include adjustment for Foreign Exchange Rate Variation, depreciation charged and capitalized during construction of a project.

2.1.5 Pending approval of revised cost estimates (RCE) of Sewa-II, Chamera-III, Teesta Low Dam-III, Uri-II & Teesta Low Dam-IV Power Stations, capital expenditure incurred on these power stations has been considered for capitalisation.

2.1.6 Refer Note No 34(9) for information of non-current assets equitably mortgaged/ hypothecated with banks as security for related borrowings. **(For Corporate Office)**

NHPC LIMITED FARIDABAD

NOTE NO. 1: COMPANY INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

(I) Reporting entity

NHPC Limited (the "Company") is a Company domiciled in India and limited by shares (CIN: L40101HR1975GOI032564). The shares of the Company are publicly traded on the National Stock Exchange of India and BSE Limited. The address of the Company's registered office is NHPC LIMITED, NHPC Office Complex, Sector-33, Faridabad, Haryana- 121003. The Company is primarily involved in the generation and sale of bulk power to various Power Utilities. Other business includes providing project management / construction contracts/ consultancy assignment services and trading of power.

(II)Basis of preparation

(A) Statement of Compliance

These standalone financial statements are prepared on going concern basis following accrual system of accounting and comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956, and the provisions of the Electricity Act, 2003 to the extent applicable.

These financial statements were authorised for issue by the Board of Directors on .....

(B) Basis of Measurement

The financial statements have been prepared on historical cost basis, except for:

- Certain financial assets and liabilities measured at fair value.
- Plan assets of defined employee benefit plans measured at fair value.

The methods used to measure fair values are discussed in Note 33.

(C) Application of new and revised standards

(i) **Ind AS 116- Leases:** With effect from 1st April, 2019, the Company has adopted Ind AS 116 "Leases" using the modified retrospective approach. Impact of adoption of the standard is disclosed in Note 34.

(ii) Amendments/ revision in other standards are either not applicable or do not have any material impact on the financial statements.

(D) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest crore (upto two decimals).

(E) Use of estimates and management judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures including contingent assets and liabilities at the Balance Sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

NHPC LIMITED
एनएचपीसी
FARIDABAD

Critical judgments and estimates

a) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116, Leases. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Identification of a lease requires significant judgment.

To assess whether a contract conveys the right to control the use of an identified asset for a period of time, an entity shall assess whether, throughout the period of use, the customer has both of the following:

a. the right to obtain substantially all of the economic benefits from use of the identified asset; and

b. the right to direct the use of the identified asset.

To control the use of an identified asset, a customer is required to have the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use. A customer has the right to direct the use of an identified asset throughout the period of use if the customer has the right to direct how and for what purpose the asset is used throughout the period of use

The Company also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company enters into power purchase agreements with beneficiaries. Power Purchase Agreements (PPA) in the nature of embedded lease with a single beneficiary where the minimum lease term is for the major part of the plant's economic life and the minimum lease payments amount to substantially all the fair value of the plant are considered as a Finance Lease. Other embedded leases are considered as Operating Lease.For embedded leases in the nature of a Finance Lease, the investment in the plant is recognised as a Lease Receivable. The minimum lease payments are identified by segregating the embedded lease payments from the rest of the contract amounts. Each lease receipt is allocated between the receivable and finance lease income so as to achieve a constant rate of return on the Lease Receivable outstanding.

In the case of operating leases or embedded operating leases, the lease income from the operating lease is recognised in revenue on a straight-line basis over the lease term. The respective leased assets are included in the Balance Sheet based on their nature.

b) Useful life of Property, Plant and Equipment and Intangible Assets

The estimated useful life of property, plant and equipment and intangible assets are based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets used for generation of electricity is determined by the Central Electricity Regulatory Commission (CERC) Tariff Regulations as mentioned in part B of Schedule II of the Companies Act, 2013 except for construction plant & machinery and computers & peripherals which are in accordance with Schedule II of the Companies Act, 2013 and mobile phones which are as per management assessment.

FARIDABAD

c) Recoverable amount of property, plant and equipment, capital work in progress and intangible assets

The recoverable amount of property, plant and equipment, capital work in progress and intangible assets are based on estimates and assumptions, in particular the expected market outlook and future cash flows associated with the power plants. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount resulting in impairment.

d) Post-retirement benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase, the inflation rate and expected rate of return on plan assets. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have an impact on the resulting calculations.

e) Revenue

The Company records revenue from sale of power based on Tariff approved by the CERC, as per the principles of Ind AS 115. However, in cases where tariff rates are yet to be approved, provisional rates are adopted considering the applicable CERC Tariff Regulations. Further, where tariff are pending revision due to revision in cost estimates, tariffs are computed based on the parameters and methods prescribed under the CERC Tariff Regulations and an estimated amount of revenue is recognised when an application is made to the CERC after obtaining necessary approvals to the extent it is highly probable that there will be no downward adjustment to the revenue recognised.

f) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has been made on the basis of best judgment by management regarding probable outflow of economic resources. Such estimation can change following unforeseeable developments.

g) Recoverable Amount of Rate Regulated Assets

The operating activities of the Company are subject to cost-of-service regulations whereby tariff charged for electricity generated is based on allowable costs like interest costs, depreciation, operation & maintenance including a stipulated return. Guidance Note on Rate Regulated Activities issued by the ICAI (previous GAAP) and Ind AS 114- 'Regulatory Deferral Accounts' permits an entity to include in the rate base, as part of the cost of self-constructed (tangible) PPE or internally generated intangible assets, amounts that would otherwise be recognised as an expense in the statement of profit and loss in accordance with Ind AS. The Company estimates that items of regulatory deferral accounts recognised in the financial statements are recoverable as per the current CERC Tariff Regulations 2014-19. However, changes in CERC tariff regulations beyond the current tariff period may affect the recoverability of such balances.

h) Impairment of Trade Receivables

Considering the historical credit loss experience for trade receivables, the Company does not envisage either impairment in the value of receivables from beneficiaries or loss due to time value of money owing to delay in realization of trade receivables, except to the extent already provided for.

i) Investment in Subsidiaries and Joint Ventures

Investment has been carried at cost and as per assessment by the Company, there is no indication of impairment on such investments. Any changes in assumption may have a material impact on the measurement of the recoverable amount.

j) Insurance Claim Recoverable

NHPC LIMITED FARIDABAD

The recoverable amount of insurance claims in respect of damages to Property, Plant & Equipment is based on estimates & assumptions as per terms and conditions of insurance policies.

(III) SIGNIFICANT ACCOUNTING POLICIES:

Summary of the significant accounting policies for the preparation of financial statements as given below have been applied consistently to all periods presented in the financial statements. These accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. These policies need not be applied when the effect of applying them is immaterial.

Up to March 31, 2015, Property, Plant and Equipment, Capital Work in Progress, Intangible Assets and Investment Property were carried in the Balance Sheet in accordance with Indian GAAP. The Company had elected to avail the exemption granted by IND AS 101, "First time adoption of IND AS" to regard those amounts as the deemed cost at the date of transition to IND AS (i.e. as on April 1, 2015).

1.0 Property, Plant and Equipment (PPE)

a) An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

b) PPE are initially measured at cost of acquisition/construction including decommissioning or restoration cost wherever required. The cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. In cases where final settlement of bills with contractors is pending, but the asset is complete and available for operating in the manner intended by the management, capitalisation is done on estimated basis subject to necessary adjustments, including those arising out of settlement of arbitration/court cases. Expenditure incurred on renovation and modernization of PPE on completion of the originally estimated useful life of the power station resulting in increased life and/or efficiency of an existing asset, is added to the cost of the related asset. PPE acquired as replacement of the existing assets are capitalized and its corresponding replaced assets removed/ retired from active use are derecognized.

c) After initial recognition, Property, Plant and Equipment is carried at cost less accumulated depreciation/amortisation and accumulated impairment losses, if any.

d) Deposits, payments made/ liabilities created provisionally towards compensation (including interest on enhanced compensation till the date of award by the Court), rehabilitation & resettlement and other expenses including expenditure on environment management plans relatable to land in possession are treated as cost of land.

e) Assets over which the Company has control, though created on land not belonging to the Company, are included under Property, Plant and Equipment.

f) Standby equipment and servicing equipment which meet the recognition criteria of Property, Plant and Equipment are capitalized.

g) Spares parts (procured along with the Plant & Machinery or subsequently) which meet the recognition criteria are capitalized. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other spare parts are treated as "stores & spares" forming part of inventory.

h) If the cost of the replaced part or earlier inspection is not available, the estimated cost of similar new parts/inspection is used as an indication of what the cost of the existing part/ inspection component was when the item was acquired or inspection carried out.

i) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

2.0 Capital work in Progress

a) Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress (CWIP). Such costs comprise purchase price of assets including import duties and non-refundable taxes (after deducting trade discounts and rebates), expenditure in relation to survey and investigation activities of projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, etc.

b) Costs including employee benefits, professional fees, expenditure on maintenance and up-gradation of common public facilities, depreciation on assets used in construction of project, interest during construction and other costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management are accumulated under "Expenditure Attributable to Construction (EAC)" and subsequently allocated on systematic basis over major immovable assets, other than land and infrastructure facilities on commissioning of projects. Net pre-commissioning income/expenditure is adjusted directly in the cost of related assets.

c) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is accumulated under "Expenditure Attributable to Construction" and carried under "Capital Work in Progress" and subsequently allocated on a systematic basis over major immovable assets, other than land and infrastructure facilities on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to the Statement of Profit and Loss.

3.0 Investment Property

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are carried at cost less accumulated depreciation and accumulated impairment loss, if any.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

Transfers to or from investment property is made when and only when there is a change in use supported by evidence.

4.0 Intangible Assets and Intangible Assets under Development

a) Expenditure on research is charged to revenue as and when incurred. Expenditure on development is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Company intends to & has sufficient resources to complete development and to use or sell the asset.

b) Intangible assets acquired separately are measured on initial recognition at cost. Cost includes any directly attributable expenses necessary to make the assets ready for its intended use. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

c) Land taken for use from State Government (without transfer of title) and expenses on relief and rehabilitation as also on creation of alternate facilities for land evacuees or in lieu of existing facilities coming under submergence and where construction of such alternate facilities is a specific pre-condition for the acquisition of the land for the purpose of the project, are accounted for as Land-Right to use.

d) Software (not being an integral part of the related hardware) acquired for internal use, is stated at cost of acquisition less accumulated amortisation and impairment losses if any.

e) An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the

NHPC LIMITED FARIDABAD

carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

5.0 Foreign Currency Transactions

a) Transactions in foreign currency are initially recorded at the functional currency spot rate at the date the transaction first qualifies for recognition. At each Balance Sheet date, monetary items denominated in foreign currency are translated at the functional currency exchange rates prevailing on that date.

b) Exchange differences relating to PPE/capital work-in-progress arising out of transaction entered into prior to April 1, 2004 are adjusted to the carrying cost of respective PPE/capital work-in-progress.

c) Exchange differences arising from translation of foreign currency borrowings entered into prior to March 31, 2016 recoverable from or payable to beneficiaries in subsequent periods as per CERC Tariff regulations are recognised as "Deferred Foreign Currency Fluctuation Recoverable/ Payable Account" and adjusted from the year in which the same is recovered/ paid.

d) Exchange differences arising from settlement/ translation of monetary items denominated in foreign currency entered into on or after 01.04.2016 to the extent recoverable from or payable to the beneficiaries in subsequent periods as per CERC Tariff Regulations are recognized as 'Regulatory Deferral Account Balances' during construction period and adjusted from the year in which the same become recoverable from or payable to the beneficiaries.

e) Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Where the Company has paid or received advance consideration in a foreign currency, the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it), is the date when the Company initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

6.0 Regulatory Deferral Accounts

a) Where an item of expenditure incurred during the period of construction of a project is recognised as expense in the Statement of Profit and Loss i.e. not allowed to be capitalized as part of cost of relevant PPE in accordance with Ind AS, but is nevertheless permitted by CERC to be recovered from the beneficiaries in future through tariff, the right to recover the same is recognized as "Regulatory Deferral Account balances."

b) Expense/ income recognised in the Statement of Profit and Loss to the extent recoverable from or payable to the beneficiaries in subsequent periods as per CERC Tariff Regulations are recognised as "Regulatory Deferral Account balances."

c) These Regulatory Deferral Account balances are adjusted from the year in which the same become recoverable from or payable to the beneficiaries.

d) Regulatory Deferral Account balances are evaluated at each Balance Sheet date to ensure that the underlying activities meet the recognition criteria and it is probable that future economic benefits associated with such balances will flow to the entity. If these criteria are not met, the Regulatory Deferral Account balances are derecognised.

e) Regulatory Deferral Account balances are tested for impairment at each Balance Sheet date.

7.0 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value.

However, when the Company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

NHPC LIMITED FARIDABAD

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This categorisation is based on the lowest level input that is significant to the fair value measurement as a whole:

• Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

• Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

• Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For financial assets and financial liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

8.0 Investments in subsidiaries and joint ventures

Investments in equity shares of subsidiaries and joint ventures are carried at cost.

9.0 Financial assets other than investment in subsidiaries and joint ventures

A financial asset includes inter-alia any asset that is cash, equity instrument of another entity or contractual obligation to receive cash or another financial asset or to exchange financial asset or financial liability under conditions that are potentially favourable to the Company. A financial asset is recognized when and only when the Company becomes party to the contractual provisions of the instrument.

Financial assets of the Company comprise Cash and Cash Equivalents, Bank Balances, Investments in equity shares of companies other than in subsidiaries & joint ventures, Trade Receivables, Advances to employees/ contractors, security deposit, claims recoverable etc.

a) Classification

The Company classifies its financial assets in the following categories:

- At amortised cost,
- At fair value through other comprehensive income (FVTOCI), and

The classification depends on the following:

(a) The entity's business model for managing the financial assets and

(b) The contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

b) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

The Company measures the trade receivables at their transaction price, if the trade receivables do not contain a significant financing component.

c) Subsequent measurement

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

NHPC LIMITED FARIDABAD

i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt instrument at Fair Value through Other Comprehensive Income (FVTOCI)

A 'debt instrument' is classified as at FVTOCI if both the following criteria are met:

i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii) The asset's contractual cash flows represent Solely Payments of Principal and Interest (SPPI).

Debt instruments at fair value through Other Comprehensive Income are measured at each reporting date at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses, reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest income from these financial assets is included in other income using the EIR method.

Equity investments:

All equity investments in entities other than subsidiaries and joint ventures are measured at fair value. Equity instruments which are held for trading, if any, are classified at Fair Value Through Profit or Loss (FVTPL). For all other equity instruments, the Company classifies the same as at FVTOCI. The Company makes such election on an instrument by- instrument basis. The classification is made on initial recognition and is irrevocable.

All fair value changes on an equity instrument classified at FVTOCI, are recognized in the OCI. There is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. Dividends from such investments are recognised in the Statement of Profit and Loss as other income when the company's right to receive payments is established.

Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Trade Receivables:

Trade receivables containing a significant financing component are subsequently measured at amortised cost using the effective interest method.

d) Derecognition

A financial asset is derecognised only when:

i) The Company has transferred the rights to receive cash flows from the financial asset, or

ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

NHPC LIMITED FARIDABAD

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition, the difference between the carrying amount and the amount of consideration received / receivable is recognized in the Statement of Profit and Loss.

e) Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

i) Financial assets that are debt instruments, and are measured at amortised cost.

ii) Financial assets that are debt instruments and are measured as at FVTOCI

iii) Contract Assets and Trade Receivables under Ind AS 115, Revenue from Contracts with Customers

iv) Lease Receivables under Ind AS 116, Leases.

The Company follows the 'simplified approach' permitted under Ind AS 109, "Financial Instruments" for recognition of impairment loss allowance based on life time expected credit loss from initial recognition on contract assets, lease receivables and trade receivables resulting from transactions within the scope of Ind AS 116 and Ind AS 115.

For recognition of impairment loss on other financial assets, the Company assesses whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL. The amount of expected credit loss (or reversal) for the period is recognized as expense/income in the Statement of Profit and Loss.

10.0 Inventories

Inventories mainly comprise stores and spare parts to be used for maintenance of Property, Plant and Equipment and are valued at cost or net realizable value (NRV) whichever is lower. The cost is determined using weighted average cost formula and NRV is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Scrap is valued at net realisable value.

The amount of any write-down of inventories to net realisable value and all losses of inventories is recognized as an expense in the period in which write-down or loss occurs.

11.0 Dividends

Dividends and interim dividends payable to the Company's shareholders are recognised as change in equity in the period in which they are approved by the Company's shareholders and the Board of Directors respectively.

12.0 Financial liabilities

Financial liabilities of the Company are contractual obligation to deliver cash or another financial asset to another entity or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company.

The Company's financial liabilities include loans & borrowings, trade and other payables.

a) Classification, initial recognition and measurement

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

Financial liabilities are recognised initially at fair value minus transaction costs that are directly attributable and subsequently measured at amortised cost. Financial liabilities are classified as subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion, over the period of the borrowings using the effective rate of interest.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

b) Subsequent measurement

After initial recognition, financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion, when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

e) Derivative financial instruments

The Company holds certain derivative financial instruments to hedge its foreign currency and interest rate risk exposures which are not designated as hedges. Such derivatives are accounted for at fair value through profit or loss. Changes in fair value are recognised in statement of profit and loss.

13.0 Government Grants

a) The benefits of a government loan at a below market rate of interest is treated as Government Grant. The loan is initially recognised and measured at fair value and the government grant is measured as the difference between the initially recognized amount of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities and government grant is recognized initially as deferred income and subsequently in the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

b) Monetary grants from the government for creation of assets are initially recognised as deferred income when there is reasonable assurance that the grant will be received and the company will comply with the conditions associated with the grant. The deferred income so recognised is subsequently amortised in the Statement of Profit and Loss over the useful life of the related assets.

c) Government grant related to income is recognised in the Statement of Profit and Loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

NHPC LIMITED
एन एच पी सी
N.H.P.C
FARIDABAD

14.0 Provisions, Contingent Liabilities and Contingent Assets

a) Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the Balance Sheet date. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision net of any reimbursement is presented in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion.

b) If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

c) Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of management/independent experts. These are reviewed at each Balance Sheet date and are adjusted to reflect the current management estimate.

d) Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

15.0 Revenue Recognition and Other Income

Company's revenues arise from sale and trading of energy, project management / construction contracts/ consultancy assignment services and other income. Revenue from other income comprises interest from banks, employees, contractors etc., dividend from investments in joint ventures & subsidiary companies, dividend from investments in equity, interest from investment in bonds, surcharge received from beneficiaries for delayed payments, sale of scrap, other miscellaneous income, etc.

a) Revenue from sale of power

i) Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes amounts collected on behalf of third parties. The Company recognises revenue when it transfers control over the products or services to a customer.

ii) Revenue from sale of power (except for power stations considered as Finance/Operating Lease) is accounted for as per tariff notified by the Central Electricity Regulatory Commission (CERC) under the CERC (Terms & Conditions of Tariff) Regulations, 2014. In the case of Power Stations where provisional/ final tariff is yet to be notified or where incentives/disincentives are chargeable/ payable as per CERC (Terms & Conditions of Tariff) Regulations, revenue is recognised to the extent it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Rebates given to beneficiaries as early payments incentives are deducted from the amount of revenue.

iii) Customers are billed on a periodic and regular basis. As at each reporting date, revenue from sale of power includes an accrual for sales delivered to customers but not yet billed (unbilled revenue).

NHPC LIMITED
एनएचपीसी
N.H.P.C
FARIDABAD

iv) Recovery/ refund towards foreign currency variation in respect of foreign currency loans and recovery towards Income Tax are recognised on year to year basis based on regulatory norms. Recovery towards deferred tax items recognized till March 31, 2009 are accounted for when the same materialises.

v) Adjustments arising out of finalisation of Regional Energy Account (REA), though not material, are effected in the year of respective finalisation.

vi) Advance Against Depreciation (AAD) considered as deferred income up to 31st March 2009 is included in sales on straight line basis over the balance useful life after a period of 12 years from the date of commercial operation of the Power Station.

b) Revenue from Project Management / Construction Contracts/ Consultancy assignments

i) Revenue from Project Management / Construction Contracts/ Consultancy assignments is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the services and excludes amounts collected on behalf of third parties. The Company recognises revenue on the basis of input method. Input method recognises revenue on the basis of the costs incurred towards the satisfaction of a performance obligation relative to the total expected costs to the satisfaction of that performance obligation.

ii) Contract modifications, if any, are accounted for when there is a change in the scope or price (or both) of a contract that is approved by the parties to the contract and when the parties to a contract approve a modification that either creates new or changes existing enforceable rights and obligations of the parties to the contract. Accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Contract modifications are recorded on standalone basis when the scope of the contract increases because of the addition of promised goods or services or the price of the contract increases by an amount of consideration that reflects the Company's standalone selling prices of the additional promised goods or services and any appropriate adjustments to that price to reflect the circumstances of the particular contract. Services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

c) Revenue from trading of power

i) Accounting for revenue from trading of power involves assessment of the contract conditions to determine whether the Company is required to act in the capacity of a principal or as an agent. The Company acts in the nature of a principal in case it obtains control of the electricity before transferring it to the customer. Indicators of control includes assessment of whether the company is primarily responsible for fulfilling the promise to provide the electricity, it has the discretion to establish the price or whether it bears the inventory risk. Where the Company does not obtain control of the electricity before transferring it to the customer and its performance obligation is to arrange for the supply of electricity by another party, it acts in the nature of an agent.

ii) Where the Company acts as a principal in a contract for trading of power, the amount of the transaction price allocated to the performance obligation that is satisfied is recognised as revenue.

iii) Where the Company acts as an agent in a contract for trading of power, the net consideration retained after paying the supplier for the electricity provided to the customer is recognised as revenue from operations. Financial assets and liabilities arising out of these transactions are not set off.

d) Other income

i) Dividend income is recognized when the right to receive the same is established.

ii) For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over

NHPC LTD FARIDABAD

the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

iii) Interest/Surcharge recoverable from customers including those arising out of contracts for trading of power and liquidated damages /interest on advances to contractors is recognised when it is highly probable that a significant reversal in the amount of revenue recognised will not occur in the future.

16.0 Employee Benefits

i) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed or included in the carrying amount of an asset if another standard permits such inclusion as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term performance related cash bonus if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate trusts and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of Profit and Loss or included in the carrying amount of an asset if another standard permits such inclusion in the periods during which services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction from future payments is available. Contributions to a defined contribution plan that is due more than 12 months after the end of the period in which the employees render the service are discounted to their present value.

Employees Defined Contribution Superannuation Scheme (EDCSS) for providing pension benefits and Social Security Scheme administered through separate trusts are accounted as defined contribution plans.

iii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's Gratuity Scheme, Retired Employees Health Scheme (REHS), Provident Fund Scheme, Allowance on Retirement/Death and Memento on Superannuation to employees are in the nature of defined benefit plans. All these plans, other than Allowance on Retirement/Death and Memento on Superannuation to employees are administered through separate trusts.

The liability or asset recognised in the Balance Sheet in respect of Gratuity, Retired Employees Health Scheme and Provident Fund Scheme is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by the actuary using the Projected Unit Credit Method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss or included in the carrying amount of an asset if another standard permits such inclusion.

NHPC LIMITED FARIDABAD

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in Other Comprehensive Income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

iv) Other long-term employee benefits

Benefits under the Company's leave encashment scheme constitute other long term employee benefits.

The Company's net obligation in respect of long-term employee benefits is the amount of future benefits that employees have earned in return for their service in the current and prior periods. The benefit is discounted to determine its present value, and the fair value of any related assets is deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the Projected Unit Credit Method. Contributions to the scheme and actuarial gains or losses are recognised in the Statement of Profit and Loss or included in the carrying amount of an asset if another standard permits such inclusion in the period in which they arise.

v) Termination benefits

The expenses incurred on terminal benefits in the form of ex-gratia payments and notice pay on voluntary retirement schemes are charged to the Statement of Profit and Loss in the year of incurrence of such expenses.

17.0 Borrowing costs

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalised. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalisation of the borrowing costs is computed based on the weighted average cost of general borrowing that are outstanding during the period and used for the acquisition, construction/exploration or erection of the qualifying asset.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalisation.

Capitalisation of borrowing cost ceases when substantially all the activities necessary to prepare the qualifying assets for their intended use are complete.

18.0 Depreciation and amortization

a) Depreciation on additions to /deductions from Property, Plant & Equipment (PPE) during the year is charged on pro-rata basis from / up to the date on which the asset is available for use / disposal.

b) (i) Depreciation on Property, Plant and Equipment of Operating Units of the Company capitalized till five years before the end of the useful life of the Power Station is charged to the Statement of Profit & Loss on straight-line method following the rates and methodology notified by CERC for the fixation of tariff except for assets specified in Policy No. 18.0(d).

(ii) Depreciation on Property, Plant and Equipment capitalized during the last five years of the useful life of a Power Station is charged on straight-line method for the period of extended life as per CERC Tariff Regulations/Orders, from the date on which such asset becomes available for use.

NHPC LIMITED
एनएचपीसी
N.H.P.C
FARIDABAD

(iii) Where the life and / or efficiency of a Power Station is increased due to renovation and modernization, the expenditure thereon along with its unamortized depreciable amount is charged prospectively on straight-line method over the revised / remaining useful life.

c) i) Depreciation on Property, Plant and Equipment (except old and used) of other than Operating Units of the Company is charged to the extent of 90% of the cost of the asset following the rates notified by CERC for the fixation of tariff except for assets specified in Policy No. 18.0(d) below.

ii) Depreciation on old and used items of PPE of other than Operating Units is charged on straight-line method to the extent of 90% of the cost of the asset over estimated useful life determined on the basis of technical assessment.

d) i) Depreciation in respect of following items of PPE is provided on straight line method based on the life and residual value (5%) given in the Schedule II of the Companies Act, 2013:

- Construction Plant & Machinery

- Computer & Peripherals

ii) Based on management assessment, depreciation on Mobile Phones is provided on straight line basis over a period of three years with residual value of Re 1.

iii) Based on management assessment, depreciation on Roof Top Solar Power System / Equipment is provided on straight line basis over a period of twenty five years with residual value of 10%.

e) Temporary erections are depreciated fully (100%) in the year of acquisition /capitalization by retaining Re. 1/- as WDV.

f) Assets valuing Rs. 5000/- or less but more than Rs. 750/- are fully depreciated during the year in which the asset becomes available for use with Re. 1/- as WDV.

g) Low value items, which are in the nature of assets (excluding immovable assets) and valuing upto Rs. 750/- are not capitalized and charged off to revenue in the year of use.

h) Leasehold Land of operating units, is amortized over the period of lease or 40 years whichever is lower, following the rates and methodology notified vide CERC tariff regulations.

i) Leasehold Land and buildings, of units other than operating units, is amortized over the period of lease or 40 years, whichever is lower.

j) PPE created on leasehold land are depreciated to the extent of 90% of original cost over the balance available lease period of respective land from the date such asset is available for use or at the applicable depreciation rates & methodology notified by CERC tariff regulations for such assets, whichever is higher.

k) Right to use in respect of land is amortized over a period of 30 years from the date of commercial operation of the project in line with CERC tariff regulations notified for tariff fixation.

l) Cost of software recognized as 'Intangible Assets' is amortized on straight line method over a period of legal right to use or three financial years, whichever is earlier, starting from the year in which it is acquired.

m) Where the cost of depreciable assets has undergone a change during the year due to increase/decrease in long term liabilities on account of exchange fluctuation, price adjustment, settlement of arbitration/court cases, change in duties or similar factors, the unamortized balance of such assets is depreciated prospectively over the residual life of such assets at the rate of depreciation and methodology notified by CERC tariff regulations.

n) Spare parts procured along with the Plant & Machinery or subsequently which are capitalized and added in the carrying amount of such item are depreciated over the residual useful life of the related plant and machinery at the rates and methodology notified by CERC.

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

o) Useful life, method of depreciation and residual value of assets where depreciation is charged as per management assessment are reviewed at the end of each financial year and adjusted prospectively over the balance life of the asset, wherever required.

19.0 Impairment of non-financial assets other than inventories

a) The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets of the Company. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The resulting impairment loss is recognised in the Statement of Profit and Loss.

b) In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

c) In case of expenditure on survey & investigation of projects, if it is decided to abandon such a project, expenditure incurred thereon is charged to the Statement of Profit and Loss in the year in which such decision is taken.

d) In case a project under survey and Investigation remains in abeyance by the order of appropriate authority/ by injunction of court order, any expenditure incurred on such projects from the date of order/ injunction of court is provided in the books from the date of such order till the period project is kept in abeyance by such order/ injunction. Provision so made is however reversed on the revocation of aforesaid order/ injunction.

e) Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

20.0 Income Taxes

Income tax expense comprises current and deferred tax. Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case the tax is also recognised directly in equity or in other comprehensive income.

a) Current tax

i) The current tax is the expected tax payable on the taxable income for the year on the basis of the tax laws applicable at the reporting date and any adjustments to tax payable in previous years. Taxable profit differs from profit as reported in the Statement of Profit and Loss because it excludes items of income or expense that are taxable or deductible in other years (temporary differences) and it further excludes items that are never taxable or deductible (permanent differences).

ii) Additional income taxes that arise from the distribution of dividends are recognised at the same time that the liability to pay the related dividend is recognised.

b) Deferred tax

NHPC LIMITED FARIDABAD

i) Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in the computation of taxable profit and are accounted for using the Balance Sheet method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilised. Such assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of an asset or liability in a transaction that at the time of the transaction affects neither the taxable profit or loss nor the accounting profit or loss.

ii) The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

iii) Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the Balance Sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would flow in the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

iv) Deferred tax is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognised directly in other comprehensive income or equity, in which case it is recognised in other comprehensive income or equity.

v) Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities, and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

vi) Deferred tax recovery adjustment account is credited/ debited to the extent the deferred tax for the current period forms part of current tax in the subsequent periods and affects the computation of return on equity (ROE), a component of tariff.

21.0 Compensation from third parties

Impairments or losses of items, related claims for payments of compensation from third parties including insurance companies and any subsequent purchase or construction of assets/inventory are separate economic events and are accounted for separately.

Compensation from third parties including from insurance companies for items of property, plant and equipment or for other items that were impaired, lost or given up is included in the Statement of Profit and Loss when the compensation becomes receivable. Insurance claims for loss of profit are accounted for based on certainty of realisation.

22.0 Segment Reporting

a) In accordance with Ind AS 108 – Operating Segment, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance. The Board of Directors is collectively the Company's "Chief Operating Decision Maker" or "CODM" within the meaning of Ind AS 108.

b) Electricity generation is the principal business activity of the Company. Other operations viz., Contracts, Project Management, Consultancy works and Trading of Power do not form a reportable segment as per the Ind AS -108 - 'Operating Segments'.

c) The Company has a single geographical segment as all its Power Stations are located within the Country.

23.0 Leases

NHPC LIMITED
एन एच पी सी
N.H.P.C
FARIDABAD

Effective 1 April 2019, the Company has applied Ind AS 116 using the modified retrospective approach and therefore the comparative information has not been restated and continues to be reported under Ind AS 17. The details of accounting policies under Ind AS 17 are disclosed separately if they are different from those under Ind AS 116 and the impact of changes is disclosed in Note 34.

For contracts entered into, or changed, on or after 1 April 2019, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset – this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
    - the Company has the right to operate the asset; or
    - the Company designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices. However, for the leases of land and buildings in which it is a lessee, the Company has elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

For contracts entered into before 1 April 2019, the Company determined whether the arrangement was or contained a lease based on the assessment of whether:

- fulfilment of the arrangement was dependent on the use of a specific asset or assets; and
- the arrangement had conveyed a right to use the asset.

Further, an arrangement conveyed a right to use the asset if facts and circumstances indicated that it was remote that one or more parties other than the purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement, and the price that the purchaser will pay for the output is neither contractually fixed per unit of output nor equal to the current market price per unit of output as of the time of delivery of the output.

i. Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

NHPC LIMITED FARIDABAD

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property and lease liabilities as a separate line item on the face of the balance sheet.

Short-term leases and leases of low-value assets The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Under Ind AS 17

In the comparative period, leases of property, plant and equipment, where the Company, as lessee, had substantially all the risks and rewards of ownership were classified as finance lease. Such finance leases were generally capitalised at the lease's inception at the fair value of the leased property which was equal the transaction price i.e. lump sum upfront payments.

Leases in which a significant portion of the risks and rewards of ownership were not transferred to the Company as lessee were classified as operating leases. Payments made under operating leases were charged to Statement of Profit and Loss over the period of lease.

ii. Company as a lessor

When the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

For embedded leases in the nature of a Finance Lease, the investment in the plant is recognised as a Lease Receivable. The minimum lease payments are identified by segregating the embedded lease payments from the rest of the contract amounts (including Advance Against Depreciation (AAD) recognised in accordance with CERC Tariff regulations 2004-09 up to 31st March 2009 and considered as deferred income). Each lease receipt is allocated between the receivable and finance lease income (forming part of revenue from operations) so as to achieve a constant rate of return on the Lease Receivable outstanding.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 to allocate the consideration in the contract.

NHPC LIMITED एन एच पी सी N·H·P·C FARIDABAD

In the case of Operating Leases or embedded operating leases, the lease income from the operating lease is recognised in revenue over the lease term to reflect the pattern of use benefit derived from the leased asset. The respective leased assets are included in the Balance Sheet based on their nature and depreciated over its economic life.

The accounting policies applicable to the Company as a lessor in the comparative period were not different from Ind AS 116.

24.0 Business combinations

Acquisition of subsidiaries and businesses are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the Group. The consideration transferred in each business combination is measured at the aggregate of the acquisition date fair values of assets given, liabilities incurred by the Group to the former owners of the acquiree, and equity interests issued by the Group in exchange for control of the acquire, if any. The identifiable assets acquired and liabilities assumed are recognized at fair values on their acquisition date (except certain assets and liabilities which are required to be measured as per the applicable standard) and the non-controlling interest is initially recognized at the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

Acquisition related costs are recognized in the consolidated statement of profit and loss.

Goodwill is initially measured at cost, being the excess of the consideration transferred over the Group's interest in the net fair value of the identifiable assets acquired, liabilities assumed and contingent liabilities recognized.

Where the fair value of the identifiable assets acquired and liabilities assumed exceed the consideration transferred, after reassessing the fair values of the net assets and contingent liabilities, the excess is recognized as capital reserve on consolidation.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognized in shareholder's equity.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognized in statement of profit and loss or OCI, as appropriate.

25.0 Material prior period errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated unless it is impracticable, in which case, the comparative information is adjusted to apply the new accounting policy prospectively from the earliest date practicable.

26.0 Earnings per share

a) Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

b) Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

c) Basic and diluted earnings per equity share are also presented using the earnings amounts excluding the movements in regulatory deferral account balances.

27.0 Statement of Cash Flows

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

a) **Cash and Cash Equivalents:**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. However for Balance Sheet presentation, Bank overdrafts are shown within "Borrowings" under Current Liabilities.

b) Statement of cash flows is prepared in accordance with the indirect method prescribed in Ind AS 7- 'Statement of Cash Flows'.

28.0 Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

a) An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

b) A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

c) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

28.0 Miscellaneous

a) Each material class of similar items is presented separately in the financial statements. Items of a dissimilar nature or function are presented separately unless they are immaterial.

b) Liabilities for Goods in transit/Capital works executed but not certified are not provided for, pending inspection and acceptance by the Company.

B) FAIR VALUATION MEASUREMENT

(Amount in ₹)

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair value are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the following three levels prescribed under Ind AS-113 "Fair Value Measurements"

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and traded bonds that have quoted price. The fair value of all equity instruments including bonds which are traded in the recognised Stock Exchange and money markets are valued using the closing prices as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This includes security deposits/ retention money and loans at below market rates of interest.

(a) Financial Assets/Liabilities Measured at Fair Value-Recurring Fair Value Measurement:

Total Financial Liabilities		1,853,595	1,853,595	943,339	943,339

Note:-

1. The Carrying amounts of current investments, Trade and other receivables, Cash and cash equivalents,Short-term loans and advances, Short term borrowings, Trade payables and other current financial liabilities are considered to be the same as their fair values, due to their short term nature.

2. For financial assets and financial liabilities measured at fair value, the carrying amounts are equal to the fair value.

(d) Valuation techniques and process used to determine fair values

(1) The Company values financial assets or financial liabilities using the best and most relevant data available. Specific valuation techniques used to determine fair value of financial instruments includes:

-Use of Quoted market price or dealer quotes for similar instruments.

- Fair value of remaining financial instruments is determined using discounted cash flow analysis.

(2) The discount rate used to fair value financial instruments classified at Level -3 is based on the Weighted Average Rate of company's outstanding borrowings except subordinate debts and foreign currency borrowings.

(3) As per Ind AS 109, financial liabilities that are subsequently measured at amortised cost are recognised initially at fair value minus transaction costs using the effective interest method. Since the transaction costs incurred on long term borrowings are not material, as such the company has not applied the effective interest method for initial recognition of such liabilities.

NHPC LIMITED FARIDABAD

(2)Financial Risk Management

The Company's activities expose it to a variety of financial risks:

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash & Cash equivalents, Other Bank Balances ,Trade receivables and financial assets measured at amortised cost, Lease Receivable.	Aging analysis, credit rating.	Diversification of bank deposits, letter of credit for selected customers.
Liquidity Risk	Borrowings and other facilities.	Rolling cash flow forecasts & Budgets	Availability of committed credit lines and borrowing facilities.
Market Risk- Interest rate	Long term borrowings at variable rates	Sensitivity Analysis	1. Diversification of fixed rate and floating rates 2. Refinancing 3. Actual Interest is recovered through tariff as per CERC Regulation
Market Risk- security prices	Investment in equity and debt securities	Sensitivity Analysis	Portfolio diversification
Market Risk- foreign exchange	Recognised financial liabilities not denominated in INR.	Sensitivity Analysis	Foreign exchange rate variation is recovered through tariff as per CERC Regulation.

I) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables/leased assets) and from its financing activities including deposits with banks and financial institutions.

II) Liquidity risk.

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

III) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The company operates in a regulated environment. Tariff of the company is fixed by the Central Electricity Regulatory Commission (CERC) through Annual Fixed Charges (AFC) comprising the following five components:
1. Return on Equity (RoE), 2. Depreciation, 3. Interest on Loans, 4. Operation & Maintenance Expenses and 5. Interest on Working Capital Loans. In addition to the above Foreign Currency Exchange variations and Taxes are also recoverable from Beneficiaries in terms of the Tariff Regulations. Hence variation in interest rate, currency exchange rate variations and other price risk variations are recoverable from tariff and do not impact the profitability of the company.

(B) Credit Risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments.

Trade Receivables & lease receivables :-

The Company extends credit to customers in normal course of business. The Company monitors the payment track record of the customers. Outstanding receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are mainly state government authorities and operate in largely independent markets.

Lease receivables of the company are with regard to Power Purchase Agreements classified as deemed lease as per Appendix C of Ind AS 17- 'Leases' as referred to in Note No. 34. The power purchase agreements are for sale of power to single beneficiary and recoverability of interest income and principal on leased assets i.e. PPE of the power stations are assessed on the same basis as applied for trade receivables.

Financial assets at amortised cost :-

Employee Loans: The Company has given loans to employees at concessional rates as per Company's policy which have been measured at amortised cost at Balance Sheet date. The recovery of the loan is on fixed instalment basis from the monthly salary of the employees. The loans are secured by way of mortgage/hypothecation of the assets for which such loans are given. Management has assessed the past data and does not envisage any probability of default on these loans.

Loans to Government of Arunanchal Pradesh : The Company has given loan to Government of Arunachal Pradesh at 9% rate of interest as per the terms and conditions of Memorandum of understanding signed between the Company and Government of Arunachal Pradesh for construction of hydroelectric projects in the state. The loan has been measured at amortised cost. The loan is recoverable from the share of free power of the state government from the first hydroelectric project to be commissioned in the state. Management does not envisage any probability of default on the loan.

NHPC LIMITED FARIDABAD

Financial Instruments and cash deposits :-
The Company considers factors such as track record, size of the bank, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the banks with which the Company has also availed borrowings. The Company invests surplus cash in short term deposits with scheduled banks. The company has balances and deposits with banks which are well diversified across private and public sector banks with limited exposure with any single bank.

(i) Exposure to credit risk
The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as under:

(Amount in ₹)

Particulars	As at 31st March, 2020	As at 31st March, 2019
Financial assets for which loss allowance is measured using 12 months Expected Credit Losses (ECL)		
Non-current investments (Other than Subsidiaries and Joint Ventures)	-	-
Loans -Non Current (including interest)	-	-
Other Non Current Financial Assets	-	-

Cash and cash equivalents	2,981,093	4,075,629
Bank balances other than Cash and Cash Equivalents	-	-
Loans -Current	-	-
Other Financial Assets (Excluding Lease Receivables)	54,653,258	200,916
Total (A)	57,634,351	4,276,545
Financial assets for which loss allowance is measured using Life time Expected Credit Losses (ECL)		
Trade Receivables	-	-
Lease Receivables (Including Interest)	-	-
Total (B)	-	-
TOTAL (A+B)	57,634,351	4,276,545

(ii) Provision for expected credit losses :-
(a) Financial assets for which loss allowance is measured using 12 month expected credit losses
The Company assesses outstanding receivables on an ongoing basis considering changes in payment behaviour and provides for expected credit loss on case-to-case basis.

(b) Financial assets for which loss allowance is measured using life time expected credit losses
CERC Tariff Regulations 2014-19 allow the Company to raise bills on beneficiaries for late-payment surcharge, which adequately compensates the Company for time value of money arising due to delay in payment. Further, the fact that beneficiaries are primarily State Governments/ State Discoms and considering the historical credit loss experience for trade receivables, the Company does not envisage either impairment in the value of receivables from beneficiaries or loss due to time value of money due to delay in realization of trade receivables. However, the Company assesses outstanding trade receivables on an ongoing basis considering changes in operating results and payment behaviour and provides for expected credit loss on case-to-case basis. As at the reporting date company does not envisage any default risk on account of non-realisation of trade receivables.

(III) Reconciliation of Impairment loss provisions
The movement in the allowance for impairment in respect of financial assets during the period was as follows:

(Amount in ₹)

	Trade Receivables	Claim Recoverable	Loans	Total
Balance as at 1.4.2019	0	72342220	0	72342220
Changes in Loss Allowances	0	0	0	0
Balance as at 31.3.2020	0	72342220	0	72342220

NHPC LIMITED FARIDABAD

(C) Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due.

I) The Company's objective is to maintain optimum levels of liquidity at all times to meet its cash and collateral requirements. The Company relies on a mix of borrowings and excess operating cash flows to meet its need for funds. The current committed lines of credit and internal accruals are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure that it has sufficient cash to meet capital expenditure and operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the borrowing limits or covenants (where applicable) are not breached on any of its borrowing facilities.

The company had access to the following undrawn borrowing facilities at the end of the reporting period:

(Amount in ₹)

	As at 31st March, 2020	As at 31st March, 2019
At Floating Rate		
fixed rate		
Total	-	-

II) Maturities of Financial Liabilities:

The amounts disclosed in the table below are the contractual undiscounted cash flows. Balances due within 1 year is equal to their carrying balances as the impact of discounting is not significant.

(Amount in ₹)

As at 31st March, 2020

Contractual maturities of financial liabilities	Note No.	Outstanding Debt as on 31.3.2020	Within 1 Year	More than 1 Year & Less than 3 Years	More than 3 Year & Less than 5 Years	More than 5 Year
Borrowings including lease obligations	16.1, 20.1 & 20.3	-	-	-	-	-
Other financial Liabilities	16.2 & 20.3	33,888,907	31,734,004	2,154,903	-	-

Trade Payables	20.2	103,630,229	103,630,229	-	-	-
Total Financial Liabilities		127,642,584	126,441,379	1,174,535	26,670	-

NHPC LIMITED FARIDABAD

(D) Market Risk:

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligation provisions and on the non-financial assets and liabilities. The sensitivity of the relevant item of the Statement of Profit and Loss is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in interest rates.

(I) Interest rate risk and sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates. Company's policy is to maintain most of its borrowings at fixed rate. Company's fixed rate borrowings are carried at amortised cost and are not subject to interest rate risk. Further the company refinance these debts as and when favourable terms are available. The company is also compensated for variability in floating rate through recovery by way of tariff adjustments under CERC tariff regulations.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

(Amount in ₹)

Particulars	As at 31st March, 2020	As at 31st March, 2020	As at 31st March, 2019	As at 31st March, 2019
	weighted average interest rate		weighted average interest rate	
Floating Rate Borrowings (INR)				
Floating Rate Borrowings (FC)				
Fixed Rate Borrowings (INR)				
Fixed Rate Borrowings (FC)				
Total		-		-

Interest Rate Sensitivity Analysis

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of change in interest rates. The majority of the borrowings of the company are at fixed interest rate. In case of floating rate borrowings there is no impact on Statement of Profit and Loss of the company due to increase/decrese in interest rates, as the same is recoverable from beneficiaries through tariff .

(II) Price Risk:

(a) Exposure

The company's exposure to price risk arises from investment in equity shares and debt instruments classified in the financial statements as Fair Value Through OCI. Company's investment in equity shares are listed in recognised stock exchange and are publicly traded in the stock exchanges. Company's investment in debt instruments comprise quoted Government Securities and Public Sector Bonds and are publicly traded in the market. The investment has been classified under non-current investment in Balance Sheet.

NHPC LIMITED FARIDABAD

(b) Price Risk Sensitivity

For Investment in Equity Instruments (Investment in equity shares of IOB and PTC)

The table below summarises the impact of increase/decrease in the market price of investment in equity instruments on the company's equity for the period/ year:

(Amount in ₹)

Particulars	As at 31st March, 2020		As at 31st March, 2019	
Investment in Equity shares of :	% change	Impact on other components of equity	% change	Impact on other components of equity
PTC India Ltd				
Indian Overseas Bank				

Sensitivity has been worked out based on the previous 3 years average of six monthly fluctuations in the share price as quoted on the National Stock Exchange (NSE).

For Investment in Debt Instruments (Investments in Government and Public Sector Undertaking Bonds)

The table below summarises the impact of increase/decrease of the market value of the debt instruments on company's equity for the period/ year:

(Amount in ₹)

Particulars	As at 31st March, 2020		As at 31st March, 2019	
	% change	Impact on other components of equity	% change	Impact on other components of equity
Government Securities				
Public Sector Undertaking Tax Free Bonds				

(II)Foreign Currency Risk

The company is compensated for variability in foreign currency exchange rate through recovery by way of tariff adjustments under the CERC Tariff Regulations.

(a) Foreign Currency Exposure:

The company's exposure to foreign currency risk at the end of the reporting period expressed in INR are as follows :

(Amount in ₹)

Particulars	As at 31st March, 2020	As at 31st March, 2019
Financial Liabilities:		
Foreign Currency Loans		
Other Financial Liabilities	-	-
Net Exposure to foreign currency (liabilities)	0	0

(b) Sensitivity Analysis

There is no impact of foreign currency fluctuations on the profit of the company as these are either adjusted to the carrying cost of respective fixed asset/Capital Work-in-Progress or recovered through tariff as per CERC Tariff Regulation 2014-19.

NHPC LIMITED FARIDABAD

(3) Capital Management

(a) Capital Risk Management

The primary objective of the Company's capital management is to maximize the shareholder value. CERC Tariff Regulations prescribe Debt : Equity ratio of 70:30 for the purpose of fixation of tariff of Power Projects. Accordingly the company manages its capital structure to maintain the normative capital structure prescribed by the CERC.

The Company monitors capital using Debt : Equity ratio, which is net debt divided by total capital. The Debt : Equity ratio are as follows:

(Amount in ₹)

Statement of Gearing Ratio		
Particulars	**As at 31st March, 2020**	**As at 31st March, 2019**
(a) Total Debt	-	-
(b) Total Capital	3,377,511,464	3,407,097,304
Gearing Ratio (a/b)	0.00	0.00

Note: For the purpose of the Company's capital management, capital includes issued capital and reserves. Net debt includes interest bearing loans and borrowings.

(b) Loan Covenants:

Under the terms of the major borrowing facilities, the company is required to comply with the following financial covenants:-

1. Company shall maintain credit rating AAA and if rating comes down, rate of interest shall be increased by 25 basis point for each notch below AAA rating .

2. Debt to net worth should not exceed 2:1.

3 Interest coverage ratio should be more than 2 times and should be calculated as ((Net Profit+Non Cash Expenditures+Interest Payable-Non Cash Income)/Interest Payable))

4. First Charge on Assets with 1:1.33 coverage on pari paasu basis.

During the period the company has complied with the above loan covenants.

NOTE NO. 34:

1 **Disclosures relating to Contingent Liabilities:**

Contingent Liabilities to the extent not provided for -

a) **Claims against the Company not acknowledged as debts in respect of:**

(i)

Capital works	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
Claim of Contractors (Aggregated amount): Contractors have lodged claims against the Company on account of rate and quantity deviation, cost relating to extension of time, idling charges due to stoppage of work/delays in handing over the site etc. These claims are being contested by the company as being not admissible in terms of provisions of the respective contracts or are lying at arbitration tribunal/other forums/under examination with the Company	8,814,407,569.00	8,420,649,244.00
Arbitration awards including updated interest thereon, against the Company, which have been challenged/decided to be challenged in the Court of Law included in the claim:	4,661,753,432.00	4,451,894,839.00
Provisions created against above claims: Management has assessed the above claims and recognized a provision based on probability of outflow of resources embodying economic benefits.	-	-
Amount of contingent liability i.e. amounts for which Company may be held contingently liable	**8,814,407,569.00**	**8,420,649,244.00**
Decrease of contingent liability from Opening Balance of Contingent Liability		-
In respect of such estimated contingent claims either the outflow of resources embodying economic benefits is not probable or a reliable estimate of the amount required for settling the obligation cannot be made. In respect of the rest of the claims/obligations, possibility of any outflow in settlement is considered as remote.		

(ii)

Land Compensation cases	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
Claim of erstwhile Land Holders: In respect of land acquired for the projects, some of the erstwhile land owners have filed claims for higher compensation before various authorities/courts.	109250883	108201083
Provisions created against above claims: Pending settlement, the Company has assessed and recognise a provision based on probability of outflow of resources embodying economic benefits	0	0
Amount of contingent liability i.e. amounts for which Company may be held contingently liable	**109250883**	**108201083**
Decrease of contingent liability from Opening Balance of Contingent Liability	**0**	
In respect of such estimated contingent claims either the outflow of resources embodying economic benefits is not probable. In respect of the rest of the claims/obligations, possibility of any outflow in settlement is considered as remote.		

(iii)

Disputed Tax Demands	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
Disputed Income Tax/Sales Tax/Service Tax/ other taxes/duties matters pending before various appellate authorities:	251528073	244530982
Provisions created against above claims: Pending settlement, the Company has assessed and recognise a provision based on probability of outflow of resources embodying economic benefits	0	0
Amount of contingent liability i.e. amounts for which Company may be held contingently liable	**251528073**	**244530982**
Decrease of contingent liability from Opening Balance of Contingent Liability	**0**	
In respect of such estimated contingent claims either the outflow of resources embodying economic benefits is not probable. In respect of the rest of the claims/obligations, possibility of any outflow in settlement is considered as remote.		

NHPC LIMITED एनएचपीसी N.H.P.C FARIDABAD

NOTE NO. 34:

(iV)	Others	(Amount in Rs.)	
	Particulars	**31.03.2020**	**31.03.2019**
	Claims on account of other miscellaneous matters pending before various forums	1254337	1206568
	Provisions created against above claims: Pending settlement, the Company has assessed and recognise a provision based on probability of outflow of resources embodying economic benefits	0	0
	Amount of contingent liability i.e. amounts for which Company may be held contingently liable	**1254337**	**1206568**
	Decrease of contingent liability from Opening Balance of Contingent Liability	**0**	
	In respect of such estimated contingent claims either the outflow of resources embodying economic benefits is not probable. In respect of the rest of the claims/obligations, possibility of any outflow in settlement is considered as remote.		

The above is summarized as below:

(Amount in Rs.)

Sl. No.	Particulars	Claims as on 31.03.2020	up to date Provision against the claims	Contingent liability as on 31.03.2020	Contingent liability as on 31.03.2019	Addition/	Decrease of contingent liability from Opening Balance as on 01.04.2019
(i)	(ii)	(iii)	(iv)	(v)	(vi)	(vii)=(v)-(vi)	(viii)
1	Capital Works	8814407569	0	8814407569	8420649244	393758325	0
2	Land Compen-sation cases	109250883	0	109250883	108201083	1049800	0
3	Disputed tax matters	251528073	0	251528073	244530982	6997091	0
4	Others	1254337	0	1254337	1206568	47769	0
	Total	**9176440862**	**0**	**9176440862**	**8774587877**	**401852985**	**0**

(b) The above do not include contingent liabilities on account of pending cases in respect of service matters and others where the amount cannot be quantified.

(c) It is not practicable to ascertain and disclose the uncertainties relating to outflow in respect of contingent liabilities.

		(Amount in Rs.) 31.03.2020	31.03.2019
(d)	Possibility of reimbursement to the company towards above Contingent Liabilities.	0	0
(e) (i)	Amount paid towards above Contingent Liabilities in respect of Capital Works, pursuant to Niti Aayog directions issued vide OM No. 14070/14/2016-PPPAU dated 5th September 2016, in cases where Arbitral Tribunals have passed orders in favour of contractors and such awards/orders have been further challenged by the Company in a Court of Law. The amount so paid has been shown under Other Non-Current Assets (Also refer Note No. 5).	1302954143	813251006
(e) (ii)	Amount paid /deposited with courts/paid as per Court Order towards above contingent liabilities to contest the cases and has been shown under Other Non-Current/ Current Assets. (Also refer Note no. 5 and 13)	588526506	398226506

(f) The Management does not expect that the above claims/obligations (including under litigation), when ultimately concluded and determined, will have a material and adverse effect on the company's results of operations or financial condition.

(h) The Government of Sikkim vide letter dated 2nd August 2019 has raised demand on Teesta-V Power Station for Rs 35.80 crore towards acquisition of land and compensation for appurtenant houses and other structures on the said Land which were purportedly damaged by Dam water during FY 2014. The claim has been refuted by the management on the grounds that the land is not required by the Power station and also damages were not on account of construction activities which were completed back in FY 2008. The damage has apparently happened due to existence of old slide zones in the area. The notification for acquisition of land under the RFCTLARR Act, 2013 published in the Sikkim Government Gazette on 06.03.2018 is unilateral and without the consent of the Power Station and as such is legally not tenable.The matter is currently under discussionwith the State Government and pending further review and discussion/ agreement on the matter and considering that the demand pertains to the Land which has not been requisitioned by the Company for Power Station and as such no cash outflow is expected in this respect, the amount demanded has neither been recognized, nor disclosed as Contingent Liabilities.

2 **Contingent Assets:**

Contingent assets in respect of the Company are on account of the following:

(a)

Counter Claims lodged by the company on other entities:	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
Counter Claims lodgeed by the Company against claims of other entities. These claims have been lodged on the basis of contractual provisions and are being contested at arbitration tribunal/other forums/under examination with the counterparty	0	0
Ccounter claims towards arbitration awards (including updated interest thereon) included in the claim		
Amount of contingent assets i.e. Based on Management assessment, a favourable outcome is probable	0	
In respect of rest of the claims, the possibility of any inflow is remote. Accordingly, these claims have not been recognised.		

(b)

Late Payment Surcharge: (Provided at CO level)	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
CERC (Terms & Conditions of Tariff) Regulations 2014-19 provide for levy of Late Payment Surcharge by generating company in case of delay in payment by beneficiaries beyond 60 days from the date of presentation of bill. In view of significant uncertainties in the ultimate collection from the beneficiaries, late payment surcharged not recognised by the management :	0	

(c)

Revenue to the extent not recognised in respect of power stations: (Provided at CO level)	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**
Truing up order of 2009-14 and/or Tariff Order for 2014-19 are pending in respect of Sewa-II, Chamera-III, Teesta Low Dam-III and Teesta Low Dam-IV Power stations pending approval of revised cost estimate. Management has assessed that an additional revenue is likely to accrue on account of these expenditures which has not been recognised due to significant uncertainty for the approval thereof.	0	

(d)

Business Interruption Losses (Provided at CO level)	(Amount in Rs.)	
Particulars	**31.03.2020**	**31.03.2019**

NHPC LIMITED FARIDABAD

NOTE NO. 34:

Insurance Claims due to Business Interruption Losses in respect of Power Stations are recognised when no significant uncertainty of ultimate collection exists. Claim not recognised by the Management In this respect :	0	
Power Station-wise details of claims are given at Note 34(23) of the standalone Financial Statements.		

(e)

NOTE NO. 34:

(D) Other notes to related party transactions:

(i) Terms and conditions of transactions with the related parties:

(a) Transactions with the state governments and entities controlled by the Government of India are carried out at market terms on arms-length basis (except subordinate debts received from Central Government at concessional rate) through a transparent price discovery process against open tenders, except in a few cases of procurement of spares/services from Original Equipment Manufacturers (OEMs) for proprietary items on single tender basis due to urgency, compatibility or other reasons. Such single tender procurements are also done through a process of negotiation with prices benchmarked against available price data of same/similar items.

9 **Particulars of Security: The same shall be made in the Standalone accounts of the Company: (Provided at CO level)**

10 **Disclosures Under Ind AS-19 " Employee Benefits": (Provided at CO level)**

(Amount in Rs)

(A)	Defined Contribution Plans	For the period ended 31.03.2020	For the period ended 31.03.2019
(i)	Social Security Scheme: The Company has a Social Security Scheme in lieu of the erstwhile scheme of compassionate appointment. The Company also makes a matching contribution per month per employee and such contribution was to be made for 8 years to build up corpus from the date the scheme is in operation i.e. 01.06.2007, which has been extended for another 2 years i.e. up to 31.05.2017 and further extended for another 3 years i.e. up to 31.05.2020. The scheme has been created to take care of and helping bereaved families in the event of death or permanent total disability of its employee. The expenses recognised during the period towards social security scheme is :		
(ii)	Employees Defined Contribution Superannuation Scheme (EDCSS) : The Company has an employee defined contribution superannuation scheme for providing pension benefits to employees. As per the scheme, each employee contributes @ 5% of Basic Pay & Dearness Allowance. The company contributes to the extent of balance available after deducting employers' contribution to Provident Fund, contribution to Gratuity Trust and REHS Trust, from the amount worked out @ 30% of the Basic Pay & DA. The Scheme is managed by Life Insurance Corporation of India. The expenses recognised during the period towards Employees Defined Contribution Superannuation Scheme (EDCSS) is :		

(B) Defined Benefit Plans- Company has following defined post-employment benefit obligations :

(a) Description of Plans:

(i) **Provident Fund:** The Company pays fixed contribution to Provident Fund at predetermined rates to a separate Trust, which invests the funds in permitted securities. The contribution to the fund for the year is recognised as expense and is charged to the Statement of Profit & Loss/Expenditure Attributable to Construction. The obligation of the Company is to make fixed contribution and to ensure a minimum rate of return to the members as specified by Government of India (GoI).

(ii) **Gratuity:** The Company has a defined benefit gratuity plan. The ceiling limit of gratuity is fixed as per the Payment of Gratuity Act, 1972, whereby every employee who has rendered continuous service of five years or more is entitled to get gratuity at 15 days salary (15/26 X last drawn basic salary plus dearness allowance) for each completed year of service subject to a maximum of ₹ 0.20 Crore on superannuation, resignation, termination, disablement or on death. The plan is being managed by a separate Trust created for the purpose and obligation of the company is to make contribution to the Trust based on actuarial valuation.

(iii) **Retired Employees Health Scheme (REHS):** The Company has a Retired Employee Health Scheme, under which retired employee and/or spouse of retiree and eligible dependent children of deceased employees are provided medical facilities in the Company hospitals / empanelled hospitals. They can also avail treatment as Out-Patient subject to a ceiling fixed by the Company. The liability for the same is recognised on the basis of actuarial valuation. The Scheme is being managed by a separate Trust created for the purpose and obligation of the company is to make contribution to the Trust based on such actuarial valuation.

(iv) **Allowances on Retirement/Death:** Actual cost of shifting from place of duty at which employee is posted at the time of retirement to any other place where he / she may like to settle after retirement is paid as per the rules of the Company. In case of death, family of deceased employee can also avail this facility. The liability for the same is recognised on the basis of actuarial valuation.

(v) **Memento to employees on attaining the age of superannuation:** The Company has a policy of providing Memento valuing ₹ 10,000/- to employee on superannuation. The liability for the same is recognised on the basis of actuarial valuation

NHPC LIMITED FARIDABAD

(C) Other long-term employee benefits (Leave Benefit): The Company provides for earned leave and half-pay leave to the employees which accrue annually @ 30 days and 20 days respectively. Earned leave (EL) is encashable while in service. The maximum ceiling of encashment of earned leave is limited to 300 days. However, any shortfall in the maximum limit of 300 days in earned leave on superannuation shall be fulfilled by half pay leave to that extent. The scheme is unfunded and liability for the same is recognised on the basis of actuarial valuation. During the year, provision amounting to Rs. ..... has been made on the basis of actuarial valuation at the year end and debited to statement of profit and loss (31 March 2019: Rs.....)

(v)	The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues above are actually paid to the small enterprise, for the purpose of disallowance of a deductible expenditure under section 23 of the Micro, Small and Medium Enterprises Development Act, 2006.		

16 **Disclosures regarding leases as per IND AS -116 "Leases":**

A) **Company as Lessee:**

(i) Transition to IND AS 116

Effective 1 April 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on 1 April 2019 using the modified retrospective method. Accordingly, comparatives for the year ended 31st March 2019 have not been restated. The Company recorded the lease liability at the present value of the remaining lease payments discounted at the incremental borrowing rate at the date of initial application and the right of use asset at an amount equal to lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application.On transition to Ind AS 116, the Company has recognised right of use assets and equivalent amount of lease liabilities amounting to Rs **NIL**

Further Land- Right to Use, Building- Right to Use and other assets amounting to **Rs. 216830815** have been classified/reclassified and presented as Right of Use assets on the Balance Sheet. In the Statement of Profit & Loss for the current period, lease expenses have changed from other expenses and employee benefit expenses to depreciation and amortization expenses for the right-of-use lease assets and finance cost for interest accrued on lease liability.

The Company has applied the following practical expedients on initial application of Ind AS 116:

(a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

NHPC LIMITED FARIDABAD

NOTE NO. 34:

(b) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

(c) Excluded the initial direct costs, if any from the measurement of the right-of-use asset at the date of initial application.

(d) Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

(e) e. The Company has elected to use the practical expedient not to apply this Standard to contracts that were not previously identified as containing a lease applying Ind AS 17. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

The weighted average incremental borrowing rate applied to lease liabilities as at April 1, 2019 is 7.85%.

There were no future minimum lease rental commitments in respect of non-cancellable operating leases as per Ind AS 17 as on March 31, 2019 as disclosed in Sl. No. 16 of Note No. 34 of Annual Report for the Financial Year 2018-19. Accordingly, lease liabilities accounted as at April 1, 2019 due to transition to Ind AS 116 is substantially due to inclusion of present value of the lease payments for the cancellable term of these lease agreements.

(ii) **Nature of lease:** The Company's significant leasing arrangements are in respect of the following assets:

(a) Premises under cancellable lease arrangements for residential use of employees ranging from 3-4 months to three years.

(b) Premises for offices, guest houses & transit camps on lease which are not non-cancellable and are usually renewable on mutually agreeable terms.

(c) Land obtained on lease for construction of projects and / or administrative offices.

(d) Vehicles on operating leases generally for a period of 1 to 2 years and such leases are not non-cancellable.

(iii) **Amount recognised in the Statement of Profit and Loss / Expenditure Attributable to Construction in respect of short term, low value and variable lease during the period ended 31.03.2020: :**

Description	(Rs.)
Expenditure on short-term leases	20866491
Expenditure on lease of low-value assets	
Variable lease payments not included in the measurement of lease liabilities	

(iii) **Other Disclosures:**

Description	(Rs.)
Commitment for Short Term Leases as on 31.03.2020	

(iv) **The following is the movement in lease liabilities during the year ended March 31, 2020:**

Particulars	(Rs.)
Oening Balance at 01.04.2019#	NIL
Additions in lease liabilities	NIL
Finance cost accrued during the year	NIL
Payment of lease liabilities	NIL
Closing Balance at 31.03.2020##	NIL

#Opening amount should be equal to opening balances appearing under Right of Use Assets in Note 2.3 of Balance Sheet.

Closing balance should be equal to sum of amount appearing under Non Current and Current Lease receivable in under Note 16.1 and 20.3 of Balance Sheet.

B) **Finance Lease – Company as Lessor (Only For Nimmo Bazgo & Chutak Power Stations)**

The Company has entered into an arrangement with a single beneficiary, Power Development Department, Jammu & Kashmir for sale of the entire power generated by two power stations, namely Nimmo Bazgo & Chutak Power Station for the expected life of these Power Stations. Under the agreements, the customer is obliged to purchase the entire output at prices determined by the Central Electricity Regulatory Commission (CERC). The Company has classified the Power Station as embedded Finance Lease as per as per Appendix-C to Ind AS 17- Leases. The Company has elected to use the practical expedient not to apply this Standard to contracts that were not previously identified as containing a lease applying Ind AS 17. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17. Other financial assets (Current and Non-Current) include lease receivables representing the present value of future lease rentals receivable on the embedded finance lease arrangements entered into by the company.

The Company has earned a finance income of Rs. ..... Crore during the year (previous year Rs. ..... Crore)

The following table sets out a maturity analysis of lease receivables, showing the undiscounted lease payments to be received after the end of the financial year:

NHPC LIMITED FARIDABAD

20 **Disclosure in respect of insurance claim by All Power Stations:**

The Assets of the all power station and loss of generation are covered under Mega Risk Policy. Status of Insurance claim in r/o Teesta-V Power Station as on 31.03.2020 is as under:

(Amount in Rs)

Particulars of claims	Updated claim lodged	Amount received	Amount charged to Statement of P&L	Balance receivable	
				As at March 31, 2020	As at March 31, 2019
Against material damage	35908256	2100000	20000000	13808256	13808256
Business Interruption Loss	0	0	0	0	0
Total	**35908256**	**2100000**	20000000	**13808256**	**13808256**
Income recognised in respect of "Business Interruption Loss" during the year is ₹NIL (Cumulative as on 31.03.2020 is ₹NIL).					

21 **Nature and details of provisions (refer Note No. 17 and 22)**

(i) **General**

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a Finance Cost.

(ii) **Provision for employee benefits (Other than provisions for defined contribution and defined benefit plans which have been disclosed as per Ind AS-19 at S. No. 10 of Note No. 34):**

a) **Provision for Performance Related Pay/Incentive:**

Short-term Provision has been recognised in the accounts towards Performance Related Pay/ incentive to employees for the year (Previous Year 2017-18) on the basis of Management estimates as per company's rules in this regard which are based on the guidelines of the Department of Public Enterprises, Government of India.

b) **Provision For Wage Revision as per 3rd Pay Revision Committee (PRC):**

Short term provision for wage revision of the employees of the company has been recognised in the accounts as per notification of the Department of Public Enterprises, Government of India.

(iii) **Other Provisions:**

a) **Provision For Tariff Adjustment:**

Provision for tariff adjustment is made on estimated basis against probable refund to beneficiaries on reassessment of tariff billed, pending approval of Tariff/truing up for the Year 2014-19 by Central Electricity Regulatory Commission (CERC).

b) **Provision for Livelihood Assistance:**

Provision has been recognised at discounted value adjusted for average inflation in the accounts towards special financial package finalised in consultation with the State Government and approved by the Board of Directors of NHPC for livelihood assistance of the project affected families (PAFs) in Parbati-II and Parbati-III. As per the package, pending finalisation of modalities of payment, one eligible person from each PAF shall be provided livelihood assistance equivalent to minimum wage of unskilled category as per the Government of Himachal Pradesh/ Central Government whichever is higher, on monthly instalment basis, for the Years as under:

i) Till the date of superannuation for PAFs eligible for employment.
ii) For 2000 days to those PAFs left with zero balance land but excluded for employment.
iii) For 1000 days to all remaining PAFs.

c) **Provision for Committed Capital Expenditure:**

Provision has been recognised at discounted value for Capital Expenditure to be incurred towards environment, compensatory afforestation, local area development, etc. which was a pre-condition for granting approval for construction of the project and expenditure towards which had not been completed till commissioning of the project. Such provisions are adjusted against the incurrence of actual expenditure as per demand raised by the concerned State Government Authorities.

d) **Provision for restoration expenses of Insured assets:**

Provision has been recognised in the accounts based on Management Estimates for restoration of damaged assets insured under Mega and CPM Policy. Utilization of the provision is to be made against incurrence of actual expenditure towards restoration of the assets.

NHPC LIMITED FARIDABAD

e) **Provisions for expenditure in respect of Arbitration Award/Court cases:**
This includes provisions created on the basis of management assessment as to probable outflow in respect of contractors claims against which arbitration award/Court decision have been received and which have been further challenged in a Court of Law. Utilization/outflow of the provision is to be made on the outcome of the case.

f) **Provisions- Others:** This includes provisions towards:-
(i) Contractor claims, Land compensation cases, disputed tax demands and other cases created on the basis of management assessment towards probable outflow. Utilization/outflow of the provision is to be made on the outcome of the case.

(ii) Wage revision of Central Government Employees whose services are utilised by the company.

(iii) Provision for interest to beneficiaries on excess tariff recovered in terms of Tariff Regulations for the Year 2014-19 where the capital cost considered for fixation of tariff by the CERC on the basis of projected capital cost as on Commercial Operation Date or the projected additional capital expenditure exceeds the actual capital cost incurred.

(iv) Upfront provision for rebate towards interest on House Building Advance provided to employees based on the historical trend of rebate allowed.

(v) Upfront provision for rebate to customers for sale of power based on the historical trend of rebate allowed.

22 During the Period ended company has applied Ind AS 116 "Leases". Further, the useful life of Property, Plant and Equipment of hydropower Stations of the Company have been changed prospectively to 40 years instead of 35 years in line with CERC Tariff Regulations, 2019-24 with consequential reduction in depreciation of those Power Stations which have completed 12 years of useful life. Impact of these changes in the Financial Statements of the Company is as under:

S. No	Description	Amount (Rs)
1	Impact of Ind AS 116 "Leases" on the Statement of Profit & Loss (Increase/(Decrease) in Profit) (Refer Note 29)	
2	Decrease in Expenditure (depreciation) due to change in useful life of the Property, Plant and Equipment	

23 Unit/Project specific notes :

(i) Dulhasti Power Station in r/o Bursar Project

As per deliberations of the Board of Directors in its meeting held on 20.03.2014, the viability of Bursar HE Project is dependent upon financial support from Government of India and Government of Jammu & Kashmir. Ministry of Power (MOP), Government of India was approached to provide funding for Survey and Investigation of **Bursar Project** to make it viable. As advised by the MoP, Ministry of Water Resources (MoWR) was approached to provide funds. In the meeting held with MoWR on 27.04.2015, it was informed by the representatives of MoWR that the request of the company for release of funds for preparation of DPR is under consideration for approval of Government of India. Detailed Project Report (DPR) of the project was submitted to CEA and expenditure of ₹ .....incurred have been carried forward as Capital Work in Progress. However, as an abundant precaution, provision made in earlier years in this respect has been continued in the books of accounts.

(ii) Kotlibhel-1A

Kotlibhel-1A, Kotlibhel-IB and Kotlibhel-II projects are three of the 24 hydro-electric projects located in the State of Uttarakhand which are covered by the order dated 13.08.2013 of Hon'ble Supreme Court of India directing MoEF not to grant environmental/forest clearance to these projects until further order and to examine the significant impact on the bio-diversity of Alaknanda and Bhagirathi river basin. Pending adjudication about the fate of these projects, the expenditure incurred upto 31.03.2020 amounting to ₹ ....., ₹ ..... and ₹ ..... have been carried forward as Capital Work in Progress in respect of Kotlibhel-1A, Kotlibhel-IB and Kotlibhel-II projects respectively. However, as an abundant precaution, provision for these amounts totalling ₹ .....up to 31.03.2020 has been made in the books of accounts.

(iii) Tawang I & II projects

a) Forest Clearance in respect of Tawang Stage-II Hydroelectric Project is under process. Forest Clearance for Tawang-I Hydroelectric Project shall be taken up after Forest Clearance of Tawang-II HE Project. Pending this, expenditure of ₹ ..... incurred on these projects is being carried forward as Capital Work in Progress.

In terms of Board Resolution vide meeting of the Board of Directors held on 05/02/2013 an amount of ₹ .... has been paid to the State Govt. towards Basin Study for Tawang I and II projects and other projects in the basin to be reimbursable by the Government of Arunachal Pradesh (GoAP) on pro-rata basis. Pending this, expenditure of ₹ ..... is being carried forward as Capital Work in Progress.

(iv) Dhauliganga power station in r/o Dhauliganga Intermediate Project:

Implementation of Dhauliganga Intermediate, Chungar Chal and Kharmoli Lumti Tulli Hydroelectric Projects has been temporarily put on hold. Pending final decision to hand over these projects to the Government of Uttarakhand, the expenditure incurred upto 31.03.2020 amounting to ₹ 35.61 have been carried forward as Capital Work in Progress. However, as an abundant precaution, provision for ₹ .....has been made in the books of accounts.

Appendix-VI to Note-34
Disclosures relating to creation of Regulatory Deferral Account (RDA)balances as per Ind AS 114

1 Subansiri Lower Project

The Company is principally engaged in the construction and operation of hydroelectric power projects. The price (tariff) to be charged by the company for electricity sold to its customers is determined by Central Electricity Regulatory Commission (CERC) under applicable CERC (terms & conditions of tariff) Regulations. The said price (tariff) is based on allowable costs like interest costs, depreciation, operation and maintenance charges plus a stipulated return. This form of rate regulation is known as cost-of-service regulations. The basic objective of such regulations is to give the entity the opportunity to recover its costs of providing the goods or services plus a fair return.

For the purpose, the Company is required to make an application to CERC based on capital expenditure incurred duly certified by the Auditors or already admitted by CERC or projected to be incurred upto the date of commercial operation and additional capital expenditure duly certified by the Auditor or projected to be incurred during tariff year. The tariff determined by CERC is recovered from the customers (beneficiaries) on whom the same is binding.

The above rate regulation results in creation of right (asset) or an obligation (liability) as envisaged in the accounting framework which is not the case in other industries. Guidance Note on Accounting for Rate Regulated Activities (Previous GAAP) issued by the ICAI is applicable to entities that provide goods or services whose prices are subject to cost-of-service regulations and the tariff determined by the regulator is binding on the customers (beneficiaries). As per guidance note, a regulatory asset is recognized when it is probable (a reasonable assurance) that the future economic benefits associated with it will flow to the entity as a result of the actual or expected actions of the regulator under applicable regulatory framework and the amount can be measured reliably.

The guidance note also provides that in some cases, a regulator permits an entity to include in the rate base, as part of the cost of self-constructed (tangible) fixed assets or internally generated intangible assets, amounts that would otherwise be recognized as expense in the statement of profit and loss in accordance with Accounting Standards.

With effect from 01.04.2016, such rate regulated items are to be accounted for as per Ind AS 114 'Regulatory Deferral Accounts.' Ind AS 114 allows an entity to continue to apply previous GAAP accounting policies for the recognition, measurement, impairment and derecognition of regulatory deferral account balances. For this purpose, Guidance Note of the ICAI on 'Accounting for Rate Regulated Activities' shall be considered to be the Previous GAAP.

Construction activities at site of Subansiri Lower Project have been interrupted w.e.f. 16.12.2011 and the matter is currently pending before National Green Tribunal. Technical and administrative work at the project is however continuing. Management is making all out efforts to restart the work at site. In line with the opinion of Expert Advisory Committee (EAC) of the Institute of Chartered Accountants of India (ICAI), borrowing cost of ₹ 2735.61 Crore (upto Previous year₹ 2578.00 Crore), employee benefits expense, depreciation and other expense of ₹ 1403.61 crore (upto Previous year ₹ 1318.03 Crore), net of other income of ₹ 328.75 Crore (upto Previous year ₹ 285.48 Crore) has been charged to the Statement of Profit and Loss till 31.03.2020.

During financial year 2014-15, the company had adopted the accounting as per Guidance Note on Rate Regulated Activities issued by the ICAI which allows recognition of 'Regulatory Asset' and corresponding 'Regulatory Income' of the right to recover such expense which are not allowed to be capitalized as part of cost of relevant fixed asset in accordance with the Accounting Standards, but are nevertheless permitted by Central Electricity Regulatory Commission (CERC), the regulator, to be recovered from the beneficiaries in future through tariff.

Since Ind AS 114 'Regulatory Deferral Accounts' allows an entity to continue to apply previous GAAP accounting policies for the recognition, measurement, impairment and derecognition of regulatory deferral account balances and recognizes the Guidance Note of the ICAI on 'Accounting for Rate Regulated Activities' as the previous GAAP, the company has continued with the accounting policy for regulatory deferral account balances.

Guidance Note on Rate Regulated Activities (previous GAAP as per Ind AS 114) requires that an entity should review the estimates of the amount expected to be recovered, refunded or adjusted at least at the end of each reporting period to reflect the current best estimate. If expectation differs from previous estimates, the changes should be accounted for as a change in an accounting estimate in accordance with relevant requirements of the applicable Accounting Standard.

Vide order dated 31st July 2019, the Hon'ble NGT has held that there is no justification in the petitions of the applicants pleading bias in the constitution of the Expert Committee by the MoEF & CC and accordingly, the cases against Subansiri Lower Project pending with the NGT have been dismissed.

Active construction work at the project has been resumed w.e.f. Quarter -III of FY 2019-20. Accordingly, borrowing cost, employee benefits expense, depreciation and other expense (net of other income) incurred w.e.f 01.10.2019 has been capitalized.

The total Regulatory Deferral Account Debit balances recognised in respect of Subansiri Lower Project for the year ended 31.03.2020 are as under:

Regulatory asset created in relation to:	Upto 31.03.2019 (Rs)	During the year ended 3103.2020 (Rs)	Upto 31.03.2020 (Rs)
Borrowing Costs			
Employee Benefit expense			
Depreciation			
Other Expense			
Other Income			
Total			

NHPC LIMITED FARIDABAD

Management has assessed that the incremental additions to regulatory deferral account balances in respect of the Project meets the level of certainty and prudence required for recognition as per Ind AS 114. Further, as per management assessment, there is no impairment in the carrying amount of Rs. ..... included under Capital Work in Progess (as given in Note No. 2.2.7) of the Project including the regulatory deferral account balances recognized therein.

After Commercial Operation Date (COD) of the Project, amount recognized as Regulatory Deferral Account balances in respect of Subansiri Lower Project shall be amortized/ liquidated in proportion to depreciation following the rates and methodology notified under CERC Tariff Regulations over the life of the Project, i.e. 40 years.

Tariff Regulations for the period 2019-2024 have been notified by the CERC. In addition to the existing Tariff Regulations (2014-19) authorizing capitalisation of borrowing and other attributable costs incurred due to uncontrollable factors including force majeure events like blockade/ embargo as per Tariff Regulations 2014-19, the new regulations also include delay in obtaining statutory approval for projects as one of the force majeure events. Accordingly, Management considers that adverse changes in Tariff Regulations are not likely to be a significant area of risk for the future recovery of RDA balances recognized in respect of Subansiri Lower Project.

Risks and uncertainties that might affect the future recovery of the Regulatory Deferral Account balances being created in respect of Subansiri Lower Project are:

a) Demand Risk: Recovery of the Regulatory Deferral Account Balances shall be by way of depreciation through tariff. Accordingly, the same is affected by the normal risks and uncertainties impacting sale of electricity in India like difficulty in signing of long term Power Purchase Agreements (PPAs), etc.

b) Regulatory Risk: Tariff regulations further provide that if the delay is not attributable to the generating company but is due to uncontrollable factors, IEDC may be allowed after due prudence check. Any disallowance of expenditure after prudence check can affect the quantum of regulatory deferral account balances to be recovered from beneficiaries.

2 Regulatory Deferral Account balances in respect of expenditure recognized due to 3rd Pay Revision of Central Public Sector Units (CPSUs):

Pay of employees of CPSUs have been revised from 1st January, 2017. As approved by the Government of India, in addition to enhancing Basic Pay, DA and allowances with effect from 01.01.2017, the ceiling limit of Gratuity has been enhanced from the existing ₹0.10 s to ₹0.20 s with effect from 01.01.2017. Pay revision for all employees have been implemented.

CERC Tariff Regulations 2014-19 read with the Statement of Reasons CERC (Terms and Conditions of Tariff) Regulations, 2014 provides that the impact of actual increase in employee cost on account of wage revision of operational Power Stations is recoverable from the beneficiaries in future through tariff. Further, during the tariff period 2004-09, CERC had allowed recovery of the actual increase in employee cost on account of wage revision (with effect from 01.01.2007) upto 50% of the salary and wages (Basic + DA) of the employees of the petitioner company as on 31.12.2006 from the beneficiaries in twelve equal monthly installments. Tariff Regulations for the period 2019-2024 read with corrigendum dated 15th March 2019 notified by the CERC also provide for recoverability of pay revision from the beneficiaries in future through tariff.

Keeping in view the provisions of Ind AS 114- "Regulatory Deferral Accounts", additional expenditure on employee benefits due to revision of pay/gratuity ceiling, to the extent charged to the Statement of Profit and Loss and to Other Comprehensive Income till 31st March 2019, have been recognized as 'Regulatory Deferral Account balances'. These balances are to be adjusted from the year in which they become recoverable from the beneficiaries as per approval of the CERC.

The Regulatory Deferral Account Balance (assets) recognized in the books to be recovered from the beneficiaries in future periods are as follows:

Regulatory Deferral Account Balances relating to items recognised in the Statement of Profit and Loss:

Particulars	Deferral Account Balances (Rs.)
Opening balance as on 01.04.2019	
Addition during the year (+)	
Amount collected during the year (-)	
Regulatory income recognized in the Statement of Profit and Loss (B+C)	
Closing balance as on 31.03.2020 (A+D)	

Recoverability of the Regulatory Deferral Account balances on account of Pay Revision of Employees is however, subject to Regulatory Risk since such expenditures are generally allowed by the CERC after due prudence check. Any disallowance of expenditure after prudence check can affect the quantum of regulatory deferral account balances to be recovered from beneficiaries.

NHPC LIMITED FARIDABAD

3 Regulatory Deferral Account balances due to moderation of tariff of Kishanganga Power Station:

As per CERC Tariff Regulations 2014-19, depreciation on capital cost of a Power Station forms one of the components of tariff. Depreciation is charged in the books as per the rates provided in the Tariff Regulations 2014-19 in the initial operating period of 12 years and thereafter the balance depreciation is spread over equally in the remaining 23 years so as to recover 90 percent of the capital cost of the Power Station by way of depreciation. As per Tariff regulations 2014-19, the operating life of a hydro-power station is 35 years.

As per CERC Tariff Regulations, 2014-19, tariff for sale of electricity by the generating company may also be determined in deviation of the norms specified in the Regulations provided the levelised tariff over the useful life of the project on the basis of the norms in deviation does not exceed the levelised tariff calculated on the basis of the norms specified in the Regulations. Similar provisions exist in the Tariff Regulations for the period 2019-2024 notified by the CERC.

In the case of Kishanganga Power Station (Commercial Operation Date: 17th May, 2018), the Company has made moderation in tariff of Kishanganga Power Station by fixing lower tariff in the initial ten years and then fixing higher tariff in the remaining 25 years by way of charging 1.5% depreciation from the 1st to the 10th year and 3% depreciation from 11th to the 35th year, thus aggregating 90 percent of the Capital Cost of the Power Station. This moderation, with the intent to reduce tariff in the initial years of operation, has been duly approved by the CERC.

Moderation of depreciation rates for tariff determination in Kishanganga Power Station gives rise to a significant mismatch by way of higher depreciation charged in the books (as per CERC Tariff Regulations, 2014-19) during the first 12 years of commercial operation and recovery by way of tariff as per Tariff Order of the Power Station approved by the CERC. The lower recovery during the first 12 years would, however, be compensated over the balance 23 years of the operational life of the Power Station by way of higher recovery of depreciation through tariff than that charged in the books. This deferment of recovery of costs with the intent to reduce tariff in the initial years and its recovery in subsequent years demonstrates that an asset exists by way of the right to recover current costs in future through tariff and such right is enforceable.

Keeping in view the provisions of Ind AS 114- "Regulatory Deferral Accounts", difference between depreciation charged to the Statement of Profit and Loss as per Tariff Regulations 2014-19 and the depreciation allowed by way of tariff and further recoverable from the beneficiaries in subsequent periods is being recognized as 'Regulatory Deferral Account balances' with effect from Commercial Operation Date of the Power Station. These balances shall be created during the first 12 years of commercial operation life and shall be recovered from beneficiaries as a component of tariff over the balance useful life of the Power Station.

The regulated assets (+)/liability (-) recognized in the books to be recovered from or payable to beneficiaries in future periods are as follows:

Particulars	Regulatory Deferral Account Balances (Rs)
Opening balance as on 01.04.2019	
Addition during the year (assets (+)/ liability (-))	
Amount collected (-)/refunded (+) during the year	
Regulatory income/(expense) recognized in the Statement of Profit and Loss (B-C)	
Closing balance as on 31.03.2020 (A+D)	

The Company has long term Power Purchase Agreements (35 years) in respect of Kishanganga Power Station. Since the proposal for moderation of tariff already stands approved by the CERC, the Company does not envisage any significant risk as regards recoverability of the Regulatory Deferral Account balances created in respect of Kishanganga Power Station.

However, as depreciation charge in the books and recovery thereof through tariff are dependent on the Capital Cost of the Power Station as allowed by CERC, recovery of the regulatory deferral account balances in respect of Kishanganga Power Station would be subject to Regulatory Risk. Approval of actual capital expenditure on the Power Station including expenditure on account of time and cost overruns etc. are subject to prudence check by the CERC. Any disallowance of expenditure after prudence check can affect the quantum of regulatory deferral account balances to be recovered from beneficiaries.

NHPC LIMITED FARIDABAD

4 Regulatory Deferral Account balances in respect of exchange differences on Foreign Currency Monetary items:

As per Ind AS 23- "Borrowing Costs", borrowing cost on foreign currency loans to the extent treated as an adjustment to interest costs is allowed to be capitalised during construction period. Further, Ind AS 21-"The Effects of Changes in Foreign Exchange Rates" provides that exchange differences arising on settlement or translation of monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognized in the Profit and Loss in the period in which they arise.

Para D13AA of Ind AS 101- "First Time Adoption of Ind AS" provides that a first-time adopter may continue the existing accounting policy adopted for accounting of exchange differences arising from translation of long-term foreign currency monetary items. Accordingly, for periods beginning on or after 01.04.2016, all exchange differences arising on translation/ settlement of monetary items other than exchange difference on borrowings to the extent treated as an adjustment to interest cost during construction period are to be charged to the Statement of Profit and Loss.

As per the CERC Tariff Regulations 2014-19, any gain or loss on account of exchange risk variation shall be recoverable as part of capital cost for calculation of tariff on Commercial Operation Date (COD) of a project and on actual payment basis during Operation and Maintenance (O&M) period. Further, CERC in past tariff orders has allowed exchange differences incurred during the construction period as a part of capital cost.

Keeping in view the provisions of Ind AS 114- "Regulatory Deferral Accounts" as regards recognition and CERC Tariff Regulations 2014-19 as regards recoverability, exchange differences arising on translation/ settlement of foreign currency monetary items to the extent charged to the Statement of Profit and Loss are being recognized as 'Regulatory Deferral Account balances' with effect from(with effect from.) 01.04.2016. These balances are adjusted from the year in which the same become recoverable from or payable to the beneficiaries after Commercial Operation Date (COD) of the Project.

The regulated assets (+)/liability (-) recognized in the books to be recovered from or payable to beneficiaries in future periods are as follows:

Particulars	Regulatory Deferral Account Balances (Rs)
Opening balance as on 01.04.2019	
Addition during the year (assets (+)/ liability (-))	
Amount collected (-)/refunded (+) during the year	
Regulatory income/(expense) recognized in the Statement of Profit and Loss (B-C)	
Closing balance as on 31.03.2020 (A+D)	

Tariff Regulations for the period 2019-2024 have been notified by the CERC. Regulations regarding recoverability of Foreign Exchange rate Variation (FERV) as part of capital cost for calculation of tariff on Commercial Operation Date (COD) of a project and on actual payment basis during O&M period of a Power Station as per Tariff Regulations 2014-19 have been continued for the tariff period 2019-24 also. Accordingly, Management considers that adverse changes in Tariff Regulations are not likely to be a significant area of risk for the future recovery of RDA balances recognized in respect of exchange differences on Foreign Currency Monetary items.

Recoverability of the Regulatory Deferral account balances is however, subject to Demand Risk since recovery/payment of the regulatory deferral debit/credit balance shall be by way of billing to the beneficiaries. Accordingly, the same is affected by the normal risks and uncertainties impacting sale of electricity in India like difficulty in signing of long term PPAs, etc.

4. whether the company is maintaining proper records showing full particulars, including quantitative details and situation of Fixed Assets;

Reply:Yes, The Company has maintained proper records showing full particulars, including quantitative details and situations of Fixed Assets.

5. Whether all transactions with the related parties are in compliance with sections 177 and 188 of Companies Act where applicable and the details have been disclosed in the financial statements, etc., as required by the applicable accounting standards:

NHPC LIMITED FARIDABAD

LODHA & CO. KOLKATA Chartered Accountants

Reply: Yes, Transactions with the related parties are in compliance with Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial Statements as required by the applicable accounting standards

6. Whether physical verification of inventory has been conducted at reasonable intervals by the management and whether any material discrepancies were noticed and if so, whether they have been properly dealt with in the books of account.

Reply: The inventories of the Company except for inventories in transit, have been physically verified by the management/ outside agencies, during the year. In our opinion and according to the information and explanations given to us, the frequency of such verification is reasonable. The discrepancies noticed on physical verification of inventories as compared to book records were not material and the same have been properly dealt with in the books of account.

7. Whether any fraud by the company or any fraud on the Company by its officers or employees has been noticed or reported during the year; If yes, the nature and the amount involved is to be indicated

Reply: No fraud by the Company or any fraud on the Company, by any person including its officers/ employees, has been noticed or reported during the year.

Directions indicating the areas to be examined by the Statutory Auditors during the course of audit of annual accounts of Teesta V Power Station for the year 2019-20 issued by the Comptroller & Auditor General of India under Section 143(5) of the Companies Act, 2013:

Sl. No.	Directions	Auditors' Reply
1	Whether the Company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	According to the information and explanations given to us and based on our audit, all accounting transactions are routed through ERP system implemented by the Company. We have neither been informed nor we have come across during the course of our audit any accounting transactions having impact on the integrity of the accounts along with the financial implications which have been processed outside the IT system.
2	Whether there is any restructuring of an existing loan or cases of waiver/write off of debts/loans/interest etc. made by a lender to the Company due to the Company's inability to repay the loan? If yes, the financial impact may be stated.	No such cases at Unit level.
3	Whether funds received/receivable for specific schemes from Central/State agencies were properly accounted for/utilized as per its terms and conditions? List the cases of deviation.	According to information and explanations given to us and based on our audit, no such funds received for specific schemes from Central/State agencies.

COMPLIANCE CERTIFICATE BY UNITS FOR PREPARATION OF CEO/CFO CERTIFICATE PURSUANT TO CLAUSE 17(8) OF SEBI (LISTING OBLIGATIONS & DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

Name of Region / Project /Unit / Division: Teesta V Power Station

a. We have reviewed financial statements for the period ended 31.03.2020 of the units under the Unit and that to the best of our knowledge and belief :

   i. This is to certify that the financial statements do not contain any materially untrue statement or omit any material fact or contain statements that might be misleading. There is no balance in hold table and in control accounts. No change in linkage to chart of accounts has been made without approval from Corporate Office"

   ii. These statements together present a true and fair view of the Company's affairs and are in compliance with existing Accounting Standards, applicable laws and regulations.

b. There are, to the best of our knowledge and belief, no transactions entered into by the Company during the period ended 31.03.2020 Which are fraudulent, illegal or violative of the Company's Code of Conduct.

c. We accept responsibility for establishing and maintaining internal controls for financial reporting and that we have evaluated the effectiveness of the internal control systems of the Company pertaining to financial reporting and we have disclosed to the auditors and management, deficiencies in the design or operation of such internal controls, if any, of which we are aware and the steps we have taken or propose to take to rectify these deficiencies.

d. We have indicated to the auditors and management
   i. Significant changes in internal control over financial reporting during the period ended 31.03.2020
   ii. Significant changes in accounting policies during the period ended 31.03.2020 and that the same have been disclosed in the notes to the financial statements; and
   iii. Instances of significant fraud of which we have become aware and the involvement therein, if any, of the management or an employee having a significant role in the Company's internal control system over financial reporting.

Annexure: VII

Management's Responsibility Statement for preparation of Director's Responsibility Statement

This is to certify that the Annual Accounts of **Teesta V Power station** for the financial year 2019-20 have been prepared keeping in view the provisions of section 134(3) of the Companies Act, 2013 relating to Director's Responsibility Statement i.e.,

i) that in the preparation of the annual accounts, the applicable accounting standards had been followed along with proper explanation relating to material departures.

ii) that the management has selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the company at the end of the financial year and of the profit and loss of the company for that period.

iii) that the proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act 2013 for safeguarding the assets of the company and for preventing and detecting fraud and other irregularities has been taken.

iv) that the accounts are prepared on going concern basis.

v) that management had laid down internal financial controls to be followed by the company and that such internal financial controls are adequate and were operating effectively.

vi) that the management had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

LODHA & CO KOLKATA Chartered Accountants

NHPC LIMITED FARIDABAD

NOTE NO. 1: COMPANY INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

(I) Reporting entity

NHPC Limited (the "Company") is a Company domiciled in India and limited by shares (CIN: L40101HR1975GOI032564). The shares of the Company are listed and traded on the National Stock Exchange of India Limited (NSE) and BSE Limited in India. The address of the Company's registered office is NHPC Limited, NHPC Office Complex, Sector-33, Faridabad, Haryana- 121003. The Company is primarily involved in the generation and sale of bulk power to various Power Utilities. Other business includes providing project management / construction contracts/ consultancy assignment services and trading of power.

(II) Basis of preparation

(A) Statement of Compliance

These standalone financial statements are prepared on going concern basis following accrual system of accounting and comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent notified and applicable), applicable provisions of the Companies Act, 1956, and the provisions of the Electricity Act, 2003 to the extent applicable.

These financial statements were authorised for issue by the Board of Directors on ..... May, 2021.

(B) Basis of Measurement

The financial statements have been prepared on historical cost basis, except for:

- Certain financial assets and liabilities measured at fair value.
- Plan assets of defined employee benefit plans measured at fair value.

The methods used to measure fair values are discussed in Note 33.

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

(C) Application of new and revised standards

During the year, the Ministry of Corporate Affairs has notified the Companies (Indian Accounting Standards) Amendment Rules, 2020 which has brought about certain amendments in the existing Indian Accounting Standards. Impact of these amendments are disclosed hereunder:

(i) **Ind AS 1- Presentation of Financial Statements**: The Companies (Indian Accounting Standards) Amendment Rules, 2020 has amended the definition of "materiality" under Ind AS 1. Consequential amendments have also been made in Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors, Ind AS 10- Events after the Reporting Period, Ind AS 34- Interim Financial Reporting and Ind AS 37- Provisions, Contingent Liabilities and Contingent Assets. There is, however, no material impact on the financial statements.

(ii) **Ind AS 116- Leases:** The Companies (Indian Accounting Standards) Amendment Rules, 2020 permit lessees, as a practical expedient, not to assess whether rent concessions that occur as a direct consequence of COVID -19 pandemic and meet specified conditions are lease modifications and, instead, to account for those rent

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

concessions as if they were not lease modifications. There is, however, no material impact on the financial statements.

(iii) **Ind AS 103- Business Combinations:** The Companies (Indian Accounting Standards) Amendment Rules, 2020 has amended the definition of "business" whereby emphasis is given on goods and services provided to customers. Further, to be considered as a business, an integrated set of activities and assets must include, at a minimum, an input and a substantive process that together significantly contribute to the ability to create an output. There is, however, no material impact on the financial statements.

(iv) Amendments/ revision in other standards are either not applicable or do not have any material impact on the financial statements.

(D) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest crore (upto two decimals) except where indicated otherwise.

(E) Use of estimates and management judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures including contingent assets and liabilities at the Balance Sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that may have the most significant effect on the amounts recognised in the financial statements are included in the following notes:

Critical judgments and estimates

a) Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116- Leases. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Identification of a lease requires significant judgment.

To assess whether a contract conveys the right to control the use of an identified asset for a period of time, an entity shall assess whether, throughout the period of use, the customer has both of the following:

a. the right to obtain substantially all of the economic benefits from use of the identified asset; and

b. the right to direct the use of the identified asset.

To control the use of an identified asset, a customer is required to have the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use. A customer has the right to direct the use of an identified asset throughout the period of use if the customer has the right to direct how and for what purpose the asset is used throughout the period of use.

The Company also uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

NHPC LIMITED
एनएचपीसी
N.H.P.C
FARIDABAD

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company enters into power purchase agreements with beneficiaries. Power Purchase Agreements (PPA) in the nature of embedded lease with a single beneficiary where the minimum lease term is for the major part of the plant's economic life and the minimum lease payments amount to substantially all the fair value of the plant are considered as a Finance Lease. Other embedded leases are considered as Operating Lease. For embedded leases in the nature of a Finance Lease, the investment in the plant is recognised as a Lease Receivable. The minimum lease payments are identified by segregating the embedded lease payments from the rest of the contract amounts. Each lease receipt is allocated between the receivable and finance lease income so as to achieve a constant rate of return on the Lease Receivable outstanding.

In the case of operating leases or embedded operating leases, the lease income from the operating lease is recognised in revenue on a straight-line basis over the lease term. The respective leased assets are included in the Balance Sheet based on their nature.

b) Useful life of Property, Plant and Equipment and Intangible Assets

The estimated useful life of property, plant and equipment and intangible assets are based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset.

Useful life of the assets used for generation of electricity is determined by the Central Electricity Regulatory Commission (CERC) Tariff Regulations as mentioned in part B of Schedule II of the Companies Act, 2013 except for construction plant & machinery and computers & peripherals which are in accordance with Schedule II of the Companies Act, 2013 and mobile phones which are as per management assessment.

c) Recoverable amount of property, plant and equipment, capital work in progress and intangible assets

The recoverable amount of property, plant and equipment, capital work in progress and intangible assets are based on estimates and assumptions, in particular the expected market outlook and future cash flows associated with the power plants. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount resulting in impairment.

d) Post-retirement benefit plans

Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increase, the inflation rate and expected rate of return on plan assets. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have an impact on the resulting calculations.

e) Revenue

NHPC LIMITED
एनएचपीसी लिमिटेड
N.H.P.C.
FARIDABAD

The Company records revenue from sale of power based on Tariff approved by the CERC, as per the principles of Ind AS 115. However, in cases where tariff rates are yet to be approved, provisional rates are adopted considering the applicable CERC Tariff Regulations. Further, where tariff is pending revision due to revision in cost estimates, tariffs are computed based on the parameters and methods prescribed under the CERC Tariff Regulations and an estimated amount of revenue is recognised when an application is made to the CERC after obtaining necessary approvals to the extent it is highly probable that there will be no downward adjustment to the revenue recognised.

f) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has been made on the basis of best judgment by management regarding probable outflow of economic resources. Such estimation can change following unforeseeable developments.

g) Recoverable Amount of Rate Regulated Assets

The operating activities of the Company are subject to cost-of-service regulations whereby tariff charged for electricity generated is based on allowable costs like interest costs, depreciation, operation & maintenance including a stipulated return. Guidance Note on Rate Regulated Activities issued by the ICAI (previous GAAP) and Ind AS 114- 'Regulatory Deferral Accounts' permits an entity to include in the rate base, as part of the cost of self-constructed (tangible) PPE or internally generated intangible assets, amounts that would otherwise be recognised as an expense in the Statement of Profit and Loss in accordance with Ind AS. The Company estimates that items of regulatory deferral accounts recognised in the financial statements are recoverable as per the current CERC Tariff Regulations 2019-24. However, changes in CERC tariff regulations beyond the current tariff period may affect the recoverability of such balances.

h) Impairment of Trade Receivables

Considering the historical credit loss experience for trade receivables, the Company does not envisage either impairment in the value of receivables from beneficiaries or loss due to time value of money owing to delay in realization of trade receivables, except to the extent already provided for.

i) Investment in Subsidiaries and Joint Ventures

Investment has been carried at cost and as per assessment by the Company, there is no indication of impairment on such investments. Any changes in assumption may have a material impact on the measurement of the recoverable amount.

j) Insurance Claim Recoverable

The recoverable amount of insurance claims in respect of damages to Property, Plant & Equipment is based on estimates & assumptions as per terms and conditions of insurance policies.

(III) SIGNIFICANT ACCOUNTING POLICIES:

Summary of the significant accounting policies for the preparation of financial statements as given below have been applied consistently to all periods presented in the financial statements. These accounting policies are formulated in a manner that results in financial statements containing relevant and reliable information about the transactions, other events and conditions to which they apply. These policies need not be applied when the effect of applying them is immaterial.

Up to March 31, 2015, Property, Plant and Equipment, Capital Work in Progress, Intangible Assets and Investment Property were carried in the Balance Sheet in accordance with Indian GAAP. The Company had elected to avail the exemption granted by IND AS 101, "First time adoption of IND AS" to regard those amounts as the deemed cost at the date of transition to IND AS (i.e., as on April 1,

NHPC LIMITED FARIDABAD

2015). Therefore, the carrying amount of property, plant and equipment and intangible assets as per the previous GAAP as at April 1, 2015, were maintained on transition to Ind AS.

1.0 Property, Plant and Equipment (PPE)

a) An item of PPE is recognized as an asset if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

b) PPE are initially measured at cost of acquisition/construction including decommissioning or restoration cost wherever required. The cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. In cases where final settlement of bills with contractors is pending, but the asset is complete and available for operating in the manner intended by the management, capitalisation is done on estimated basis subject to necessary adjustments, including those arising out of settlement of arbitration/court cases.

c) Expenditure incurred on renovation and modernization of PPE on completion of the originally estimated useful life of the power station is added to the cost of the related asset when it meets the recognition criteria. PPE acquired as replacement of the existing assets are capitalized and its corresponding replaced assets removed/ retired from active use are derecognized.

d) After initial recognition, Property, Plant and Equipment is carried at cost less accumulated depreciation/amortisation and accumulated impairment losses, if any.

e) Deposits, payments made/ liabilities created provisionally towards compensation (including interest on enhanced compensation till the date of award by the Court), rehabilitation & resettlement and other expenses including expenditure on environment management plans relatable to land in possession are treated as cost of land.

f) Assets over which the Company has control, though created on land not belonging to the Company, are included under Property, Plant and Equipment.

g) Standby equipment and servicing equipment which meet the recognition criteria of Property, Plant and Equipment are capitalized.

h) Spares parts (procured along with the Plant & Machinery or subsequently) which meet the recognition criteria are capitalized. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other spare parts are treated as "stores & spares" forming part of inventory.

i) If the cost of the replaced part or earlier inspection is not available, the estimated cost of similar new parts/inspection is used as an indication of what the cost of the existing part/ inspection component was when the item was acquired or inspection carried out.

j) An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

2.0 Capital work in Progress

a) Expenditure incurred on assets under construction (including a project) is carried at cost under Capital Work in Progress (CWIP). Such costs comprise purchase price of assets including import duties and non-refundable taxes (after deducting trade discounts and rebates), expenditure in relation to survey and investigation activities of projects, cost of site preparation, initial delivery and handling charges, installation and assembly costs, etc.

b) Costs including employee benefits, professional fees, expenditure on maintenance and up-gradation of common public facilities, depreciation on assets used in construction of project,

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

interest during construction and other costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management are accumulated under "Expenditure Attributable to Construction (EAC)" and subsequently allocated on systematic basis over major immovable assets, other than land and infrastructure facilities on commissioning of projects. Net pre-commissioning income/ expenditure is adjusted directly in the cost of related assets.

c) Capital Expenditure incurred for creation of facilities, over which the Company does not have control but the creation of which is essential principally for construction of the project is accumulated under "Expenditure Attributable to Construction" and carried under "Capital Work in Progress" and subsequently allocated on a systematic basis over major immovable assets, other than land and infrastructure facilities on commissioning of projects, keeping in view the "attributability" and the "Unit of Measure" concepts in Ind AS 16- "Property, Plant & Equipment". Expenditure of such nature incurred after completion of the project, is charged to the Statement of Profit and Loss.

3.0 Investment Property

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are carried at cost less accumulated depreciation and accumulated impairment loss, if any.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

Transfers to or from investment property is made when and only when there is a change in use supported by evidence.

4.0 Intangible Assets and Intangible Assets under Development

a) Expenditure on research is charged to revenue as and when incurred. Expenditure on development is capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Company intends to & has sufficient resources to complete development and to use or sell the asset.

b) Intangible assets that are acquired by the Company and which have finite useful lives, are measured on initial recognition at cost. Cost includes any directly attributable expenses necessary to make the assets ready for its intended use. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

c) Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

d) An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

5.0 Foreign Currency Transactions

a) Transactions in foreign currency are initially recorded at the functional currency spot rate at the date the transaction first qualifies for recognition. At each Balance Sheet date, monetary items denominated in foreign currency are translated at the functional currency exchange rates prevailing on that date.

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

b) Exchange differences relating to PPE/capital work-in-progress arising out of transaction entered into prior to April 1, 2004 are adjusted to the carrying cost of respective PPE/capital work-in-progress.

c) Exchange differences arising from translation of foreign currency borrowings entered into prior to March 31, 2016 recoverable from or payable to beneficiaries in subsequent periods as per CERC Tariff regulations are recognised as "Deferred Foreign Currency Fluctuation Recoverable/ Payable Account" and adjusted from the year in which the same is recovered/ paid.

d) Exchange differences arising from settlement/ translation of monetary items denominated in foreign currency entered into on or after 01.04.2016 to the extent recoverable from or payable to the beneficiaries in subsequent periods as per CERC Tariff Regulations are recognized as 'Regulatory Deferral Account Balances' during construction period and adjusted from the year in which the same become recoverable from or payable to the beneficiaries.

e) Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Where the Company has paid or received advance consideration in a foreign currency, the date of transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it), is the date when the Company initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

6.0 Regulatory Deferral Accounts

a) Where an item of expenditure incurred during the period of construction of a project is recognised as expense in the Statement of Profit and Loss i.e., not allowed to be capitalized as part of cost of relevant PPE in accordance with Ind AS, but is nevertheless permitted by CERC to be recovered from the beneficiaries in future through tariff, the right to recover the same is recognized as "Regulatory Deferral Account balances."

b) Expense/ income recognised in the Statement of Profit and Loss to the extent recoverable from or payable to the beneficiaries in subsequent periods as per CERC Tariff Regulations are recognised as "Regulatory Deferral Account balances."

c) These Regulatory Deferral Account balances are adjusted from the year in which the same become recoverable from or payable to the beneficiaries.

d) Regulatory Deferral Account balances are evaluated at each Balance Sheet date to ensure that the underlying activities meet the recognition criteria and it is probable that future economic benefits associated with such balances will flow to the entity. If these criteria are not met, the Regulatory Deferral Account balances are derecognised.

e) Regulatory Deferral Account balances are tested for impairment at each Balance Sheet date.

7.0 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value.

However, when the Company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This categorisation is based on the lowest level input that is significant to the fair value measurement as a whole:

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

• Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

• Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

• Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For financial assets and financial liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

8.0 Investments in subsidiaries and joint ventures

Investments in equity shares of subsidiaries and joint ventures are carried at cost less impairment, if any.

9.0 Financial assets other than investment in subsidiaries and joint ventures

A financial asset includes inter-alia any asset that is cash, equity instrument of another entity or contractual right to receive cash or another financial asset or to exchange financial asset or financial liability under conditions that are potentially favourable to the Company. A financial asset is recognized when and only when the Company becomes party to the contractual provisions of the instrument.

Financial assets of the Company comprise Cash and Cash Equivalents, Bank Balances, Investments in equity shares of companies other than in subsidiaries & joint ventures, Trade Receivables, Advances to employees, security deposit, claims recoverable etc.

a) Classification

The Company classifies its financial assets in the following categories:

- At amortised cost,
- At fair value through other comprehensive income (FVTOCI), and
- At fair value through profit and loss

The classification depends on the following:

(a) The entity's business model for managing the financial assets and

(b) The contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or Other Comprehensive Income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income.

b) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or Loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

The Company measures the trade receivables at their transaction price, if the trade receivables do not contain a significant financing component.

c) Subsequent measurement

Debt instruments at amortised cost

NHPC LIMITED एनएचपीसी FARIDABAD

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

i) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

ii) Contractual terms of the asset give rise on specified dates to cash flows that are Solely Payments of Principal and Interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt instrument at Fair Value through Other Comprehensive Income (FVTOCI)

A 'debt instrument' is classified as at FVTOCI if both the following criteria are met:

i) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

ii) The asset's contractual cash flows represent Solely Payments of Principal and Interest (SPPI).

Debt instruments at fair value through Other Comprehensive Income are measured at each reporting date at fair value. Fair value movements are recognized in Other Comprehensive Income (OCI). However, the Company recognizes interest income, impairment losses, reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest income from these financial assets is included in other income using the EIR method.

Equity investments:

All equity investments in entities other than subsidiaries and joint ventures are measured at fair value. Equity instruments which are held for trading, if any, are classified at Fair Value Through Profit or Loss (FVTPL). The Company classifies all other equity instruments at FVTOCI. The Company makes such election on an instrument by- instrument basis. The classification is made on initial recognition and is irrevocable.

All fair value changes of an equity instrument classified at FVTOCI, are recognized in OCI. There is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. Dividends from such investments are recognised in the Statement of Profit and Loss as "other income" when the company's right to receive payments is established.

Equity instruments included within the FVTPL category, if any, are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Trade Receivables:

Trade receivables containing a significant financing component are subsequently measured at amortised cost using the effective interest method.

d) Derecognition

A financial asset is derecognised only when:

i) The Company has transferred the rights to receive cash flows from the financial asset, or

ii) Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

On derecognition, the difference between the carrying amount and the amount of consideration received / receivable is recognized in the Statement of Profit and Loss.

e) Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

i) Financial assets that are debt instruments, and are measured at amortised cost.

ii) Financial assets that are debt instruments and are measured as at FVTOCI

iii) Contract Assets and Trade Receivables under Ind AS 115, Revenue from Contracts with Customers

iv) Lease Receivables under Ind AS 116, Leases.

The Company follows the 'simplified approach' permitted under Ind AS 109, "Financial Instruments" for recognition of impairment loss allowance based on life time expected credit loss from initial recognition on contract assets, lease receivables and trade receivables resulting from transactions within the scope of Ind AS 116 and Ind AS 115.

For recognition of impairment loss on other financial assets, the Company assesses whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. For assessing increase in credit risk and impairment loss, the Company assesses the credit risk characteristics on instrument-by-instrument basis. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL. The amount of expected credit loss (or reversal) for the period is recognized as expense/ income in the Statement of Profit and Loss.

10.0 Inventories

Inventories mainly comprise stores and spare parts to be used for maintenance of Property, Plant and Equipment and are valued at cost or net realizable value (NRV) whichever is lower. The cost is determined using weighted average cost formula and NRV is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Scrap is valued at net realisable value.

The amount of any write-down of inventories to net realisable value and all losses of inventories is recognized as an expense in the period in which write-down or loss occurs.

11.0 Dividends

Dividends and interim dividends payable to the Company's shareholders are recognised as change in equity in the period in which they are approved by the Company's shareholders and the Board of Directors respectively.

12.0 Financial liabilities

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

Financial liabilities of the Company are contractual obligations to deliver cash or another financial asset to another entity or to exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavourable to the Company.

The Company's financial liabilities include loans & borrowings, trade and other payables.

a) Classification, initial recognition and measurement

Financial liabilities are recognised initially at fair value minus transaction costs that are directly attributable and subsequently measured at amortised cost. Financial liabilities are classified as subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the fair value at initial recognition is recognised in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion, over the period of the borrowings using the effective rate of interest.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

b) Subsequent measurement

After initial recognition, financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion, when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance cost in the Statement of Profit and Loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

d) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

e) Derivative financial instruments

Derivative financial instruments that are held by the Company to hedge the foreign currency and interest rate risk exposures and are not designated as hedges are accounted for at fair value through profit or loss. Changes in fair value are recognised in the Statement of Profit and Loss.

13.0 Government Grants

a) The benefits of a government loan at a below market rate of interest is treated as Government Grant. The loan is initially recognised and measured at fair value and the government grant is measured as the difference between the initially recognized amount of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities and government grant is recognized initially as deferred income and subsequently in the Statement of Profit and Loss on a systematic basis over the useful life of the asset.

b) Monetary grants from the government for creation of assets are initially recognised as deferred income when there is reasonable assurance that the grant will be received and

NHPC LIMITED
एनएचपीसी
N·H·P·C
FARIDABAD

the company will comply with the conditions associated with the grant. The deferred income so recognised is subsequently amortised in the Statement of Profit and Loss over the useful life of the related assets.

c) Government grant related to income is recognised in the Statement of Profit and Loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

14.0 Provisions, Contingent Liabilities and Contingent Assets

a) Provisions are recognised when the Company has a present legal or constructive obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Such provisions are determined based on management estimate of the amount required to settle the obligation at the Balance Sheet date. When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably. The expense relating to a provision net of any reimbursement is presented in the Statement of Profit and Loss or in the carrying amount of an asset if another standard permits such inclusion.

b) If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

c) Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgment of management/independent experts. These are reviewed at each Balance Sheet date and are adjusted to reflect the current management estimate.

d) Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable on the basis of judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

15.0 Revenue Recognition and Other Income

Company's revenues arise from sale and trading of energy, project management / construction contracts/ consultancy assignment services and other income. Revenue from other income comprises interest from banks, employees, contractors etc., dividend from investments in joint ventures & subsidiary companies, dividend from investments in equity, interest from investment in bonds, surcharge received from beneficiaries for delayed payments, sale of scrap, other miscellaneous income, etc.

a) Revenue from sale of power

i) Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes amounts collected on behalf of third parties. The Company recognises revenue when it transfers control over the products or services to a customer.

ii) Revenue from sale of power (except for power stations considered as Finance/Operating Lease) is accounted for as per tariff notified by the Central

NHPC LIMITED FARIDABAD

Electricity Regulatory Commission (CERC) under the CERC (Terms & Conditions of Tariff) Regulations, 2019 as modified by the orders of Appellate Tribunal for Electricity to the extent applicable. In the case of Power Stations where provisional/ final tariff is yet to be notified or where incentives/disincentives are chargeable/ payable as per CERC (Terms & Conditions of Tariff) Regulations, revenue is recognised to the extent it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. Rebates given to beneficiaries as early payments incentives are deducted from the amount of revenue.

iii) Customers are billed on a periodic and regular basis. As at each reporting date, revenue from sale of power includes an accrual for sales delivered to customers but not yet billed (unbilled revenue).

iv) Recovery/ refund towards foreign currency variation in respect of foreign currency loans and recovery towards Income Tax are recognised on year to year basis based on regulatory norms. Recovery towards deferred tax items recognized till March 31, 2009 are accounted for when the same materialises.

v) Adjustments arising out of finalisation of Regional Energy Account (REA), though not material, are effected in the year of respective finalisation.

vi) Advance Against Depreciation (AAD) considered as deferred income up to 31st March 2009 is included in sales on straight line basis over the balance useful life after a period of 12 years from the date of commercial operation of the Power Station.

b) Revenue from Project Management / Construction Contracts/ Consultancy assignments

i) Revenue from Project Management / Construction Contracts/ Consultancy assignments is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the services and excludes amounts collected on behalf of third parties. The Company recognises revenue on the basis of input method. Input method recognises revenue on the basis of the costs incurred towards the satisfaction of a performance obligation relative to the total expected costs to the satisfaction of that performance obligation.

ii) Contract modifications, if any, are accounted for when there is a change in the scope or price (or both) of a contract that is approved by the parties to the contract and when the parties to a contract approve a modification that either creates new or changes existing enforceable rights and obligations of the parties to the contract. Accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Contract modifications are recorded on standalone basis when the scope of the contract increases because of the addition of promised goods or services or the price of the contract increases by an amount of consideration that reflects the Company's standalone selling prices of the additional promised goods or services and any appropriate adjustments to that price to reflect the circumstances of the particular contract. Services added that are not distinct are accounted for on a cumulative catch-up basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

c) Revenue from trading of power

i) Accounting for revenue from trading of power involves assessment of the contract conditions to determine whether the Company is required to act in the capacity of a principal or as an agent. The Company acts in the nature of a principal in case it obtains control of the electricity before transferring it to the customer. Indicators of control includes assessment of whether the company is primarily responsible for

NHPC LIMITED
एन एच पी सी
NHPC
FARIDABAD

fulfilling the promise to provide the electricity, it has the discretion to establish the price or whether it bears the inventory risk. Where the Company does not obtain control of the electricity before transferring it to the customer and its performance obligation is to arrange for the supply of electricity by another party, it acts in the nature of an agent.

ii) Where the Company acts as a principal in a contract for trading of power, the amount of the transaction price allocated to the performance obligation that is satisfied is recognised as revenue.

iii) Where the Company acts as an agent in a contract for trading of power, the net consideration retained after paying the supplier for the electricity provided to the customer is recognised as revenue from operations. Financial assets and liabilities arising out of these transactions are not set off.

d) Other income

i) Dividend income is recognized when the right to receive the same is established.

ii) For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial asset to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

iii) Interest/Surcharge recoverable from customers including those arising out of contracts for trading of power and liquidated damages /interest on advances to contractors is recognised when it is highly probable that a significant reversal in the amount of revenue recognised will not occur in the future.

16.0 Employee Benefits

i) Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed or included in the carrying amount of an asset if another standard permits such inclusion as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term performance related cash bonus if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate trusts and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of Profit and Loss or included in the carrying amount of an asset if another standard permits such inclusion in the periods during which services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction from future payments is available. Contributions to a defined contribution plan that is due more than 12 months after the end of the period in which the employees render the service are discounted to their present value.

Employees Defined Contribution Superannuation Scheme (EDCSS) for providing pension benefits and Social Security Scheme administered through separate trusts are accounted for as defined contribution plans.

NHPC LIMITED
एन एच पी सी
N·H·P·C
FARIDABAD

iii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's Gratuity Scheme, Retired Employees Health Scheme (REHS), Provident Fund Scheme, Allowance on Retirement/Death and Memento on Superannuation to employees are in the nature of defined benefit plans. All these plans, other than Allowance on Retirement/Death and Memento on Superannuation to employees are administered through separate trusts.

The liability or asset recognised in the Balance Sheet in respect of Gratuity and Retired Employees Health Scheme is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets.

In respect of Provident Fund Scheme, a liability is recognised in the Balance Sheet where the present value of the defined benefit obligation at the end of the reporting period is higher than the fair value of plan assets. Any surplus of fair value of plan assets over the present value of the defined benefit obligation at the end of the reporting period is not recognised as an asset since the Company does not have any right to the benefits either in the form of refunds from the Plan or by way of lower contribution to the Plan.

The defined benefit obligation is calculated annually by the actuary using the Projected Unit Credit Method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss or included in the carrying amount of an asset if another standard permits such inclusion.

Remeasurement gains (except in the case of Provident Fund Scheme) and losses arising from experience adjustments and changes in actuarial assumptions are recognised directly in Other Comprehensive Income in the period in which they occur and are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

iv) Other long-term employee benefits

Benefits under the Company's leave encashment scheme constitute other long term employee benefits.
