2	126263	Fencing work on Reservoir Rim area besides River Indus at Bazgo village under CSR Scheme funded by Nimoo Bazgo Power Station, NHPC Ltd	NH/NBPS/C&P/2024-25/WO/317 Dated:25-10-2024	M/s Thukjay Dolma, Nubra Khardong Leh Ladakh	₹4,81,721.30	25-10-2024	24-11-2024	During winter season when the ice freezes there have been cases of anonymous people skating over the frozen reservoir near Bazgo Military Area, which is a major risk activity and can cause inevitable damages to oneself. Last year it was also observed that some anonymous people visited at the above-mentioned place for skating over frozen reservoir. District administration had deputed local police and requested NHPC to depute security guards to prevent skating over the reservoir in the months of Feb/March 2024 to avoid any untoward incidence. Land besides the reservoir is accessible to people and animals which can cause serious mishappening in future & hence the land besides the reservoir area had to be fenced. In view of urgency work order issued.	1 Months

9	134530	Hiring of services of expert for finding ground fault location in Unit# 1 of Power House at NBPS.	NH/NBPS/C&P/2024-25/WO/366 Dated:03-12-2024	M/s Anvee Hydroelectric Power Growth Pvt. Ltd, 169, Karamveer Nagar, B.H.E.L. Bhopal -462021.	₹ 2,71,400.00	03-12-2024	08-12-2024	Recently during routine operation Unit#1 got tripped on 30.11.2024 at 22:33 Hrs on High Residual Magnetism fault. As per Disturbance Record and during testing it was observed that fault was in R1 parallel path of R-Phase. After confirmation of the existence of fault in R1 path & physical inspection of the winding, no sign of possible fault location was visible. In order to have a better view of larger portion of the winding, Generator Air Coolers and one Rotor Pole were removed as well and physical inspection carried out again by rotating the Rotor manually. However, once again no sign of fault was visible. It was therefore, proposed that services of experienced expert hired for finding of the exact location of the fault & to normal operation at the earliest possible.	03 Days

10	135189	Repair of fault including replacement of damaged coil(s) in stator winding of Unit#1 of Power House at NBPS.	NH/NBPS/C&P/2024-25/WO-32/380 Dated:14-12-2024	M/s Anvee Hydroelectric Power Growth Pvt. Ltd, 169, Karamveer Nagar, B.H.E.L. Bhopal -462021.	₹ 19,47,000.00	14-12-2024	25-12-2024	Recently during routine operation Unit#1 got tripped on 30.11.2024 at 22:33 Hrs on High Residual Magnetism fault.Since the stator winding operates at high voltage (11KV) the repair job is very sensitive & critical in nature & was necessary to get the work executed from any experienced external agency on 'with material basis' so that the work of rectification of the fault can be commenced at the earliest possible to restore Unit#1 to normal operation. The M/s Anvee Hydroelectric Power Growth was experienced and expertise for carrying out similar work & had also carried out similar work other NHPC Power Stations like Kishenganga Power Station & Sewa-II Power Station. In view of urgency nomination basis work order issued to M/s Anvee Hydroelectric Power Growth Pvt. Ltd., Bhopal.	10 Days
11	134663	Fencing work around containers installed at newly established AWLR sites and Chilling site of Nimoo Bazgo Power Station, NHPC Ltd	NH/NBPS/C&P/2024-25/WO-33/390 Dated:20-12-2024	M/s NAWANG DORJAY, SASPOL LABAPA, Leh Ladakh	₹ 1,95,410.00	20-12-2024	20-01-2025	Power Station awarded contract of establishment of EWS at Teri Skudung and Zangla and Installation of VSAT at Chilling Site EWS to M/s Wincomm Solutions on 16-08-2024. The work has been completed by the contractor on 15-11-2024. Power Station has felt that fencing of EWS site should be carried out to protect EWS equipment from wild animal as well as security purposes. Normally during winter season , execution of outside work is not possible. Moreover labors who came at Ladakh after winter season has already returned back to their homes, therefore this work can be done with the help of any local contractor using some chemical in cement presently. As winter has already started and working season is very limited for few hours in a day, there are some sites which remain inaccessible due to snow till May. In view of reasons deliberated above work was awarded nomination basis.
