		similar type water conducting system wherein working water pressure should be 20 Kg/cm ² (+/- 20%) and successfully withstand up to the silt content of 3000 PPM".	Tender Document specifies that bidders should submit self-attested copies of relevant documents, including 'Letter of Award', 'Completion certificate (indicating the date of completion and total work executed amount)', and a performance certificate (as per Annexure-I of ITB). Desired PQC –The term "Comparable work" refers to the application of the ceramic coating on the spiral case or any other water-conducting system of a similar nature, where the operational water pressure is required to be 10-12 Kg/cm ² (+/- 20%) and must be able to endure silt content of up to 3000 PPM.	(Section-II) of Tender Documents has been done.
